**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Assessor-County Clerk-Recorder / Records Management and Archives Program

SUBMITTAL DATE:
July 16, 2013

SUBJECT: Approval of three Departmental Records Retention Schedules (DRRS)

RECOMMENDED MOTION: That the Board of Supervisors approve the attached Departmental Records Retention Schedules (DRRS) for the County Executive Office, TLMA's Transportation, and Public Health's Community Outreach and direct the Clerk of the Board to amend the list of Board-approved records retention schedules contained in Section D.7 of Board Policy A-43 to include these schedules.

BACKGROUND: In accordance with the provisions of Policy A-43, approved on January 13, 2004, the Records Management and Archives Program (RMAP) worked with the County Executive Office and the offices of Risk Management, Auditor-Controller and County Counsel to review and update the County General Records Retention Schedule and the Departmental Records Retention Schedules attached.

Approval of the attached schedules will authorize the disposal of certain records following minimum retention periods. This will enable the County to eliminate the storage and maintenance of obsolete materials while ensuring that administrative, fiscal, legal and other recordkeeping responsibilities are met.

Larry W. Ward
Assessor-County Clerk-Recorder

Introduction

This Departmental Records Retention Schedule (DRRS) for the County Executive Office is adopted as per the recommendations of Board Policy A-43 and supersedes the DRRS adopted December 7, 2010 as agenda #3.4.

This schedule is written with general titles and descriptions rather than identifying specific individual documents or forms. A record with content and function that is substantially the same as an item described in this schedule should be considered covered by that series. This retention schedule indicates the length of time that listed records, regardless of media or format, must be retained by the Executive Office before disposition may be implemented. These retention requirements are recommended in order to reduce the costs for the storage and maintenance of records while ensuring that administrative, fiscal, legal and other recordkeeping responsibilities are met.

Records, including copies held for convenience or reference, must be disposed of as directed herein at the close of the official retention period. A full justification for any request to extend the retention period for a particular group of records must be submitted in writing to the Records Management and Archives Program (RMAP) as stated by Board Policy A-43, Section D.5.

If a federal or state statute or regulation specifies a longer retention period for any records series received, created, or maintained by the department, the statute or regulation overrides this schedule and the department must amend its records retention schedule as soon as practicable. In addition, a record may not be destroyed if notice of litigation, audit, open records request, etc. is received prior to the expiration of the retention period. For records held for audit purposes, the Auditor Controller's Office, or appropriate auditing authority, will notify the department once the audit is complete. In the event a lawful claim or a lawsuit is made against the county of Riverside, the Executive Office will suspend destruction of the subject records until all issues of the matter are resolved. Further, if the Executive Office is notified by County Counsel or Human Resources to put documents on hold due to a claim or other legal proceeding, the Executive Office will suspend any records destruction of the identified documents. (Board Policy A-43 § D.10)

The Executive Office will maintain the requested records until the close of litigation or proceedings plus an additional ten (10) years. The Executive Office is responsible for ascertaining the correct date of closure in order to establish this ten (10) year retention period. Furthermore, the Executive Office is responsible for establishing appropriate procedures to ensure that records are retained for the period of time mandated and that the records remain accessible as required.

Explanation of Fields

Record Series Codes: The Record Series Code is assigned by RMAP. The code is alphanumeric and uniquely identifies the Record Series Title regardless of the schedule it occupies enabling the Record Series to be tracked within the master index system.

Record Series Title: The Record Series Title identifies a group of similar records generally produced or utilized for similar business needs allowing them to be evaluated as a group for retention scheduling purposes.

Record Series Description: A description of the Record Series Title that includes examples, not an exhaustive list, of the record types found within the group.

Official Record Retention: The length of time that the Copy of Record must be kept based upon the legal minimum requirement as well as any operational or business need. All other copies must be disposed of at the end of the retention period. For example, departmental copies held for convenience or reference must be destroyed at the close of the retention period or when no longer needed to support normal business operations, whichever is earlier.

Citation / Rationale: The legal citation or operational/business reason for retaining the Copy of Record for the period specified.

