6A. Standard Performance Measures

Instructions:

For each applicable question on this form, the Applicant must establish performance measurement goals for this project. Applicants are required to set a housing stability goal and to select at least one income-related performance measure on which the grantee will report performance in the Annual Performance Report (APR). The "Universe (#)" column specifies the total number of persons about whom the measure is expected to be reported. In the "Target (#)" column, applicants should specify the number of applicable clients (e.g., the number of persons for whom the goal is relevant) who are expected to achieve the measure within the operating year. The system will calculate a percentage in the "Target (%)" column. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

**1. Specify the universe and target for the housing measure.
 Click 'Save' to calculate the target percent (%).**

Housing Measure	Universe (#)	Target (#)	Target (%)
a. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year.	31	24	77%

**2. Choose one income-related performance measure from below, and
 specify the universe and target numbers for the goal.
 Click 'Save' to calculate the target percent (%).**

Income Measure	Universe (#)	Target (#)	Target (%)
a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit.	31	24	77%
OR			
b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit.			0%
