The Honorable Board of Supervisors

RE: Construction Cooperative Agreement between the State of California Department of Transportation (Caltrans), City of Banning and County of Riverside to Construct the Sunset Avenue Railroad Grade Separation Project.

February 13, 2013

Page 2 of 2

BACKGROUND: The Sunset Avenue railroad crossing in the City of Banning is currently at street level and causes significant traffic delays. A new grade separation has been proposed to improve traffic flows along Sunset Avenue, enhance pedestrian access by providing a raised sidewalk and create an uninterrupted route to service the community south of the railroad tracks. Grade separating the crossing will eliminate train / vehicle conflicts and delays at the location, and provide for improved emergency response time.

Sunset Avenue will be lowered beneath the existing railroad tracks which will be supported on a new bridge. Construction will include modifications to the Interchange related to and required by the railroad grade separation improvements. The profile of Sunset Avenue will be lowered at the I-10 Freeway interchange and the existing on and off ramps will be adjusted to meet the new grade. The combination of these features will improve the overall safety in the area.

On June 8, 2010, the Board of Supervisors executed a Cooperative Funding Agreement with the City of Banning that authorized the County to perform the services necessary to prepare the project for construction and provided the funding needed for these services.

The project has been environmentally cleared, the final design is going through the final approval process and all property owners have agreed to terms for right-of-way acquisition.

The City of Banning, County of Riverside and Caltrans now desire to define the terms and conditions of cooperation by each agency in regards to the construction of the proposed improvements.

The terms of the agreement specify that the City of Banning will provide 100% of the funding, that the County of Riverside will perform the services necessary to deliver the project and that Caltrans will provide an Independent Quality Assurance of the work within the State right-of-way.

done by CITY and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon CITY under this agreement.

It is understood and agreed that, CITY, to the extent permitted by law will defend, indemnify, and save harmless CALTRANS and COUNTY and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by CITY and/or its agents under this agreement.

Except for equitable relief, no PARTNER may file a civil complaint until after mediation, or 45 calendar days after filing the written mediation request, whichever occurs first.

PARTNERS will file any civil complaints in the Superior Court of the county in which the CALTRANS district office signatory to this agreement resides. The prevailing PARTNER will be entitled to an award of all costs, fees, and expenses, including reasonable attorney fees as a result of litigating a dispute under this agreement or to enforce the provisions of this article including equitable relief.

110. PARTNERS maintain the ability to pursue alternative or additional dispute remedies if a previously selected remedy does not achieve resolution.

47. If WORK stops for any reason, IMPLEMENTING AGENCY will place all facilities impacted by WORK in a safe and operable condition acceptable to CALTRANS.

48. If WORK stops for any reason, each PARTNER will continue to implement all of its applicable commitments and conditions included in the PROJECT environmental documentation, permits, agreements, or approvals that are in effect at the time that WORK stops, as they apply to each PARTNER's responsibilities in this agreement, in order to keep PROJECT in environmental compliance until WORK resumes.
49. Each PARTNER accepts responsibility to complete the activities that it selected on the SCOPE SUMMARY. Activities marked with "N/A" on the SCOPE SUMMARY are not included in the scope of this agreement.
50. Contract administration procedures shall conform to CALTRANS' Construction Manual, Local Assistance Procedures Manual (if Federal funds are used), and the PROJECT encroachment permits.
51. If the Resident Engineer is not also a registered Landscape Architect, COUNTY will furnish, at CITY expense and subject to approval of CALTRANS Landscape Architecture, a registered Landscape Architect to perform work related to architecture treatment and landscaping and to perform the function of an Assistant Resident Engineer/Inspector who is responsible for both daily on-site inspection and final decisions including, but not limited to, any highway planting and the irrigation systems that comprise a portion of the PROJECT work, consistent with any applicable measures in the environmental commitments record. Final decisions shall continue to be subject to the satisfaction and approval of CALTRANS.

Scope: CONSTRUCTION

- 54. COUNTY will advertise, open bids, award, approve, and administer the construction contract in accordance with the California Public Contract Code and the California Labor Code.

COUNTY will not advertise the construction contract until CALTRANS completes or accepts the final plans, specifications, and estimate package; CALTRANS approves the Right of Way Certification; and SPONSOR verifies full funding of CONSTRUCTION SUPPORT and CONSTRUCTION CAPITAL.

