The Honorable Board of Supervisors

RE: Construction of the Mecca Roundabout Street Improvements at the intersection of 4th Street and Hammond Road, in the unincorporated community of Mecca.

July 19, 2012

Page 2 of 3

BACKGROUND:

By Minute Order dated April 10, 2012 (agenda item 3.51), the Board authorized the Clerk of the Board to advertise for the construction of Mecca Roundabout Street Improvements at the intersection of 4th Street and Hammond Road, in the unincorporated community of Mecca.

During the advertisement period, three addenda were issued to all registered plan holders as a supplement to the plans, specifications and special provisions. Bidders are required to acknowledge and to take into account addenda on their Contractor's Proposal. The addenda were issued to clarify and modify the contract documents. The addenda are attached as Addendum No. 1, Addendum No. 2, and Addendum No.3.

Bids for the project were opened in the office of the Director of Transportation and Land Management at 2:00 PM, Wednesday, May 23, 2012. Five bids were received. The basis for the selection of a contractor is the lowest responsive and responsible bid of base bid schedules A, B & C. The lowest responsive and responsible bid was submitted by Mamco, Inc. in the amount of \$1,818,018 which is \$129,072 (6.63%) less than the Engineer's Estimate. The Agreement includes the following schedules of work:

Base Bid Schedule A (Project B9-0997): Roundabout street construction.

Base Bid Schedule B (Project B9-0997): Roundabout landscape construction - Phase 1 of 2.

Base Bid Schedule C (Project X1005): Block wall, sign replacement and ADA parking spaces associated with the Mecca Streets Revitalization Phase 2 project.

Alternate Bid Schedule 1 (Project B9-0997): Roundabout landscape construction - Phase 2 of 2. **Not selected for award.** The Phase 2 of 2 landscaping will be deferred until the voters annex into a Landscape Maintenance District.

Alternate Bid Schedule 2 (Project X1005): Monitoring well abandonment. **Not selected for award.** This work is being performed by a separate contract.

A letter of protest was submitted by the second low bidder on the project, objecting to a matter of form in submittal of the UDBE forms and the failure to fill in a proposal form cost line in words although the numbers were filled in and legible. Transportation and County Counsel reviewed the protest and determined that the bid submittal was in accord with the bid requirements, or at the most was a minor irregularity that could be waived, and the bid protestor was so notified. There has been no further communication regarding the protest.

As a continuation of the street improvements in the downtown Mecca area, the proposed Mecca Roundabout Street Improvement Project will include the reconfiguration of the intersection of 4th Street and Hammond Road from an offset intersection to a roundabout.

The Honorable Board of Supervisors

RE: Construction of the Mecca Roundabout Street Improvements at the intersection of 4th Street and Hammond Road, in the unincorporated community of Mecca.

The project will benefit the community by improving traffic circulation, pedestrian access, and street drainage and by eliminating blight. The improvements will include the reconstruction of the existing pavement and the addition of sidewalk, curb, gutter, perimeter walls, landscaping, decorative stamped concrete, decorative decomposed granite and intersection safety lighting.

The proposed construction will be funded by a combination of Federal Highway Administration Congestion Mitigation and Air Quality Funds (CMAQ Funds), and Redevelopment Agency (RDA) Funds. RDA funding will be under the terms of funding agreements that were approved by the Board on June 28, 2011 (Item #3.64) and August 31, 2010 (Item 3.50).

The Contractor has executed the contract and has provided bonds and insurance, which meet the requirements of the contract. The contractor is qualified.

**DESIGNATED CONSTRUCTION PROJECT(S)
GENERAL AGGREGATE LIMIT**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Construction Project(s):

ALL OF YOUR DESIGNATED CONSTRUCTION PROJECTS.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I - Coverage A, and for all medical expenses caused by accidents under Section I - Coverage C, which can be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:
1. A separate Designated Construction Project General Aggregate Limit applies to each designated construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.
 2. The Designated Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage C regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the Designated Construction Project General Aggregate Limit for that designated construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Construction Project General Aggregate Limit for any other designated construction project shown in the Schedule above.
 4. The limits shown in the Declarations for Each Occurrence, Damage To Premises Rented To You and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Construction Project General Aggregate Limit.

