Successor Agency to the Redevelopment Agency
Jurupa Valley Sheriff's Evidence Warehouse – Approval of Construction Change Order No. 3
April 18, 2013
Page 2

BACKGROUND: (Continued)

The project is currently under construction and is located at 7477 Mission Boulevard in Riverside. The project will provide a 10,000 square foot Evidence Warehouse Building located on approximately 6.13 acres. In addition to the increased evidence warehouse storage capacity, there will be a covered bicycle storage, secure vehicle storage, additional parking, lighting, and increased security throughout the site.

The items within Change Order No. 3 are for additional card readers at the entrance gates requested by the Sheriff, and additional construction related items such as, enlarging the mechanical equipment pad, installing roof cover boots at the solar panel legs and reinforcing the truss beams for hanging light pendants were missed during design but were necessary to complete the project. Costs for such improvements are included in the Recognized Obligation Payment Schedule (ROPS) under the line item PCN3 Construction Additional Change Orders, which has been approved by the Oversight Board and the California Department of Finance.

The Change Order is within the 10% contingency established in the project budget, which was approved on May 10, 2011. The cost of Change Order No. 3 will not add additional cost to the project as they are accounted for in the approved budget and a budget adjustment is not required.

Staff recommends approval of Change Order No. 3 in the amount of \$46,833.55.
