RE: Interstate 215 (I-215) at Van Buren Boulevard interchange improvement project.

5. Obligate Measure A funds as an alternate funding source in the amount of \$3,124,621 for March JPA funds in the event that these additional March JPA funds are not approved at its meeting on April 18, 2012.

BACKGROUND: By Minute Order dated December 20, 2011 (agenda item 3.26), the Board authorized the Clerk of the Board to advertise for the construction of interchange improvements at Interstate 215 (I-215) at Van Buren Boulevard.

During the advertisement period, three addenda were issued to all registered plan holders as a supplement to the plans, specifications and special provisions. Bidders are required to acknowledge and to take into account addenda on their Contractor's Proposal. The addenda were issued to clarify and modify the contract documents. The addenda are attached as Addendum No. 1, Addendum No. 2, and Addendum No.3.

Bids for the project were opened in the office of the Director of Transportation at 2:00 PM, Wednesday, February 1, 2012. Ten bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsive and responsible bid was submitted by Riverside Construction Company, Inc. of Riverside, CA, in the amount of \$30,304,197 which is \$10,851,828 (26.37%) less than the Engineer's Estimate.

The project consists of replacing and widening the Van Buren Boulevard freeway and railroad overcrossing structures, reconfiguring and signalizing the on and off ramps and adding auxiliary lanes on Interstate 215. Landscaping and aesthetic features are also part of the project.

The proposed improvements will increase the capacity of the interchange to accommodate the projected traffic growth, and facilitate the expansion of the Meridian Business Park and March Health Care campus. The March re-use project is expected to create thousands of jobs in the County.

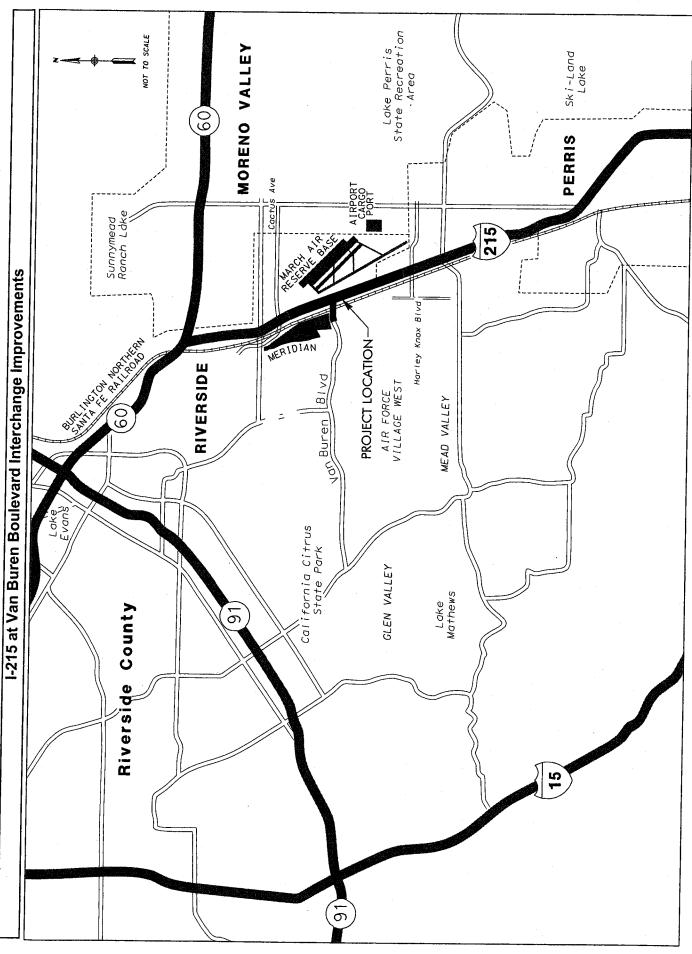

The County Transportation Improvement Program has identified the improvements to Interstate 215 (I-215) at Van Buren Boulevard interchange improvement project.

This project is being funded with March Joint Powers Authority (JPA) funds, Measure A Economic Development funds, Federal Surface Transportation Program (STP) funds, Federal Demonstration (Demo) earmark funds, developer contributions, TUMF and Trade Corridor Improvement Funds (TCIF) from State's Proposition 1B bond program for goods movement. The California Transportation Commission (CTC) approved the allocation of \$10,000,000 in TCIF funds at the October 26 - 27, 2011 meeting. TCIF guidelines require a proportional reduction of the TCIF amount when construction costs are reduced due to favorable bids. The revised TCIF amount is pending CTC validation and is expected to be \$8,834,500.

The Contractor has executed the contract and has provided bonds and insurance, which meet the requirements of the contract. The contractor is qualified.

THIS AGREEMENT, made and concluded in duplicate as of the date set forth below, between the County of Riverside, party of the first part, and **Riverside Construction Company, Inc.**, Contractor, party of the second part.