By accepting responsibility to advertise and award the construction contract, COUNTY also accepts responsibility to administer the construction contract.

PARTNERS agree that COUNTY is designated as the Legally Responsible Person and the Approved Signatory Authority pursuant to the Construction General Permit, State Water Resources Control Board (SWRCB) Order Number 2009-0009-DWQ, as defined in Appendix 5, Glossary, and assumes all roles and responsibilities assigned to the Legally Responsible Person and the Approved Signatory Authority as mandated by the Construction General Permit.

- 55. COUNTY will provide a RESIDENT ENGINEER, licensed to practice Civil Engineering in the State of California, and construction support staff that are independent of the design engineering company and construction contractor.

56. IMPLEMENTING AGENCY will implement changes to the construction contract through contract change orders (CCOs). PARTNERS will review and concur on all CCOs over \$50,000. CALTRANS must approve all CCOs affecting public safety or the preservation of property, all design and specification changes, and all major changes as defined in the CALTRANS Construction Manual prior to implementing the CCO.
57. IMPLEMENTING AGENCY will use a CALTRANS-approved construction contract claims process, will administer all claims through said process, and will be available to provide advice and technical input in any claims process.
58. If the lowest responsible construction contract bid is greater than the funding commitment to CONSTRUCTION CAPITAL, all PARTNERS must be involved in determining how to proceed. If PARTNERS do not agree in writing on a course of action within 15 working days, the IMPLEMENTING AGENCY shall not award the construction contract.
59. COUNTY will require the construction contractor to furnish payment and performance bonds naming COUNTY as obligee, CALTRANS and CITY as additional obligee's, and to carry liability insurance in accordance with CALTRANS specifications. In the event that either CALTRANS or CITY determines that they intend to make a claim against the performance bond, the parties agree to meet and confer prior CALTRANS or CITY making said claim. In the event that either CALTRANS or CITY to pursue such claim against the construction performance bond after they meet and confer, they CALTRANS and CITY hereby agree that COUNTY is relieved of its performance obligation to complete the PROJECT.
60. COUNTY will submit a written request to CALTRANS for any SFM identified in the PROJECT plans, specifications, and estimate a minimum of 45 days prior to the bid advertisement date for PROJECT construction contract. COUNTY will submit a written request to CALTRANS for any additional SFM deemed necessary during PROJECT construction.
61. CALTRANS will make SFM available at a CALTRANS-designated location after COUNTY requests SFM and pays CALTRANS' invoice for actual SFM costs.
62. COUNTY will prepare a QMP which will include a description of how source inspection will be performed and will submit the QMP to CALTRANS for review and approval by the State Materials Engineer.

CALTRANS will issue the parent permit to COUNTY upon submittal of a complete encroachment permit application. The parent permit will cite approval of the QMP by CALTRANS as a condition of issuing the double permit.

CALTRANS will issue the double permit to the contractor upon submittal of a complete encroachment permit application and all conditions cited in the parent permit have been met.

COUNTY will provide, or cause to provide, source inspection services.

63. As IMPLEMENTING AGENCY for CONSTRUCTION, COUNTY is responsible for maintenance within PROJECT limits as part of the construction contract.
64. CITY and CALTRANS will execute a separate maintenance agreement prior to OBLIGATION COMPLETION.

That IMPLEMENTING AGENCY may request reimbursement for these costs during the amendment process.

83. If there are insufficient funds in this agreement to implement applicable commitments and conditions included in the PROJECT environmental documentation, permits, agreements, and/or approvals that are in effect at a time that WORK stops, each PARTNER implementing commitments or conditions accepts responsibility to fund these activities, as they apply to each PARTNER's responsibilities, until such time as PARTNERS amend this agreement.

Any PARTNER initiating legal action arising from this agreement will file and maintain that legal action in the Superior Court of the county in which the CALTRANS district office that is signatory to this agreement resides, or in the Superior Court of the county in which PROJECT is physically located.
97. All OBLIGATIONS of CALTRANS under the terms of this agreement are subject to the appropriation of resources by the Legislature, the State Budget Act authority, and the allocation of funds by the California Transportation Commission.
98. Any PARTNER performing IQA does so for its own benefit. No one can assign liability to that PARTNER due to its IQA activities.
99. PARTNERS will meet the requirements of Government Code Section 8879.20 et al. (Proposition 1 legislation), the governor's Executive Order 2007-S-02-07, and the California Transportation Commission (CTC) program guidelines for the applicable account.

