Brief Description of Fee

In July 1988, the Board of Supervisors adopted Ordinance No. 659 establishing a county-wide (unincorporated area only) development mitigation fee for residential development. The purpose of this fee was to finance the construction of county facilities necessary to accommodate future residential growth in the county. Fee revenues were also used for the procurement of parklands and the development of recreational trails. Development mitigation fees are no longer collected and have been superseded with the passage of Ordinance 659.6, development impact fees.

Amount of the Fee

Fees are no longer collected for Ordinance 659.5.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement Ordinance 659.5

As stated above, fees are no longer collected for Ordinance 659.5. For remaining unspent Ordinance 659.5 funds, an analyst within the Executive Office is responsible for the accounting and disbursement of Ordinance 659.5 funds. The analyst verifies the fund balance against the monthly financial reports or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller's Office.

An authorization for use of funds is generated through Board agenda submittal and approved by the County of Riverside Board of Supervisors. The analyst coordinates payment made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office releases the check for payment.

BOARD RULES

Requests to Address Board on "Agenda" Items:

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

Requests to Address Board on items that are "NOT" on the Agenda:

Notwithstanding any other provisions of these rules, member of the public shall have the right to address the Board during the mid-morning "Oral Communications" segment of the published agenda. Said purpose for address must pertain to issues which are under the direct jurisdiction of the Board of Supervisors. YOUR TIME WILL BE LIMITED TO THREE (3) MINUTES.

Power Point Presentations/Printed Material:

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office by 12 noon on the Monday preceding the Tuesday Board meeting, insuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk (by Monday noon deadline) will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please insure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo.

Individual Speaker Limits:

Individual speakers are limited to a maximum of three (3) minutes. Please step up to the podium when the Chairman calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chairman adheres to a strict three (3) minutes per speaker. **Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.**

Group/Organized Presentations:

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chairman's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

Addressing the Board & Acknowledgement by Chairman:

The Chairman will determine what order the speakers will address the Board, and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles in order to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the general public and/or meeting participants. Such behavior, at the discretion of the Board Chairman may result in removal from the Board Chambers by Sheriff Deputies.

FY 2011/2012**

Brief Description of Fee

On December 17, 1991, the Board of Supervisors established the Jurupa Law Enforcement Mitigation Fee to finance a new Northwest Sheriff Station. On April 1, 1997, the Board of Supervisors authorized the County of Riverside Redevelopment Agency to advance the funds to construct the station and to be reimbursed by the Jurupa Community Plan Development Mitigation Fee. The fund balance is used to offset debt service payments.

Amount of the Fee

Fees are \$100 per residential unit.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement the Jurupa Community Plan Development Mitigation Fee

An analyst within the Executive Office is responsible for the accounting and disbursement of Jurupa Community Plan Development Mitigation Fees. The analyst verifies the fund balance against the monthly financial reports or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller's Office.

The analyst coordinates the payment of debt service to the County of Riverside Asset Leasing Corporation (CORAL), and is facilitated through the use of the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office authorizes the transfer of funds.

The remaining fund balance was expended to offset debt service in FY 11-12. Fund 30580 is closed. Fees are no longer collected by the County after the incorporation of the City of Jurupa Valley. No further financial activity will be reported for this fund.

ANNUAL REPORT FOR DEVELOPMENT IMPACT FEES (DIF) FY 2011/2012

Brief Description of Fee

The Development Impact Fees (DIF) program was adopted as Ordinance 659.6 on September 11, 2001, which became effective sixty (60) days after the adoption. DIF are collected and used to address impacts caused by new development. Fee revenue is to be used towards facilities and open space identified on the Public Facilities Needs List to the Year 2010. An amendment to the DIF fees was adopted as Ordinance 659.7 on September 12, 2006, and became effective sixty (60) days after the adoption. The amendment included the adjustment of DIF fees to include a surface mining operations category, an updated public facilities needs list, and building cost adjustments.

On March 25, 2008, the Board of Supervisors authorized the cessation of the collection of 4th District Conservation Land Bank DIF fees to coincide with the effective date of county Ordinance 875, the Coachella Valley Multiple Species Habitat Conservation Plan (CVMSHCP) Mitigation Fee.

On July 14, 2009, the Board of Supervisors authorized the temporary reduction of DIF fees by 50% through Ordinance 659.8 commencing on August 20, 2009 and ending on August 20, 2010. The temporary reduction was extended by one year through the Board's approval of Ordinance 659.9 on July 27, 2010. The temporary reduction was extended an additional year on August 16, 2011 and further extended to June 2013 pending the adoption of the 2020 DIF Nexus Study and new fee schedule.