B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under Section I – Coverage A, and for all medical expenses caused by accidents under Section I – Coverage C, which cannot be attributed only to ongoing operations at a single designated construction project shown in the Schedule above:

- 1. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-completed Operations Aggregate Limit, whichever is applicable; and**
- 2. Such payments shall not reduce any Designated Construction Project General Aggregate Limit.**

C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Construction Project General Aggregate Limit.

D. If the applicable designated construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.

E. The provisions of Section III – Limits Of Insurance not otherwise modified by this endorsement shall continue to apply as stipulated.

Commercial Excess Liability Policy With CrisisResponse[®]**

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations and any other person or organization qualifying as a Named Insured under this policy. The words "we," "us" and "our" refer to the company providing this insurance.

The word Insured means any person or organization qualifying as such under Section VII. Definitions.

Except for headings, words that appear in bold print have special meaning. See Section VII. Definitions.

In consideration of the payment of the premium and in reliance upon the statements in the Declarations, we agree to provide coverage as follows:

I. INSURING AGREEMENT - COMMERCIAL EXCESS LIABILITY

A. We will pay on behalf of the Insured those sums in excess of the Retained Limit that the Insured becomes legally obligated to pay as damages by reason of liability imposed by law because of **Bodily Injury, Property Damage or Personal Injury and Advertising Injury** to which this insurance applies or because of **Bodily Injury or Property Damage** to which this insurance applies assumed by the Insured under an Insured Contract. Coverage under this policy will follow the terms, definitions, conditions and exclusions of Scheduled Underlying Insurance, subject to the Policy Period, Limits of Insurance, premium and all other terms, definitions, conditions and exclusions of this policy. Provided, however, that coverage provided by this policy will not be broader than the coverage provided by the policy listed in Scheduled Underlying Insurance.

The amount we will pay for damages is limited as described in Section IV. Limits of Insurance.

B. This policy applies, only if:

1. the **Bodily Injury or Property Damage** is caused by an Occurrence that takes place anywhere, and the **Bodily Injury or Property Damage** occurs during the Policy Period; and
2. the **Personal Injury and Advertising Injury** is caused by an Occurrence that takes place anywhere arising out of your business, but only if the Occurrence was committed during the Policy Period.

C. 1. This policy applies to **Bodily Injury or Property Damage**, only if prior to the Policy Period, no Insured listed under subparagraphs 2a., 2b., 2c. or 2e. of Paragraph N. of Section VII, no executive officer or director listed under subparagraph 2d. of Paragraph N. of Section VII. and no employee authorized by you to give or receive notice of an Occurrence, claim or Suit, knew that the **Bodily Injury or Property Damage** had occurred, in whole or in part. If such an Insured, or authorized employee knew, prior to the Policy Period, that the **Bodily Injury or Property Damage** had occurred, then any continuation, change or resumption of such **Bodily Injury or Property Damage** during or after the Policy Period will be deemed to have been known prior to the Policy Period.

2. **Bodily Injury or Property Damage** which occurs during the Policy Period and was not, prior to the Policy Period, known to have occurred by any Insured listed under subparagraphs 2a., 2b., 2c. or 2e. of Paragraph N. of Section VII., any executive officer or director listed under subparagraph 2d. of Paragraph N. of Section VII. or any employee authorized by you to give or receive notice of an Occurrence or claim, includes any continuation, change or resumption of that **Bodily Injury or Property Damage** after the end of the Policy Period.

Names of the First Tier UDBE Subcontractors and their respective item(s) of work listed should be consistent, where applicable, with the names and items of work in the "List of Subcontractors" submitted with your bid. Provide copies of the UDBEs' quotes, and if applicable, a copy of joint venture agreements pursuant to the Subcontractors Listing Law and the Special Provisions.

