Agreement #12F-432

BACKGROUND:

The CSBG Local Initiative Program provides the core funding of CAP Riverside Programs. Revenue derived from the agreement supports the majority of the operations of CAP Riverside.

With the foundation provided by the Local Initiative Grant, CAP Riverside is able to attract other resources into the county and focus them on the needs of the County's poor. Serving as the work plan for the Agreement, the 2012-2013 Local Plan, approved by the Board on June 7, 2011 (Agenda #9.1), includes the following goals:

- Provide services, support and opportunities that offset barriers to employment for low-income participants;
- Provide low-income households access to credit/loans for homeownership, small business, education/vocational pursuits;
- Provide assistance to community-based organizations to enhance volunteer participation, training, and support to facilitate community involvement;
- Provide support and assistance to community-based organizations to help create a healthy, safe, violence-free, and economically sound community environment;
- Assist in the support and coordination of utility bill and weatherization assistance and homeless services support;
- Support community partnerships via collaborations; and
- Provide capacity building activities to promote effective low-income service distribution.

Congress has not yet approved the final allocation for 2012 CSBG program. Therefore, this agreement supplies the initial allocation for 2012. The agreement will be amended once the Congressional appropriation is approved and the State is advised of its final grant award.

FINANCIAL IMPACT: No County General Funds will be required.

(Standard Agreement)

BUDGET DETAIL AND PAYMENT PROVISIONS

1. **TERM AND AMOUNT OF AGREEMENT**

As specified on the face sheet of this Agreement (Std. 213), the term of this Agreement is for one year and covers the period January 1, 2012 through December 31, 2012.

The Maximum Amount specified on the initial face sheet of this Agreement is based on a partial allocation of the federal Community Services Block Grant for federal fiscal year (FFY) 2012, awarded to the State pursuant to one or more continuing resolutions passed by the Congress prior to the execution of this Agreement. Upon the issuance of each subsequent federal allocation, including the full annual allocations to the State for FFY 2012, CSD shall issue an amendment to this Agreement to increase the Maximum Amount by the amount to be distributed to Contractor as calculated pursuant to Government Code § 12759. At no time during the term of this Agreement shall Contractor expend more than the Maximum Amount, as that amount may be amended from time to time.

2. **BUDGET**

A. Concurrent with the submission of this Agreement, Contractor shall complete and submit the CSBG Fiscal Data forms [CSBG Contract Budget Summary (CSD 425.S), CSBG Budget Support - Personnel Costs (CSD 425 1.1), CSBG Budget Support - Non Personnel Costs (CSD 425 1.2), and CSBG Budget Support - Other Agency Operating Funds (CSD 425 1.3)] attached to this Exhibit B. Pursuant to the instructions for CSD 425.S, Contractor must include an itemized list identifying all other funding sources and amounts that make up the total annual operating budget of the community action program(s).

Notwithstanding any other provision of this paragraph, Contractor may submit the itemized list of other funding sources by either of the following methods:

1) completing the attached form (CSD 425 1.3), or 2) submitting an internal annual budget document displaying the funding sources and their anticipated revenues.

B. Contractor shall submit a justification for all projected expenditures in the budget, including a detailed budget narrative justifying expenditures in connection with budget support personnel and related non-personnel costs. The justification must be appended to the CSD 425.S.

C. Administrative Expenses

For the purpose of administrative expenditures, Contractor shall use funds allocated under this Agreement in an amount not to exceed twelve percent (12%) of the total operating funds of its community action program(s). Contractor shall not use funds provided under this Agreement to cover administrative costs

EXHIBIT B
(Standard Agreement)

incurred in the Low-Income Home Energy Assistance Program (LIHEAP) in excess of the LIHEAP contractual limitations.

- D. To the extent that 22 CCR § 100715(a) requires prior approval by CSD for any change that exceeds ten percent (10%) of an originally approved budget line item, CSD's execution of this Agreement hereby constitutes that prior approval, and the Contractor may make discretionary changes to the Budget Summary that exceed 10% for any line item, subject to all other applicable federal and State law and regulation and generally accepted standards of accounting. (See Exhibit D.1 Travel/Per Diem and Exhibit D.12(B) Modification for special terms and conditions).