Final Disposition: The recommended final status or arrangement for the Copy of Record, usually disposed of by recycling, confidential shredding or transfer to the County of Riverside Archives as determined through best practice.

Explanation of Codes

Best Practice = Best Practice determined through business and government agency benchmarks.

CCP = California Code of Civil Procedure

CFR = Code of Federal Regulations

CL = Closed, which will also mean after final resolution (as in an inquiry or litigation) after expiration (as in a contract) after final payment, upon completion of participation in a program, etc. A record is considered "closed" when no further action is pending or required.

CU = (While) Current

CY = Calendar year end

FY = Fiscal year end

GC = California Government Code

P = Permanent

T = Termination (of employment, of use, i.e. of a product or piece of equipment, of a benefit or plan)

Record Series

Code	Title	Description	Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
CEO - CEO100	Bonds - revenue	Records related to the issuing of bonds which are secured by land or lease revenue to finance various County projects. Projects include capital projects, building acquisitions, transportation or similar projects. Records series may include the bond issue, agreements, expenditures, investments, reports and any other supporting documentation.	County Executive Office	CL + 7	CCP 349.2; Audit Support	Shred/Delete
CEO - CEO150	County Augmentation Agreements	Records related to or resulting from a County Augmentation Agreement. Depending upon the terms of the agreement, records series may include the signed contract, correspondence, fiscal projections, payment receipts and any other documentation required by contract.	County Executive Office	CL + 7	CCP 337; Audit support	County Archives
CEO - CEO200	Internal Service Fund (ISF) Rates Annual Submission Package	County fee packages submitted by ISF departments in support of annual fee approval. Records are maintained as backup documentation for rates submitted to the Board of Supervisors for approval. They also serve to establish a fee inventory and consolidated ordinance.	County Executive Office	FY + 7	GC 26202; Audit Support	Shred/Delete
CEO - CEO250	Mobile Home Petitions and Case Files	Records related to cases filed on behalf of mobile home park owners and/or residents. Records series may include those petitions made in accordance with County of Riverside Ordinance 760.2 and supporting documents including lease agreements if part of the case file.	County Executive Office	CL + 4	CCP 337; Best Practice	Shred/Delete

Record Series		Description	Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
Code	Title					
CEO - CEO300	Mobile Home Registration Forms	Records documenting the yearly registration of mobile home parks within the County of Riverside. Documentation is maintained in accordance with County Ordinance 760.2.	County Executive Office	FY + 2	GC 26202	Shred/Delete
CEO - CEO350	Personnel Files	Confidential records documenting the hiring process, salary and annual reviews for County agency directors, department heads, Executive Office staff and Special Districts.	County Executive Office	T + 75	GC 26202; Best Practice	Shred/Delete
Developer, Mitigation, Developer Agreement and Developer Impact Fees (DM, DA and DIF)						
CEO - CEO450	Capital Improvement Annual Call	Annual request for project expenses related to DIF Funds. Records series includes correspondence, reports and spreadsheets. This information is used to prepare the Development Fees Annual Report and support the Nexus study.	County Executive Office	FY + 7	GC 26202; Audit Support	Shred/Delete
CEO - CEO500	Development Fees Annual Report	Annual report completed in accordance with GC 66006 providing full disclosure to the public of the imposition and use of developer impact fees. Records series includes the Submittal to the Board of Supervisors (Form 11).	Clerk of the Board	CY + 2	GC 26202; Best Practice	County Archives
CEO - CEO550	Development Fees Monthly Report	Reports distributed monthly to the Board of Supervisors and County departments reflecting balances and expenditures of development funds. This report is also used to complete the Development Fees Annual Report.	County Executive Office	CL + 7	GC 26202; Audit Support	Shred/Delete
CEO - CEO600	Development Fees Monthly Report - supporting documents (DM/DA)	Records related to developer mitigation or development agreement fees and used to create or support the Development Fees Annual Report. Records series may also include proof of monthly reconciliation and monthly financial reports. These records are tied to the agreement for which the fees are collected and are closed once the funds are spent.	County Executive Office	CL + 7	GC 26202; Audit Support	Shred/Delete

