The Honorable Board of Supervisors

RE: State Route 79 (SR-79), Winchester Road, Phase 2 road widening project between Thompson Road and Scott Road and intersection improvements at Newport Road, French Valley area.

April 12, 2012

Page 2 of 2

BACKGROUND:

Winchester Road (SR-79) is the primary north-south corridor in the southwest area of Riverside County outside of the freeways. It connects the Temecula/Murrieta area with the Winchester/Hemet/San Jacinto area. The proposed improvements are critically needed to accommodate current and projected traffic volumes and are expected to improve traffic safety.

The County Transportation Improvement Program provides for improvements to State Route 79 (SR-79), Winchester Road, between Thompson Road and Domenigoni Parkway.

The Winchester Road widening project is being constructed in two phases and under two separate contracts, as described below. The project was phased to allow construction to be accelerated. Phase 1 is currently under construction.

Phase 1: Widening Winchester Road from two to four lanes between Domenigoni Parkway and Scott Road including new traffic signals at Garbani Road and Holland Road.

Phase 2: Widening Winchester Road from two to four lanes between Thompson Road and Scott Road including a new traffic signal and intersection improvements at Newport Road.

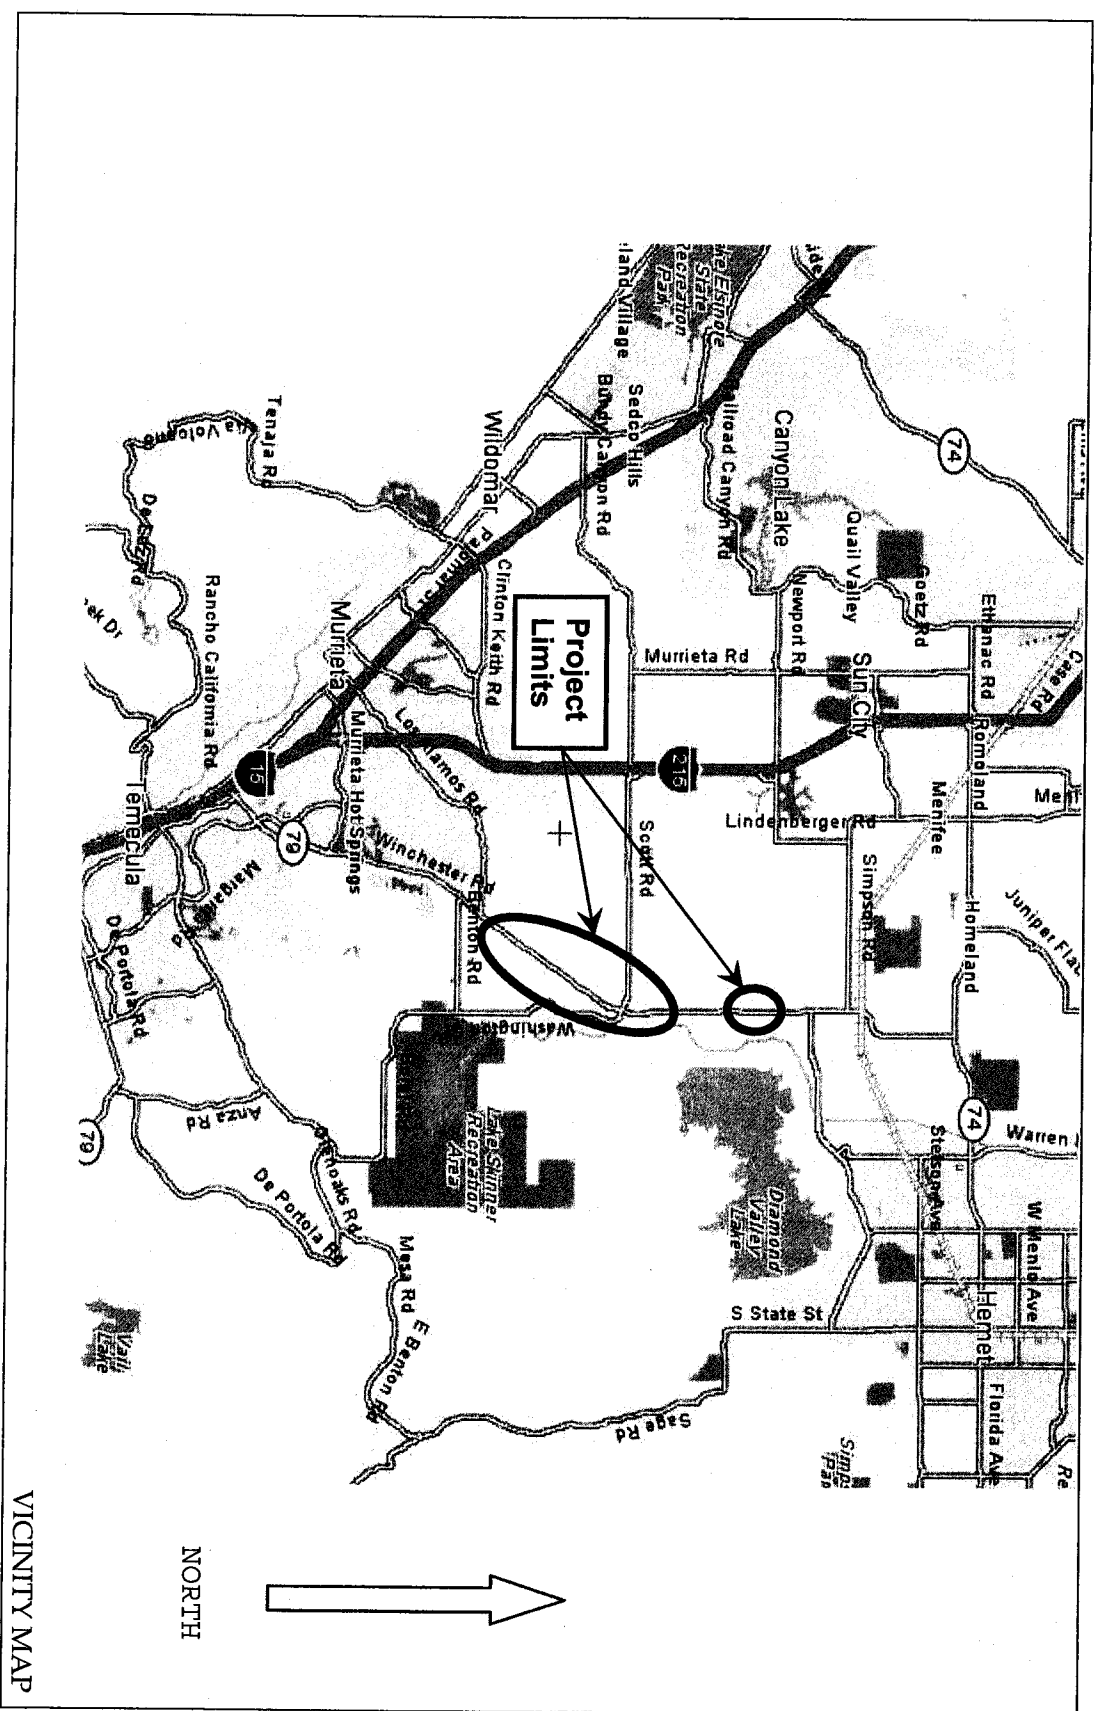

Construction of Phase 2 is anticipated to start in the summer of 2012 and is expected to progress seamlessly with phase 1 to provide a continuous four-lane improvement at the conclusion of the two projects.

The submitted plans and specifications have been approved as to form by County Counsel.

Environmental clearance is complete.
