SUBJECT: Approve contract agreements with 2 contractors for FY 2013/2014 (from 07/01/2013 through 09/30/2013) covering senior services in Riverside County and allow Purchasing Agent to enter into contract amendments with Senior Service Providers.

BACKGROUND: (continued)

The California Department of Aging (CDA) has mandated that the Federal Sequestration Reductions be realized within the Federal Fiscal Year to which they correspond. As a result the State FY 2013-14 contracts and budgets are being broken into two separate periods: 1) July 1, 2013 through September 30, 2013; and 2) October 1, 2013 through June 30, 2014. This Form 11 covers two (2) contracts with the Office on Aging service providers for the first three-month period: from July 1, 2013 through September 30, 2013. The service provider contracts, and the related Form 11, for the nine-month period from October 1, 2013 through June 30, 2014 will be submitted separately.

The RFP process requires a public process in which the Riverside County Office on Aging requests potential contractors to bid for senior services in Riverside County through an intense process. Bidders who have been determined to be the most responsive and responsible by the evaluation panel and that meet all of the requirements necessary to successfully perform under the contract are recommended for approval by the Board of Supervisors. These agreements covering the period July 1, 2013 through September 30, 2013, in the reimbursable amount of \$45,856.00 will continue vital services to frail seniors in Riverside County. These services target seniors in Riverside County that need: Title III B Personal Care and Homemaker Services; and Title III B Legal Services.

Form 11 Attachment A1 gives an overview of service providers, program and service descriptions, and total contract amounts per service provider. More descriptive information regarding the contractors and services to be performed are located in each contractor agreement under Attachment A (Scope of Work). This provides program specifications including definitions of service, unit costs if applicable, and methods of service delivery for each contractor.

These programs are funded by the Older Americans Act and Older Californians Act, and support the goals and objectives of the Office on Aging's Four-year Strategic Plan: Focusing on a Healthy Tomorrow. Our strategic plan was approved by the Office on Aging Advisory Council on March 14, 2012 and by the Board of Supervisors on May 1, 2012, Agenda Number 2.9. Our strategic plan update was approved by the Office on Aging Advisory Council in March 2013 and by the Board of Supervisors on April 30, 2013, Agenda Number 2.6.

SUBJECT: Approve contract agreements with 2 contractors for FY 2013/2014 (from 07/01/2013 through 09/30/2013) covering senior services in Riverside County and allow Purchasing Agent to enter into contract amendments with Senior Service Providers.

BACKGROUND: (continued)

The Office on Aging respectfully requests that the Board of Supervisors allow Purchasing Agent to enter into contract amendments with Senior Service Providers to transfer funding amounts between service providers as needed, and to increase funding amounts not to exceed 10% of the aggregate budget in order to meet service needs. Approval by the Board of Supervisors of this recommended motion would allow the Office on Aging to efficiently expedite contract budget adjustments to deliver much needed services to the community in a timely manner, while minimizing the costs associated with processing Form 11's.

Total FY 2013/2014 (from 07/01/2013 through 09/30/2013) contract allocations of \$45,856.00 would allow for a maximum of \$4,586.00 in increases of funds.

The Office of County Counsel has approved these agreements as to form.

Financial Impact: No additional County funds requested.

- New service launched to address growing problem for US Seniors and their families. COLUMBUS, OHIO, SAN FRANCISCO and LOS ANGELES, CALIFORNIA...
- As the national trend of seniors staying in their homes longer (aging-in-place) continues, a new often overlooked risk has emerged. At its root lies the fact that in most cases neither the seniors nor their families have the knowledge or experience necessary to recognize when the senior's declining condition is putting them in danger. Far too often that recognition comes only after they suffer serious injury.

ComForcare Home Care Services-Riverside County

- To address this growing problem, a first of its kind service - Senior Watch Calling - has been introduced by Connect 4 Healthcare, LLC in cooperation with ComForcare Senior Services of San Francisco and Los Angeles.
- The service represents a new and much needed addition to the care options available to seniors and their families by combining brief, frequent personal telephone checks performed by senior care professionals with regular in-home, safety and health assessments. After each call and home visit, a status updates is posted to the client's private web page and senior-approved family members and related health professionals are automatically notified by email and text message that they are available for immediate review.
- This combination of frequent and ongoing professional assessment and the use of current technologies to keep both the family and related health professionals up-to-date, promises to improve the safety of those seniors that receive the service. Of particular importance in today's economic environment, the service is a fraction of the cost of either traditional in-home or residential care.
- "I've been involved in Senior care for more than 15 years." said Lisa Blaskie RN/BSN, and owner of the ComForcare agencies. "With more seniors choosing to age-in-place Senior Watch Calling bridges a very real, very dangerous gap in the current care continuum. "The signs of a decline in health and ability that put seniors at real risk of accident or injury are sometimes too subtle to be recognized by the untrained observer. Other times they are obvious but ignored because the senior and their family doesn't want to see them. The warning signs are missed, they wait too long to act and something bad happens. Senior Watch Calling is the perfect solution."

- New service launched to address growing problem for US Seniors and their families. COLUMBUS, OHIO, SAN FRANCISCO and LOS ANGELES, CALIFORNIA...
- As the national trend of seniors staying in their homes longer (aging-in-place) continues, a new often overlooked risk has emerged. At its root lies the fact that in most cases neither the seniors nor their families have the knowledge or experience necessary to recognize when the senior's declining condition is putting them in danger. Far too often that recognition comes only after they suffer serious injury.

ComForcare Home Care Services-Riverside County

- To address this growing problem, a first of its kind service - Senior Watch Calling - has been introduced by Connect 4 Healthcare, LLC in cooperation with ComForcare Senior Services of San Francisco and Los Angeles.
- The service represents a new and much needed addition to the care options available to seniors and their families by combining brief, frequent personal telephone checks performed by senior care professionals with regular in-home, safety and health assessments. After each call and home visit, a status updates is posted to the client's private web page and senior-approved family members and related health professionals are automatically notified by email and text message that they are available for immediate review.
- This combination of frequent and ongoing professional assessment and the use of current technologies to keep both the family and related health professionals up-to-date, promises to improve the safety of those seniors that receive the service. Of particular importance in today's economic environment, the service is a fraction of the cost of either traditional in-home or residential care.
- "I've been involved in Senior care for more than 15 years." said Lisa Blaskie RN/BSN, and owner of the ComForcare agencies. "With more seniors choosing to age-in-place Senior Watch Calling bridges a very real, very dangerous gap in the current care continuum. "The signs of a decline in health and ability that put seniors at real risk of accident or injury are sometimes too subtle to be recognized by the untrained observer. Other times they are obvious but ignored because the senior and their family doesn't want to see them. The warning signs are missed, they wait too long to act and something bad happens. Senior Watch Calling is the perfect solution."
