improving the existing interchange to provide a six lane bridge and modified on and off ramps to improve the level of service for existing and future traffic conditions. The Project Initiation Document was recently completed and approved by Caltrans, and the project is now ready to proceed to the environmental clearance, design, and right-of-way acquisition phases of the project.

The project lies within the jurisdictions of the cities of Eastvale and Jurupa Valley. The City of Eastvale, City of Jurupa Valley, and the County desire to designate the County to be the lead agency for the project for completing the environmental clearance, design, and right-of-way acquisition phases of the project. This agreement defines the terms and conditions for which the project will be administered, engineered, coordinated and financed.

The current County of Riverside Transportation Improvement Program (TIP), as approved by the Board on September 25, 2012, identifies this project as being funded in part by the Mira Loma Road and Bridge Benefit District and the Transportation Uniform Mitigation Fee (TUMF) program.

A separate four party agreement between the City of Eastvale, the City of Jurupa Valley, the County and Caltrans will be going to the Board for approval concurrently with this agreement. The four-party agreement defines the roles and responsibilities between Caltrans and the County to develop this State Highway project.

Construction is currently scheduled to start in 2015.

COOPERATIVE AGREEMENT BY AND BETWEEN

RIVERSIDE COUNTY

AND

CITY OF JURUPA VALLEY

AND

**Contract No. 13-01-001
Riverside Co. Transportation**

CITY OF EASTVALE

FOR

LIMONITE AVENUE/INTERSTATE 15 INTERCHANGE IMPROVEMENTS

This Agreement is entered into this 29th day of January, 2013, by and between the County of Riverside, (hereinafter "COUNTY"), the City of Jurupa Valley (hereinafter "JURUPA VALLEY"), and the City of Eastvale (hereinafter "EASTVALE"), for the provision of certain activities related to Interchange improvements located at Limonite Avenue and Interstate 15 (I-15) currently located within the jurisdictional boundaries of JURUPA VALLEY and EASTVALE.

RECITALS

- A. The COUNTY Transportation Improvement Program (TIP) provides for improvements to the existing interchange located at Limonite Avenue and Interstate 15 (hereinafter "PROJECT"), as shown on Exhibit "A", which is located within the jurisdictional boundaries of JURUPA VALLEY and EASTVALE.
- B. On April 17, 2007, the COUNTY executed an agreement with the firm of Dokken Engineering to provide engineering and environmental services necessary to construct the proposed improvements at the Limonite Avenue/Interstate 15 interchange.
- C. The COUNTY, JURUPA VALLEY and EASTVALE are in process of entering into a Project Development Cooperative Agreement with The State of California acting through the Department of Transportation (STATE) that will provide the terms and conditions under which the COUNTY, as implementing agency, would be allowed to environmentally clear and design PROJECT improvements. The draft cooperative agreement between the STATE, COUNTY, JURUPA VALLEY and EASTVALE is shown in Exhibit "B".
- D. The COUNTY, JURUPA VALLEY and EASTVALE desire to continue developing the PROJECT in cooperation with the STATE to alleviate congestion and improve traffic operations at the Limonite Avenue and

1 I-15 Interchange. The proposed project includes reconstructing the bridge over the I-15, modifying the ramps,
2 constructing retaining walls, and widening Limonite Avenue.

3 E. The current County Transportation Improvement Program (2011/2012 TIP, as approved by the Riverside
4 County Board of Supervisors, January 10, 2012) identifies PROJECT funding from the Mira Loma Road and
5 Bridge Benefit District (RBBD) as shown in Exhibit 'C'. Currently these funds are being used to complete the
6 Environmental, Design and Right-of-Way phases of the project.

7 F. Eastvale was able to secure \$1M of Regional TUMF funds for the PROJECT which will become available
8 during the construction phase.

9 G. The COUNTY, JURUPA VALLEY and EASTVALE desire to have the COUNTY maintain responsibility as
10 Lead Agency for the overall development and implementation of the PROJECT. The COUNTY has extensive
11 experience in the development and implementation of interchange projects involving Federal and State
12 agencies. Keeping the COUNTY as the Lead Agency, will provide continuity in the development of the
13 PROJECT. The COUNTY will therefore provide the administrative, technical, managerial and support
14 services necessary to complete the development of the Environmental, Design and Right-of-Way for the
15 PROJECT.

