Prev. Agn. Rept. 1/5/02;
12.3 (5/23/06)

District: 4/4

Agenda Number:

12-2 C

BACKGROUND: On November 5, 2002, the County entered into an agreement with Waste Management of the Desert (WMOD) to develop, construct, and operate a transfer station at the Edom Hill Landfill site once the landfill closed. The Edom Hill Landfill closed in November 2004, and the transfer station began operation at that time. WMOD sold their rights in the agreement to Burrtec Recovery and Transfer (Burrtec) in 2006.

The Agreement between the County and Burrtec as Lessee, states that gate fee adjustments are to be approved by the County Board of Supervisors following a public hearing. On April 8, 2013, Burrtec contacted the Waste Management Department to communicate their intent to request a rate increase as outlined in the Agreement. Pursuant to Section 5(b) of the Agreement, the Waste Management Department, on behalf of Burrtec, is presenting the request to the Board of Supervisors for action.

The gate fee at the Edom Hill Transfer Station is made up of four component parts. The recapture of the capital investment (i.e. the Facility Element) and the City Mitigation Fee are fixed by contract. The Disposal Fee element is based on the long-term hauling contract that Burrtec has with the County and is scheduled to be increased effective July 1, 2013. The Operating & Transport Element is the only component that Burrtec, Inc., can increase on an annual basis.

The maximum increase allowable in any one year is equal to 80% of the percent change in the CPI for all Urban Consumers for the Los Angeles/Anaheim/Riverside Metropolitan Area as published by the United States Department of Labor, Bureau of Labor Statistics for the twelve month period ended December 31 of the year prior to the July 1 effective date. For July 1, 2013, the percent increase in the Operating and Transport element of the gate fee, based on 80% of the change in CPI on December 31, 2012 is 1.55%.

In addition, Burrtec has requested an Extraordinary Rate Adjustment, as allowed for under the Master Lease Agreement, to the Operating & Transport Element due to the sharp increase in diesel fuel costs. Based on these increases in 2012, Burrtec requested an increase to the Operating and Transport Element of \$0.03 per ton and \$0.21 per ton, respectively (for a total of \$0.18 and \$0.24, respectively, when including the 80% CPI).

As an alternative, staff negotiated a lower overall increase using 100% of CPI to account for both the CPI and the diesel fuel cost increases (for a total of \$0.10 for Operating and \$0.12 for Transport). The proposed adjustments are summarized below:

Gate Fee Components	Gate Fee per Lease Agreement July 1, 2012	Increase based on 2012 CPI *	Extraordinary Rate Adjustment	Total Proposed Gate Fee effective July 1, 2013
Facility Element	\$0.89	N/A	N/A	\$0.89
Operating Element	\$5.39	\$0.10	N/A	\$5.49
Transport Element	\$6.34	\$0.12	N/A	\$6.46
Disposal Fee	\$26.92	\$0.52	N/A	\$27.44
City Mitigation Fee	\$ 1.00	N/A	N/A	\$ 1.00
Total:	\$40.54	\$0.74	N/A	\$41.28

Burrtec has also requested to be open Monday through Saturday only. Currently, they are open every Sunday from 1:00 p.m. to 5:00 p.m. This is primarily due to the low volume of customers they receive on those days (20 customers on average). A survey of Sunday customers was conducted and it was determined that 85% of those customers are able to use the facility Monday through Saturday, resulting in little to no impact to current service levels. A proposed amendment to the EHTS Master Lease, reflecting only the change in operating days, is attached and recommended for approval.

California Environmental Quality Act (CEQA) Findings

The proposed rate increase and lease amendment (Project) have been reviewed and determined to be exempt from CEQA under CEQA Guidelines Section 15061(b)(3), Section 15273 (Rates, Tolls, Fares, and Charges) and Section 15301(Existing Facilities). The proposed rate increase is for the purpose of meeting operating expenses, while the reduced operating schedule will not result in impacts beyond those previously assessed. A Notice of Exemption to this effect will be filed with the County Clerk upon Board of Supervisors approval of the Project.

* CPI increase for 2012 = $(236.042 - 231.567) / 231.567 = 0.0193$
Negotiated (100% of CPI) = 1.93% Contract Allowed (80% of CPI) = 1.55%