Amount of the Fee

Please see Exhibit A for a listing of the current fees.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement Ordinance 659.7

The Development Impact Fee may be imposed as a condition of approval after an application for a building permit has been received by the Transportation and Land Management Agency (TLMA) for construction within the County of Riverside. This condition of approval is dependent upon the type of building permit requested and the area where the project site is located. A land use technician at TLMA will identify the need to impose the condition of approval by utilizing the Geographic Information System (GIS). The condition of approval is attached to the building permit in the Land Management System (LMS). This prevents a final inspection from occurring without the fees being collected. Prior to requesting a final inspection, the applicant must submit payment to the TLMA cashier. The final inspection may occur once the fee has been collected from the permit applicant and any other applicable fees and conditions have been met.

TLMA processes a deposit into the appropriate DIF fund(s) after the fee has been paid. The record of deposit is sent to an analyst within the County of Riverside Executive Office. The County of Riverside Executive Office is responsible for the accounting and

disbursement of fees collected. Deposits are verified to ensure the proper recording of cash receipts to the proper fund. The analyst verifies deposits against the monthly financial reports or through electronic query reports now available within the county's financial system. The County Executive Officer, or his designee, is responsible for the overall policy and implementation of the Development Impact Fee (DIF) program.

Disbursement from the DIF funds can only be used for those projects or facilities identified through the Public Facilities Needs List to the Year 2010. An authorization to disburse from the DIF funds is generated through Board agenda submittal and approval by the County of Riverside Board of Supervisors. Once authorization has been received, the analyst coordinates with the requesting department to verify where and when payment should be made. Direction to make payment is given to the Executive Office accounting staff by the analyst per Board of Supervisors' direction. Payment is made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office releases the check for payment.

During the 2011-2012 fiscal year, several funds were closed because the facility was completed and the fund balance was completely expended. In addition, the facility was not included in the new 2020 Nexus Study Public Facilities Needs List. The following funds were closed and fees are no longer collected for the following funds:

- 30506 Cabazon Sheriff Station
- 30529 4th District Conservation Land Bank
- 30532 Woodcrest Library

Notes:

- (a) Please see page 6 of this report for the description of each fund.
- (b) Please see page 3 of this report for detailed project expenditures for FY 11-12
- (c) Please see page 5 for committed projects for which funds have not been expended yet.
- (d) Expenses for the DIF Program Administration Fund are budgeted on a year by year basis. Therefore, the percentage funded by fees represent FY 11-12 expenses against FY 11-12's budget.
- (e) Final expenditures were made from remaining fund balances for completed projects. Because these projects are not in the public facilities needs list in the new 2020 DIF Nexus Study, the funds were closed in FY 11-12.

ORDINANCE 810.1
INTERIM OPEN SPACE MITIGATION FEES**

**ANNUAL REPORT FOR INTERIM OPEN-SPACE MITIGATION FEE
FY 2011/2012**

Brief Description of Fee

The Interim Open-Space Mitigation Fee was adopted as Ordinance 810 on March 13, 2001, and became effective sixty (60) days after the adoption. The Interim Open-Space Mitigation Fee was collected and used toward the acquisition of open-space and the preservation of wildlife and their habitats.

An amendment to Ordinance 810.1 was adopted by the Riverside County Board of Supervisors on November 26, 2002. The amendment added the categories of Multi-Family Residential and Surface Mining Projects and adjusted the fees. The effective date of these changes was January 24, 2003.

Collection of Fee

On June 23, 2004, the U.S. Fish and Wildlife Service issued the permit for the Western Riverside County Multiple-Species Habitat Conservation Plan (MSHCP). As of that date, Ordinance 810.2 went into effect and Ordinance 810.1 was superseded. Fees collected for Ordinance 810.2 are now the responsibility of the Regional Conservation Authority. The annual report for Ordinance 810.1 will be prepared by the County of Riverside Executive Office until the funds are depleted. Ordinance 810.2 funds will not be reported by the county.

Amount of the Fee

Fees are no longer collected for Ordinance 810.1.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement Ordinance 810.1

As stated above, fees are no longer collected for Ordinance 810.1. For remaining unspent Ordinance 810.1 funds, an analyst within the Executive Office is responsible for the overall policy of Ordinance 810.1. The County of Riverside Executive Office is responsible for the accounting and disbursement of fees collected. The analyst verifies the fund balance against the monthly financial reports and/or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller's Office.

An authorization to purchase land using the fund is generated through Board agenda submittal and approved by the County of Riverside Board of Supervisors. The analyst coordinates with the requesting department to verify where and when payment should be made. Payment is made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office releases the check for payment.

