Chairman of the Board of Supervisors to execute the contract documents; and

4. Approve the project's proposed budget as shown on Attachment A.

BACKGROUND: By Minute Order dated April 2, 2013 (Agenda Item 3.10), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of a traffic signal and street improvements at the intersection of Cajalco Road and Alexander Street in the Mead Valley area.

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the specifications and special provisions. Bidders are required to acknowledge and take into account all issued addenda on their Contractor's Proposal. The addendum was issued to clarify and modify the approved contract documents. The addendum is attached and designated as Addendum No. 1.

Bids for the project were opened in the office of the Director of Transportation and Land Management at 2:00 p.m., Wednesday, May 1, 2013. Nine bids were received, ranging from \$306,303 to \$369,714. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by PTM General Engineering Services, Inc. of Riverside, CA in the amount of \$306,303, which is \$3,616 (1.2%) below the Engineer's Estimate.

The proposed traffic signal will improve traffic operation and safety by providing protected traffic movements and pedestrian crossings.

Funding for construction of these improvements is being provided in part from Federal Highway Safety Improvement Program funds for which the County successfully competed.

Annual traffic signal operation and maintenance costs are estimated at \$5,500 to be funded from gas tax.

The contractor is qualified to perform the work as outlined in the bid and has executed the contract and provided bonds and insurance documents, which meet the requirements of the contract.
