Local Hazard Mitigation Plan (LHMP)

BACKGROUND (Continued):

Federal Emergency Management Agency (FEMA) pre-disaster planning and mitigation project grant assistance at the state, tribal and local government levels.

Disaster Mitigation Action (DMA) 2000 (Public Law 106-390) provides the legal basis for FEMA mitigation planning requirements for State, local and Indian Tribal governments as a condition of mitigation grant assistance. DMA 2000 amended the Robert T. Stafford Disaster Relief and Emergency Assistance Act by repealing the previous mitigation planning provisions and replacing them with a new set of requirements that emphasize the need for State, local, and Indian Tribal entities to closely coordinate mitigation planning and implementation efforts.

DMA 2000 also established a new requirement for local mitigation plans and authorized up to 7 percent of Hazard Mitigation Grant Program (HMGP) funds available to a State for development of State, local, and Indian Tribal mitigation plans.

Riverside County Fire – Office of Emergency Services is committed to the goals of developing and maintaining an all-inclusive Multi-Jurisdictional Local Hazard Mitigation Plan that includes all jurisdictions, special districts, businesses and community organizations to promote consistency, continuity and a comprehensive plan to mitigate potential risks that will reduce or eliminate long-term risk to Riverside County residents and property from natural or man-made hazards.

The Riverside County Operational Area Multi-jurisdictional Local Hazard Mitigation Plan addresses our goals and mitigation strategies that reflect our top four (4) hazards and risks which are earthquake, wildfire, flood and drought and is updated every 5 years, per DMA 2000.

Riverside County Fire - OES developed and coordinated a 12-month planning process that included several meetings, presentations and workshops to assist the participants with the development of their individual Local Hazard Mitigation Plans. There are approximately 53 participants that have submitted a Letter of Commitment or submitted a Local Hazard Mitigation Plan Annex to incorporate into the Riverside Operational Area Plan. The participants include local city jurisdictions, special districts, educational institutions, tribal communities, utility and water districts, military and other key stakeholders.

The FEMA funds support hazard mitigation projects such as retro-fitting vulnerable structures, elevating flood prone homes, dead tree removal and other pre-disaster mitigation projects.

FINANCIAL INFORMATION:

There is currently no financial impact to the county at this time, but will impact our future eligibility to apply for FEMA mitigation grant assistance if not approved and implemented.

RESOLUTION NO. 2012-128

A RESOLUTION ADOPTING THE RIVERSIDE COUNTY OPERATIONAL AREA MULTI-JURISDICTIONAL LOCAL HAZARD MITIGATION PLAN AS REQUIRED BY THE FEDERAL DISASTER MITIGATION AND COST REDUCTION ACT OF 2000.

WHEREAS, President William J. Clinton signed H.R. 707, the Disaster Mitigation and Cost Reduction Act of 2000, into law on October 30, 2000.

WHEREAS, the Disaster Mitigation Act of 2000 requires all jurisdictions to be covered by a Local Hazard Mitigation Plan to be eligible for Federal Emergency Management Agency post-disaster funds; and

WHEREAS, The Riverside County Fire Department - Office of Emergency Services has acted as the lead agency in the development of the Riverside County Operational Area Multi-Jurisdictional Local Hazard Mitigation Plan; and

WHEREAS, the Riverside County Fire Department- Office of Emergency Services coordinated the development of the Riverside County Operational Area Multi-Jurisdictional Local Hazard Mitigation Plan; and

WHEREAS, the County of Riverside and the participating jurisdictions authority are within the Riverside County Operational Area, and

WHEREAS, the County of Riverside is concerned about mitigating potential losses from natural disasters before they occur, and

WHEREAS, the plan identifies potential hazards, potential losses and potential mitigation measures to limit losses, and

WHEREAS, the California State of Emergency Services has reviewed the plan on behalf of the Federal Emergency Management Agency; and

WHEREAS, formal adoption of the plan by the County of Riverside is required before final approval of the plan can be obtained from the Federal Emergency Management Agency; and
