2                                   **AN ORDINANCE OF THE COUNTY OF RIVERSIDE**  
3                                   **AMENDING ORDINANCE 779**  
4                                   **RELATING TO**  
5                                   **COUNTY SOLID WASTE FACILITIES**  
6                                   **AND ESTABLISHING FEES**  
7

8       The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

9       **SECTION 1:**

10      This ordinance amends and replaces Ordinance No. 779.13 and any prior version of Ordinance No.  
11      779 in their entirety with the following:

12                   **Section 1. DEFINITIONS.**

13               The words used in this ordinance shall have the definitions provided in Public Resources Code  
14      40100 et. Seq.

15                   **Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of Supervisors, the  
16      General Manager-Chief Engineer of the Waste Management Department may designate and operate  
17      or control by contract County owned or leased or contracted sites to be used for the public transfer,  
18      processing or disposal of solid waste.

19                   **Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in writing by the  
20      General Manager-Chief Engineer of the Waste Management Department or his designated  
21      representative, under general policies adopted by the Board, no person shall place, deposit, or dump,  
22      or cause to be placed, deposited, or dumped, in or upon any landfill or transfer station in the County,  
23      any solid waste originating outside of the County of Riverside, provided however, the General  
24      Manager-Chief Engineer of the Waste Management Department has discretion to accept incidental  
25      amounts of refuse from outside of Riverside County and near County borders for disposal at County  
26      landfills when payment is made according to Appendix A for such incidental refuse.

1       **Section 4. REGULATIONS.** All County owned, leased, or contracted transfer stations and  
2 disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of  
3 the Waste Management Department who shall have the power and the duty to prescribe reasonable  
4 regulations regulating the use by the public and the operation of such sites. Such rules shall include,  
5 but need not be limited to, the following subjects:

- 6       a.       Days and hours of use.
- 7       b.       Charges for use of sites at times other than regular hours, which shall be sufficient to  
8       reimburse the County for equipment, personnel and overhead costs.
- 9       c.       Maximum size of articles and objects being dumped.
- 10      d.       Allocation of various types of waste to specific sites and the placement of waste within  
11      any site.
- 12      e.       Prohibition or conditional acceptance of harmful, dangerous or difficult to handle  
13      materials, if allowed under the state operating permit, including a reasonable charge for  
14      their acceptance, unique handling requirements or assured destruction.
- 15      f.       Prohibition of persons from entering the site for reasons including, but not limited to:  
16      unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous  
17      waste, loitering, intoxication and other forms of conduct that reduce operational  
18      efficiencies and/or increase risk of injury to Department employees and the public.

19       Except for short term emergency situations, any regulation fixing days or hours of operation  
20 shall be submitted to the Board of Supervisors for approval before taking effect. All regulations  
21 prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be  
22 filed in his or her office and shall be available for public inspection.

23       **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer  
24 stations in the County shall implement and maintain a hazardous waste load checking program at each  
25 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code  
26 of Regulations); and which program shall also meet the minimum requirements outlined in this

ordinance.

- a. Each solid waste facility operator shall perform random loadchecks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of loadchecks performed at each solid waste facility shall comply with the following schedule:

**Landfill/Transfer Station Random Loadcheck Schedule**

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	**
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

\* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when they may be inspected. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Waste Management Department may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

\*\*Minimum of 6 samples per week – may all be performed on the same day

- b. An inspection form (which shall be certified for completeness and accuracy by the loadcheck inspector on duty) shall be filled out in its entirety at the time of each loadcheck performed at the solid waste facility. The inspection form shall include the following

information, to be filled out at the time of inspection:

- Date and time of inspection
- Loadcheck inspector name, (certification)
- Load type (residential, commercial, industrial)
- Hauler/company name/customer name
- Driver name
- Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)
- License plate number
- Whether or not the load contained prohibited waste

c. When prohibited waste is found, forms shall include the following:

- Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
- Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)
- Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)

d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.

e. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Waste Management Department

1 personnel perform load checks at the facility and one day in which Waste Management  
2 Department staff review the facility's written load check program, hazardous waste and  
3 universal waste shipping records, facility personnel training records, hazardous waste  
4 storage areas, and load checking procedures in order to audit the solid waste facility  
5 loadchecking program and/or assist the operator in making its loadchecking program  
6 successful.

7 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,  
8 salvage operations of reusable waste materials at all transfer stations and landfills in the County may  
9 be conducted only by such persons as are authorized to do so and upon such terms and conditions as  
10 are imposed by the General Manager-Chief Engineer of the Waste Management Department.

