RECOMMENDED MOTION: (Continued)

3. Authorize the Executive Director, or designee, to take all necessary steps to implement the attached Second Amendment, included but not limited to, signing subsequent, necessary and relevant documents.

BACKGROUND:

Summary

On April 8, 2008, the former Redevelopment Agency for the County of Riverside approved a Grant Agreement with Desert Empire Homes, a California corporation (Owner) in the amount of \$5,000,000 (Agency Grant) for the development and construction of the first phase of a 398 space mobile home park, Mountain View Estates, in Oasis, CA an unincorporated area of Riverside County. Subsequently, on January 26, 2010, the First Amendment to the Mountain View Estates Grant Agreement (First Amendment) was approved and increased the grant amount by an additional \$1,500,000 to help cover unanticipated costs related to various requests for improvements by project permitting agencies and the former Redevelopment Agency of the County of Riverside.

Pursuant to Assembly Bill x1 26, the redevelopment dissolution bill, the Riverside County Board of Supervisors adopted Resolution No. 2012-035 on January 10, 2012, which designated the Housing Authority of the County of Riverside as the successor agency for the redevelopment housing function. On the same date, the Housing Authority of the County of Riverside Board of Commissioners accepted, via adoption of Resolution No. 2012-001, the responsibility for performing all activities as the successor to the redevelopment housing function. On February 1, 2012, all California redevelopment agencies were eliminated and the Housing Authority of the County of Riverside assumed the redevelopment housing functions of the successor agency.

Currently, there is an unused portion of Agency Grant funds of \$2,025,801.11, as a result of a grant that the project received from the United States Department of Agriculture's Rural Development Water and Waste Disposal Program in the amount \$6,031,000, that includes water and wastewater connection fees for phase I and phase II of Mt. View Estates. The Owner is requesting authorization to reallocate \$1,866,210.11 of the unused Agency Grant funds to pay for additional development costs incurred by the Owner and to make further offsite and onsite improvements to the project that were not initially considered. The proposed Second Amendment to the Mountain View Estates Grant Agreement proposes to approve a budget adjustment that will allow for reimbursement of incurred costs for the project to the Owner and reduce the Agency Grant amount by \$159,591.

Impact on Citizens and Businesses

Approving this item will have a positive impact on the citizens and businesses of the Eastern Coachella Valley; the project construction is expected to generate some temporary part-time construction jobs. Construction work on Harrison Street will potentially cause minor traffic but that will be mitigated by conditions imposed by County Transportation.

SUPPLEMENTAL:

Additional Fiscal Information

The total Project budget is \$16,052,124. The project budget consists of a \$6,340,409 grant from the former Redevelopment Agency, \$3,005,715 in Owner private funds, \$675,000 grant from Rural Business Enterprise Grant program, and a \$6,031,000 grant from the United States Department of Agriculture's Rural Development Water and Waste Disposal Program that includes water and wastewater connection fees for phase I and phase II of Mt. View Estates.

Contract History and Price Reasonableness

Any cost overruns on the work on Harrison Street will be covered by the Owner as agreed in the attached Second Amendment. Costs for the project are in line with other similar developments.

County Counsel has approved the attached Second Amendment to the Mountain View Estates Grant Agreement. Staff recommends that the Board approve the attached Second Amendment.

27 allow the reimbursement of costs incurred by the Owner as described herein in Exhibit “A”;

28 WHEREAS, allowing the use of Agency Grant funds to make the additional

1 improvements to the Project will provide an overall benefit to the Project and it's residents; and

2 WHEREAS, the total Agency Grant amount will be decreased from \$6,500,000 to
3 \$6,340,409;

4 NOW, THEREFORE, in consideration of the foregoing, and the promises and mutual
5 covenants and conditions hereinafter set forth, the Agency and Owner do hereby agree as
6 follows:

- 7 1. Section 1 of the Agency Grant Agreement is deleted and replaced in its entirety
8 with the following:

9 "PURPOSE. The Agency agrees to grant Six Million Three Hundred
10 Forty Thousand Four Hundred Nine Dollars (\$6,340,409) of
11 Redevelopment Low- and Moderate-Income Housing Set-Aside Funds to
12 Owner upon the terms and conditions set forth herein ("Agency Grant").
13 Owner promises and agrees to undertake and assist with the Agency
14 activities by utilizing such Redevelopment Housing Set-Aside Funds as
15 specifically identified in Exhibit "A".

16 In the event there are any cost overruns with the completion of all the work
17 described in the Exhibit "A", Owner shall be responsible to pay for
18 all additional costs. In no event shall the Agency Grant exceed Six
19 Million Three Hundred Forty Thousand Four Hundred Nine
20 Dollars (\$6,340,409)."

- 21 2. Section 12(a)(v) of the First Amendment is deleted in its entirety and replaced
22 with the following language:

23 "Owner shall maintain a minimum amount of Two Hundred Fifty
24 Thousand Dollars (\$250,000) in the interest bearing escrow account
25 ("Contingency Amount") until:

- 26 a. All work identified in Exhibit "A", has been completed;
27 b. A recorded Notice of Completion has been filed;
28 c. Ninety days have passed after the recorded Notice of
Completion has been filed and received by the Agency; and

1 d. Owner has received authorization from the Agency for release
2 of the Contingency Amount.”

