NOTICE TO CONTRACTORS

Riverside County Flood Control and Water Conservation District hereinafter called "District", invites sealed proposals for construction of:

**Pyrite Channel Bypass, Pyrite Street Storm Drain, Stage 1**

**Project No. 1-0-00109**

**located in the city of Jurupa Valley**

**Riverside County, California**

Specifications and Contract Documents may be examined at the District's office at 1995 Market Street, Riverside, California, and may be obtained upon payment to District of **\$60.00** per set, received at the District's office and **\$65.00** per set if mailed. The Specifications and Contract Documents are also offered on CD-ROM for \$10.00 received at the District's office and \$15.00 if mailed. No refund.

Each proposal must be accompanied by a certified or cashier's check or bid bond equal to ten percent (10%) of the amount bid, payable to the Riverside County Flood Control and Water Conservation District as a guarantee that the Contractor will, if awarded the contract, execute a satisfactory contract and furnish the required bonds and proof of insurance.

Proposals must be in accordance with the instructions and filed with District by **2:00 p.m. on Thursday, January 7, 2014** at the District office at the above address which time and place are fixed for the public opening of bids.

General prevailing rate per diem wages and general prevailing rate of per diem wages for holiday and overtime work, including employer payments for health and welfare, pension, vacation, apprentices and similar purposes for each craft, classification or type of workman needed for execution of contracts under the jurisdiction of District have been obtained by the Board of Supervisors of the District from the

Director of Industrial Relations of the State of California for the area where the work is to be done. The said determinations are on file in the principal office of the District, and will be made available to any interested person upon request.

Contractors submitting proposals for this project shall have an "A" Contractors license from the State of California in order to be considered eligible for the contract award.

Dated: November 26, 2013

PYRITE CHANNEL BYPASS, PYRITE  
ST. STORM DRAIN, STG. 1  
PROJECT NO. 1-0-00109

Pyrite Channel Bypass, Pyrite St. Storm Drain, Stage 1, is a 1700 foot underground storm drain within the City of Jurupa Valley. The drain connects Pyrite Storm Drain upstream of Pyrite Street to Jurupa Channel. The project also includes curb, gutter and new pavement along Pyrite Street. The proposed storm drain would intercept low flows in Pyrite Channel before it flows through a residential area prone to flooding and redirects it to the District's existing concrete lined Jurupa Channel. Jurupa Channel returns the low flows to the natural wash after it has bypassed the flood prone residential area.