Record Series		Description	Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
Code	Title					
CEO - CEO650	Development Fees Monthly Report - supporting documents (DIF)	Records used to create or support the Development Fees Annual Report. Records series may also include proof of monthly reconciliation and monthly financial reports. These records are tied to the developer impact fees. Though a project may close, the fees collected, if not used, are rolled over. Fee collection records must therefore be maintained until all of the fees collected are expended.	County Executive Office	CL + 7	GC 26202; Audit Support	Shred/Delete
National Pollutant Discharge Elimination System (NPDES)						
CEO - CEO700	Benefit Assessment Area Engineering Reports	NPDES Area Engineering Report received or prepared in accordance with the Benefit Assessment Act of 1982. (Also article 13D or the constitution) Records series may include reports for the Santa Ana, Santa Margarita and Whitewater watersheds.	Riverside County Flood Control District	CU + 2	GC 262042	Shred/Delete
CEO - CEO750	Lake Elsinore San Jacinto Watersheds Authority (LESJWA) Operation and Maintenance Agreements	Records supporting agreements made between the County of Riverside and the entities that make up the Lake Elsinore San Jacinto Watersheds Authority (LESJWA). Records series includes agreements signed by various parties including the County, approved Submittals to the Board of Supervisors (Form 11s), operation and maintenance agreements, committee and meeting minutes, correspondence and fiscal documentation.	Riverside County Flood Control District and County Executive Office	CL + 5	GC 26202; LESJWA Agreement & policy	County Archives
CEO - CEO800	National Pollutant Discharge Elimination System (NPDES) - Grant Administration Documents	NPDES grant administration files for San Jacinto River Watershed Improvement Project - Prop 13 Watershed Protection Program	County Executive Office	CL + 35	GC 26202; Prop 13 Amended Grant Agreement # 04-203-558-2	County Archives

Record Series		Description	Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
Code	Title					
CEO - CEO850	National Pollutant Discharge Elimination System (NPDES) - Permit Administration Documents	NPDES permit administration records and annual reports that are required by the permit. Records series may include the permit application and supporting materials, the approved permit, correspondence, required annual report and its supporting materials.	Riverside County Flood Control District and County Executive Office	CL + 5	40 CFR 122.41(j)(2)	County Archives
CEO - CEO900	Stormwater Management Plan - Santa Margarita Region	Jurisdictional Urban Runoff Management Plan (JRMP) for the County as required by the Santa Margarita Region Permit.	County Executive Office	CL + 5	Order No. R9-2010-016; GC 26202	County Archives

Introduction

This Departmental Records Retention Schedule (DRRS) for the Transportation and Land Management Agency, Transportation Department (TRANS) is adopted as per the recommendations of Board Policy A-43 and the DRRS adopted January 10, 2012 as agenda item #3.10.

This schedule is written with general titles and descriptions rather than identifying specific individual documents or forms. A record with content and function that is substantially the same as an item described in this schedule should be considered covered by that series. This retention schedule indicates the length of time that listed records, regardless of media or format, must be retained by Transportation before disposition may be implemented. These retention requirements are recommended in order to reduce the costs for the storage and maintenance of records while ensuring that administrative, fiscal, legal and other recordkeeping responsibilities are met.

Records, including copies held for convenience or reference, must be disposed of as directed herein at the close of the official retention period. A full justification for any request to extend the retention period for a particular group of records must be submitted in writing to the Records Management and Archives Program (RMAP) as stated by Board Policy A-43, Section D.5.

If a federal or state statute or regulation specifies a longer retention period for any records series received, created, or maintained by the department, the statute or regulation override this schedule and the department must amend its records retention schedule as soon as practicable. In addition, a record may not be destroyed if notice of litigation, audit, open records request, etc. is received prior to the expiration of the retention period. For records held for audit purposes, the Auditor Controller's Office, or appropriate auditing authority, will notify the department once the audit is complete. In the event a claim or a lawsuit is made against the county of Riverside, Transportation will suspend destruction of the subject records until all issues of the matter are resolved. Further, if Transportation is notified by County Counsel or Human Resources to put documents on hold due to a claim or other legal proceeding, Transportation will suspend any records destruction of the identified documents. (Board Policy A-43 § D.10)

Transportation will maintain the requested records until the close of litigation or proceedings plus an additional ten (10) years. Transportation is responsible for ascertaining the correct date of closure in order to establish this ten (10) year retention period. Furthermore, Transportation is responsible for establishing appropriate procedures to ensure that records are retained for the period of time mandated and that the records remain accessible as required.