There is a column for the total UDBE dollar amount. Enter the Total Claimed UDBE Participation dollars and percentage amount of items of work submitted with your bid pursuant to the Special Provisions. (If 100% of item is not to be performed or furnished by the UDBE, describe exact portion of time to be performed or furnished by the UDBE.) See Section "Disadvantaged Business Enterprise (DBE)," of the Special Provisions (construction contracts); to determine how to count the participation of UDBE firms.

Local agencies should complete the Contract Award Date and Federal Share fields and verify that all information is complete and accurate before signing and sending a copy of the form to the District Local Assistance Engineer within 15 days of award. Failure to submit a completed and accurate form within the 15-day time period may result in the de-obligation of funds on this project.

District DBE Coordinator should verify that all information is complete and accurate. Once the information has been verified, the District Local Assistance Engineer signs and dates the form.

UDBE INFORMATION—GOOD FAITH EFFORTS, EXHIBIT 15-H

The County of Riverside established an Under-utilized Disadvantaged Business Enterprise (UDBE) goal of 1.2% for this project. The information provided herein shows that a good faith effort was made.

Lowest, second lowest and third lowest bidders shall submit the following information to document adequate good faith efforts. Bidders should submit the following information even if the "Local Agency Bidder – UDBE Commitment" form indicates that the bidder has met the UDBE goal. This will protect the bidder's eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a UDBE firm was not certified at bid opening, or the bidder made a mathematical error.

Submittal of only the "Local Agency Bidder – UDBE Commitment" form may not provide sufficient documentation to demonstrate that adequate good faith efforts were made.

The following items are listed in the Section entitled "Submission of UDBE Commitment" of the Special Provisions:

- A. The names and dates of each publication in which a request for UDBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

<u>Publications</u>	<u>Dates of Advertisement</u>

- B. The names and dates of written notices sent to certified UDBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the UDBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

<u>Names of UDBEs Solicited</u>	<u>Date of Initial Solicitation</u>	<u>Follow Up Methods and Dates</u>

- C. The items of work which the bidder made available to UDBE firms, including, where appropriate, any breaking down of the contract work items (including those items normally performed by the bidder with its own forces) into economically feasible units to facilitate UDBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate UDBE participation was made available to UDBE firms.

TO BE SUBMITTED AFTER BID CLOSING PER SPECIFICATIONS

Items of Work	Bidder Normally Performs Item (Y/N)	Breakdown of Items	Amount (\$)	Percentage Of Contract

D. The names, addresses and phone numbers of rejected UDBE firms, the reasons for the bidder's rejection of the UDBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each UDBE if the selected firm is not a UDBE:

Names, addresses and phone numbers of rejected UDBEs and the reasons for the bidder's rejection of the UDBEs:

Names, addresses and phone numbers of firms selected for the work above:

E. Efforts made to assist interested UDBEs in obtaining bonding, lines of credit or insurance, and any technical assistance or information related to the plans, specifications and requirements for the work which was provided to UDBEs:

F. Efforts made to assist interested UDBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the UDBE subcontractor purchases or leases from the prime contractor or its affiliate:

G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using UDBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):

SUCCESSFUL BIDDER:

The form requires specific information regarding the construction contract: Agency, Location, Project Description, Federal Aid Project Number (assigned by Caltrans-Local Assistance), Total Contract Amount, Bid Date, Bidder's Name, and Contract Goal.

The form has a column for the Contract Item Number (or Item No's) and Item of Work and Description or Services to be Subcontracted or Materials to be provided by DBEs. The DBE should provide a certification number to the Contractor and expiration date. The DBE Contractors should notify the Contractor in writing with the date of the decertification if their status should change during the course of the contract. The form has a column for the Names of DBE certified Contractors to perform the work (must be certified on the date bids are opened and include DBE address and phone number). Enter DBE prime and subcontractors certification number. Prime Contractors shall indicate all work to be performed by DBEs including work performed by its own forces if a DBE.

IMPORTANT: Identify all DBE firms participating in the project—including all UDBEs listed on the UDBE Commitment form (Exhibit 15G(1)), regardless of tier. Names of the First Tier DBE Subcontractors and their respective item(s) of work listed should be consistent, where applicable, with the names and items of work in the "List of Subcontractors" submitted with your bid.