11 **Section 7. FEES.**

12 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code  
13 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at  
14 enumerated landfills shall be as established by the Board of Supervisors following a  
15 duly noticed public hearing. The fees so established shall be in an amount sufficient  
16 to cover all costs including but not limited to the following: closure/postclosure  
17 (including past unfunded costs), remediation, environmental mitigation, state  
18 mandated and other pass-through fees, and general operations. Such fees and the  
19 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board  
20 of Supervisors may establish different rates through contractual agreements when the  
21 terms of said agreements help stabilize revenues and system rates over a long term  
22 period.

23 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code  
24 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,  
25 formerly in a land use assessment area, shall be as established by the Board of  
26 Supervisors following a duly noticed public hearing. The fees so established shall be

1 calculated to substantially cover a fair share of the estimated costs for these facilities.  
2 Cards permitting entrance into these landfills and transfer stations shall be offered for  
3 sale to residents and businesses (only in the local areas surrounding these sites as  
4 shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to  
5 these facilities will be allowed without a card, except in cases where permitted waste  
6 haulers or other large commercial users have negotiated separate contracts with the  
7 County. Waste from outside these areas shall not be accepted at the rural sites  
8 providing, however, waste from unincorporated areas outside of, but near the borders  
9 of these service areas may be accepted under the same terms and conditions herein  
10 set forth, if it is determined by the General Manager-Chief Engineer of the Waste  
11 Management Department that this is the most practical way to provide disposal  
12 service to these customers. Such rates and the landfills and transfer stations to which  
13 they apply shall appear in Appendices B and C to this Ordinance.

14 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

15 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General  
16 Manager-Chief Engineer of the Waste Management Department regulating the use of a landfill or  
17 transfer station in the County, or fail to obey any sign giving notice of any regulation, maintained at any  
18 such site or facility by the General Manager-Chief Engineer of the Waste Management Department.  
19 Violation of any such regulation shall be a violation of this Ordinance.

20 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the  
21 Waste Management Department reserves the right to deny entrance to an individual for an appropriate  
22 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal  
23 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and  
24 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

25 It shall be unlawful for any person to violate any provision of this Ordinance. Any person  
26 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as

1 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every  
2 day, or portion thereof, during which any violation of any of the provisions of this Ordinance is  
3 committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and  
4 punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an  
5 infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second  
6 violation. The third and any additional violations shall constitute a misdemeanor offense and shall be  
7 punishable by a fine not exceeding Five Hundred dollars (\$500.00).

8 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.  
9 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the  
10 violation.

11 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this  
12 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be  
13 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this  
14 Ordinance (and its appendices) which can be given effect without the invalid provision or application,  
15 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be  
16 severable.

17 **SECTION 2:**

18 This ordinance shall take effect thirty (30) days after the date of adoption.

**Agenda Number:**

The Waste Management Department's (Department) costs continue to increase relative to inflation factors in the area. Because the Department is sensitive to the rising costs within the community, the Department reviews its operations annually and forecasts capital improvements and expansion projects with a projection of 20 years. Due to the overall reduction in tonnage and revenue over the last seven years, the Department has reduced its budget through stringent attention to operations and cost containment measures. There has been no growth in tonnage over the last three fiscal years and the Department is assuming no growth in tonnage for the next fiscal year (FY13/14).

The Department is limited to annual Consumer Price Index (CPI) increases for all its long-term, contracted transfer station haulers and the contract franchise area direct haulers. These haulers represent approximately 89% of the tonnage accepted at County landfills. Due to increasing operational costs (salary increases, increased regulatory fees, and proposed capital improvements), it is recommended that the Ordinance be amended to allow for fee increases based on the change in CPI for the 12-month period ending December 31, 2012. The CPI adjustment for this period is 1.93%.

