California Environmental Quality Act (CEQA) Findings

Pursuant to CEQA Guidelines Section 15273, the proposed changes to County Ordinance No. 779, Relating to County Solid Waste Facilities and Establishing Fees are found to be statutorily exempt from CEQA, because the proposed changes for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits,
- Purchasing or leasing supplies, equipment, or materials,
- Meeting financial reserve needs and requirements, and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.13.

**THE COUNTY ADMINISTRATIVE CENTER IS CLOSED EVERY FRIDAY UNTIL FURTHER NOTICE.  
PLEASE CONSIDER THE ENVIRONMENT BEFORE PRINTING.**

**NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY**

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1<sup>st</sup> Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, May 8, 2012 at 1:30 p.m.** to consider adoption of the following:

**ORDINANCE NO. 779.13  
AN ORDINANCE OF THE COUNTY OF RIVERSIDE  
AMENDING ORINANCE 779  
RELATING TO  
COUNTY SOLID WASTE FACILITIES  
AND ESTABLISHING FEES**

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

**SECTION 1:**

This ordinance amends and replaces Ordinance No. 779.12 and any prior version of Ordinance No. 779 in their entirety with the following:

**Section 1. DEFINITIONS.**

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

**Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Waste Management Department may designate and operate or control by contract County owned or leased or contracted sites to be used for the public transfer, processing or disposal of solid waste.

**Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in writing by the General Manager-Chief Engineer of the Waste Management Department or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Waste Management Department has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

**Section 4. REGULATIONS.** All County owned, leased, or contracted transfer stations and disposal sites shall be under the supervision of the General Manager-Chief Engineer of the Waste Management Department who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects being dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful or dangerous materials, if allowed under the state operating permit, including a reasonable charge for their acceptance.
- f. Prohibition of unauthorized persons from access to areas within a site, including the unauthorized conducting of salvage operations.

Except for short term emergency situations, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be filed in his or her office and shall be available for public inspection.

**Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All Operators of landfills and transfer stations in the County, including the County itself, shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the following minimum requirements:

- a. Each solid waste facility operator shall perform random loadchecks across load types of residential, commercial, and industrial to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging customers from bringing in such material. The minimum number of loadchecks performed at each solid waste facility shall comply with the following schedule:

**Landfill and Transfer Station Facility Random Loadcheck Schedule – Per Average Daily**

| <u>Average Daily Tonnage</u> | <u>Random Samples per Day*</u> |
|------------------------------|--------------------------------|
| 0 to 50 tons/day             | **                             |
| 51 to 200 tons/day           | 2                              |
| 201 to 400 tons/day          | 4                              |
| 401 to 600 tons/day          | 6                              |
| 601 to 800 tons/day          | 8                              |
| 801 to 1000+ tons/day        | 10                             |

\*The initial schedule is for the number of "random samples per day" to be applied to three days a week. The three days shall be rotated so arriving customers will not know when they may be loadchecked. If a problem still persists with large quantities of hazardous waste showing up at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Waste Management Department may require the number of "random samples per day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

\*\*As defined in the State Permit.

- b. An inspection form (which shall be certified for completeness and accuracy by the loadcheck inspector on duty) shall be filled out in its entirety at the time of each loadcheck performed at the solid waste facility. The inspection form shall include the following information:

- date and time of inspection
- loadcheck inspector name, (certification)
- load type (residential, commercial, industrial)
- hauler/company name/customer name
- driver name
- vehicle make/model
- license plate number
- load origin (jurisdiction, and customer/store where picked up)
- hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds) if any
- disposition of material (picked up by responsible party, returned with carrier at time of inspection, load was free of hazardous waste, solid waste facility assumed responsibility of the material, etc.).

Each inspection form shall be reviewed by management and initialed verifying completeness.

- c. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time and observe the operator performing loadchecks. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency may perform loadchecks in order to audit the solid waste facility loadchecking program and/or assist the operator in making its loadchecking program successful.

**Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at County owned, leased, or contracted transfer stations and disposal sites may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Waste Management Department.

**Section 7. FEES.**

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to substantially cover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Waste Management Department that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.
3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

**Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Waste Management Department regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Waste Management Department. Violation of any such regulation shall be a violation of this Ordinance.

**Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the Waste Management Department reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the County disposal site or transfer station operations. A letter of notification specifying the dates of restriction and the locations will be mailed to the individual and on hand at the gate fee booth.

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third

and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

**Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

**SECTION 2:**

This ordinance shall take effect thirty (30) days after the date of adoption.

Any person affected by the above matter(s) may submit written comments to the Clerk of the Board before the hearing or may appear and be heard in support or opposition to the project at the time of the hearing. If you challenge the above item(s) in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence, to the Board of Supervisors at, or prior to, the public hearing.

Please send all written correspondence to: Clerk of the Board, 4080 Lemon Street, 1<sup>st</sup> Floor, Post Office Box 1147, Riverside, CA 92502-1147

**APPENDIX C TO ORDINANCE NO. 779.13  
RURAL SITE ACCESS -- COMMERCIAL PERMIT CARDS  
FOR  
RIVERSIDE COUNTY WASTE MANAGEMENT DEPARTMENT  
Effective July 1, 2012**

The Rural Site Access Card shall be necessary for admittance to the Mecca II and Oasis Landfills.

**COMMERCIAL CARD REGULATIONS:**

A Commercial Waste Hauling Business Card (not authorized for use by permitted waste haulers) is available which provides for disposal of commercial waste generated within the remote service areas.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four-hundred twenty-one dollars and forty-one cents (\$421.41).
5. **Payment for Card** - The card shall be purchased in advance of usage and paid for by check. Cards may be purchased at any time of the year.
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Management business office located at 14310 Frederick St., Moreno Valley, CA.. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Gate Fee Site Usage** - In the event that the Gate Services Assistant determines that the waste cannot be received at the Rural Site for whatever reason that day, and therefore directs the customer to take the waste to a scaled County disposal site, the Commercial Card may be used for access at the scaled site.
