### **RECOMMENDED MOTION: (Continued)**

3. Find that the additional work is due to unforeseen conditions, could not have been included in the original bid, and is integral to the project; bidding out the additional work would not produce an advantage and would cause the project to incur additional costs due to delay.

### **BACKGROUND:**

On February 26, 2002, the Board of Supervisors adopted Resolution 2002-77 (Item 3.5) which approved an inter-jurisdictional agreement among the County of Riverside, the City of Blythe, and the Blythe Redevelopment Agency. The City of Blythe's Redevelopment Project Area No. 1 includes territory throughout the City of Blythe as well as property located in the unincorporated area of the county. Pursuant to Resolution No. 2002-52, adopted on January 29, 2002, the Board of Supervisors designated the Blythe Redevelopment Agency to act as the lead agency for redevelopment activity proposed for the County of Riverside portion of the City of Blythe's redevelopment project area.

Pursuant to the inter-jurisdictional agreement, the tax increment attributable to the county portion of the City of Blythe's redevelopment project area (County Tax Increment) was distributed directly to the City of Blythe Redevelopment Agency. The City of Blythe and the County of Riverside jointly agreed upon capital projects for which the County Tax Increment would be used.

The Board of Directors of the Redevelopment Agency executed the construction contracts and related documents for redevelopment projects funded by the County Tax Increment. On October 5, 2010, the Board of Directors of the Redevelopment Agency (RDA) for the County of Riverside approved the award of the construction contract to Speiss Construction Company, Inc. (Speiss), for the Mesa Verde Blythe Airport Water System Improvements project (Project).

In addition to the retention release, Change Order No. 3 in the amount of \$356,000 is being submitted for approval. Change Order No. 3 addresses unforeseen conditions which impacted the completion of the project such as storm damage to the treatment ponds and media solidification in the treatment vessel.

Speiss has completed 95% of the contract work and satisfactory progress has been made. The Successor Agency to the Redevelopment Agency for the County of Riverside recommends the contract retention be reduced by an additional \$218,000. This additional retention will allow Speiss to pay off subcontractors that have completed 100% of their contract work satisfactorily.

The project is listed on the City of Blythe Successor Agency Recognized Obligation Payment Schedule (ROPS), as Blythe holds the funds and pays all invoices related to the Project. The City's Successor Agency has retained 5% of all progress payments to Speiss through the term of this project.

(Continued)

Mesa Verde Blythe Airport Water System Improvements – Retention Reduction and Change
Order No. 3
August 28, 2013
Page 3

### **BACKGROUND:** (Continued)

This Board action will allow the City of Blythe to disburse the funds for the retention and the referenced change. The cost of Change Order No. 3 is accounted for in the approved project budget, therefore a budget adjustment is not required.
