REPORT ON ASSESSMENT ROLL FOR 2012/13

July 03, 2012

Chairman Tavaglione and Honorable Board Members,

This memo is to officially notify you that the Assessor's office has closed the 2012/2013 assessment roll and delivered it to the County Auditor as required in Revenue and Taxation Codes 616 and 617. For assessment year 2012/2013, the total assessment roll for Riverside County is \$204,888,511,468 a decrease of \$299,180,712 or -.15% from our 2011/2012 total.

My office continues to be proactive in reviewing residential market values and has reviewed over 449,000 single family homes, condominiums, and manufactured homes that sold on or after January 1, 1999. In total, the Assessor's Office adjusted over 337,000 residential properties. Twelve of 28 cities in Riverside County saw some increase to their assessed valuation this year, with the largest percentage increases going to Eastvale at 3.29% and Indian Wells at 2.93%. Riverside, the largest city in Riverside County, increased in assessed value by .78%. The cities with the largest percentage decreases were Coachella and Desert Hot Springs, with decreases of 4.92% and 4.80%, respectively.

Median sale prices of residential properties declined in value midway through the year then mildly rebounded at year end and have continued this trend through spring 2012. As a result of this rebound in value, the County's assessment roll is essentially unchanged from last year, which was in doubt earlier in the fiscal year when a reduction of approximately 2% was forecast. A decline in foreclosure related activity appears to be contributing to this modestly improving real estate market.

Commercial/industrial properties continue to be of concern, although two sectors of the commercial market (apartments and mega-warehouses) have shown minor improvement. The 3,986 commercial/industrial properties in Prop 8 status is a 19% increase over last year. Almost half of our remaining assessment appeal workload consists of commercial/industrial appeals. Our office also reduced over 93,000 timeshares and over 12,000 vacant land parcels. Countywide, we currently have a total of 447,953 parcels in a temporary Proposition 8 status.

Additionally, the Proposition 13 inflation factor was 2% for the first time in 3 years. This was also a factor that contributed to the effectively flat assessment roll. Property owners whose assessments were not temporarily adjusted due to the declining real estate market will again notice their assessed value increased slightly by this inflation factor.

And, lastly, we have made significant progress towards the completion of the CREST property system project which will greatly enhance our ability to conduct reviews of all property types and add greater efficiency to all our business processes.

Report on Assessment Roll for 2010/2011

Page 2

Riverside County property owners will be able to view their 2012 roll values online beginning July 15, 2012 at www.riversideacr.com. Owners can search their values by property address or parcel number. Value notice letters will not be mailed this year; however, owners without access to the internet may call the Assessor's office at (951) 955-6200 to obtain the requested information.

From the peak in 2008, the assessment roll for Riverside County has lost slightly over \$38 billion dollars or over fifteen percent. The slight decrease for this year is hopefully an indication that we have finally bottomed out and will begin to see real recovery. However, from all indications the recovery will be long and slow, and we will continue to have challenges with various property types.

As in the past, we will continue to work closely with Mr. Orr and the Executive Office on roll projections and trends.

Finally I would like to thank and give credit to the staff of the Assessor-County Clerk-Recorder for their outstanding effort in completing this years' assessment roll in a timely and professional manner.