3. ADVANCE PAYMENTS

- A. Upon execution of this Agreement or any Amendments thereto, CSD shall issue an advance payment to Contractor not to exceed one hundred percent (100%) of the Maximum Amount of this Agreement. In no case, however, shall the advance payment exceed twenty-five percent (25%) of the total consideration payable to Contractor per the final Amendment to this Agreement in accordance with CA Gov. Code Section 12781(b). In the event that Contractor has already received (an) advance payment(s) totaling twenty-five percent (25%) of the Maximum Amount of this Agreement, no further advance payments will be issued.
- B. In the event the Maximum Amount of this Agreement is increased through subsequent amendments based on a notice of grant award for FFY 2012, a subsequent advance payment of the advance amount plus any previous advances already allowed shall not exceed twenty-five percent (25%) of the total estimated allocation as set forth in Exhibit B, Attachment IV, Contract Year 2012 CSBG Allocation Spreadsheet.
- C. "Maximum Amount of this Agreement" is defined as the amount set forth on the Std. 213, Standard Agreement, item 3.
- D. CSD will initiate and pro-rate the repayment process of advanced funds beginning with the seventh monthly (or fourth bimonthly) reporting period of the contract term and ending with the twelfth month of the contract term.
- E. CSD will initiate repayment of advance payments outstanding whenever seventy-five (75%) of the contract allocation has been expended. As applicable to the funding contract term, CSD shall begin applying approved expenditures to the outstanding advance balance thereby offsetting any subsequent reimbursements. CSD shall determine amounts to be offset by applying the balance of the advance equally into the remaining expenditure reporting periods. An exception may occur if the expenditure reports submitted are less than the applied settlement

EXHIBIT B
(Standard Agreement)

formula (as described immediately above). In that case, CSD shall apply the entire reimbursement amounts against the outstanding advance balance.

- F. If the Contractor will not fully expend the full allocation on or before December 31, 2012, the Contractor must complete a CSD 425b, requesting a contract term extension, and submit it to CSD no later than forty-five (45) days prior to the end of the Agreement term.

4. BUDGET CONTINGENCIES

A. State Budget Contingency

- 1) It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- 2) If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

B. Federal Budget Contingency

- 1) It is mutually understood between the parties that this Agreement may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if this Agreement were executed after that determination was made.
- 2) This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government for the federal fiscal year 2012 for the purpose of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this Agreement in any manner.
- 3) The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, this Agreement shall be amended to reflect any reduction in funds.

EXHIBIT B
(Standard Agreement)

- 4) CSD has the option to invalidate the Agreement under the 30-day cancellation clause or to amend the Agreement to reflect any reduction in funds.

5. PAYMENT AND REPORTING REQUIREMENTS

A. Monthly/Bimonthly Fiscal Reports

Subsequent payments to Contractor shall be contingent on receipt and approval by CSD of the monthly/bimonthly reimbursement and activity reports. If Contractor owes CSD any outstanding balance(s) for overpayments of any Contract, current or previous, the balance(s) will be offset based on arrangements made with the Contractor.

C. Mid-Year Programmatic Report

CSBG/NPI Programs Workplan and Report Instructions

Purpose

The CSBG/NPI Programs Report (CSD 801) is used as a Community Action Plan (CAP) workplan, contract workplan and progress reporting form. This form is used to establish performance expectations and goals over the contract term. The Progress Report will capture the agency's success in achieving the goals. The goals and National Performance Indicators (NPI) used in the CSD 801 form are National Goals and Indicators, which CSD is required to annually track and report the outcomes to the U.S. Health and Human Services Agency (HHS), Office of Community Services (OCS), and the National Association of Community Service Programs (NASCS).

There are six (OCS) Goals and under each goal is a list of indicators that pertain to that goal. The listed indicators were created and taken from the OCS Guide to Organizing and Reporting National Indicators of Community Action Performance, which was created in collaboration within the Community Services Network.

Format of Document

This format is created in an Excel template and designed to be completed and submitted electronically. The CSD 801 is one (1) workbook, broken down into 9 worksheets. At the bottom of the Excel screen are tabs labeled for each goal (1-6), as well as instructions and an explanations section.