16 H. The COUNTY, JURUPA VALLEY and EASTVALE desire to define herein the terms and conditions under
17 which said project is to be administered, engineered, coordinated, and financed. Construction of the
18 PROJECT will be covered by an amendment to this Agreement or by a separate agreement.

19 I. California Government Code Section 6502 provides that "[i]f authorized by their legislative or governing
20 bodies, two or more public agencies by agreement may jointly exercise any power common to the contracting
21 parties".

22 J. California Code of Civil Procedure Section 1240.140(b) provides that "[t]wo or more public agencies may
23 enter into an agreement for the joint exercise of their respective powers of eminent domain, whether or not
24 possessed in common, for acquisition of property as a single parcel".

25 K. The COUNTY, JURUPA VALLEY and EASTVALE desire to designate the COUNTY as lead agency to
26 perform right-of-way activities required and to acquire necessary right-of-way for the PROJECT, including

5. To pass a Resolution to jointly exercise the powers of eminent domain pursuant to the authority of California Government Code Section 6502 and California Code of Civil Procedure 1240.140, and to thereby agree and accept the authorization for the COUNTY to act as lead agency for condemnation of properties within the cities of JURUPA VALLEY and EASTVALE, should it become necessary.
6. To prepare certain right-of-way documents in compliance with all applicable State and Federal laws and regulations. Documents to be prepared by the COUNTY include but are not limited to Legal Descriptions, Plats, Right-of-way Maps and Appraisals.

22. If any PARTNER discovers unanticipated cultural, archaeological, paleontological, or other protected resources during WORK, all WORK in that area will stop and that PARTNER will notify all PARTNERS within 24 hours of discovery. WORK may only resume after a qualified professional has evaluated the nature and significance of the discovery and a plan is approved for its removal or protection.
23. PARTNERS will hold all administrative drafts and administrative final reports, studies, materials, and documentation relied upon, produced, created, or utilized for PROJECT in confidence to the extent permitted by law. Where applicable, the provisions of California Government Code section 6254.5(e) will govern the disclosure of such documents in the event that PARTNERS share said documents with each other.

52. Any PARTNER preparing any portion of the CEQA environmental documentation, including any studies and reports, will submit that portion of the documentation to the CEQA lead agency for review, comment, and approval at appropriate stages of development prior to public availability.
53. Any PARTNER preparing any portion of the NEPA environmental documentation (including, but not limited to, studies, reports, public notices, and public meeting materials, determinations, administrative drafts, and final environmental documents) will submit that portion of the documentation to CALTRANS for CALTRANS' review, comment, and approval prior to public availability.
54. COUNTY will prepare, publicize, and circulate all CEQA-related public notices and will submit said notices to the CEQA lead agency for review, comment, and approval prior to publication and circulation.
55. COUNTY will prepare, publicize, and circulate all NEPA-related public notices, except Federal Register notices. COUNTY will submit all notices to CALTRANS for CALTRANS' review, comment, and approval prior to publication and circulation.

CALTRANS will work with the appropriate federal agency to publish notices in the Federal Register.

56. The CEQA lead agency will attend all CEQA-related public meetings.
57. COUNTY will plan, schedule, prepare materials for, and host all CEQA-related public meetings and will submit all materials to the CEQA lead agency for review, comment, and approval at least 10 working days prior to the public meeting date.
58. The NEPA lead agency will attend all NEPA-related public meetings.
59. COUNTY will plan, schedule, prepare materials for, and host all NEPA-related public meetings. COUNTY will submit all materials to CALTRANS for CALTRANS' review, comment, and approval at least 10 working days prior to the public meeting date.
60. If a PARTNER who is not the CEQA or NEPA lead agency holds a public meeting about PROJECT, that PARTNER must clearly state its role in PROJECT and the identity of the CEQA and NEPA lead agencies on all meeting publications. All meeting publications must also inform the attendees that public comments collected at the meetings are not part of the CEQA or NEPA public review process.