FY 2011/2012**

Brief Description of Fee

In December 1987, the Board of Supervisors adopted procedures consistent with provisions of the California Government Code 65864 et al. for consideration of development agreements. As a legal contract between the County and a developer, a development agreement was intended to strengthen the public planning process, encourage private participation in comprehensive planning, reduce the economic costs of development, and promote the maximum efficient utilization of resources at the least economic cost to the public.

With the exception of the Public Services Offset, development agreement revenue is used to help the County construct capital facilities and acquire parkland, trails, habitat and open space to meet the demand caused by new growth and development. The Public Services Offset is intended to help defray the cost of providing governmental services, such as Sheriff's patrol services and litter control.

Amount of the Fee

Fees charged for calendar year 2012 were:

D.A. No.	Title	Total
7	Rancho Bella Vista	\$4,317

Fees for 2013 will be increased in line with the 12-month percent change in Consumer Price Index ending October, 2012, which was **3.0%**. Fees assessed for 2013 will be:

D.A. No.	Title	Total
7	Rancho Bella Vista*	\$4,448

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement Developer Agreement Fees

The Developer Agreement fee is imposed for those developments which fall under the specified Developer Agreement. A land use technician at TLMA will identify the need to impose the condition of approval by utilizing the Geographic Information System. The condition of approval is attached to the building permit in the Land Management System. This prevents a final inspection from occurring without the fees being collected. Prior to requesting a final inspection, the applicant must submit payment to the TLMA cashier. The final inspection may occur once the fee has been collected from the permit applicant and any other applicable fees and conditions have been met. An Administrative Manager at TLMA is responsible for the overall assessment of the Developer Agreement fee. The position also periodically audits the fee collection and

deposits to ensure that procedures are done correctly, and administers system maintenance to ensure the proper fees are assessed.

TLMA processes a deposit into the appropriate DA fund(s) after the fee has been paid. The record of deposit is verified by an analyst within the County of Riverside Executive Office. The County of Riverside Executive Office is responsible for the accounting and disbursement of fees collected. The analyst verifies deposits against the monthly financial reports or through electronic query reports available within the county's financial system. Administration and disbursement of the official monthly reports are overseen by the County of Riverside Auditor-Controller's Office. Deposits are verified to ensure the proper recording of cash receipts.

An authorization to disburse from the DA funds is generated through Board agenda submittal and approval by the County of Riverside Board of Supervisors. Once authorization has been received, the analyst coordinates with the requesting department to verify where and when payment should be made. Direction to make payment is given to the Executive Office accounting staff by the analyst per Board of Supervisors' direction. Payment is made through the financial system by the Executive Office accounting staff. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office releases the check for payment.

On July 15, 2008, the Board of Supervisors directed the Transportation and Land Management Agency (TLMA) to take the steps to re-establish the Development Agreement Program which had been rescinded by the BOS on September 11, 2001. TLMA, in conjunction with County Counsel, has worked in partnership with the Building Industry Association (BIA) and some key applicants over the last year to draft new rules and procedures for the County. Rules and procedures for commercial and industrial Development Agreements were approved by the Board of Supervisors on September 11, 2012 (Item 3.65). Rules and procedures for residential projects are nearing completion and will be brought forward to the Board of Supervisors for consideration in the near future.

BENEFIT DISTRICTS (RBBB)
FY 2011/2012**

Brief Description of Fee

Section 66484 of the Government Code (Subdivision Map Act) provides that a local ordinance may require the payment of a fee as a condition of approval of a final map or as a condition of the issuing a building permit for the purpose of offsetting the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons or constructing major thoroughfares. The "Rules and Regulations for the Administration of Road and Bridge Benefit Districts" as adopted by Resolution No. 85-92 on April 2, 1985 and subsequently amended, provides the required ordinance and direction for the management of these Districts.

There are currently four (4) Road and Bridge Benefit Districts in Riverside County administered by the Transportation Department: Mira Loma, Southwest, Menifee Valley, and Scott Road. Each of the Districts is sub-divided into zones each having a unique fee associated with it.

With the incorporation of the City of Menifee, the boundaries of the Menifee Valley RBBB and Scott Road RBBB now fall predominately within the jurisdiction of the City. The majority of the area within Zone E of the Menifee Valley RBBB, however, still falls within the unincorporated area of the County. Also, the eastern portion of Zone A of the Scott Road RBBB still falls within the unincorporated County area.

With the incorporation of the City of Wildomar, Zone A and a portion of Zone C of the Southwest RBBB now fall within the City of Wildomar.

The latest cities to incorporate were Eastvale and Jurupa Valley. The Mira Loma RBBB now falls entirely within these two cities.