- The initial tab, "NPI Guide", contains the NASCS Instructional Manual. Please read the guide in order to understand what should be reported on the OCS Goals. This manual is useful when completing the NPIs.
- The second tab, "Instructions" contains these instructions as a reference.
- The subsequent tabs are labeled Goals 1 through 6 Workplan and Goals 1 through 6 Reporting.

The entire workbook must be submitted electronically by the due date to CSBGReports@csd.ca.gov. In the subject line, please indicate the agency name the report is being submitted for and contract number. (Example: CAP CSD, 11F-XXXX.)

Completing the NPI Workplan (CAP and Contract Workplan)

- At the beginning of the "Goal 1 Workplan" tab provide your contract number, report period, contractor's name, contact person and title, phone number, fax number and e-mail address. This information will only need to be provided once. The data will automatically populate into all other tabs from the "Goal 1" tab.

CSBG/NPI Programs Workplan and Report Instructions, Con't

- **Program Activities and Delivery Strategies:** In this section, provide a detailed description of the programs or activities undertaken in order to alleviate the barriers to self-sufficiency identified in the problem statement.
- **Number of Participants/Units Expected to Achieve Outcome in Reporting Period:** This column will be filled out on the Workplan for Goals 1 through 6. Provide the number of participants/units Expected to Achieve for the mid-year and annual reporting period for each indicator. The Workplan numbers will be automatically populated into the Reporting tabs for Goals 1 through 6.
- **ALL DATA FIGURES** should be NUMERICAL. If the indicator does not apply to your agency's work, or data pertaining to that question is not available, leave the cell blank. Do not use percentages, fractions, abbreviations or alpha text.

Sections 2, 3, and 6-10 collect INDIVIDUAL demographic data:

Sections 4, 5 and 11-16 collect FAMILY demographic data.

Both Individual AND Family demographic data should be collected on all clients.

Section 3 – Total unduplicated number of persons about whom no characteristics were obtained:

 - ✓ Please note: This would include any clients that were served, however demographics were not collected.

Sections 4, 5 and 11-16 Collects Demographics on FAMILIES**Section 4 – Total Unduplicated number of families about whom one or more characteristics were obtained:**

- To the extent possible the numbers reported here should be unduplicated.

- This requires that a similar system of unique identifiers be in place, which, in addition to identifying an individual, also identifies a family.
 - ✓ For example: if a family member comes in and receives four services and another family member comes in and receives six services, an unduplicated count would record one family, and two individuals.

Section 5 – Total unduplicated number of families about whom no characteristics were obtained:

- Enter the total number of families for whom characteristics were not obtained. Please note: This number would include clients that were served, but demographics were not collected on the family.
- To the extent possible the numbers reported here should be unduplicated.

Section 11 – Family Type:

- Based on the clients, family composition, report the type of family. If the family type of the recipient is not reflected in one of these types please mark "other."
- Make sure that the total of this section does not exceed the value in Section 4. See Asterisk Note *** on the CSD 295.
 - ✓ If the total box of this section is red then the total exceeds the value in section 4. This data will need to be corrected prior to submitting this form to CSD.

Section 12 – Family Size:

- Report the number of persons in the client's family.
- Make sure that the total of this section does not exceed the value in Section 4. See Asterisk Note *** on the CSD 295.

- 13.b: Enter the total number of families reporting NO income
- Please enter the type or types of income received by all persons in the family.
- Food Stamps, Medicaid and other in-kind benefits (LIHEAP, WAP, etc.) will not be included in these calculations.
 - ✓ Item 13.a: Unduplicated # of Families Reporting One or More Sources of Income: With this Section we are attempting to collect an unduplicated count of families who indicated that the household receives one or more sources of income.
 - ✓ Item 13.b: Unduplicated # of Families Reporting No Income: This section attempts to collect an unduplicated count of families who indicate that the household has no income.