Right of way purchased using bond funds will become the property of CALTRANS, and any revenue from the sale of excess lands originally purchased with bond funds will revert to CALTRANS.

100. Neither CITY nor COUNTY nor any officer or employee thereof are responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by CALTRANS and or its agents, under or in connection with any work, authority, or jurisdiction conferred upon CALTRANS under this agreement.

It is understood and agreed that, CALTRANS, to the extent permitted by law will defend, indemnify, and save harmless CITY and COUNTY and all of their officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by CALTRANS and/or its agents under this agreement.

101. Neither CALTRANS nor COUNTY nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be

done by CITY and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon CITY under this agreement.

It is understood and agreed that, CITY, to the extent permitted by law will defend, indemnify, and save harmless CALTRANS and COUNTY and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by CITY and/or its agents under this agreement.

102. Neither CALTRANS nor CITY nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by COUNTY and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon COUNTY under this agreement.

It is understood and agreed that, COUNTY, to the extent permitted by law will defend, indemnify, and save harmless CALTRANS and CITY and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by COUNTY and/or its agents under this agreement.

103. PARTNERS do not intend this agreement to create a third party beneficiary or define duties, obligations, or rights in parties not signatory to this agreement. PARTNERS do not intend this agreement to affect their legal liability by imposing any standard of care for fulfilling OBLIGATIONS different from the standards imposed by law.
104. PARTNERS will not assign or attempt to assign OBLIGATIONS to parties not signatory to this agreement.
105. PARTNERS will not interpret any ambiguity contained in this agreement against each other. PARTNERS waive the provisions of California Civil Code section 1654.
106. A waiver of a PARTNER's performance under this agreement will not constitute a continuous waiver of any other provision. An amendment made to any article or section of this agreement does not constitute an amendment to or negate all other articles or sections of this agreement.
107. A delay or omission to exercise a right or power due to a default does not negate the use of that right or power in the future when deemed necessary.
108. If any PARTNER defaults in its OBLIGATIONS, a non-defaulting PARTNER will request in writing that the default be remedied within 30 calendar days. If the defaulting PARTNER fails to do so, the non-defaulting PARTNER may initiate dispute resolution.

109. PARTNERS will first attempt to resolve agreement disputes at the PROJECT team level. If they cannot resolve the dispute themselves, the CALTRANS district director and the executive officer of CITY and COUNTY will attempt to negotiate a resolution. If PARTNERS do not reach a resolution, PARTNERS' legal counsel will initiate mediation. PARTNERS agree to participate in mediation in good faith and will share equally in its costs.

Neither the dispute nor the mediation process relieves PARTNERS from full and timely performance of OBLIGATIONS in accordance with the terms of this agreement. However, if any PARTNER stops fulfilling OBLIGATIONS, any other PARTNER may seek equitable relief to ensure that OBLIGATIONS continue.

Except for equitable relief, no PARTNER may file a civil complaint until after mediation, or 45 calendar days after filing the written mediation request, whichever occurs first.

PARTNERS will file any civil complaints in the Superior Court of the county in which the CALTRANS district office signatory to this agreement resides. The prevailing PARTNER will be entitled to an award of all costs, fees, and expenses, including reasonable attorney fees as a result of litigating a dispute under this agreement or to enforce the provisions of this article including equitable relief.

110. PARTNERS maintain the ability to pursue alternative or additional dispute remedies if a previously selected remedy does not achieve resolution.
111. If any provisions in this agreement are deemed to be, or are in fact, illegal, inoperative, or unenforceable, those provisions do not render any or all other agreement provisions invalid, inoperative, or unenforceable, and PARTNERS will automatically sever those provisions from this agreement.
112. PARTNERS intend this agreement to be their final expression and supersede any oral understanding or writings pertaining to OBLIGATIONS.
113. If during performance of WORK additional activities or environmental documentation is necessary to keep PROJECT in environmental compliance, PARTNERS will amend this agreement to include completion of those additional tasks.
114. PARTNERS will execute a formal written amendment if there are any changes to OBLIGATIONS.
115. This agreement will terminate upon OBLIGATION COMPLETION or an amendment to terminate this agreement, whichever occurs first.

However, all indemnification, document retention, audit, claims, environmental commitment, legal challenge, maintenance and ownership articles will remain in effect until terminated or modified in writing by mutual agreement.
