SUBJECT: First Amendment to the Loan Agreement between the County of Riverside and the City of Canyon Lake for the Improvements to Railroad Canyon Road

RECOMMENDED MOTION: That the Board of Supervisors:

- 3) Direct the Executive Office to administer the loan agreement.

BACKGROUND: On April 29, 2003 (Minute Order 3.39), the Board of Supervisors approved a cash loan in the amount of \$1,000,000 in development agreement funds to the City of Canyon Lake for the improvements to Railroad Canyon Road to be repaid over ten years.

Since the 2003 loan, \$607,983 has been repaid to the County in the form of cash and the transfer of the City's State Park and Community Development Block Grant allocations for the construction of public facilities. The balance of the loan, in the amount of \$392,016.54 was due June 30, 2013. The Board extended this loan due date to August 30, 2013 (Item 3-1 of 6/25/13) to allow the City and County to work out an amendment to the loan agreement.

The City and the County have negotiated an amendment to the loan agreement which will extend the loan term seven (7) years to October 15, 2019. Starting on October 15, 2013, the City will repay the County from its Riverside County Transportation Commission (RCTC) Measure A annual allocation to be used for transportation projects. In addition, a one-time deposit of the City's accumulated K-Rat fee collection will be paid in Year 1.

The loan agreement will ensure that the County is repaid in full within the loan terms. The Executive Office will administer the loan agreement and track the loan payments.

CERTIFICATION STATEMENT**

The undersigned agrees and certifies for the city of Canyon Lake (the "Agency") that sales tax transportation funds received pursuant to Ordinance No. 02-001 of the Riverside County Transportation Commission ("Measure A") shall be used in compliance with the Commission's Maintenance of Effort Guidelines and a base year amount of \$28,873, approved by the Commission at its July 13, 2011 meeting, and that the Agency shall not use such funds to replace discretionary local funds previously expended by the Agency for local transportation purposes. The Agency hereby acknowledges that the failure of the Agency to continue such local expenditure shall result in a reduction or loss of Measure A funds. Additionally, the Agency commits to expending Measure A Local Streets and Roads funds for projects listed in the Five Year Capital Improvement Plan as approved by Riverside County Transportation Commission.

ATTEST:

SECRETARY

FY 2013/14 MOE Certification Statement

The Measure A Ordinance requires annual certification that discretionary General Fund expenditures for transportation-related construction and maintenance activities for Fiscal Year 2013/2014 will meet or exceed the MOE Base Year amount and commitment to expending Measure A Local Street and Roads funds to projects identified in the agency's Five-Year CIP. Funds withheld from a local agency for failure to meet its MOE Base Year requirement will be redistributed in accordance with Ordinance No. 02-01 within the Measure A area in which the agency is located (Western County, Coachella Valley, or Palo Verde Valley). The MOE Certification Statement (Attachment C) is only required from agencies that were incorporated before July 1, 2009, and have an approved MOE base-year amount.

The MOE Certification Statement is one part of the MOE process. The Commission's auditor will perform agreed-upon procedures related to Measure A following the end of the fiscal year. At that time, the fiscal year's actual MOE expenditures will be compared to the MOE base year and the local agency will be required to provide a summary of that fiscal year's MOE expenditures in a format consistent with the MOE base year format.

Project Status Report

The Commission must also receive a Project Status Report (sample format included as Attachment D) on the FY 2012/2013 CIP projects. The purpose of this report is to document progress to date on engineering, right-of-way acquisition, and construction; problems encountered; and expected completion date.

Submittal Deadlines

The timeline for approval of the Five-Year CIP is as follows:

- **Monday, May 13, 2013** - Submit the Five-Year CIP, MOE Certification Statement, and Project Status Report, Attention: Shirley Medina
- **June/July 2013** – Commission review and approval of Five-Year CIP
- **September 2013** – First disbursement of FY 2013/14 Measure A funds

No Measure A disbursements can be made for the fiscal year until the Commission has received and approved a Five-Year CIP and MOE certification. Note that local agencies that incorporate after July 1, 2009, will use the third year after incorporation to determine the MOE base year amount and will submit their first MOE certification statement for the fourth fiscal year after incorporation.

If you need assistance or have any questions, please feel free to contact Theresia Trevino (Measure A revenue projections) or Shirley Medina (MOE/CIP) at (951) 787-7141.
