COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

Background Continued:

The goal of the District Attorney's Office in bringing this project to Riverside County is to build strong community awareness and bring attention to the realities of child abuse. A wide variety of public and private resources will be made available at the end of the tour to further the protection of children and strengthening of families. Visitors leave the exhibit knowing they can be part of the solution and also know where to turn for help if needed. The mobile exhibit has educated thousands of Californians about the need for vigilance against child abuse.

The projected timeframe for the exhibit is fall 2012 (September-October), to be rotated among the Southwest, Riverside and the Coachella Valley areas for a time-span of 2-3 weeks in each area. The minimum the project will cost is \$91,500.00. This includes all fees, permits, transport and marketing materials for all three sites.

I request that the Board of Supervisors approve a contribution of \$10,000 to support the District Attorney's Lisa Project.
