The Honorable Board of Supervisors

RE: Pedestrian sidewalk construction and associated improvements, Krameria Avenue in the Woodcrest area and Jurupa Road in the City of Jurupa Valley

May 23, 2012

Page 2 of 2

BACKGROUND: By Minute Order dated April 24, 2012 (agenda item 3.25), the Board authorized the Clerk of the Board to advertise for the construction of pedestrian sidewalk and associated improvements on Krameria Avenue in the Woodcrest area and Jurupa Road in the City of Jurupa Valley. Additionally, the specifications and plans were approved by the Board within this agenda item.

Bids for the project were opened in the office of the Director of Transportation and Land Management at 2:00 PM, Wednesday, May 9, 2012. Five bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid for all schedules of work. The lowest responsible bid was submitted by Mamco, Inc. of Riverside, in the amount of \$494,710 which is \$168,290 (25.4%) below the Engineer's Estimate. Because Alternate 2 is not selected for award, the contract amount will be \$472,710; \$331,085 for Krameria Avenue and \$141,625 for Jurupa Road.

The Agreement includes the following schedules of work:

Schedule A: Project improvements on Krameria Avenue.

Alternate 1: Adjustment of water meters and relocation of fire hydrants on Krameria Avenue, to be funded by the Western Municipal Water District (WMWD) under the terms of a cooperative agreement,

Schedule B: Project improvements on Jurupa Road.

Alternate 2: Adjustment and relocation of water meters and water meter boxes on Jurupa Avenue is not selected for award. JCSD will do this work by their own forces and will not be part of Mamco's construction contract Agreement.

WMWD has informed the Transportation Department that they concur with the bid prices, as bid by the apparent low bidder. Alternate 1 bid schedule is included in the contract and the costs for the work will be funded by that utility owner.

The City of Jurupa Valley desires the County continue as lead agency through project completion and they have approved the construction drawings.

The County identified the need for sidewalk and associated improvements on Jurupa Road, funds were budgeted, and construction drawings were substantially prepared prior to the incorporation of the City of Jurupa Valley.

Both projects are partially funded with SB 821 funds for which the County successfully competed. Additionally, Krameria Avenue is partially funded with Safe Routes to School funds for which the County successfully competed.

The Contractor will execute the contract and provide bonds and insurance documents after Board approval. The Contractor is qualified.
