The Honorable Board of Supervisors

RE: Amendments to the On-Call Engineering Services Agreements with AECOM; MSA Consulting, Inc.; Krieger and Stewart, Inc.; Atkins North America, Inc.; and SC Engineering

May 22, 2013

Page 2 of 2

BACKGROUND:

The Transportation Department periodically needs outside engineering and support services to deliver many of the road improvement projects identified and funded in the Transportation Improvement Program (TIP). The TIP delivers over \$100 million annually in Transportation Capital Improvement projects.

The Board of Supervisors approved the original three (3) year agreements with each of the engineering/consulting firms referenced in the motion. The agreements included provisions for two (2) one-year extensions. The attached agreements approve the final one-year extension and authorize the Transportation Director to approve no-cost time extensions, if necessary, to complete on-going tasks.

The Transportation Department utilizes the services of On-Call consultants to augment its small core of in-house design staff on an "as needed" basis. The On-Call contracts provide the flexibility needed to engage the consultants, based on their field of expertise, to address critical projects in the shortest period of time. By doing so, the Transportation Department is able to consistently deliver projects while saving time and money.

Currently, these consultants are assisting in many critical projects such as the I-10 "Lifeline" Emergency Action Plan, utility relocations coordination, resurfacing projects, traffic engineering, drainage studies, water quality management plans, and other similar projects.

All costs associated with these contracts will be funded using project funds. Thus, no net county cost will be incurred as a result of these contract amendments.

2ND AMENDMENT TO AGREEMENT

for On-Call Engineering Services

between County of Riverside – Transportation Department

and AECOM.

THIS AMENDMENT (hereinafter the "2nd Amendment") to an agreement is made and entered into as of this 25th day of June, 2013, by and between the County of Riverside, a political subdivision of the State of California (hereinafter the "COUNTY"), and AECOM (hereinafter "ENGINEER").

RECITALS

- A. COUNTY and ENGINEER have entered in an agreement entitled "On-Call General Engineering Services between County of Riverside – Transportation Department and AECOM." that is dated July 21, 2009 (hereinafter the "Agreement"). The Agreement provides the terms and conditions, scope of work, schedule and budget for the performance of professional and technical services necessary to provide on-call engineering services.
- B. Appendix B • Article BI establishes the time period for allowing work assignments to be authorized under the original agreement. The terms and conditions specify that work assignment can be authorized until June 30, 2012 and that the authority to approve and execute work assignments can be modified through one-year supplemental extensions. The agreement allows for two separate one-year extensions.
- C. The ENGINEER is satisfactorily performing the duties under this agreement and the Transportation Department continues to need the services provided. The parties therefore now desire to implement the second one-year extension of the authority to approve and execute work assignments.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties agree as follows:

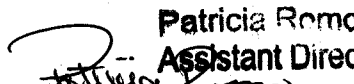

1. The authority to authorize work assignments under this contract is hereby extended from June 30, 2013 to June 30, 2014 in accordance with Appendix B • Article BI of the original agreement.
2. Except to the extent specifically modified or amended hereunder, all of the terms, covenants and conditions of the Agreement shall remain in full force and effect between the parties hereto.

IN WITNESS HEREOF, the parties hereto have caused this Amendment to the Agreement to be duly executed this day and year first written above.