Explanation of Fields

Record Series Codes: The Record Series Code is assigned by RMAP. The code is alphanumeric and uniquely identifies the Record Series Title regardless of the schedule it occupies enabling the Record Series to be tracked within the master index system.

Record Series Title: The Record Series Title identifies a group of similar records generally produced or utilized for similar business needs allowing them to be evaluated as a group for retention scheduling purposes.

Record Series Description: A description of the Record Series Title that includes examples, not an exhaustive list, of the record types found within the group.

Official Record Retention: The length of time that the Copy of Record must be kept based upon the legal minimum requirement as well as any operational or business need. All other copies must be disposed of at the end of the retention period. For example, departmental copies held for convenience or reference must be destroyed at the close of the retention period or when no longer needed to support normal business operations, whichever is earlier.

Citation / Rationale: The legal citation or operational/business reason for retaining the Copy of Record for the period specified.

Final Disposition: The recommended final status or arrangement for the Copy of Record, usually disposed of by recycling, confidential shredding or transfer to the County of Riverside Archives as determined through best practice.

Explanation of Codes

Best Practice = Best Practice determined through business and government agency benchmarks.

CY = Calendar year end

FY = Fiscal year end

CCP = California Code of Civil Procedure

GC = California Government Code

Form 290 for compaction test and Form RD 181 for maximum density/optimum moisture determination.		Materials Lab	CL + 10	CCP 337.15	Shred/Delete
TRANS-MAT 150	Mix Designs	Records related to approved asphalt and concrete mix designs for development and capital projects. These designed show proportions of materials, aggregate properties, Portland cement and asphalt binder properties, and aggregate grading compliance.		Materials Lab	CL + 10	CCP 337.15	Shred/Delete
TRANS-MAT 200	Plant Inspection	Records related to asphalt and concrete plant inspection results for aggregates, asphalt binder, Portland cement, stockpiles, and temperature of asphalt and concrete. Certification and verification of weigh scales and inspection of lab, control room, and entire plant facility.		Materials Lab	CL + 10	CCP 337.15	Shred/Delete
TRANS-MAT 250	Radiation Safety Files - Current Equipment and Personnel	Radiation safety files for current radiological license documents, personnel training forms, personnel protective badges, nuclear gauge leak test results, gauge inventory and calibration, and radiation safety program plan.		Materials Lab	Expiration of Certificate + 3	10 CFR Part 34 subpart E; 10 CFR 20.2102(b)	Shred/Delete
TRANS-MAT 300	Radiation Safety Files - Returned equipment and former personnel	Radiation safety files for sign on/off notification form for former personnel (original form submitted to State of CA Radiologic Health Branch). Purchase and disposal / returned form of nuclear gauge for returned equipment.		Materials Lab	CY + 10	10 CFR Part 34 subpart E; 10 CFR 20.2102(b); Best Practice	Shred/Delete