The Department is requesting several changes to the Ordinance itself and the Appendix A Disposal Fee schedule as follows:

- General "cleanup" language changes to reflect current practices.
- Revised load-check frequency requirements for those landfills and transfer stations that handle less than 100 tons per day. The number of inspections will remain the same for those landfills and transfer stations on a weekly basis, but will allow for more efficient scheduling of inspections.
- Increase Routine Refuse charge for transfer station and/or contracted haulers by change in CPI. This will result in an increase of \$0.52 per ton. If approved, the rate would be \$27.44 per ton for contracted transfer station haulers.
  - The Area 8 transfer truck rate would become \$28.06 per ton.
- Increase Routine Refuse charge for direct haulers by change in CPI for waste loads weighing more than .40 tons (800 pounds). This will result in an increase of \$0.68 per ton. If approved, the rate would then become \$35.80 for direct haulers.
- Increase charges for vehicles hauling loads of more than 9 tires by change in CPI. This will result in an increase of \$1.91 per ton. If approved, the rate would be \$100.87 per ton.
- Increase charges for Hard-to-Handle waste, (requiring special handling or immediate burial) and all end-dump type vehicles by change in CPI. This will result in an increase of \$.90. If approved, the rate would then become \$47.73 per ton.
- Add charge for semi-truck and Off the Road (OTR) tires (not to exceed 4' in diameter) at a rate of \$5.20 per tire, up to nine tires.

Proposed changes to Appendix B Residential Self-Haul Permit Cards are as follows:

- None

Proposed changes to Appendix C Rural Site Access – Commercial Permit Cards are as follows:

- The fees for commercial haulers within the rural areas (Appendix C) are recommended to be adjusted to reflect the same CPI increase proposed for all direct haulers with waste loads in excess of .4 ton. The Commercial Card allows for twenty-four (24) half ton uses. This will result in an increase of \$8.14 per card. The rate would then become \$429.55 per card.

Attachment 1 has been provided to outline the recommended changes to the Department's fee structure.

California Environmental Quality Act (CEQA) Findings

Pursuant to CEQA Guidelines Section 15273, the proposed changes to County Ordinance No. 779, Relating to County Solid Waste Facilities and Establishing Fees are found to be statutorily exempt from CEQA, because the proposed changes for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits,
- Purchasing or leasing supplies, equipment, or materials,
- Meeting financial reserve needs and requirements, and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.14.

## **NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF SUPERVISORS OF RIVERSIDE COUNTY**

NOTICE IS HEREBY GIVEN that a public hearing at which all interested persons will be heard, will be held before the Board of Supervisors of Riverside County, California, on the 1<sup>st</sup> Floor Board Chambers, County Administrative Center, 4080 Lemon Street, Riverside, on **Tuesday, April 30, 2013 at 10:30 a.m.** to consider adoption of the following:

### **ORDINANCE NO. 779.14 AN ORDINANCE OF THE COUNTY OF RIVERSIDE AMENDING ORDINANCE 779 RELATING TO COUNTY SOLID WASTE FACILITIES AND ESTABLISHING FEES**

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

#### **SECTION 1:**

This ordinance amends and replaces Ordinance No. 779.13 and any prior version of Ordinance No. 779 in their entirety with the following:

#### **Section 1. DEFINITIONS.**

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

**Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Waste Management Department may designate and operate or control by contract County owned or leased or contracted sites to be used for the public transfer, processing or disposal of solid waste.

**Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in writing by the General Manager-Chief Engineer of the Waste Management Department or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Waste Management Department has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

**Section 4. REGULATIONS.** All County owned, leased, or contracted transfer stations and disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of the Waste Management Department who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects being dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- f. Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or

increase risk of injury to Department employees and the public.

Except for short term emergency situations, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be filed in his or her office and shall be available for public inspection.

**Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

- a. Each solid waste facility operator shall perform random loadchecks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of loadchecks performed at each solid waste facility shall comply with the following schedule:

**Landfill/Transfer Station Random Loadcheck Schedule**

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	**
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

\* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when they may be inspected. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Waste Management Department may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

\*\*Minimum of 6 samples per week – may all be performed on the same day

- b. An inspection form (which shall be certified for completeness and accuracy by the loadcheck inspector on duty) shall be filled out in its entirety at the time of each loadcheck performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:
- Date and time of inspection
  - Loadcheck inspector name, (certification)
  - Load type (residential, commercial, industrial)
  - Hauler/company name/customer name
  - Driver name
  - Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)
  - License plate number
  - Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
- Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
  - Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)
  - Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)

- d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.
- e. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Waste Management Department personnel perform load checks at the facility and one day in which Waste Management Department staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility loadchecking program and/or assist the operator in making its loadchecking program successful.

**Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Waste Management Department.

**Section 7. FEES.**

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to substantially cover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Waste Management Department that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.
3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

**Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Waste Management Department regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Waste Management Department. Violation of any such regulation shall be a violation of this Ordinance.

**Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the Waste Management Department reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

**Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

**SECTION 2:**

This ordinance shall take effect thirty (30) days after the date of adoption.

Any person affected by the above matter(s) may submit written comments to the Clerk of the Board before the hearing or may appear and be heard in support or opposition to the project at the time of the hearing. If you challenge the above item(s) in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence, to the Board of Supervisors at, or prior to, the public hearing.

Please send all written correspondence to: Clerk of the Board, 4080 Lemon Street, 1<sup>st</sup> Floor, Post Office Box 1147, Riverside, CA 92502-1147

**APPENDIX B TO ORDINANCE NO. 779.14  
RESIDENTIAL SELF-HAUL PERMIT CARDS  
FOR  
RIVERSIDE COUNTY WASTE MANAGEMENT DEPARTMENT  
Effective July 1, 2013**

The Self-Haul Permit card shall be necessary for admittance to the Mecca II and Oasis Landfills

**RESIDENTIAL CARD REGULATIONS:**

**Authority:** Riverside County Ordinance No. 657 requires that, "Every tenant, occupier, operator, or owner of a residence...shall not less than once a week, cause to be removed all solid waste created, produced or brought upon the property to an approved disposal facility."

1. **Number of Uses** - The Residential Card will allow up to fifty-two (52) uses of the site with Standard Loads.
2. **Expiration Date** - The expiration date for all cards will be the last day of the fiscal year, June 30th. In addition, each month any unused punches for that month will expire on the last day of that month.
3. **No Refunds** - There will be no refunds at the end of the fiscal year (June 30) on partially used cards.
4. **Standard Load** - The maximum load allowed access to the landfill with one use of the Residential Card will be four hundred (400) pounds. If the Gate Services Assistant judges a load to be over this Standard Load limit, two or more punches will be made to the card.
5. **Cost** - The Residential Card will be priced at fifteen dollars (\$15.00) per month.
6. **Payment Options – Cards may be purchased:**

Period	Cost in Dollars	Number of Punches (i.e. 400 loads)

Annual (purchased on or after July 1st)	\$160.00	52
Multiple Months After July 31	\$15 x	4 x
	no. of months	no. of months

7. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after if it is reported lost to the Waste Management business office located at 14310 Frederick Street, Moreno Valley, CA 92553, (951) 486-3200.
8. **Maximum Load** – Mecca Landfill will not accept loads greater than 1 ton.
9. **Restrictions on Use of Card** - Household hazardous waste, loads with more than four (4) tires, other hard-to-handle waste, or commercial business waste will not be accepted on this card. Cards may only be used by the resident who paid for the card.
10. **Alternative County Gate Fee Site Usage** – When a customer has a need to dispose of trash on a day when both of the above landfills are closed, the customer may take that trash to a scaled County disposal site and use the Self-Haul Permit card there.

**APPENDIX C TO ORDINANCE NO. 779.14  
RURAL SITE ACCESS -- COMMERCIAL PERMIT CARDS  
FOR  
RIVERSIDE COUNTY WASTE MANAGEMENT DEPARTMENT  
Effective July 1, 2013**

The Rural Site Access Card shall be necessary for admittance to the Mecca II and Oasis Landfills.

**COMMERCIAL CARD REGULATIONS:**

A Commercial Waste Hauling Business Card (not authorized for use by permitted waste haulers) is available which provides for disposal of commercial waste generated within the remote service areas.

1. **Number of Uses** - The Commercial Card will have twenty-four (24) ½ ton available uses.
2. **Expiration Date** - There is no expiration date for the Commercial Card.
3. **No Refunds** - If a commercial operator goes out of business there shall be no refund for the unused card punches.
4. **Cost** - The Commercial Card will be priced at four-hundred twenty-nine dollars and fifty-five cents (\$429.55).
5. **Payment for Card** - The card shall be purchased in advance of usage and paid for by check. Cards may be purchased at any time of the year.
6. **Lost Cards** - Lost cards are to be reported immediately. The customer will not be responsible for unauthorized use of a card after it is reported lost to the Waste Management business office located at 14310 Frederick St., Moreno Valley, CA. (951) 486-3200.
7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Gate Fee Site Usage** - In the event that the Gate Services Assistant determines that the waste cannot be received at the Rural Site for whatever reason that day, and therefore directs the customer to take the waste to a scaled County disposal site, the Commercial Card may be used for access at the scaled site.

