

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

308

**FROM:** Fire

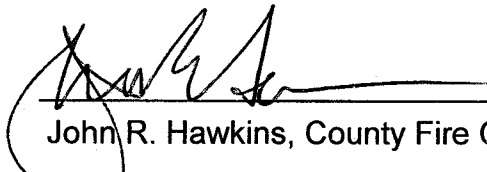

**SUBMITTAL DATE:**  
September 6, 2011

**SUBJECT:** Sole Source Agreement with the Department of Forestry and Fire Protections Office of the State Fire Marshal

**RECOMMENDED MOTION:** Move that the Board of Supervisors:

1. Approve and authorize the Purchasing Agent to execute a one (1) year Sole Source Agreement for training certificates and related training materials from the Department of Forestry and Fire Protections Office of the State Fire (OSFM) not to exceed \$40,000 annually without seeking competitive bids, which includes an option to renew the agreement for three (3) additional one-year periods; and
2. Authorize Purchasing Agent, in accordance with Ordinance No. 459, to exercise the renewal option, based on the availability of fiscal funding, and to sign amendments that do not change the substantive terms of the Agreement, including amendments to the compensation provision that do not exceed the annual CPI rates.

**BACKGROUND:** Continued on Page 2

  
John R. Hawkins, County Fire Chief

<b>FINANCIAL DATA</b>	Current F.Y. Total Cost:	\$ 40,000	In Current Year Budget:	Yes
	Current F.Y. Net County Cost:	\$ 10,000	Budget Adjustment:	No
	Annual Net County Cost:	\$ 10,000	For Fiscal Year:	FY12/13

<b>SOURCE OF FUNDS:</b> General Funds, Structural Fire Taxes, Contract Reimbursements	Positions To Be Deleted Per A-30	<input type="checkbox"/>
	Requires 4/5 Vote	<input type="checkbox"/>

**C.E.O. RECOMMENDATION:** APPROVE

**County Executive Office Signature** BY:   
Michael R. Shetter

**MINUTES OF THE BOARD OF SUPERVISORS**

On motion of Supervisor Stone, seconded by Supervisor Tavaglione and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

**Ayes:** Buster, Tavaglione, Stone, Benoit and Ashley  
**Nays:** None  
**Absent:** None

RE: Sole Source Agreement with the Department of Forestry and Fire  
Protections Office of the State Fire Marshal

Date: September 6, 2012

Page 2

**BACKGROUND: (Continued)**

The purpose and goal of Office of the State Fire Marshal's State Fire Training's certification program is to; set minimum performance standards, identify the tasks a candidate must perform to obtain certification, provide the means for maintaining a record of training accomplishments, correlate OSFM certification standards with state & national certification program standards, and to have all fire fighters in California become certified to an appropriate level.

The OSFM, State Fire Training, and CAL FIRE programs provide training, education and certification programs for the California Fire Service. Through practical training exercises and classroom courses, every California firefighter is exposed to training standards that have been approved by CAL FIRE and OSFM, each among the best institutions in the nation for fire training education.

**PRICE REASONABLENESS:**

Total cost for any given course will depend on the number in attendance. The current price list is in Attachment A. The last price increase was in 2007 and the OSFM does not anticipate any price increase for the next three years. The OSFM is a governmental entity; therefore, the rates are developed according to the Governmental Accounting Standards Board and OMB Circular A-87 as required. This expense is a necessary part of doing business for the safety and protection of our fire fighters, EMS Staff and residents of Riverside County and the certificates cannot be obtained from any other sources.

**Date:** 09-25-12

**From:** John R Hawkins

**Department/Agency:** Fire Dept

**To:** Board of Supervisors/Purchasing Agent

**Via:** Purchasing Agent

**Subject:** Sole Source Procurement – Training certificates from Department of Forestry and Fire Protection Office of the State Fire Marshalls

The below information is provided in support of my Department requesting approval for a sole source. Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for sole source.

1. **Supply/Service being requested:** Approval for using "Office of State Fire Marshal" (OSFM) in order to provide single Statewide fire service training in the state of California which includes:
  - Implementing OSFM standard and requirement
  - Managing curriculum development
  - Accrediting courses leading to certification
  - Approving standardized training programs for local and regional delivery
  - Administering the certification system
  - Publishing certification training standards, instructor guides, student manuals and related support material
  - Maintain liaison with individuals, groups, organizations and agencies involved in training
  
2. **Supplier being requested:**  
Department of Forestry and Fire Protections  
Department accounting office  
PO Box 997446  
Sacramento CA 95899-7446
  
3. **Alternative suppliers that can or might be able to provide supply/service:**  
No other entity can issue State of California Certified Training Certificates along with maintaining a database of completed courses
  
4. **Extent of market search conducted:** The purpose and goal of State Fire Training's certification program is to; set minimum performance standards, identify the tasks a candidate must perform to obtain certification, provide the means for maintaining a record of training accomplishments, correlate OSFM certification standards with state & national certification program standards, and to have all fire fighters in CA become certified to an appropriate level.
  
5. **Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide:** The OSFM role has evolved from one in which State Fire Marshal staff worked directly with fire departments in the field to one of coordination of the state wide delivery system working through and with community colleges and registered instructors. California Fire Service Training and Education System (CFSTES) was created in the continuing effort to establish coordination among various elements that contribute to the development, delivery and administration of training for the California fire service. The term certification is used to recognize an individual for having met approved professional standards by meeting certification prerequisites, experience, completing a specific accredited course of study and passing certification exams.  
The Fire Services Training Education Program (FSTEP) is designed to provide both volunteer and career fire fighters with hands-on training in firefighting, extrication, rescue emergency vehicle ops, pump ops and the incident command systems (ICS). Upon completion of a course the instructor will issue a California State Fire Marshal's certificate of completion to the student.

6. **Reasons why my department requires these unique features and what benefit will accrue to the county:** The OSFM, State Fire Training, and CAL FIRE programs provide training, education and certification programs for the California Fire Service. Through practical training exercises and classroom courses, every California firefighter is exposed to training standards that have been approved by CAL FIRE and OSFM, each among the best institutions in the nation for fire training education.

7. **Price Reasonableness including purchase price and any ongoing maintenance or ancillary costs from the supplier:** The primary instructor is responsible for all aspects of a CFSTES or FSTEP course at regional level. They must complete a Course Scheduling form which provides information on instructors, estimated number of students, and billing information to name a few. At the conclusion of the class, class materials such as exams booklets, answer sheets, rosters and the scheduling form must be returned before certificate will be issued. From this an invoice will be issued. Any fees paid by the students for registration and materials must be made payable to the Host Agency. An invoice will be issued to Host Agency after the class information has been received by State Fire Training, the invoice will cover the cost of the following.

- Student registration
- Student Manuals
- State sales tax
- Shipping and handling (All courses have an automatic shipping and handling fee of \$8)

Total cost for any given course will depend on the number in attendance. Last price increase was in 2007 and OSFM does not anticipate any price increase for at least three years.

8. **Does moving forward on this product or service further obligate the county to future similar contractual arrangements or any ongoing costs affiliated with this sole source? (Maintenance, support, or upgrades, if so, please explain).** This will be an ongoing budgeted expense for the Fire Departments Training Bureau. This is a necessary part of doing business for the safety and protection of our fire fighters, EMS Staff and residents of Riverside County.

9. **Period of Performance:** Performance period will be for three Fiscal years with automatic renewal in one year increments starting with Fiscal year 12/13 through 14/15

*(Provide a defined period of performance. Please note multi-year terms require Board approval, unless renewable in one year increments and the Purchasing Agent approves the terms.)*