There is a column for the total DBE dollar amount. Enter the Total Claimed DBE Participation dollars and percentage amount of items of work submitted with your bid pursuant to the Special Provisions. The County of Riverside affirms that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation.

The County of Riverside, in accordance with Title IV of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 C.F.R., Part 8), issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the grounds of race, color, or national origin.

Pursuant to Section 1773 of the Labor Code, the general prevailing wage rates, in the county, or counties, in which the work is to be done have been determined by the Director of the California Department of Industrial Relations. These wages are set forth in the General Prevailing Wage Rates for this project, available from the California Department of Industrial Relations' Internet web site at <http://www.dir.ca.gov/DLSR/PWD>. The Federal minimum wage rates for this project as predetermined by the United States Secretary of Labor are set forth in the bid book and in copies of this book that may be examined at the offices described above where project plans, special provisions, and bid forms may be seen. Addenda to modify the Federal minimum wage rates, if necessary, will be issued to holders of bid book. Future effective general prevailing wage rates which have been predetermined and are on file with the California Department of Industrial Relations are referenced but not printed in the general prevailing wage rates.

Attention is directed to the Federal minimum wage rate requirements in the bid book. If there is a difference between the minimum wage rates predetermined by the Secretary of Labor and the general prevailing wage rates determined by the Director of the California Department of Industrial Relations for similar classifications of labor, the Contractor and subcontractors shall pay not less than the higher wage rate. The Department will not accept lower State wage rates not specifically included in the Federal minimum wage determinations.

This includes "helper" (or other classifications based on hours of experience) or any other classification not appearing in the Federal wage determinations. Where Federal wage determinations do not contain the State wage rate determination otherwise available for use by the Contractor and subcontractors, the Contractor and subcontractors shall pay not less than the Federal minimum wage rate, which most closely approximates the duties of the employees in question.

CONTRACTOR QUESTIONS AND RESPONSES

1	Question	It looks like we will be working in the railroad right-of-way, yet the specifications do not mention obtaining railroad Insurance or a railroad encroachment permit/railroad flagging. Does the County already have a permit?
	Response	There is no proposed work within the railroad right-of-way and there is no proposed work within 25 feet of the rails. All work will be contained within the road right-of-way. No permit from the railroad is necessary.
2	Question	How can the County make the Roadway Excavation item a Final Pay item when there is no way to quantify the over excavation of unsuitable material that may be required for this project?
	Response	The Roadway Excavation final pay item is based on the excavation depths as shown on the typical sections of the plans. If unsuitable material extends below the depths of excavation as shown on the plans, and needs to be removed as determined by the Engineer, the Contractor will be paid for additional roadway excavation and additional aggregate base under Bid Item No. 57, "Miscellaneous Directed Work" in accordance with Section 10-1.45 of the Special Provisions.
3	Question	Regarding Subgrade Enhancement Treatment, the specifications call for the Contractor to install two (2) layers of geogrid and so do the typical sections on the plans, but the bid item calls for only one layer. Please clarify.
	Response	As shown on the plans, geogrid will be used under vehicular traveled ways including: the AC pavement roadway; the 9-inch thick colored stamped concrete truck aprons; and the aggregate base access road within the landscaped area. All locations will receive two layers of geogrid, except for the aggregate base access road which will receive one layer of geogrid. The contract unit price is for one layer of geogrid. A double layer is calculated at twice the quantity of a single layer.
4	Question	Where is the 0.10' grind and overlay paid?
	Response	Attention is directed to Proposal Page B2, Item 9, "Hot Mix Asphalt" and Special Provision Section 10-1.12, Page 72, "Roadway Excavation."
5	Question	The plans show that Coachella Valley Water District (CVWD) is responsible for installation of the landscape water meter and backflow preventer. Is the Contractor responsible to install the water service to the backflow?
	Response	CVWD is only responsible for installing the water meter and backflow device. The Contractor is responsible for installing everything else, including the water service.