BOARD OF SUPERVISORS OF THE COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

**ORDINANCE NO. 779.14**  
**AN ORDINANCE OF THE COUNTY OF RIVERSIDE**  
**AMENDING ORDINANCE 779**  
**RELATING TO**  
**COUNTY SOLID WASTE FACILITIES**  
**AND ESTABLISHING FEES**

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

**SECTION 1:**

This ordinance amends and replaces Ordinance No. 779.13 and any prior version of Ordinance No. 779 in their entirety with the following:

**Section 1. DEFINITIONS.**

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

**Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Waste Management Department may designate and operate or control by contract County owned or leased or contracted sites to be used for the public transfer, processing or disposal of solid waste.

**Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in writing by the General Manager-Chief Engineer of the Waste Management Department or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Waste Management Department has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

**Section 4. REGULATIONS.** All County owned, leased, or contracted transfer stations and disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of the Waste Management Department who shall have the power and the duty to prescribe reasonable regulations regulating the use by the public and the operation of such sites. Such rules shall include, but need not be limited to, the following subjects:

- a. Days and hours of use.
- b. Charges for use of sites at times other than regular hours, which shall be sufficient to reimburse the County for equipment, personnel and overhead costs.
- c. Maximum size of articles and objects being dumped.
- d. Allocation of various types of waste to specific sites and the placement of waste within any site.
- e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle materials, if allowed under the state operating permit, including a reasonable charge for their acceptance, unique handling requirements or assured destruction.
- f. Prohibition of persons from entering the site for reasons including, but not limited to: unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous waste, loitering, intoxication and other forms of conduct that reduce operational efficiencies and/or increase risk of injury to Department employees and the public.

Except for short term emergency situations, any regulation fixing days or hours of operation shall be submitted to the Board of Supervisors for approval before taking effect. All regulations prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be filed in his or her office and shall be available for public inspection.

**Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer stations in the County shall implement and maintain a hazardous waste load checking program at each of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code of Regulations); and which program shall also meet the minimum requirements outlined in this ordinance.

- a. Each solid waste facility operator shall perform random loadchecks across all load types including self-haul residential, business and industrial waste loads, franchise hauler waste loads (including residential, commercial and industrial) to detect hazardous waste before such incoming waste is transferred to, and/or disposed at, the landfill. Such program shall have the objectives of: (1) preventing hazardous waste from being placed in a landfill not permitted to receive such waste and (2) educating and discouraging both facility self-haul customers and franchise waste hauler customers from bringing or sending in such material. The minimum number of loadchecks performed at each solid waste facility shall comply with the following schedule:

**Landfill/Transfer Station Random Loadcheck Schedule**

Average Daily Tonnage	Random Samples per Day
0 to 100 tons/day	**
101 to 600 tons/day	6*
601 to 1,000+ tons/day	10*

\* The initial schedule is for a minimum number of "Random Samples per Day" for a minimum of three rotating days per week so arriving customers will not know when they may be inspected. If a problem persists with large quantities of hazardous waste being found at the landfill or transfer station, the Enforcement Agency or the General Manager-Chief Engineer of the Waste Management Department may require the number of "Random Samples per Day" to be applied every day the solid waste facility is open until the problem is deemed corrected.

\*\*Minimum of 6 samples per week – may all be performed on the same day

- b. An inspection form (which shall be certified for completeness and accuracy by the loadcheck inspector on duty) shall be filled out in its entirety at the time of each loadcheck performed at the solid waste facility. The inspection form shall include the following information, to be filled out at the time of inspection:
- Date and time of inspection
  - Loadcheck inspector name, (certification)
  - Load type (residential, commercial, industrial)
  - Hauler/company name/customer name
  - Driver name
  - Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader, or Roll Off)
  - License plate number
  - Whether or not the load contained prohibited waste
- c. When prohibited waste is found, forms shall include the following:
- Load origin (jurisdiction or route number for side loaders and front end loader vehicles, customer/store name and address where picked up for all other vehicle types)
  - Hazardous waste found (type/name, class, container size/quantity, volume/weight, unit of gallons or pounds)
  - Disposition of material (e.g. picked up by responsible party, returned with customer at time of inspection, solid waste facility assumed responsibility of the material, etc.)
- d. Management shall review completed forms at a frequency sufficient to ensure forms are filled out completely and correctly.
- e. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time to audit their load check program's

compliance with these standards. These audits shall be limited to four times in any 12 month period and may include three days in which Waste Management Department personnel perform load checks at the facility and one day in which Waste Management Department staff review the facility's written load check program, hazardous waste and universal waste shipping records, facility personnel training records, hazardous waste storage areas, and load checking procedures in order to audit the solid waste facility loadchecking program and/or assist the operator in making its loadchecking program successful.

**Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at all County owned, leased, or contracted transfer stations and disposal sites in the County may be conducted only by such persons as are authorized to do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of the Waste Management Department.

**Section 7. FEES.**

1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste and disposal of liquid waste at enumerated landfills shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be in an amount sufficient to cover all costs including but not limited to the following: closure/postclosure (including past unfunded costs), remediation, environmental mitigation, state mandated and other pass-through fees, and general operations. Such fees and the landfills to which they shall apply appear as Appendix A to this Ordinance. The Board of Supervisors may establish different rates through contractual agreements when the terms of said agreements help stabilize revenues and system rates over a long term period.
2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code Section 25823, fees for the disposal of solid waste at landfills and transfer stations, formerly in a land use assessment area, shall be as established by the Board of Supervisors following a duly noticed public hearing. The fees so established shall be calculated to substantially cover a fair share of the estimated costs for these facilities. Cards permitting entrance into these landfills and transfer stations shall be offered for sale to residents and businesses (only in the local areas surrounding these sites as shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to these facilities will be allowed without a card, except in cases where permitted waste haulers or other large commercial users have negotiated separate contracts with the County. Waste from outside these areas shall not be accepted at the rural sites providing, however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Waste Management Department that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.

3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

**Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Waste Management Department regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Waste Management Department. Violation of any such regulation shall be a violation of this Ordinance.

**Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the Waste Management Department reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the landfill or transfer station operations. A letter of notification specifying the dates and location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every day, or portion thereof, during which any violation of any of the provisions of this Ordinance is committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

**Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

**SECTION 2:**

This ordinance shall take effect thirty (30) days after the date of adoption.

**[REDACTED]**

John J. Benoit, Chairman of the Board

I HEREBY CERTIFY that at a regular meeting of the Board of Supervisors of said County, held on **April 30, 2013**, the foregoing Ordinance consisting of two (2) sections was adopted by said Board by the following vote:

AYES: Jeffries, Tavaglione, Stone, Benoit, and Ashley  
NAYS: None  
ABSENT: None

## **BOARD RULES**

### **Requests to Address Board on "Agenda" Items:**

You may request to be heard on a published agenda item. Requests to be heard must be submitted to the Clerk of the Board before the scheduled meeting time.

### **Requests to Address Board on items that are "NOT" on the Agenda:**

Notwithstanding any other provisions of these rules, member of the public shall have the right to address the Board during the mid-morning "Oral Communications" segment of the published agenda. Said purpose for address must pertain to issues which are under the direct jurisdiction of the Board of Supervisors. YOUR TIME WILL BE LIMITED TO THREE (3) MINUTES.

### **Power Point Presentations/Printed Material:**

Speakers who intend to conduct a formalized Power Point presentation or provide printed material must notify the Clerk of the Board's Office by 12 noon on the Monday preceding the Tuesday Board meeting, insuring that the Clerk's Office has sufficient copies of all printed materials and at least one (1) copy of the Power Point CD. Copies of printed material given to the Clerk (by Monday noon deadline) will be provided to each Supervisor. If you have the need to use the overhead "Elmo" projector at the Board meeting, please insure your material is clear and with proper contrast, notifying the Clerk well ahead of the meeting, of your intent to use the Elmo.

### **Individual Speaker Limits:**

**Individual speakers are limited to a maximum of three (3) minutes.** Please step up to the podium when the Chairman calls your name and begin speaking immediately. Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. The Chairman adheres to a strict three (3) minutes per speaker. ***Note: If you intend to give your time to a "Group/Organized Presentation", please state so clearly at the very bottom of the reverse side of this form.***

### **Group/Organized Presentations:**

Group/organized presentations with more than one (1) speaker will be limited to nine (9) minutes at the Chairman's discretion. The organizer of the presentation will automatically receive the first three (3) minutes, with the remaining six (6) minutes relinquished by other speakers, as requested by them on a completed "Request to Speak" form, and clearly indicated at the front bottom of the form.

### **Addressing the Board & Acknowledgement by Chairman:**

The Chairman will determine what order the speakers will address the Board, and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles in order to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the general public and/or meeting participants. Such behavior, at the discretion of the Board Chairman may result in removal from the Board Chambers by Sheriff Deputies.
