The Riverside County Palm Desert Financing Authority was established in the 1990s to capture tax increment pass through revenues for the benefit of the desert communities. The PDFA is a joint powers authority comprised of the County and the now defunct Palm Desert Redevelopment Agency. The underlying lease payment schedules were crafted to reflect the expected pass through revenue that would otherwise flow directly to the County. Since the passage of the Governors' Redevelopment bill (AB1X 26), the County now receives the pass through revenue directly and the status of the PDFA as a viable ongoing entity has been called into question. Therefore the County has selected its own Public Financing Authority as the most appropriate issuing entity.