That PARTNER will submit all meeting advertisements, agendas, exhibits, handouts, and materials to the appropriate lead agency for review, comment, and approval at least 10 working days prior to publication or use. If that PARTNER makes any changes to the materials, it will allow the appropriate lead agency to review, comment on, and approve those changes at least three (3) working days prior to the public meeting date.

The CEQA lead agency maintains final editorial control with respect to text or graphics that could lead to public confusion over CEQA-related roles and responsibilities. The NEPA lead agency has final approval authority with respect to text or graphics that could lead to public confusion over NEPA-related roles and responsibilities.

61. The PARTNER preparing the environmental documentation, including the studies and reports, will ensure that qualified personnel remain available to help resolve environmental issues and perform any necessary work to ensure that PROJECT remains in environmental compliance.

Scope: Plans, Specifications, and Estimate (PS&E)

62. COUNTY will ensure that the engineering firm preparing the plans, specifications, and estimate will not be employed by or under contract to the PROJECT construction contractor.

COUNTY will not employ the engineering firm preparing the plans, specifications, and estimate for construction management of PROJECT.

However, COUNTY may retain the engineering firm during the construction PROJECT COMPONENT to check shop drawings, do soil foundation tests, test construction materials, and perform construction surveys.

63. COUNTY will identify and locate all utility facilities within PROJECT area as part of PS&E responsibilities. The plans, specifications, and estimate for PROJECT will identify all utility facilities not relocated or removed in advance of the construction PROJECT COMPONENT.
64. COUNTY will make all necessary arrangements with utility owners for the timely accommodation, protection, relocation, or removal of any existing utility facilities that conflict with construction of PROJECT or that violate CALTRANS' encroachment policy.
65. The responsibility to advertise, open bids, award, and approve the construction contract will be handled outside of this agreement.

Scope: Right of Way (R/W)

66. COUNTY will provide a land surveyor licensed in the State of California to be responsible for surveying and right of way engineering. All survey and right of way engineering documents will bear the professional seal, certificate number, registration classification, expiration date of certificate, and signature of the responsible surveyor.
67. COUNTY will provide CALTRANS-approved verification of its arrangements for the protection, relocation, or removal of all conflicting facilities and that such work will be completed prior to construction contract award or as otherwise stated in the PROJECT plans, specifications, and estimate. This verification must include references to all required SHS encroachment permits.
68. COUNTY will utilize a public agency currently qualified by CALTRANS or a properly licensed consultant for all right of way activities. A qualified right of way agent will administer all right of way consultant contracts.

COUNTY will submit a draft Right of Way Certification document to CALTRANS for review.

COUNTY will submit a final Right of Way certification document to CALTRANS prior to PROJECT advertisement for approval.

69. COUNTY will prepare and provide to CALTRANS a Right of Way Certification prior to PROJECT advertisement.
70. All right of way conveyances must be completed prior to OBLIGATION COMPLETION.

71. CALTRANS' acceptance of right of way title is subject to review of an Updated Preliminary Title Report provided by COUNTY verifying that the title is free of all encumbrances and liens. Upon acceptance, COUNTY will provide CALTRANS with a Policy of Title Insurance in CALTRANS' name.
72. The COUNTY may hear Resolutions of Necessity if they have been approved to do so by the District and Headquarters.

COST

Cost: General

73. The cost of any awards, judgments, or settlements generated by OBLIGATIONS is an OBLIGATIONS COST.
74. CALTRANS, independent of PROJECT, will pay all costs for HM MANAGEMENT ACTIVITIES related to HM-1 found within the existing SHS right of way.
75. LOCAL AGENCIES, independent of PROJECT, will pay, or cause to be paid, all costs for HM MANAGEMENT ACTIVITIES related to HM-1 found within PROJECT limits and outside of the existing SHS right of way.
76. HM MANAGEMENT ACTIVITIES costs related to HM-2 are CONSTRUCTION SUPPORT and CONSTRUCTION CAPITAL costs.
77. The cost to comply with and implement the commitments set forth in the environmental documentation is an OBLIGATIONS COST.
78. The cost to ensure that PROJECT remains in environmental compliance is an OBLIGATIONS COST.
79. The cost of any legal challenges to the CEQA or NEPA environmental process or documentation is an OBLIGATIONS COST.
80. Independent of OBLIGATIONS COST, CALTRANS will fund the cost of its own IQA for WORK done within existing or proposed future SHS right of way.
81. Independent of OBLIGATIONS COST, LOCAL AGENCIES will fund the cost of their own IQA for WORK done outside existing or proposed future SHS right of way.