 - ✓ Item 13.k: Other: Enter the unduplicated number of families that report other sources of income, including investments, rent, etc.
- Make sure the values reported in Item 13.a and 13.b do not exceed the value in Section 4. See Asterisk Note *** on the CSD 295
 - ✓ If the total box of this section is red then the total exceeds the value in section 4. This data will need to be corrected prior to submitting this form to CSD.
 - The value in items 13.c-k should be greater than or equal to the value reported in item 13.a. See Asterisk Note **** on the CSD 295
 - For all the items you will report the number of families receiving that source, not the number of individuals in the family receiving the source.
 - ✓ For example: A family of four, where both parents are employed and the mother is receiving SSI, and the father and mother has 2 types of investments would be reported as follows:
 - Item 13.a = 1
 - Item 13.d = 1
 - Item 13.i = 1
 - Item 13.k = 1

Each item they have would be reported as 1, even though both parents are working because they are 1 family.

The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained pursuant to an Act of the Congress or a State law.
 - ✓ Item 15.d: Other: If neither Items 15.a, 15.b nor 15.c describe the family's housing situation record them here.

- Make sure that the total of this section does not exceed the value in Section 4. See Asterisk Note *** on the CSD 295.

**CSD 295 - Client Characteristics Report
Quick Check**

- ✓ **Is item 4 greater than item 2? It should not be.**
 - ✘ For example: one family of 4 comes in for services. This would mean that 4 individuals are receiving service (Item 2) and 1 Family is receiving services (Item 4).
 - ✘ The numbers reported in items 2 & 4 should be comparable (item 2 will probably always be greater). Since every individual is a family of one- it should not happen where an agency serves 10,000 individuals and only 500 families. This should tell you that the agency is collecting families. this should tell you that the agency is collecting family information on all clients.
 - ✘ This information also applies to item 3 & 5.

- ✓ **Is the total in item 6 greater than item 2? It should not be.**
 - ✘ The agency should not report the ages of more people than they report serving.

- ✓ **Is the total in item 8 greater than item 2? It should not be.**
 - ✘ the agency should not report the ages of more people than they report serving.

- ✓ **Is the total in Item 8 greater than Item 2? It should not be.**
 - ✘ The agency should not be reporting the ethnicity of more people than they report serving.
 - ✘ **Common Error:** Often the total reported in item 8-1 is far below the number reported in Item 2-- this is not necessarily wrong. However, if this happens it does tell you that the agency is not collecting the ethnicity of all their clients.

- ✓ **Is the total in Item 9 greater than the total of Item 7.e-h? It should not be.**
 - ✘ Item 9 is collecting the education level of adults only (individuals 24 years old or older). Therefore, you add up the totals reported in Item 7e-h only. The total in Item 9 cannot be greater than this total.

- ✓ **Is each total in Item 10 greater than Item 2? It should not be.**
 - ✘ The agency should not be reporting health insurance of more than they reported serving.
 - ✘ The agency should not be reporting disable persons of more than they reported serving.

- ✓ **Is the total in Item 11 greater than the total in Item 4? It should not be.**
 - ✘ The agency should not be reporting the family type of more families than they report serving

- ✓ **Is the total in Item 12 greater than the total in Item 4? It should not be.**
 - ✘ the agency should not be reporting the family size of more families than they report serving.

- ✓ **Is the total in Item 13a greater than Item 4? It should not be.**
 - ✘ The total numbers of families reporting one or more sources of income should not be greater than the total number of families the agency report serving

- ✓ **Is the total in Item 13b greater than Item 4? It should not be.**
 - ⊗ The total numbers of families reporting no income should to be greater than the total number of families the agency reports serving.

- ✓ **Look at each total in Item 13c-13k. Are any of these individual line item totals greater than 13a? They should not be.**
 - ⊗ Each family reports each source of income only once (even if two family members receive SSI, they would only report the source once). So, the total number of families reporting each source of income cannot be greater than the total number of families the agency is reporting thy collected sources of income on.
 - ⊗ Note: the total 13c-13k should be greater than or equal to the total number of families the agency reports serving in 13a.

- ✓ **Is the total in Item 14 greater than Item 4? It should not be.**
 - ⊗ The total number of families reporting their family income should not be greater than the total number of families the agency reports serving.

