SUBJECT: Amendments to Professional Service Agreement(s) for RCHC

Page 2

BACKGROUND:

The Department of Health Care Services (DHCS) released program applications for all eligible entities to participate in the Low Income Health Program (LIHP), which provides entities the opportunity to help build the bridge to health care reform in 2014. The LIHP consists of the Medicaid Coverage Expansion (MC) and the Health Care Coverage Initiative (HCCI) programs. These programs provide health care benefits to eligible persons in accordance with the Welfare & Institutions Code (WIC) Section 15909 - 15915 (Chapter 723, Statutes of 2010, Assembly Bill 342), and the Special Terms and Conditions (STCs) of the federal section 1115 (a) California Bridge to Reform Demonstration. Riverside County Regional Medical Center (RCRMC) in conjunction with other Riverside County departments partnered with Inland Empire Health Plan (IEHP) as a third party administrator in administering the service which implements the requirements of LIHP. Through this collaboration partnership, the requirements for the LIHP were developed and incorporated for Riverside County HealthCare (RCHC). RCHC is Riverside County's new health care plan to help bridge to the health care reform in 2014. Patients eligible to participate in RCHC will have the opportunity to receive services through specific referrals. RCHC expects approximately 20,000 eligible participants/patients to participate in the health care plan.

Riverside County Regional Medical Center (RCRMC) contracts with various health care providers to provide specialty care services at the Hospital on an inpatient and outpatient basis. The Physician Groups listed in Attachment A have agreed to provide health care services to members enrolled with Riverside County HealthCare (RCHC).
