**BACKGROUND:**

**Summary (continued)**

Activities already conducted by the Abaris Group include the following:

1. The final "As Is" report, on the current design and function of the EMS system has been completed. The report was approved by the EMS System Evaluation Steering Committee on October 3, 2013 and is now posted on the REMSA website.
2. The following activities also occurred at the EMS System Evaluation Steering Committee meeting on October 31, 2013.
  - A final draft of EMS system improvement recommendations was presented and discussed. The Abaris Group reviewed changes to the recommendations incorporating feedback received from the committee at the last meeting on October 3, 2013.
  - A financial analysis on current and projected ambulance contract revenue was presented followed by discussion, questions and answers. The financial analysis has been finalized and will be included as an attachment in the final recommendations document.
  - Requirements and options for design of the EMS Transportation Plan, ambulance exclusive operating areas (EOAs) and State approval of the County EMS Plan were reviewed and discussed.

Current activities being conducted by the Abaris Group include the following:

1. Finalize development of a scope of work for the County master ambulance service agreement.
2. Schedule the third round of Broad Stakeholder Group Meetings to occur on December 11, 2013 in Riverside and Temecula and on December 12, 2013 in Palm Desert and Banning.
3. Prepare documents and deliverables for the next EMS System Evaluation Steering Committee meeting that is scheduled for December 9, 2013.

There have been no modifications to the remainder of the project timeline which remains as follows:

- May-August 2013 – complete the system financing assessment and develop preliminary system improvement recommendations.
- August-October 2013 – develop options for the EMS transportation plan and ambulance contract scope of work.
- October-December 2013 – refine and finalize system improvement recommendations.
- December 2013-February 2014 – draft proposed updates to the EMS plan.
- March 2014 – present evaluation findings and recommendations to the Board of Supervisors.
- June 2014 – receive direction from the Board of Supervisors and notice the current contracted ambulance provider.
- July 2014 – June 2015 – finalize project and begin implementation of the new EMS plan.

Information related to the EMS system evaluation will continue to be posted and updated on the EMS Agency website at [rivcoems.org](http://rivcoems.org).