- ✓ **Is the total in Item 15 greater than Item 4? It should not be.**
 - ⊗ The total number of families reporting their housing type should not be greater than the total number of families the agency reports serving.

- ✓ **Is the total in Item 16 greater than Item 4? It should not be.**
 - ⊗ the total number of families reporting their other characteristic should not be greater than the total number of families the agency reports serving.

SUPPLEMENTAL AUDIT GUIDE**Introduction**

The purpose of this 2009 Supplemental Audit Guide is to provide further instructions for the independent auditor and/or CPA firms that perform audits of agencies that contract with the California Department of Community Services and Development (CSD) to deliver programs. As specified in each program contract, all independent auditors and CPA firms must follow this Supplemental Audit Guide if the Contractor being audited is funded totally or in part by CSD contracts. This guide is not intended to be an auditing procedure manual but rather to further instruct the independent auditor and CPA firm in testing certain costs identified by CSD as needing more detailed disclosure.

The primary focus of this guide is auditing and reporting on specific items of costs funded by CSD contracts. The procedures outlined in this guide either clarify and complement or, exceed the requirements of Office of Management and Budget (OMB) Circular A-133.

Auditor's Judgment

Auditors performing the work according to this Supplemental Audit Guide must continue to exercise professional judgment. The auditor shall follow the procedures included in this audit guide unless, in the exercise of his or her professional judgment, the auditor determines that other procedures are more appropriate in particular circumstances. The auditor, however, must justify in writing any change from the audit procedures suggested by this Supplemental Audit Guide. The audit report must contain assurances that a review for compliance with OMB Circulars A-87 and A-122 was conducted.

Supplemental Audit Guide

Selected Items of Cost

Inventory System (All Contracts)

1. The independent auditor or CPA firm must gather evidence to validate the inventory listed as an asset on the balance sheet.
2. The closeout report on CSD contracts requires an inventory listing on all items purchased with CSD contract funds.
3. Inventories listed on the balance sheet and on the CSD closeout reports must be verified that they physically exist, are owned (not leased), and are in operable condition.
4. Inventory listings must be accurately compiled in the inventory accounts. Inventories are to be properly stated at cost (except when the market rate is lower).

Subcontracts (All Contracts)

1. Subcontracts must be arms-length agreements and free of actual or apparent conflicts of interest. Validate and report to CSD. CSD-funded agencies should be aware that contracting with wholly owned subsidiaries might not be considered arms-length agreements. This is especially true where both boards have similar members.
2. Contractors are required to substantiate that all costs expended under subcontracts are allowable and allocable to the particular program pursuant to the same standards as the costs expended directly by the Contractor under the specific CSD contract. Document the Contractor's system of ensuring this level of accountability, and report to CSD.

Weatherization Crew Hours (LIHEAP and DOE Contracts)

Document the methodology the Contractor uses to capture the actual hours each weatherization worker spends on each house, specific work performed and address. If this data is maintained in an automated system, obtain and review system documentation.

1. Verify that the monthly report summaries used to report weatherization crew hours provide accurate information by selecting and testing a representative sample.
2. Trace the monthly closeout report totals for weatherization labor hours to the Contractor's monthly report summaries and reconcile this to the supporting source documents.

Supplemental Audit Guide

Prohibition on Lobbying

The independent auditor shall verify that no CSD contract funds were used to influence or attempt to influence an officer or employee of a state or federal government agency, or a member of Congress or the State Legislature, in connection with the awarding of any contract, grant, loan, or cooperative agreement.

System of Internal Control

Audits must include an examination of the systems of internal control. Internal control systems must be established to ensure compliance with laws and regulations affecting the expenditure of State and/or Federal funds, financial transactions and accounts, and the agency's process for submission of Contractor billings submitted to CSD for the performance of the contract.

The Contractor's accounting system must provide for accumulating and recording of expenditures by cost category (budget line items) shown in the approved budget. The independent auditor or CPA firm must give an opinion on the internal controls of the Contractor being reviewed.

Administrative Cost Cap

CSD contracts have an administrative cost cap. Administrative costs charged to each CSD contract must not exceed this cost. In addition, other Federal funds must not be used to exceed the total administrative cost cap charged to the CSD contract, unless specifically allowed by Federal statute.