ARTICLE I: WITNESSETH, that for and in consideration of the payments and agreements hereinafter mentioned, to be made and performed by the said party of the first part, and under the conditions expressed in the two bonds, bearing even date with these presents, the said party of the second part agrees with the said party of the first part, at his own proper cost and expense, to do all the work and furnish all the materials, except such as are mentioned in the specifications to be furnished by said party of the first part, necessary to construct and complete in a good, workmanlike and substantial manner and to the satisfaction of the County of Riverside, in accordance with the Special Provisions, "Notice to Contractors", the State of California Department of Industrial Relations Wage Determination, the Federal Wage Determination, the Proposal to the County of Riverside for the Project, addendum No. 1, 2 & 3, the Bid Bond, the Performance Bond, the Payment Bond, any specific plans for the project not covered by the Standard Specifications and Standard Plans, any change orders issued, and any written instructions and drawings executed and delivered to the Contractor by the County pursuant to the Contract Documents. Also in accordance with the Standard Plans and the Standard Specifications dated May 2006, the General Prevailing Wage Rates of the Department of Transportation, with the effective date being the date of advertisement, and the Labor Surcharge and Equipment Rental Rates, with the effective date being the date of advertisement, and the Labor Surcharge and Equipment Rental Rates, with the effective date being the date of accomplishing the work, which said special provisions Standard Plans, Standard Specifications, Prevailing Wage Rates, and Labor Surcharge and Equipment Rental Rates are hereby specially referred to and by such reference, made a part hereof.

The work to be done is shown on plans entitled Interstate 215 (I-215) at Van Buren Boulevard Interchange Improvement. Project Sheets 1 through 461, approved September 29, 2011 on file with the County Surveyor file No.207-560 through 1020, and as revised by addenda, which said project plans are hereby made a part of this contract.

ARTICLE II: The said party of the first part hereby promises and agrees with the said Contractor to employ, and does hereby employ, the said Contractor to provide the materials and to do the work according to the terms and conditions herein contained and referred to, for the prices hereinafter set forth, and hereby contracts to pay the same at the time, in the manner and upon the conditions herein set forth; and the said parties for

themselves, their heirs, executors, administrators, successors and assigns, do hereby agree to the full performance of the covenants herein contained.

ARTICLE III: The statement of prevailing wages appearing in the General Prevailing Wage Rates is hereby specifically referred to and by this reference is made a part of this contract. It is further expressly agreed by and between the parties hereto that should there be any conflict between the terms of this instrument and the bid or proposal of said Contractor, then this instrument shall control and nothing herein shall be considered as an acceptance of the said terms of said proposal conflicting herewith.

ARTICLE IV: By my signature hereunder, as Contractor, I certify that I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workmen's compensation or to undertake self-insurance in accordance with the provisions of that code and I will comply with such provisions before commencing the performance of the work of this contract.

ARTICLE V: And the said Contractor agrees to receive and accept the following prices as full compensation for furnishing all materials and for doing all the work contemplated and embraced in this agreement; also for all loss or damage, arising out of the nature of the work aforesaid, or from the action of the elements, or from any unforeseen difficulties or obstructions which may arise or be encountered in the prosecution of the work until its acceptance by the County of Riverside, and for all risks of every description connected with the work; also for all expenses incurred by or in consequence of the suspension or discontinuance of work and for well and faithfully completing the work, and the whole thereof, in the manner and according to the plans and specifications, and the requirements of the Engineer under them, to wit:

ALTERNATE EMPLOYER ENDORSEMENT

This endorsement applies only with respect to bodily injury to your employees while in the course of special or temporary employment by the alternate employer in the state named in Item 2 of the Schedule. Part One (Workers Compensation Insurance) and Part Two (Employers Liability Insurance) will apply as though the alternate employer is insured. If an entry is shown in Item 3 of the Schedule the insurance afforded by this endorsement applies only to work you perform under the contract or at the project named in the Schedule.

Under Part One (Workers Compensation Insurance) we will reimburse the alternate employer for benefits required by the workers compensation law if we are not permitted to pay the benefits directly to the persons entitled to them.

The insurance afforded by this endorsement is not intended to satisfy the alternate employer's duty to secure its obligations under the workers compensation law. We will not file evidence of this insurance on behalf of the alternate employer with any government agency.

We will not ask any other insurer of the alternate employer to share with us a loss covered by this endorsement.

Premium will be charged for your employees while in the course of special or temporary employment by the alternate employer.

The policy may be canceled according to its terms without sending notice to the alternate employer.

Part Four (Your Duties If Injury Occurs) applies to you and the alternate employer. The alternate employer will recognize our right to defend under Parts One and Two and our right to inspect under Part Six.