Code		Record Series		Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
Title	Description						
TRANS-MAT 350	R-Value Tests	R-Value test results and calculations for subgrade soil and aggregate base showing compliance with specs for development and capital projects. Includes graphs and charts for determining exudation pressure and measurement of R-value per Caltrans CTM 301.	Materials Lab	CL + 10	CCP 337.15	Shred/Delete	
TRANS-MAT 400	Structural Sections	Records related to structural sections for streets in development and capital projects. Includes memos to developers, public agencies and design division with location maps identifying Traffic Index, R-value, and asphalt and aggregate base thicknesses.	Materials Lab	CL + 10	CCP 337.15	Shred/Delete	
National Pollution Discharge Elimination System (NPDES)							
TRANS-NPDES 100	Municipal Storm System	Files supporting the mapping of our storm water conveyance system for the Regional Boards, such as files pertaining to the location of facilities, characteristics, and inventory information.	Water Quality Program-Agency Administrator	P	Best Practice	Dept.	
TRANS-NPDES 150	Special Program - National pollutant Discharge Elimination System (NPDES) - Construction Related	Documentation supporting best management practice, notice of intent, post construction management and storm water production prevention plans.	Capital Project Development	CY + 5	40 CFR 122.41(j)	Shred/Delete	
TRANS-NPDES 200	Special Program - National Pollutant Discharge Elimination System (NPDES) - On-going compliance / post-construction related	Documentation supporting: Permanent or on-going Best Management Practice; Post-Construction Management; reporting and training.	Construction / Maintenance Vault	P	Best Practice	County Archives	
TRANS-NPDES 250	National Pollution Discharge Elimination System - Reporting	Annual Reports, and accompanying data that substantiates information reported such as training forms, monitoring reports, construction site information, and catch basin cleaning information.	Water Quality Program-Agency Administrator	FY + 5	40 CFR 122.42 (e)(2)	Shred/Delete

TRANS-SUR 300	Land Developing and Map Checking - Tract/Final Maps	Tract/Final Tract Maps are recorded with the County Recorder with a copy on file with the County Surveyor. Records series includes Environmental Constraint sheets (on file with the County Surveyor). (A subdivision map prepared in compliance with the Subdivision Map Act, Article 2 of Chapter 2, and approved in compliance with the Subdivision Map Act, Article 4 of Chapter 3.)		County Surveyor, Clerk of the Board, County Recorder	P	GC 27556 - County Surveyor to be Ex Office Deputy Recorder; Best Practice	Dept.
TRANS-SUR 350	Land Development and Map Checking - Parcel Maps	Parcel Maps recorded with the County Recorder. Records series includes Environmental Constraint sheets (on file with the County Surveyor). (A subdivision map prepared in compliance with the Subdivision Map Act, Article 3 of Chapter 2, and approved in compliance with the Subdivision Map Act, Article 5 of Chapter 3.)		County Surveyor, Clerk of the Board, County Recorder	P	GC 27556 - County Surveyor to be Ex Office Deputy Recorder; Best Practice	Dept.

Code		Record Series		Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
Code	Title	Description					
TRANS-SUR 400	Land Development and Map Checking - Minor Land Actions	Lot Line Adjustments, Parcel Mergers, Certificates of Compliance have final documents recorded with the County Recorder. (These projects are Planning Applications so Planning has the primary file.) Records related to planning applications to determine the legality of a parcel of land, or to merger 4 or less adjacent parcels of land under common ownership, or to adjust the internal lines of 4 or less adjacent legal parcels of land; all resulting in a recorded document.		Planning, County Surveyor, County Recorder	P	Best Practice	Dept.
TRANS-SUR 450	Land Development and Map Checking - Records of Survey	Records of Survey are recorded with the County Recorder and are a record of a field survey made in conformity with the practice of land surveying by a licensed Land Surveyor or qualified licensed Engineer.		County Surveyor, County Recorder	P	GC 27556 - County Surveyor to be Ex Officio Deputy Recorder; Best Practice	Dept.
TRANS-SUR 500	Unrecorded Survey Related Documents	Improvement Plans, Survey Field Notes, Street Ties, Bench Marks, Assessment District Maps, Official Maps, Monumentation Maps, Micro Jackets, Abstracts, Road Abstracts, Tube Files, Co. Right-of-Way and P&P Maps, and State Hwy Maps		County Surveyor	P	Historical/Best Practice	Dept.
Traffic Engineering (TE)							
TRANS-TE 100	Area Files	Documents consist of original letters from the public requesting reviews and our responses. Misc. documents relating to specific locations in the County. Documents were filed based on the Transportation Department Road Map book page number.		Traffic Engineering	CY + 10	GC 26202; Best Practice	Shred/Delete
TRANS-TE 150	CHP Traffic Collision Reports or Accident Reports	Created by CHP, traffic collision reports are analyzed to improve traffic safety on County maintained roadways. Reports also assist in the defense of lawsuits and to bill responsible parties for damage to County property.		Traffic Engineering	CY + 10	GC 26202; Best Practice	Shred/Delete

