BACKGROUND:

Riverside County Regional Medical Center, Community Health Agency, Human Resources Occupational Health Services, Department of Mental Health and the Probation Department routinely use laboratory services not performed by the County's in-house testing laboratories due to the complexity of the required tests involved. The services include stat fees, pick-up and delivery of samples, consultation, esoteric testing, field support, drug testing and phlebotomy services, and provides for tests performed per Medi-Cal Managed Care capitation rates.

On January 29, 2008, Agenda Item Number 3.42, the Board of Supervisors approved a five (5) year Professional Services Agreement with Quest Diagnostics to secure lab services for the County of Riverside for an aggregate amount of \$1,818,248. RCRMC's estimated annual amount at the time was \$480,000. Thereafter, amendments executed by the Purchasing Agent increased the aggregate amount to \$1,939,432. As a result of the increase, RCRMC's estimated annual amount was \$601,184. On May 10, 2011; Agenda Item Number, the Board approved the Fourth Amendment to increase the aggregate amount of the contract to \$2,142,432 which increased the hospital's portion to \$805,000. Fiscal year 2012/2013 would be the fourth (4th) year of the five year professional services agreement. This service is scheduled to be rebid prior to fiscal year end of 2013.

Due to dramatic increase in service utilization by various departments within the hospital throughout each fiscal year, demand for esoteric lab tests used in the diagnosis and monitoring of patient disorders continue to increase.

Therefore, the Director of RCRMC requests the Board's approval of the recommended motions.

FINANCIAL IMPACT:

Funding for this service is 100% Hospital Enterprise funded and does not require additional County funds.