Independent of OBLIGATIONS COST, CALTRANS will fund the cost of its QC/QAP process review for environmental documentation.
82. CALTRANS will provide encroachment permits to PARTNERS, their contractors, consultants and agents, at no cost.

83. Fines, interest, or penalties levied against a PARTNER will be paid, independent of OBLIGATIONS COST, by the PARTNER whose actions or lack of action caused the levy. That PARTNER will indemnify and defend each other PARTNER.
84. The cost of any engineering support performed by CALTRANS includes all direct and applicable indirect costs. CALTRANS calculates indirect costs based solely on the type of funds used to pay support costs. State and federal funds are subject to the current Program Functional Rate. Local funds are subject to the current Program Functional Rate and the current Administration Rate. The Program Functional Rate and the Administration Rate are adjusted periodically.
85. The cost to place PROJECT right of way in a safe and operable condition and meet all environmental commitments is an OBLIGATIONS cost.
86. Because IMPLEMENTING AGENCY is responsible for managing the scope, cost, and schedule of a project component, if there are insufficient funds available in this agreement to place the right of way in a safe and operable condition, the appropriate IMPLEMENTING AGENCY accepts responsibility to fund these activities until such time as PARTNERS amend this agreement.

That IMPLEMENTING AGENCY may request reimbursement for these costs during the amendment process.

87. If there are insufficient funds in this agreement to implement applicable commitments and conditions included in the PROJECT environmental documentation, permits, agreements, and/or approvals that are in effect at a time that WORK stops, each PARTNER implementing commitments or conditions accepts responsibility to fund these activities, as they apply to each PARTNER's responsibilities, until such time as PARTNERS amend this agreement.

Each PARTNER may request reimbursement for these costs during the amendment process.

Cost: Environmental Permits, Approvals and Agreements

88. The cost of coordinating, obtaining, complying with, implementing, and if necessary renewing and amending resource agency permits, agreements, and/or approvals is an OBLIGATIONS COST.

Cost: Project Approval and Environmental Document (PA&ED)

91. The cost to plan, schedule, prepare, materials for, and host all CEQA and NEPA-related public hearings is an OBLIGATIONS COST.
92. COUNTY will determine the cost to positively identify and locate, protect, relocate, or remove any utility facilities whether inside or outside SHS right of way in accordance with federal and California laws and regulations, and CALTRANS' policies, procedures, standards, practices, and applicable agreements.

SCHEDULE

93. PARTNERS will manage the schedule for OBLIGATIONS through the work plan included in the PROJECT MANAGEMENT PLAN.

GENERAL CONDITIONS

94. PARTNERS understand that this agreement is in accordance with and governed by the Constitution and laws of the State of California. This agreement will be enforceable in the State of California. Any PARTNER initiating legal action arising from this agreement will file and maintain that legal action in the Superior Court of the county in which the CALTRANS district office that is signatory to this agreement resides, or in the Superior Court of the county in which PROJECT is physically located.
95. All OBLIGATIONS of CALTRANS under the terms of this agreement are subject to the appropriation of resources by the Legislature, the State Budget Act authority, and the allocation of funds by the California Transportation Commission.
96. Any PARTNER performing IQA does so for its own benefit. No one can assign liability to that PARTNER due to its IQA activities.
97. Neither COUNTY nor EASTVALE nor JURUPA VALLEY nor any officer or employee thereof are responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by CALTRANS and or its agents, under or in connection with any work, authority, or jurisdiction conferred upon CALTRANS under this agreement.

It is understood and agreed that CALTRANS will fully defend, indemnify, and save harmless COUNTY and EASTVALE and JURUPA VALLEY and all of their officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by CALTRANS and/or its agents under this agreement.

98. Neither CALTRANS nor EASTVALE nor JURUPA VALLEY nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by COUNTY and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon COUNTY under this agreement.

