BACKGROUND:

Summary

By Minute Order dated September 24, 2013 (Agenda Item 3-55), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Estelle Street Resurfacing Project (between McKinley Street and Grant Street) and the Grant Street Sidewalk Project (between Indiana Avenue and Magnolia Avenue) in the community of Home Gardens.

During the advertisement period, two addenda were issued to all registered plan holders as a supplement to the plans and specifications. Bidders are required to acknowledge and take into account all issued addenda on their Contractor's Proposal in order to be considered for award. The addenda were issued to clarify and modify the approved contract documents. The addenda are attached as Addendum No. 1 and Addendum No. 2.

Four bids were received on October 23, 2013, ranging from \$838,000 to \$1,284,511. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by Hardy & Harper, Inc. in the amount of \$838,000, which is \$32,258 (3.7%) less than the Engineer's Estimate.

The bid documents include the following schedules of work:

Base Bid 1: Estelle Street Resurfacing items of work

Alternate 1: Home Gardens Sanitary District (HGSD) manhole adjustment work for Estelle Street Resurfacing work

Base Bid 2: Grant Street Sidewalk items of work

The Alternate 1 Bid Schedule is recommended for award. HGSD concurs with bid prices for the Alternate 1 Bid Schedule as bid by Hardy & Harper, Inc., and the costs for the work will be funded by the HGSD. The Contract includes the two Base Bids and Alternate 1 Bid schedules of work.

The construction duration set for this project is for 40 calendar days, and construction is anticipated to be completed by February 2014.

The contractor is qualified to perform the work outlined in the bid. The contractor will execute the Contract and provide bonds and insurance documents after Board of Supervisor award approval.

Project No. B3-0492, Estelle Street Resurfacing

Project No. C3-0049, Grant Street Sidewalk Construction

Impact on Residents and Businesses

Roadway rehabilitation on Estelle Street is needed due to deteriorated pavement conditions resulting from heavy wheel loads and high truck traffic volumes from adjacent industrial warehouses. The road improvements include removing a layer of existing pavement and placing new Asphalt Concrete pavement.

Several new access ramps will also be added.

SUPPLEMENTAL:

Additional Fiscal Information

The Contract is recommended to be awarded to Hardy & Harper, Inc. for the total amount of \$838,000.