Notes:

- 1. This endorsement may be used when the insured named in Item 1 of the Information Page has agreed to provide insurance against workers compensation and employers liability claims made by employees of the insured against a special or temporary employer named in the endorsement Schedule.
- 2. This endorsement may be used only if the state of temporary or special employment is a state shown in Item 3.A. of the Information Page.
- 3. If the insured is in the business of providing temporary workers for others, the insurer may show the alternate employers in the Schedule by the words "all" or "any."
 - 4. Three uses of this endorsement are illustrated here:
- a. Use this endorsement if the policy is issued to a contractor (the insured) who is required by an oil company (as alternate or special employer) to provide workers compensation and employers liability insurance to protect the oil company from claims brought by the contractor's employees.
- b. Use this endorsement if the policy is issued to a business that operates and manages property for others (the insured) who is required by the property owner (the alternate employer) to provide this insurance to protect the owner from claims brought by employees of the operator/manager.
- c. Use this endorsement if the policy is issued to a supplier of temporary office help (the insured) who is required by its customer (the user of the temporary office help—the alternate employer) to provide this insurance to protect the customer from claims brought by the insured's employees against the alternate employer.
- 5. Show an appropriate entry to Item 3 to limit the endorsement to apply only to specific jobs or contracts of the insured. This endorsement may not be used to limit coverage to specific jobs or contracts in Wisconsin.
 - 6. If this endorsement is used because of temporary or special employment in Illinois, the carrier must send a written notice of cancelation to all Illinois Alternate Employers shown in the Schedule.

Wednesday, February 1, 2012; 2:00 PM

14th Street Transportation Annex 3525 14th Street; Riverside, CA 92501

(951) 955-6780

This Addendum is issued pursuant to Section 3-1.04 of the Contract Document for the referenced project. This Addendum is issued as a supplement to the specifications and special provisions for the referenced project. Any revisions to the specifications shall become a part of the Contract Documents, and each bidder shall acknowledge receipt thereof on the Contractor's Proposal. Bidders are directed to sign this addendum as acknowledged, and attach the signature page to the contractor's submitted proposal.

Note: During the advertisement period of this project, this document and attachments (if any) are available upon request at the office of the Transportation Department, and are available as a free download at the Transportation Department's website:

www.tlma.co.riverside.ca.us/trans/con_bid_advertisements.html

MODIFICATIONS / CLARIFICATIONS TO SPECIAL PROVISIONS:

Item 1: Pre-bid meeting date revision.

Refer to "County of Riverside Notice to Contractors, page 1. The non mandatory pre-bid meeting schedule has been changed. The new designated date and time is revised as follows:

Wednesday, January 11, 2012; 2:15 PM 14th Street Transportation Annex 3525 14th Street; Riverside, CA 92501 (951) 955-6780

Item 2: Standard Specifications Amendments date.

Refer to Section 1-1.01; entitled "General" on page 3, the first paragraph is deleted and replaced with the following:

"The work embraced herein shall be done in accordance with the Standard Specifications and Standard Plans dated May, 2006, and Amendments to May 2006 Standard Specifications **updated October 21, 2011**, of the State of California, Department of Transportation, insofar as the same may apply and in accordance with the following Special Provisions."

Item 3: Beginning of Work, Time of Completion and Liquidated Damages, Working days. Refer to Section 4, entitled "Beginning of Work, Time of Completion and Liquidated Damages" on page 20, second paragraph is deleted and replaced with the following:

"The Contractor shall diligently prosecute the work to completion before the expiration of **320 working days** from the date stated in the "Notice to Proceed", not including plant establishment."

Item 4: Dispute Resolution.

Refer to section 5-1.17, entitled "Claim Resolution", pages 32 and 33. The following additional information is added to this provision and made part thereof;

"Dispute Resolution Board (DRB) and Dispute Resolution Advisor (DRA) shall conform to the Standard Specifications and amendments to the 2006 Standard Specification updated on **October 21, 2011**."

Item 5: Federal Minimum Wages Update.

Refer to section 5-2 entitled "Federal Prevailing Wages Decision", pages 1 through 21. Delete and replace these pages with the following:

"Federal wage determination, General Decision no. CA20080036 – CA36, Modification no. 36, dated **12/23/2011**, shall apply to this project. This document is available upon request from the Transportation Department: (951) 955-6780.

Item 6: Order of Work.

Refer to section 10-1.07, entitled "Order of Work", on page 74. The following additional provision is added to this section and made part thereof.

"Test panel size shall be 8'x8' for Architectural Surface (Texture Concrete) and Slope Paving (Aesthetic Treatment)."

Item 7: Resident Engineer's Office.

Refer to section 10-1.12, entitled "Resident Engineer's Office", on page 83. The following revisions are made to the provision and made part thereof.

Refer to first sentence of the third paragraph, delete this sentence and replace with the following;

"The Field Office shall be a 720 1000 square feet (minimum) office facility with required utility hook up including electricity, potable water, 2 telephone lines, multi-line speaker phones, heating and air conditioning."

Refer to fifth paragraph, delete this paragraph and replace with the following;

"The Field Office shall be provided with a facsimile machine with a separate phone line and a copying machine capable of photocopying and scanning 11" x 17" size paper for the exclusive use of the Engineer and his staff for the entire duration of the project. The copy machine must be connected to a DSL line and it must also be connected with all computers in the office via wireless connection.