Amount of the Fee

The attached RBBB Fee Schedules indicate the current fees for each District listed by zones.

Duties, Responsibilities and Procedures Necessary to implement the Road and Bridge Benefit Districts

The Road and Bridge Benefit District Fees may be imposed as a development condition through the Planning Department. The RBBB Fees shall be paid at the time of issuance of a certificate of occupancy or upon final inspection, whichever occurs first. Prior to building permit issuance, the Transportation Department identifies properties within an RBBB boundary by utilizing the Geographic Information System. A Land Use

Technician at TLMA identifies the need to assess the fee by verifying conditions imposed and by utilizing the Geographic Information System. Prior to requesting a certificate of occupancy, the applicant must submit payment to the TLMA cashier for all outstanding RBBB fees. The issuance of a certificate of occupancy may occur once the fee has been collected from the permit applicant, and any other applicable fees and conditions have been met.

Transportation Staff routinely review fee collection and deposits to ensure that procedures are done correctly. Transportation staff administers system maintenance to ensure the proper fees are assessed.

The Transportation Department processes a deposit into the appropriate RBBB fund(s) after the fee has been paid. The record of deposit is sent to the Fiscal Unit in the Transportation Department who is responsible for the accounting and disbursement of fees collected. Fiscal Unit accounting staff verifies the deposits against the monthly financial reports or through electronic query reports within the county's financial system. Administration and disbursement of the official monthly reports are overseen by the County of Riverside Auditor-Controller Department. Deposits are verified to ensure the proper recording of cash receipts.

Disbursement from the RBBB funds may only be used for those projects or facilities approved by resolution within each respective District. An authorization to disburse RBBB funds is obtained through approval by the Riverside County Board of Supervisors. For projects constructed by the Transportation Department, funds are appropriated by the adoption of the Transportation Improvement Program. Once authorization has been received, the Transportation Department Project Manager ensures all project RBBB agreement stipulations are followed and adhered to.

Developers seeking credit and/or reimbursement for constructing RBBB facilities are required to enter into a RBBB agreement with the County and follow the County's Public Works Bidding Requirements. During the construction of facilities by Developers, the Transportation Department, Construction Inspection Division ensures that the facilities are built to County Road Standards, and are in conformance with the RBBB agreement. Upon recordation of a Notice of Completion for the project and acceptance by the Transportation Department, the Developer's contract costs are verified by the Construction Inspection Division for actual allowable expenditures eligible for reimbursement from the RBBB funds. Once approved by Construction Inspection, payment is processed through TLMA accounting staff. The check is released by the accounts payable staff within the County of Riverside Auditor-Controller Department.

INTRODUCTION

This annual report is submitted pursuant to the requirements in Subsection (d) of Section 8 of Traffic Signal Mitigation Ordinance No. 748 and its related Resolution No. 94-368. This report also provides information for purposes of tracking the projects funded by Traffic Signal Fee Component of the Development Impact Fee (DIF) adopted under Ordinance 659.

The purpose of this report includes the following:

- To provide a summary report of the activities of the Traffic Signal Mitigation Program including fee revenues, expenditures and balances, and project status for the previous fiscal year.
- To determine the annual fee adjustment factor (based on the annual average cost of construction cost index for the Los Angeles Metropolitan area) and the corresponding fee adjustments. The new fees are to be effective upon approval by the Board of Supervisors of this report. The new fee schedule is to be used for two development projects approved under a Development Agreement (DA) which preclude the collection of DIF fees.
- To report programming of traffic signal projects in each Supervisorial District based on the available fund balance, and as shown in the FY 12/13 Edition of the TIP.
- To provide a report of signals proposed to be programmed using Traffic Signal DIF funds.

The information is summarized in various tables as shown in this report.

This report covers project activities for the period of July 1, 2011, to June 30, 2012, to coincide with the DIF Report submittal time frame, and for ease of obtaining financial data. Financial data included in this report is for the 12-month period from July 1, 2011 to June 30, 2012.

* The Transportation Department has successfully applied for other funds to supplement signal mitigation district funds for completing the current active signal projects. Other major sources of funds are STP, HES, other government agencies' share of joint signal projects, CMAQ, Measure A, and Gas Tax.

** See Table A for programming of fund balance.

+ The Signal Mitigation Funds are tracked by Supervisorial District, but are not required to be spent in the District where they were collected. Over time, expenditures and revenues are expected to balance within each Supervisorial District.

