**BACKGROUND:** (Continued)

On November 30, 2010, the Board approved the plans and specifications for the Hemet Service Center Project and authorized the Clerk of the Board to advertise the Notice Inviting Bids.

On April 12, 2011, the Board awarded the contract to the lowest qualified and responsive bidder, Hamel Contracting, Inc., in the amount of \$1,738,168, and approved the overall project budget in the amount of \$ 2,501,985, for the Hemet Service Center Project.

The first amendment to the original contract had Westberg & White, Inc. perform additional services during all phases of design. The second amendment to the original contract will have Westberg & White, Inc., perform additional services needed to finalize the project, such as additional construction documents, geological surveys, and construction management and administration in the amount of \$85,805.

All project construction is complete, and the work was inspected and found to be in compliance with contract requirements. Formal acceptance of the project is recommended