Use of Indirect Cost Rates or Other Indirect Cost Methodology

1. A Federally Approved Indirect Cost Allocation Rate may be used for selected items of costs up to the maximum allowed by the CSD contract's administrative cost rate. Costs claimed for a specific line item in the budget cannot be reported as direct costs and also as indirect costs.
2. Validate the indirect cost rate or methodology and the application of the rate used by the Contractor.
3. Ensure compliance with OMB Circulars A-87 and A-122.

Basis for Allocation of Costs

1. The independent auditor or CPA firm must identify the Contractor's basis for allocating costs to CSD contracts. Costs charged to CSD contracts must be allocable, allowable, and based on actual expenses incurred by the Contractor for the CSD contract. Costs charged to the CSD contract must also have an approved contract budget line item.
2. Ensure Compliance with OMB Circulars A-87 and A-122.

Supplemental Audit Guide

Going Concern and Subsequent Events

The independent auditor or CPA firm must provide a "positive assurance" statement that any (significant) subsequent events, related directly or indirectly, that occurred after the final closeout report and single agency-wide audit are submitted to CSD do not materially affect the closeout report, as submitted by the Contractor. Additionally, the independent auditor or CPA firm must provide "positive assurance" whether or not the Contractor will continue as a going concern. Some examples are litigation settlement, bankruptcy, mergers, large loans, cash flow problems, etc.

Representation Letter

A Representation Letter between the independent auditor or CPA firm and the Contractor must be forwarded to CSD. The Representation Letter must be signed by the Contractor's controller (or equivalent) and either the Chair of the Audit Committee if it exists or the Executive Director.

Engagement Letter

In the event a Contractor is more than one month late in submitting the required independent audit report, the Contractor shall submit one copy of the finalized, signed Engagement letter between the Contractor and the Contractor's independent auditor or CPA firm.

Supplemental Statements

Beginning with the 1994 program year, CSD contract provisions have required the financial and compliance audit to include supplemental statements. These supplemental statements must be included as part of the package submitted to CSD with the single agency-wide audit for each fiscal year. CSD uses the above information to reconcile the audited costs to the costs reported by the Contractor.

The supplemental statements should be based on the budget line items contained in the contract. The supplemental statement must include the contract budget line items, expenditures for each budget line item by fiscal year, total audited costs and total reported expenses by budget line item.

Auditing Standards and Reports

The financial and compliance audit report shall contain the following supplemental financial information: a combined statement of revenue and expenditures for each contract that presents, by budget line item, revenue and expenditures for the audit period and a description of the methodology used to allocate and claim indirect costs and any administrative cost pools.

Supplemental Audit Guide

Testing of Transactions

A sufficient number of items should be selected for review that represent all material costs categories. The audit should determine whether:

- a. Contractor's internal control over the contract is effective and working as intended;
- b. Reported program expenditures are allowable and allocable;
- c. Reported expenditures conform to funding or program limitations or exclusions;
- d. Reported expenditures are not charged to, or reimbursed by, other programs or funding sources;
- e. Transactions are properly approved, reported, and supported by source documents;
- f. Reported expenditures were incurred within the appropriate contract term; and
- g. Contractor complied with applicable laws, regulations, and contract requirements.

American Recovery and Reinvestment Act of 2009 (ARRA) Funds

ARRA IDENTIFICATION

Contractors covered under the Single Audit Act and OMB circular A-133 must specifically identify ARRA funds on the SEFA by CFDA number, contract number, and by attaching the prefix "ARRA-" to the Federal program name. This information may be used by CSD to monitor the Contractor's expenditures of ARRA funds. In addition, the Contractor should maintain documentation to identify sub-award and project funded through the ARRA.

SEPARATE ACCOUNTING

Contractors must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects. Recovery Act funds can be used in conjunction with other funding sources as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and OMB Guidance.

PREVAILING WAGE

Supplemental Audit Guide

Determine if there is a designated payroll person to certify, on a weekly basis, that the Contractor is paying residential prevailing wage in accordance with the wage determinations as set forth in the ARRA contract.
