Subject:

California Children's Services (CCS) and Child Health and Disability Prevention (CHDP) Program Certification Statements.

BACKGROUND:

CCS:

The Riverside County CCS Program currently serves over 11,690 cases for children age birth to 21 years who have significant medical conditions (also known as physically-handicapping conditions) requiring complex medical care from approved specialists. Children eligible for the program have cancer, cerebral palsy, heart defects, hemophilia, need organ transplants, or have other catastrophic health conditions. The CCS Program receives referrals from medical facilities, health plans and providers and determines the child/family's financial, residential and medical eligibility for the program. Cases are managed by Public Health Nurses. The CCS Program also authorizes and provides payment to health care providers, medical facilities and medical suppliers for services including diagnosis and treatment.

The State requires Riverside County to certify that our community's Children's Services of California program (CCS) is compliant with all State and Federal policies and guidelines by signing the Certification Statement referred to as Attachment A of this Form 11.

CHDP:

The continued services provided through the CHDP Program are:

1. Early Periodic Screening, Diagnosis and Treatment services to be made available to Medi-Cal beneficiaries from birth through twenty (20) years of age.
2. Health screening and referral for diagnosis and treatment services to be made available for children who are not Medi-Cal beneficiaries from birth through eighteen (18) years of age.

The State requires Riverside County to certify that our community's Child Health Program is compliant with all State and Federal policies and guidelines by signing the Certification Statement referred to as Attachment B of this Form 11.

FINANCIAL INFORMATION:

Financial responsibility for operating the CCS program is shared between the County of Riverside, Department of Public Health, California Children's Services and the State of California. The administrative costs are supported by Medi-Cal funding at a percentage equal to the percentage of Medi-Cal clients being served in the program's caseload. The remaining costs are funded equally by State and County General Funds.

Financial responsibility for operating the CHDP program is shared between the County of Riverside, Department of Public Health, Child Health and Disability Prevention Program and the State of California.