It is understood and agreed that COUNTY will fully defend, indemnify, and save harmless CALTRANS, EASTVALE and JURUPA VALLEY and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by COUNTY and/or its agents under this agreement.

99. Neither CALTRANS nor COUNTY nor JURUPA VALLEY nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by EASTVALE and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon EASTVALE under this agreement.

It is understood and agreed that EASTVALE will fully defend, indemnify, and save harmless CALTRANS, COUNTY and JURUPA VALLEY and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by EASTVALE and/or its agents under this agreement.

100. Neither CALTRANS nor COUNTY nor EASTVALE nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by JURUPA VALLEY and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon JURUPA VALLEY under this agreement.

It is understood and agreed that JURUPA VALLEY will fully defend, indemnify, and save harmless CALTRANS, COUNTY and EASTVALE and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by JURUPA VALLEY and/or its agents under this agreement.

101. PARTNERS do not intend this agreement to create a third party beneficiary or define duties, obligations, or rights in parties not signatory to this agreement. PARTNERS do not intend this agreement to affect their legal liability by imposing any standard of care for fulfilling OBLIGATIONS different from the standards imposed by law.
102. PARTNERS will not assign or attempt to assign OBLIGATIONS to parties not signatory to this agreement.

103. PARTNERS will not interpret any ambiguity contained in this agreement against each other. PARTNERS waive the provisions of California Civil Code section 1654.
104. A waiver of a PARTNER's performance under this agreement will not constitute a continuous waiver of any other provision. An amendment made to any article or section of this agreement does not constitute an amendment to or negate all other articles or sections of this agreement.
105. A delay or omission to exercise a right or power due to a default does not negate the use of that right or power in the future when deemed necessary.
106. If any PARTNER defaults in its OBLIGATIONS, a non-defaulting PARTNER will request in writing that the default be remedied within 30 calendar days. If the defaulting PARTNER fails to do so, the non-defaulting PARTNER may initiate dispute resolution.
107. PARTNERS will first attempt to resolve agreement disputes at the PROJECT team level. If they cannot resolve the dispute themselves, the CALTRANS district director and the executive officer of COUNTY, EASTVALE, and JURUPA VALLEY will attempt to negotiate a resolution. If PARTNERS do not reach a resolution, PARTNERS' legal counsel will initiate mediation. PARTNERS agree to participate in mediation in good faith and will share equally in its costs.

Neither the dispute nor the mediation process relieves PARTNERS from full and timely performance of OBLIGATIONS in accordance with the terms of this agreement. However, if any PARTNER stops fulfilling OBLIGATIONS, any other PARTNER may seek equitable relief to ensure that OBLIGATIONS continue.

Except for equitable relief, no PARTNER may file a civil complaint until after mediation, or 45 calendar days after filing the written mediation request, whichever occurs first.

PARTNERS will file any civil complaints in the Superior Court of the county in which the CALTRANS district office signatory to this agreement resides. The prevailing PARTNER will be entitled to an award of all costs, fees, and expenses, including reasonable attorney fees as a result of litigating a dispute under this agreement or to enforce the provisions of this article including equitable relief.

108. PARTNERS maintain the ability to pursue alternative or additional dispute remedies if a previously selected remedy does not achieve resolution.
109. If any provisions in this agreement are deemed to be, or are in fact, illegal, inoperative, or unenforceable, those provisions do not render any or all other agreement provisions invalid, inoperative, or unenforceable, and PARTNERS will automatically sever those provisions from this agreement.

110. PARTNERS intend this agreement to be their final expression and supersede any oral understanding or writings pertaining to OBLIGATIONS.
111. If during performance of WORK additional activities or environmental documentation is necessary to keep PROJECT in environmental compliance, PARTNERS will amend this agreement to include completion of those additional tasks.
112. PARTNERS will execute a formal written amendment if there are any changes to OBLIGATIONS.
113. This agreement will terminate upon OBLIGATION COMPLETION or an amendment to terminate this agreement, whichever occurs first.

However, all indemnification, document retention, audit, claims, environmental commitment, legal challenge, and ownership articles will remain in effect until terminated or modified in writing by mutual agreement.