Code		Title	Record Series Description	Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
TRANS-TE 200	General Files	General information regarding County maintained roadways Riverside County Transportation Department field work, misc. completed studies, agreements, school districts, crossing guard information.	Traffic Engineering	CY + 10	GC 26202; Best Practice	Shred/Delete	
TRANS-TE 250	Installation Orders, Markings and Signs	(RD Form 164) These are used by staff to order various pavement markings and roadway signs through the Paint & Sign shop. Records usually correspond with SRF's and provide written documentation for use by operational and maintenance staff to aid in day-to-day activities, including labor/supply budgets and scheduling of work. Documentation lists date and location of pavement markings and roadway signs installation. Also called I/O's, file also includes forms and maps that are filed by year, maintenance district number, and then by date order. Records provide written documentation and require permanent retention due to ongoing need to defend the county in all legal proceedings regarding the installation of the pavement markings and roadway signs.	Traffic Engineering	P	GC 26202; CCP 337.15	Dept.	
TRANS-TE 300	Ordinances; Speed Zone (Ordinance #452)	Board approved ordinances and maps of speed zones (other than prima facie) on County roadways. Zones are reviewed by Transportation Dept. staff and recommendations are submitted to the Board for approval. Recommendation is based on results of Engineering and Traffic Survey (E&TS), which is required on all speed zones in order to be radar-enforceable by the CHP. Filed numerically by ordinance number in a 3-ring binder. Records require permanent retention to maintain accurate records due to ongoing establishment of new speed zones and amendments of existing speed zones.	Clerk of the Board	P	Best Practice	Dept.	
TRANS-TE 350	Radar Speed Zones	Forms, maps, field data sheets, etc., used to establish legal speed zones that are enforceable by the CHP using radar. The proposed speed zone is submitted to the Board of Supervisors for ordinance approval. Zones are valid and legally enforceable by CHP for 7 years or up to 10 years if certain conditions are met, then road must be re-surveyed.	Traffic Engineering	CY + 10	GC 26202; CCP 337.15; Best Practice	Shred/Delete	

Code		Record Series		Copy of Record	Official Record Retention	Citation / Rationale	Final Disposition
Title		Description					
TRANS-TE 400	Resolution 413 (Ordinance 413: Regulating Vehicle Parking)	Records series includes Board-approved resolutions and map(s) of no parking, no stopping, loading, limited time, et al, zones. More recent resolutions in this file include a copy of the Form 11a (Board Submittal). Records require a permanent retention to maintain accurate records and due to on-going establishment of new restricted parking zones & amendments of existing restricted parking zones. Filed numerically by resolution number. Includes Form 11's, resolutions, and maps.	Traffic Engineering	P	GC 26202; Best Practice	Dept.	
TRANS-TE 450	Service Request Forms	Form is used to track and record requests from the public and/or other departments/agencies for engineering reviews on County roadways. Provides basic information for engineering staff to determine what traffic control devices are appropriate. Hard copy and attached data may be used as background documentation of dates and type of work performed, devices installed, date of installation, any correspondence or reports written pertaining to that particular request, and any action taken. There are record of engineering reviews made by department, which are used in County's defense when needed. Records allow a more adequate defense of the County in event of litigation.	Traffic Engineering	CY + 10	GC 26202; CCP 337.15; Best Practice	Shred/Delete	
TRANS-TE 500	Traffic Project Files	General information regarding on-going or completed traffic signal or construction projects by the engineering staff.	Traffic Engineering	CL + 10	GC26202; Best Practice	Shred/Delete	

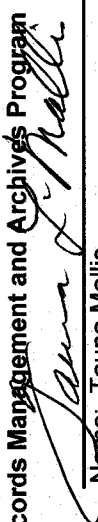

COUNTY OF RIVERSIDE RECORDS RETENTION SCHEDULE

Department / Agency:	Transportation Department / Transportation and Land Management Agency	Schedule Type: Departmental Records Retention Schedule (DRRS)
Division:	ALL	Schedule #: DRRS_TRANS_2013_Rev02

 Title: Risk Manager
 Date: 6-24-13

**County of Riverside, California
Departmental Records Retention Schedule
(DRRS_PH-CO_2013_Rev03)**

Enacted pursuant to Board of Supervisors, County of Riverside Resolution No. 2004-044, "Pertaining to the Retention and Destruction of County Records," and Board of Supervisors, County of Riverside Policy A-43: "County Records Management and Archives Policy."

