TO: BOARD OF SUPERVISORS

Date: August 20, 2013

SUBJECT: Approve Memorandums of Understanding (MOUs) for the IHSS Dual Demonstration Project

RECOMMENDED MOTION (Continued):

4. Authorize the Purchasing Agent, in accordance with Ordinance No. 459, to exercise the renewal option, based on the availability of fiscal funding, and to sign amendments that do not change the substantive terms of the agreement, including amendments to the compensation provision that do not exceed the annual CPI rates.

BACKGROUND:

California State Welfare and Institutions Code (W&IC) section 14186.3(a) requires that In-Home Supportive Services (IHSS) be a Medi-Cal benefit available through managed care health plans in specified counties. The Legislature's intent is to provide IHSS as a managed care benefit, while counties continue to perform functions necessary for the administration of the IHSS program, including conducting assessments and determining authorized hours for recipients. The W&IC also requires that, as a managed care benefit, managed care health plans must administer the program, including entering into a Memorandum of Understanding (MOU) with each county where IHSS is provided as a managed care benefit.

Riverside County In-Home Supportive Services Public Authority (PA) works under the guidance of Riverside County Department of Public Social Services (DPSS). To fulfill this directive, DPSS and PA will enter into MOUs with Inland Empire Health Plan and Molina Healthcare of California, Partner Plan, Inc. to outline the overarching duties involved in setting up and maintaining this project. The managed care plans will provide IHSS as a benefit of managed care through a contract with the California Department of Health Care Services. DPSS will perform tasks related to the administration of the IHSS program, such as assessment, approval and authorization of initial and ongoing need for services, enroll IHSS providers and conduct provider orientation, pursue overpayment recovery and conduct other quality assurance functions. The PA will perform tasks related to the enhancement of the IHSS program, such as maintaining a registry of ready-to-work home care providers, performing Custodian of Records duties for all IHSS home care providers and administering access to health benefits for eligible providers.

These MOUs allow for the sharing of confidential client information between the managed care plans and DPSS, and the managed care plans and the PA, to promote shared understanding of the client's needs and ensure appropriate access to IHSS. Medi-Cal Personally Identifiable Information (PII) standards are passed on to the managed care plans in this MOU.

A separate Form 11 is being submitted to the PA Board of Directors for approval and signature for the PA contracts below.

FINANCIAL: There are no financial components to these agreements.