Refer to bullet item "7" on page 84, delete this item and replace with the following;

7. Copying and Scanning machine (capable for size up to 11" x 17").

Refer to payment clause on page 84, following additional information is added to the pay clause and replace with the following;

"The lump sum price will be paid on equal monthly increments over the duration of the project."

Item 8: Street Sweeping.

Refer to section 10-1.17, entitled "Street Sweeping" and pay clause on page 119. Following additional information is added to the payment section and made part thereof.

"No other compensation will be made for any additional or unexpected need for sweeping and cleaning resulted from the operation of contractor and sub-contractors."

Item 9: Progress Schedule (Critical path Method).

Refer to section 10-1.27, entitled "Progress Schedule (Critical path Method)", subsection Computer Software, fourth paragraph of this subsection, on page 155. This paragraph is deleted and replace with the following;

"The schedule software and schedule-comparing software will become the property of the County. The Department will compensate you as specified in Section 4-1.03D, "Extra Work," of the Standard Specifications for replacement of software or manuals damaged, lost, or stolen after delivery to the Engineer."

Iran Contracting Act (Public Contract Code sections 2200-2208)

Prior to bidding on, submitting a proposal or executing a contract or renewal for a County of Riverside contract for goods or services of \$1,000,000 or more, a Contractor must either:

- a) Certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code section 2203(b) and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or
- b) Demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code section 2203(c) or (d).

To comply with this requirement, please insert your Contractor or financial institution name and Federal ID Number (if available) and complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (Public Contract Code section 2205.)

Option #1 - Certification

I, the official named below, certify I am duly authorized to execute this certification on behalf of the vendor/financial institution identified below, and the vendor/financial institution identified below is <u>not</u> on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

engineer for review and acceptance. The shoring plan shall identify the methods and materials to be used in the construction of the temporary shoring. Six sets of the shoring plans shall be furnished to the Engineer.

The Contractor shall allow 3 weeks after submittal of a complete temporary shoring plan and supporting data for the review of the shoring plan.

Full compensation for the development of the shoring plan and the installation of the temporary shoring shall be considered as included in the contract price paid per cubic yard for structural excavation, bridge and no additional compensation will be allowed therefor."

Item 11: Concrete Structures.

Refer to section 10-1.73, entitled "Concrete Structures", and subsection "Footing Settlement" on page 283. The following additional provision is added to this section and made part thereof:

"Prior to beginning the back filling of the abutments on the Van Buren Overhead the contractor shall submit a settlement monitoring plan to the engineer for review and acceptance. The monitoring plan shall identify the methods to be used and locations of the monitoring points. Six sets of the monitoring plan shall be furnished.

The Contractor shall allow 3 weeks after submittal of complete settlement monitoring plan and supporting data for the review of the monitoring plan."

Refer to 4th paragraph on page 284, delete and replace this paragraph with the following:

"Full compensation for <u>development of settlement monitoring plan and</u> performing settlement monitoring and any grade adjustments associated with foundation settlements shall be considered as included in the contract price paid per cubic yard for structural concrete, bridge and no additional compensation will be allowed therefor."

Item 12: Highway Planting.

Refer to Section 10-2.04, entitled "Highway Planting" and third paragraph under subsection "Application" on page 358. This paragraph (Watering of seeding.....Standard Specification) is deleted.

Refer to first paragraph under sub-section "Plant Establishment Work" on page 358, this paragraph is deleted and replaced with the following:

"The plant establishment period shall be Type 2 and shall not be less than **260 working** days (One year)."

Refer to page 359 and second paragraph, this paragraph is deleted and replaced with the following:

"After sowing seed, plant establishment work for the seeding areas will be required. This includes removing trash and debris, watering and mowing. Watering shall be performed

to establish the seeding area. Mowing shall be performed after the seeds have set and the plants have begun to die back."

Refer to page 360 and sixth paragraph, this paragraph is deleted and replaced with the following;

"Full compensation for watering, mowing and trimming turf (sod) and disposing of mowed and trimmed material during the plant establishment period shall be considered as included in the contract lump sum price paid for plant establishment work and no additional compensation will be allowed therefor."

Item 13: Irrigation System.

Refer to Section 10-2.05, entitled "Irrigation System" and first and second paragraph under sub-section "Recycled Water Supply Line" on page 366, these paragraphs are deleted and replaced with the following:

"Purple colored polyvinyl chloride (PVC) supply lines shall be used for recycled water supply lines in place of standard PVC supply line with affixed purple warning tape. Purple colored PVC supply lines shall conform to the following:

- A. Pipe shall be made of PVC 1120 with the minimum pressure ratings (PR) shown on the plans.
- B. Pipe shall conform to the requirements in one of the following Standards: ASTM Designation: D 1785, ASTM Designation: D 3139 and ASTM Designation: D 2241 or ASTM Designation: D 2672
- C. Pipe shall have permanent wording "CAUTION RECYCLED WATER" in 2 rows, approximately 180 degrees apart, in the longitudinal direction of the pipe. The warning message shall be repeated every 24 inches continuously along the pipe.

