**Form 11: CONSULTING AGREEMENT FOR THE PEOPLESOFT FINANCIALS 9.1
UPGRADE WITH CHERRYROAD TECHNOLOGIES, INC.**

Date: January 24, 2013

Page 2

BACKGROUND: (Continued)

RCIT staff will manage and implement the majority of the upgrade. CherryRoad Technologies will augment staff implementation and assist in meeting the implementation schedule.

The migration of Financials from version 8.8 to 9.1 is essential to provide ongoing maintenance and support of the County's enterprise financial systems. These systems help assure the operational integrity of the County's financial management and budgetary applications. The County faces new risk due to Oracle's scheduled ending of Extended Support for PeopleSoft Financials V8.8 in December 2011. Extended Support for version 9.1 will not end until November 2017. As a benefit, PeopleSoft Financials version 9.1 provides essential technical foundations for financial management service enhancements as requested by the County's business departments. These include improved security, workflows, reporting, and operational efficiencies.

PRICE REASONABLENESS: Purchasing released the request for proposal. The County received five responses with the qualified bids ranging from \$151,875 to \$231,325. The evaluation team, consisting of qualified individuals from RCIT and Purchasing, selected CherryRoad Technologies as the most responsive/responsible vendor based on their previous experience with this particular upgrade, references, cost, technical ability and availability. None of the other bidders demonstrated satisfactory technical abilities, nor had sufficient resources available, and could not provide acceptable information relating to the bidders expertise with a PeopleSoft software upgrade experience.

REVIEW/APPROVAL: Purchasing concurs with this request.