Inquiries or comments regarding this schedule should be directed to:

County of Riverside
Records Management and Archives Program (RMAP)
PO Box 472
Riverside, CA 92502
951-486-7151
(County Mail Stop 2625)

Introduction

This Departmental Records Retention Schedule (DRRS) for the Department of Public Health's Community Outreach Division is adopted as per the recommendations of Board Policy A-43 and supersedes the DRRS adopted December 10, 2010 as item #3.4.

This schedule is written with general titles and descriptions rather than identifying specific individual documents or forms. A record with content and function that is substantially the same as an item described in this schedule should be considered covered by that series. This retention schedule indicates the length of time that listed records, regardless of media or format, must be retained by Community Outreach before disposition may be implemented. These retention requirements are recommended in order to reduce the costs for the storage and maintenance of records while ensuring that administrative, fiscal, legal and other recordkeeping responsibilities are met.

Records, including copies held for convenience or reference, must be disposed of as directed herein at the close of the official retention period. A full justification for any request to extend the retention period for a particular group of records must be submitted in writing to the Records Management and Archives Program (RMAP) as stated by Board Policy A-43, Section D.5.

If a federal or state statute or regulation specifies a longer retention period for any records series received, created, or maintained by the department, the statute or regulation override this schedule and the department must amend its records retention schedule as soon as practicable. In addition, a record may not be destroyed if notice of litigation, audit, open records request, etc. is received prior to the expiration of the retention period. For records held for audit purposes, the Auditor Controller's Office, or appropriate auditing authority, will notify the department once the audit is complete. In the event a lawful claim or a lawsuit is made against the county of Riverside, Community Outreach will suspend destruction of the subject records until all issues of the matter are resolved. Further, if Community Outreach is notified by County Counsel or Human Resources to put documents on hold due to a claim or other legal proceeding, Community Outreach will suspend any records destruction of the identified documents. (Board Policy A-43 § D.10)

Community Outreach will maintain the requested records until the close of litigation or proceedings plus an additional ten (10) years. Community Outreach is responsible for ascertaining the correct date of closure in order to establish this ten (10) year retention period. Furthermore, Community Outreach is responsible for establishing appropriate procedures to ensure that records are retained for the period of time mandated and that the records remain accessible as required.

Explanation of Fields

Record Series Codes: The Record Series Code is assigned by RMAP. The code is alphanumeric and uniquely identifies the Record Series Title regardless of the schedule it occupies enabling the Record Series to be tracked within the master index system.

Record Series Title: The Record Series Title identifies a group of similar records generally produced or utilized for similar business needs allowing them to be evaluated as a group for retention scheduling purposes.

Record Series Description: A description of the Record Series Title that includes examples, not an exhaustive list, of the record types found within the group.

Official Record Retention: The length of time that the Copy of Record must be kept based upon the legal minimum requirement as well as any operational or business need. All other copies must be disposed of at the end of the retention period. For example, departmental copies held for convenience or reference must be destroyed at the close of the retention period or when no longer needed to support normal business operations, whichever is earlier.

Citation / Rationale: The legal citation or operational/business reason for retaining the Copy of Record for the period specified.

Final Disposition: The recommended final status or arrangement for the Copy of Record, usually disposed of by recycling, confidential shredding or transfer to the County of Riverside Archives as determined through best practice.

Explanation of Codes

Best Practice = Best Practice determined through business and government agency benchmarks.

CL = Closed, which will also mean after final resolution (as in an inquiry or litigation) after expiration (as in a contract) after final payment, upon completion of participation in a program, etc. A record is considered "closed" when no further action is pending or required.

CCR = California Code of Regulations

DOH = Department of Health

GC = California Government Code