Refer to sub-section entitled "Water Meter" on page 366, the following additional provision is made part thereof.

"Water meter shall be registered in the Contractor's name during the plant establishment period as stated in Section 10-2.04 HIGHWAY PLANTING PLANT ESTABLISHMENT WORK of these special provisions."

following additional provision is made part thereof;

"Contractor shall obtain and shall require any consultant or contractor entering the property on its behalf to obtain insurance of the types and in the amounts described in Exhibit "D" of the Construction and Maintenance Agreement for Interstate 215-Van Buren Overhead Bridge between the County of Riverside and the railroad company."

See Exhibit "D" of Construction and Maintenance Agreement (Item 8, addition item number 16 of supplemental information).

Item 16: Railroad Requirements.

Refer to section 13-1.02, entitled "Railroad Requirements", 5th paragraph on page 427. Delete this paragraph and replace with the following:

"As may be required by BNSF, prior to performing any work, Contractor shall obtain copies of and execute BNSF's most-current standard "Exhibit 'B' – Contractor Requirements" and BNSF's most-current standard "Exhibit 'D' – Insurance". Contractor shall provide evidence to the Commission of compliance with this requirement."

Item 17: Electrical Line Extension.

Refer to section 10-6, entitled "Electrical Line Extension" and first paragraph on page 413. See attachment "C" for Edison Company's Line Extension Plans, as stated in that paragraph. These Plans are prepared by Southern California Edison (SCE) and made part hereof.

See Attachment "C", SCE Plans

Item 18: Traffic Monitoring Station.

Following Special Provision regarding "Traffic Monitoring Station" has been added and made part hereof:

"The Contractor shall install conduits, pull boxes, loops, detector cards, loop wire, lead-in cabling and miscellaneous components to improve the traffic monitoring count station, as shown in the plans, to capture traffic monitoring data for the new auxiliary lanes and to maintain the existing traffic monitoring that is currently in place on the existing I-215 travel lanes. Any loop wire cut, or otherwise damaged, during saw-cutting or other construction activities shall constitute full replacement of that loop. The Contractor shall complete connections of the new, or replaced, loops to the existing traffic monitoring station cabinet such that the traffic monitoring data is captured by the existing controller.

All construction methods, means and materials shall conform to the Standard Plans and Section 86 of the Standard Specifications.

Payment

ATTACHMENT "D" CONTRACTOR QUESTIONS AND RESPONSES

The Questions and Responses information document is available on the County website at the following link during the advertisement period for this project:

http://www.tlma.co.riverside.ca,us/trans/con_bid_advertisements.html

This (downloadable) file is provided for reference only. For any discrepancy written on this Questions and Responses document, the Contractor shall conform to the contract documents.

		CONTRACTOR QUESTIONS AND RESPONSES
	Question	Are cad files (.dwg) available for the above referenced project? It would help in calculating the export/import of dirt on the job?
1		Are the Plans and Specs available in electronic format?
	Response	No, it is County practice not to provide Plans and Specs in digital format.
2	Question	Fifth paragraph on page 427 of Spec Book refers to Exhibit C and Exhibit C-1 for BNSF/SCRRA requirements, Can County provide these documents?
2	Response	See addendum 2 for correction to Exhibits. Also, see C&M agreement posted on the web as supplemental information.
3	Question	Is it possible for County to provide grading plan sheets 98 – 109 (G-1 to G-12) on the web for clarity purpose, since contour elevations are not very clear?
J	Response	Grading sheets are provided on the web as supplemental information for download.
	Question	When and where should we submit Iran Contracting Act form?
4	Response	As described in item #16 of addendum #1, the form is included as Attachment A and must be completely filled in, dated, signed and submitted with Proposal bid documents. The bidding Contractor is required to submit the appropriate form with the bid (bids are currently due 2/1/12)
5	Question	Spec Book section 10-1.30 "Maintaining Traffic" closure Chart No.1 allows for a shoulder closure only and no lane closures. We need to do lane closures for pavement delineation and setting of K Rail.
	Response	This closure will be requested from Caltrans
6	Question	Regarding the "Minor Concrete (Miscellaneous Construction)" bid item, can we get a description of what is being constructed next to the Summary of Quantities on Plan Sheet # 331 from STA "VB" 41+50.46 to STA "VB" 48+98.68? There are 4 quantities between those stations but no real way of knowing what the quantity correlates to?
	Response	This is minor concrete labeled as structural section "H" between stations "VB" 41+50.46 to STA "VB" 48+98.68. This is the paving between the bridge wing wall and the NB onramp. Thickness is shown in the typical section under structural section "H"
	Question	Spec Book Section 10-1.04 on page 72 indicates that we obtain and pay for encroachment permits for both Caltrans and the Railroads. Can you furnish copies of the permits and the contacts for both parties?
7		Reference section 10-1.04 Obtain Encroachment Permits; Who is responsible for the cost of the fee's and deposits referenced in this section, please clarify?
	Response	County has Caltrans encroachment permit and the Contractor would need to obtain their Caltrans encroachment permit – no cost. County also has a C&M agreement with the railroad and contractor would be required to obtain any associated permits required by the railroad. C&M agreement is posted on the web as supplemental information.
8	Question	Is railroad flagging required for both BNSF and SCRRA lines, and if so who is responsible for the cost?
	Response	See Section 13-1.05 of the Standard Provisions

