SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA
FORM 11: Adoption Of Resolution No. 2013-246, a Resolution of the Board of Supervisors of the County of Riverside Rescinding Resolution No. 81-83 a Master Property Tax Transfer Agreement Between the City of Corona and the County of Riverside
DATE: September 16, 2013
PAGE: 2 of 2

BACKGROUND:

Summary (continued)

The Board of Supervisors opposed the proposal on July 30, 2013, implicitly excluding Temescal Valley from the master tax agreement. Today's action will explicitly rescind the master tax agreement with Corona.

Revenue and Taxation Code §99(d) allows for the county and any local agency or agencies to enter into a Master Property Tax Agreement, which specifies the amount of property tax to be exchanged when an annexation occurs. Without a Master Property Tax Agreement, the county and the local agency meet and negotiate on each annexation proposal. The County of Riverside has master property tax agreements with all cities in Riverside County except for Canyon Lake, Palm Desert (rescinded), Rancho Mirage, Riverside, and the four newest cities.

The County of Riverside entered into a Master Property Tax Agreement with the City of Corona (Resolution No. 81-83). This Master Property Tax agreement states that it applies to any annexations after July 1, 1981. The county has the ability to unilaterally rescind the agreement. On July 30, 2013 (Item 3-12), the Board of Supervisors declared its opposition to the proposal and directed the Executive Office to begin negotiations with the City of Corona thereby rescinding the Master Property Tax Agreement. The city chose not to withdraw the annexation proposal, and county staff reached no agreement with city staff regarding the significant negative impacts of the proposal. The Board's action today will affirm the rescission of the agreement by passing Resolution No. 2013-246. The county's position with LAFCO is that without the master property tax agreement in force, LAFCO lacks authority to approve the transfer of property taxes to the city without further negotiation between the county and city.

Most of the property tax agreements were entered into between 1981 and 1995, with the majority entered into in the 1980s. The county's financial situation and responsibilities have changed since the creation of these agreements and the budgetary impact of some annexations is much more substantial than originally anticipated. Currently, the Executive Office is reviewing all master property tax agreements for potential renegotiation or rescission.

Impact on Citizens and Businesses

The Board's action today will have no immediate impact on citizens or businesses; however, any future negotiations will be conducted by the county to ensure that the county's ability to continue to provide services to both incorporated and unincorporated areas is minimally impacted. This should be done on a case-by-case basis.

SUPPLEMENTAL:

Additional Fiscal Information

If the proposed annexation of the Temescal Valley by the City of Corona were to occur based on the rescinded Master Property Tax agreement, the proposal would have a negative \$2.7 million annual impact on the county general and library funds (FY 13-14 dollars) in addition to \$2.9 million in future growth-related annual impacts. Staff will be presenting the county's perspective to LAFCO on September 26, 2013.

Jay/George:

I don't recall being consulted before on the above referenced item regarding the city I represent. This is not the way the 2nd District does business. At a minimum I want it pulled from the agenda until the we can talk the first of the week after our Monday and Tuesday full-day board meetings. Out of courtesy to Corona (the way I do business in my office), we should have at least let them know this was in the works, which I'm told we did not. No different than me and my staff seeing on the agenda. Come guys - we all deserve better!!!
