Obligation Bond Debt Service**

BACKGROUND CONTINUED:

The Capital Finance Admin debt service fund makes the debt service payment on County of Riverside Asset Leasing (CORAL) and Palm Desert Financing facilities including the Riverside County Regional Medical Center, Larson Justice Center, Indio Juvenile Hall, CAC Annex and others. CORAL recovers this cost through lease payments from county departments and Palm Desert Financing Authority recovers this cost from redevelopment pass through agreements for the use of these facilities. Since the fund's revenue comes in during the course of the year - after the debt service payment is due - it needs a cash advance of up to \$41.5 million. The full amount advanced will be recovered from the entities that lease facilities and the debt service fund will repay the full amount borrowed.

The Pension Obligation Bond (POB) debt service fund makes the debt service payment on the county's pension bonds. The fund will recover this cost through department payroll charges during the course of the year. Since the fund's revenue comes in during the year - after the debt service payment is due - it needs a cash advance of up to \$29.2 million. The full amount advanced will be recovered from department charges and will repay the general fund the full amount borrowed.