CONTR	ACTOR QUES	TIONS AND RESPONSES
	Question	What is the daily rail traffic on the current tracks under the Van Buren OH (How many Freight and Passenger trains pass through this bridge)? What types of trains travel through the BNSF Railway (Passenger or Freight) and
9	Response	what are the train counts per day? There are 4-6 freight trains traveling per day with local switching activities. Currently there are no passenger trains scheduled to cross the subject project. Additionally, there is no information available from the railroad company for scheduled passenger trains during the estimated construction period of this project.
40	Question	Who will be responsible for construction staking?
10	Response	The County will provide construction staking. See addendum #2
11	Question	Spec Book Section 10-1.30 "Maintaining Traffic" provides falsework opening tables but there are no values indicated in the table.
	Response	See addendum 2 for revised table.
12	Question	The AB Benches shown under the Retaining Wall footings on Sheets 335-342, do not match with the wall heights, stations and depths of base shown on sheet 343. In two cases the plan and elevation sheets 335-342 show base but the structure backfill on sheet 343 shows "Dense old Alluvium". What do you want us to use? This will affect Structural excavation also.
	Response	See addendum 2 for revised table.
13	Question	Sheet 343, R-8, Retaining Wall Number 5, Looks like there should be an additional 8' of H=30' From STA 1811+08.52+/- TO STA 1811+16.52+/ Leaving 16' of 24' wall from STA 1811+16.52+/- to 1811+32.52+/
	Response	See addendum 2 for revised information
	Question	Spec Book Section 10-1.08, "Relation with March Air Base" on page 76 indicates that a temporary construction easement has been granted at parcel 21643-2. Can you furnish the limits or a layout for this parcel?
14	Response	Parcel 21643-2 is the MARB TCE. TCE lines are delineated in the layout sheets. This parcel is east of the interchange. Southern limit is east of Van Buren station 47+75; Northern limit is east of NB on ramp station 1815+00; Western limit is the existing base fence; Eastern limit is the TCE line delineated in L-4 and L-5 of the plans.
15	Question	Spec Book Section 10-1.08, "Relation with March Air Base" on page 76 indicates that the as-built for the March AFB fence are available at the county office. Can these be made available electronically with the supplemental information?
	Response	No, these plans are only available at county office as stated in the Spec Book.
16	Question	Plan sheet 392 (E-7) includes work to a Traffic Monitoring Station; however the bid schedule does not contain an item for this work. How is this being paid?
	Response	The Traffic Monitoring Station shall be considered as included in the bid item 183, Lighting and Sign Illumination. See addendum 2.

Date: _2/2/2012

NOTE:

The above certification is required by the Equal Employment Opportunity Regulations of the Secretary of Labor (41 CFP 60-1.7(b) (1), and must be submitted by bidders and proposed subcontractors only in connection with contracts and subcontracts which are subject to the equal opportunity clause. Contracts and subcontracts which are exempt from the equal opportunity clause are set forth in 41 CFR 60-1.5. (Generally only contracts or subcontracts of \$10,000 or under are exempt.)

Currently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and have not filed the required reports should note that 41 CFR 60-1.7(b) (1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the Director, Office of Federal Contract Compliance, U.S. Department of Labor.

NONLOBBYING CERTIFICATION FOR FEDERAL-AID CONTRACTS

The prospective participant certifies, by signing and submitting this bid or bid, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in conformance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or bid that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such sub-recipients shall certify and disclose accordingly.

Item 2: County of Riverside Notice to Contractors.

Refer to "County of Riverside Notice to Contractors, the last paragraph on page 1, where available size of plans is written has been deleted and replace with the following;

Plans and specifications may be obtained for a NONREFUNDABLE FEE OF \$230 per full size plan set (or \$115 per half small size plan set [11"x17"]), plus mailing, and are available at 3525 14th Street, Riverside, CA 92501.

Item 3: Bid Bond.

Refer to Section 3-1.05 entitled "Bid Bond" on page 18, the following additional requirement is added and made part thereof:

"No bidder may withdraw his bid for a period of **one hundred twenty (120) days** after the bid opening."

Refer to the 6th paragraph on page 7 and delete this paragraph as shown below:

No bidder may withdraw his bid for a period of ninety (90) days after the bid opening.

Item 4: Construction Survey and Material Testing.

Refer to Section 10-1.01, entitled "Construction Survey and Material Testing" on page 70. This provision is deleted and replaced with the following:

SURVEY STAKING

County surveyors will establish external primary survey control marks and/or monuments to be used throughout the construction period. These control marks will be used by the County Surveyor to set construction stakes. The control marks will also be used to make verification surveys at various stages of work.