FIRE DEPARTMENT MITIGATION FEES**

**ANNUAL REPORT FOR FIRE MITIGATION FEES
FY 2011/2012**

Brief Description of Fee

In 1983, the Board of Supervisors authorized the collection of a mitigation fee for fire protection purposes, including fire station facility construction, land and fire equipment acquisition. Fire mitigation fees are no longer collected and have been superseded with the passage of Ordinance 659.7, development impact fees.

Amount of the Fee

Fees are no longer collected under this program and are now collected through Ordinance 659.7.

Detailed Procedures of the Duties and Responsibility of each County Staff Member Necessary to Implement Fire Mitigation Fees

As stated above, fees are no longer collected for fire mitigation. For remaining unspent fire mitigation fees, Fire Department staff is responsible for the accounting and disbursement of remaining funds. The analyst verifies the fund balance against the monthly financial reports and/or through electronic query reports available within the county's financial system. Administration and disbursement of the monthly financial reports are overseen by the County of Riverside Auditor-Controller's Office.

Remaining funds are planned for specific fire stations as outlined within the annual report. Fire Department staff coordinates payment made through the financial system. After review for appropriateness of payment, the accounts payable staff within the County of Riverside Auditor-Controller's Office releases the check for payment.

FIVE YEAR REPORT OF DEVELOPMENT
IMPACT FEES**

5-YEAR REPORT FOR DEVELOPMENT IMPACT FEES (DIF) FY 2011/2012

Background

The Riverside County Development Impact Fee (DIF) program has completed its tenth year of operation following the effective date of the fee program on November 11, 2001. A summary of the yearly activity is attached as Table 6.

Findings

Pursuant to the requirements of California Government Code 66001 (d), following the fifth fiscal year after the first deposit into the Development Impact Fee (DIF) funds, and every five years thereafter, the County is required to make the following findings with respect to the portion of the unspent funds. The previous five-year report was prepared as part of the FY 06-07 Annual Mitigation Fee Report. Please see Table 6 for the Five Year Report for FY 11-12.

Purpose to which the fee is to be put

The Development Impact Fee (DIF) program was adopted as Ordinance 659.6 on September 11, 2001, which became effective sixty (60) days after the adoption. DIF are collected and used to address impacts caused by new development. Fee revenue is to be used towards facilities and open space identified on the Public Facilities Needs List to the Year 2010. An amendment to the DIF fees and an updated Public Facilities Needs List was adopted as Ordinance 659.7 on September 12, 2006, and became effective sixty (60) days after the adoption. Please see Attachment C Exhibit A for a listing of the current fees.

Relationship between the fee and the purpose for which it is charged

The Fee Justification Study of the 2001 Comprehensive Mitigation Fee Review demonstrates that there is a reasonable relationship that exists between the fee and the purpose for which it is charged. The fee study also documents the methodology used to substantiate the amount of the fee and the cost of public facility or portion of the public facility attributable to the development on which the fee is imposed. The Comprehensive Mitigation Fee Review was adopted by the Board of Supervisors on June 19, 2001 (Item 3.4).

Sources and amounts of funding needed to complete the public improvements

Please see Table 6 page 2.

Approximate dates on which funding is expected to be transferred

Annual Mitigation Fee Report for Fiscal Year 2011-12

November 8, 2012

Page 2

This report includes all the fiscal activity, such as expenditures, receipts and refunds that occurred during the 2011-2012 fiscal year. The Signal Mitigation Fees were increased in line with the publicly-published Construction Cost Index and the percentage of increase to the fees is included within the annual report. In addition, the Developer Agreement Fees were increased in line with the publicly-published Consumer Price Index, and the percentage of increase is included within this report.

On July 14, 2009, the Board of Supervisors authorized a one-year temporary reduction of DIF fees by 50% (Item 3.80). The reduction was extended to August 2011 on July 27, 2010 (Item 3.85) and extended a second time on August 16, 2011 (Item 3.84). A third extension for reduced DIF fees was approved by the Board on September 25, 2012 (Item 3.9). The temporary fee reduction will expire on June 30, 2013 or upon the effective date of Ordinance 659.12 (the DIF update), whichever occurs sooner.

The Annual Mitigation Fee Report contains information on the following fees:

- Development Mitigation Fee
- Jurupa Community Plan Mitigation Fee
- Development Impact Fee
- Interim Open Space Mitigation Fees
- Developer Agreement Fee
- Road/Bridge Benefit District Fee
- Signal Mitigation Fee
- Fire Department Mitigation Fee
- Five Year Report of Development Impact Fees

The Five-Year Fee Report is submitted pursuant to the requirements of California Government Code 66001 (d). Following the fifth fiscal year after the first deposit into the Development Impact Fee (DIF) funds, the County is required to make the findings with respect to the unspent portion of the funds.
