BACKGROUND (Continued):

"Every General Acute Care Hospital with licensed Perinatal services in this State shall administer to every newborn, upon birth admission, a hearing screening test for the identification of hearing loss, using protocols approved by the department, or its designee." Riverside County Regional Medical Center (RCRMC) administers an average of two hundred twenty five plus (225+) infant hearing screenings per month, including all Neonatal Intensive Care Unit (NICU) patients transferred into RCRMC facility.

On behalf of RCRMC, County Purchasing released a Request for Proposal (RFP #MCARC193A), to secure infant hearing screening services for the hospital. Solicitations were sent to three prospective vendors specializing in these services and advertised on the County's Internet/Website. Three proposals were received and evaluated by three RCRMC medical staff familiar with the service. The evaluation team reviewed and scored each proposal based the evaluation criteria as specified in the RFP, which includes the bidder's overall responsiveness to the RFP requirements, their experience with other comparable size hospital facilities, their performance history, their compliance rate with State regulations and the overall cost to the County. Scores ranged from 20.57 through 84.57 with Halo Unlimited receiving the highest score of 84.57, overall meeting the requirements of the RFP.

Halo Unlimited, Inc. has been incorporated since 1999 and operates under the dba Infant Hearing Screening Specialists (IHSS). IHSS has been providing this type of service for 13 years. IHSS has grown steadily to become the largest dedicated newborn hearing screening provider in California and currently contracts with 49 hospitals across California.

PRICE REASONABLENESS:

Proposed costs were evaluated and the cost ranged from \$23.00 per screening to \$55.17 per screening. Halo Unlimited proposed a cost of \$25.00 per screening. Although Halo Unlimited was not the lowest cost bidder, Halo Unlimited submitted a proposal which best meets the needs of the hospital. Halo Unlimited was the only vendor with contracts at like facilities (both County facilities and Community hospitals) with a documented track record of success. They have experience with the mandated State computerized reporting system that is not equaled by the other bidders, Halo provides a proactive, up-to-date, on-line system to verify that all employees who enter our facility meet regulatory standards and they have the greatest number of qualified staff to provide the services, which increases their capacity to meet the hospital needs. Therefore, Halo Unlimited received the highest evaluation score based specifically on service requirement which RCRMC medical staff determined as the most responsive bidder.

As a reporting requirement to the Department of Health Care Services (DHCS) - DHCS reimburses hospitals \$30.00 per screening. The vendor's proposed rates are \$25.00 per screening in which, the hospital is able to retain revenue of \$5.00 per screening.

FINANCIAL IMPACT:

Funding for this service is 100% Hospital Enterprise funded and does not require additional County funds.