The County places stakes and marks per the County's Survey Manual.

Addendum no. 2 Interstate 215 (I-215) at Van Buren Boulevard Interchange Improvement Project No. B7-0798, Federal Aid No. STPLN-5956(201) January 25, 2012 Page 3 of 12

RIVERSIDE CONSTRUCTION CO. 4225 GARNER RD. P.O. BOX 1146 RIVERSIDE, CA 92502

Contractor must submit request for County furnished stakes:

- Once staking area is ready for stakes
- 2. Request for construction stakes must be in writing.

The County will provide Contractor with a survey request form. A minimum notice of 2 working days is required from the Contractor prior to County Surveyor beginning the work requested.

Contractor must preserve stakes and marks placed by the County. Survey costs are incurred by the County; however, if the stakes or marks are destroyed, the County replaces them at the County's earliest convenience and deducts the replacement expenses.

MATERIAL TESTING

The County's Construction Management consultant will provide material testing for this project and incurs costs for these material testing.

Item 5: Federal Minimum Wages Update.

Refer to addendum 1, item 5, entitled "Federal Minimum Wages Update", pages 1 through 22. Delete and replace these pages with the following:

Federal wage determination, General Decision no. CA20080036 – CA36, Modification no. 0, dated **01/06/2012**, shall apply to this project. This document is available upon request from the Transportation Department: (951) 955-6780.

Item 6: Contract Bonds.

Refer to section 3-1.02, entitled "Contract Bonds" on page 17. The following additional provision is added to this section and made part thereof:

"Requirement for Bond-Plant Establishment Period.

In addition to the requirements set forth in the section 3-1.02 "Contract Bonds" a **Maintenance/Warranty bond** for plant establishment shall be provided. The Bond for plant establishment shall meet the requirements set forth in the Instructions to Bidders, and shall be issued in the amount of 100% of the total contract amount for plant establishment. No reduction in bond will be allowed until expiration of the plant establishment period, as set forth in the Special Provisions. The Performance and Payment bonds for the initial construction should not include the value of the plant establishment work.

Full compensation to provide bond for plant establishment period shall be considered as included in the contract price paid for the various items of work and no additional compensation will be allowed therefor."

See Attachment "B", Warranty Bond

engineer for review and acceptance. The shoring plan shall identify the methods and materials to be used in the construction of the temporary shoring. Six sets of the shoring plans shall be furnished to the Engineer.

The Contractor shall allow 3 weeks after submittal of a complete temporary shoring plan and supporting data for the review of the shoring plan.

Full compensation for the development of the shoring plan and the installation of the temporary shoring shall be considered as included in the contract price paid per cubic yard for structural excavation, bridge and no additional compensation will be allowed therefor."

Item 11: Concrete Structures.

Page 5 of 12

Refer to section 10-1.73, entitled "Concrete Structures", and subsection "Footing Settlement" on page 283. The following additional provision is added to this section and made part thereof:

"Prior to beginning the back filling of the abutments on the Van Buren Overhead the contractor shall submit a settlement monitoring plan to the engineer for review and acceptance. The monitoring plan shall identify the methods to be used and locations of the monitoring points. Six sets of the monitoring plan shall be furnished.

The Contractor shall allow 3 weeks after submittal of complete settlement monitoring plan and supporting data for the review of the monitoring plan."

Refer to 4th paragraph on page 284, delete and replace this paragraph with the following:

"Full compensation for <u>development of settlement monitoring plan and</u> performing settlement monitoring and any grade adjustments associated with foundation settlements shall be considered as included in the contract price paid per cubic yard for structural concrete, bridge and no additional compensation will be allowed therefor."

Item 12: Highway Planting.

Refer to Section 10-2.04, entitled "Highway Planting" and third paragraph under subsection "Application" on page 358. This paragraph (Watering of seeding.....Standard Specification) is deleted.

Refer to first paragraph under sub-section "Plant Establishment Work" on page 358, this paragraph is deleted and replaced with the following:

"The plant establishment period shall be Type 2 and shall not be less than **260 working** days (One year)."

Refer to page 359 and second paragraph, this paragraph is deleted and replaced with the following:

"After sowing seed, plant establishment work for the seeding areas will be required. This includes removing trash and debris, watering and mowing. Watering shall be performed

to establish the seeding area. Mowing shall be performed after the seeds have set and the plants have begun to die back."

Refer to page 360 and sixth paragraph, this paragraph is deleted and replaced with the following;

"Full compensation for watering, mowing and trimming turf (sod) and disposing of mowed and trimmed material during the plant establishment period shall be considered as included in the contract lump sum price paid for plant establishment work and no additional compensation will be allowed therefor."

Item 13: Irrigation System.

Page 6 of 12

Refer to Section 10-2.05, entitled "Irrigation System" and first and second paragraph under sub-section "Recycled Water Supply Line" on page 366, these paragraphs are deleted and replaced with the following:

"Purple colored polyvinyl chloride (PVC) supply lines shall be used for recycled water supply lines in place of standard PVC supply line with affixed purple warning tape. Purple colored PVC supply lines shall conform to the following:

- A. Pipe shall be made of PVC 1120 with the minimum pressure ratings (PR) shown on the plans.
- B. Pipe shall conform to the requirements in one of the following Standards: ASTM Designation: D 1785, ASTM Designation: D 3139 and ASTM Designation: D 2241 or ASTM Designation: D 2672
- C. Pipe shall have permanent wording "CAUTION RECYCLED WATER" in 2 rows, approximately 180 degrees apart, in the longitudinal direction of the pipe. The warning message shall be repeated every 24 inches continuously along the pipe.

Refer to sub-section entitled "Water Meter" on page 366, the following additional provision is made part thereof.

"Water meter shall be registered in the Contractor's name during the plant establishment period as stated in Section 10-2.04 HIGHWAY PLANTING PLANT ESTABLISHMENT WORK of these special provisions."

Item 14: Service.

Refer to Section 10-3.09, entitled "Service" and sub-section "Electric Service (Irrigation)" on page 377, the following additional provision is made part thereof:

"Electric meter for Electric Service (Irrigation) shall be registered in the Contractor's name during the plant establishment period as stated in Section 10-2.04 HIGHWAY PLANTING PLANT ESTABLISHMENT WORK of these special provisions."

Item 15: Relation with Railroad Company.

Refer to section 13-1, entitled "Relation with Railroad Company" on page 425. The

following additional provision is made part thereof;

"Contractor shall obtain and shall require any consultant or contractor entering the property on its behalf to obtain insurance of the types and in the amounts described in Exhibit "D" of the Construction and Maintenance Agreement for Interstate 215-Van Buren Overhead Bridge between the County of Riverside and the railroad company."

See Exhibit "D" of Construction and Maintenance Agreement (Item 8, addition item number 16 of supplemental information).

Item 16: Railroad Requirements.

Refer to section 13-1.02, entitled "Railroad Requirements", 5th paragraph on page 427. Delete this paragraph and replace with the following:

"As may be required by BNSF, prior to performing any work, Contractor shall obtain copies of and execute BNSF's most-current standard "Exhibit 'B' – Contractor Requirements" and BNSF's most-current standard "Exhibit 'D' – Insurance". Contractor shall provide evidence to the Commission of compliance with this requirement."

Item 17: Electrical Line Extension.

Refer to section 10-6, entitled "Electrical Line Extension" and first paragraph on page 413. See attachment "C" for Edison Company's Line Extension Plans, as stated in that paragraph. These Plans are prepared by Southern California Edison (SCE) and made part hereof.

See Attachment "C", SCE Plans

Item 18: Traffic Monitoring Station.

Following Special Provision regarding "Traffic Monitoring Station" has been added and made part hereof:

"The Contractor shall install conduits, pull boxes, loops, detector cards, loop wire, lead-in cabling and miscellaneous components to improve the traffic monitoring count station, as shown in the plans, to capture traffic monitoring data for the new auxiliary lanes and to maintain the existing traffic monitoring that is currently in place on the existing I-215 travel lanes. Any loop wire cut, or otherwise damaged, during saw-cutting or other construction activities shall constitute full replacement of that loop. The Contractor shall complete connections of the new, or replaced, loops to the existing traffic monitoring station cabinet such that the traffic monitoring data is captured by the existing controller.

All construction methods, means and materials shall conform to the Standard Plans and Section 86 of the Standard Specifications.

Payment

Cost for furnishing and installing the Traffic Monitoring Station shall be considered as included in Lighting and Sign and illumination."

Item 19: Project Information; Questions and Responses. Questions and Responses information list is available as a free download at the following County website:

http://www.tlma.co.riverside.ca.us/trans/con_bid_advertisements.html

This (downloadable) file is provided for reference only. For any discrepancy written on the Questions and Responses, the Contractor shall conform to the contract documents.

The Contractor Questions and Responses are included as Attachment "D".

See Attachment "D", Question and Responses

ADDITIONAL OPTIONAL INFORMATION						
DESCRIPTION OF THE ATTACHED DOCUMENT (Title or description of attached document) (Title or description of attached document continued)	properly completed and attached to that document. The only exception is if document is to be recorded outside of California. In such instances, any alternative acknowledgment verbiage as may be printed on such a document so long as the verbiage does not require the notary to do something that is illegal for a notary of California (i.e. certifying the authorized capacity of the signer). Please check the					
Number of Pages Document Date (Additional information)	 State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment. Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed. The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public). 					
CAPACITY CLAIMED BY THE SIGNER Individual (s) Corporate Officer (Title) Partner(s) Attorney-in-Fact Trustee(s) Other	 Print the name(s) of document signer(s) who personally appear at the time of notarization. Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/they, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording. The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form. Signature of the notary public must match the signature on file with the office of the county clerk. Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document. Indicate title or type of attached document, number of pages and date. Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary). Securely attach this document to the signed document