3 3. Section 12(b)(ii) of the Grant Agreement is deleted in its entirety and replaced
4 with the following language:

5 “The balance of any Owner funds will remain in the interest
6 bearing escrow account until the all work described in Exhibit
7 “A” has been completed and Owner has obtained authorization for
8 release of funds from the Agency.” The Contingency Amount
9 shall be evidenced in the contingency line item identified in
10 Construction Budget Exhibit “G”. Should the Contingency
11 Amount fall below \$250,000 the Owner shall replenish the
12 account immediately with Owner Funds. “

13 4. Section 12(d) of the First Amendment is deleted in its entirety and replaced with
14 the following language:

15 a. “Withholding. Agency will retain 5% of the Agency Grant.
16 Agency shall release final draw down of Agency Grant funds
17 following receipt of all the following documents (“Closing
18 Documents”):

- 19 1) Notice of Completion from the Riverside County
20 Recorder’s Office for all the additional offsite and onsite
21 improvements that the Owner is proposing as described in
22 Exhibit “A”;
- 23 2) All remaining prevailing wage documentation, if any,
24 including, but not limited to, complete certified payrolls,
25 fringe benefit forms, and certificates of authorization and
26 understanding;
- 27 3) Final statement of development costs; and
28 4) Final statement of sources and uses of funds.”

1 5. Revised Exhibit "A" of the Grant Agreement is hereby deleted and replaced by
2 Exhibit "A" which is attached to this Second Amendment, which is incorporated
3 herein by this reference. Additional improvements to Harrison Street have been
4 added as set forth in Exhibit A1 which is attached hereto and incorporated herein
5 by this reference.

6 6. The contractor proposal for the work that the Owner is requesting be approved
7 for the Additional Harrison Street Improvements is attached hereto and added to
8 the Grant Agreement as Exhibit "A2",

9 7. The invoice and building specifications for the work that the Owner is
10 proposing for the onsite maintenance shop is attached hereto and added to the
11 Grant Agreement as Exhibit "A3".

12 8. Section 12 (f) of the Grant Agreement is hereby revised to add a new subsection
13 iv to read as follows:

14 "iv. The Owner certifies that the additional work on Harrison Street is
15 additional work that exceeds the original scope of work intended to be covered
16 under the original RBEG Agreement's scope of work."

17
18 9. Section 16 of the Grant Agreement is hereby revised by adding a new
19 subsection (e) to read as follows:

20 "Improvements proposed under Revised Exhibit "A", "A1", "A2" and "A3"
21 shall be performed in conformity with all applicable laws, including all
22 applicable state labor standards (including without limitation provisions for
23 payment of prevailing wages in connection with all construction of the Harrison
24 Street Improvements and the construction of the maintenance shop), the County
25 zoning and development standards, building, plumbing, mechanical and
26 electrical codes, and all other provisions of the County Ordinances, and the Fair
27 Housing Act, 42 U.S.C. Section 3601 *et seq.* (and 24 C.F.R. Part 100), the
28 Americans With Disabilities Act, 42 U.S.C. Section 12101, *et seq.*, Government

1 Code Section 4450, *et seq.*, Government Code Section 11135, *et seq.*, the Unruh
2 Civil Rights Act, Civil Code Section 51, *et seq.*, and the California Building
3 Standards Code, Health and Safety Code Section 18900, *et seq.*

4 Labor Code Section 1720(b)(3) treats work performed under contract with
5 certain public entities as a “public work” where the work is paid for in whole or
6 in part with public funds, which payment may be accomplished by a transfer of
7 an asset of value for less than a fair market value price.

8 Further, the Owner agree that all public works (as defined in California Labor
9 Code Section 1720) performed pursuant to this Second Amendment (the
10 “work”), if any and as applicable (as determined by Owner and its legal counsel
11 or as determined, opined, or ordered by the State Department of Industrial
12 Relations (DIR,)) shall comply with the requirements of California Labor Code
13 Sections 1770, *et seq.* In all bid specifications, contracts and subcontracts for
14 the work, Owner (or its general contractor) shall obtain the general prevailing
15 rate of per diem wages and the general prevailing rate for holiday and overtime
16 work in this locality for each craft, classification or type of worker needed to
17 perform the work, and shall include such rates in the bid specifications, contract
18 or subcontract. Such bid specifications, contract or subcontract must contain
19 the following provision:

- 20 i. It shall be mandatory for the Owner to pay not less than the said
21 prevailing rate of wages to all workers employed by the Owner
22 or its contractor in the execution of the proposed improvements
23 described in Exhibit “A”. The Owner expressly agrees to
24 comply with the penalty provisions of California Labor Code
25 Section 1775 and the payroll record keeping requirements of
26 California Labor Code Section 1771.

27 The Owner does hereby and shall indemnify and hold each of Agency and
28 County harmless from and against any and all claims, demands, causes of

1 action, obligations, damages, liabilities, costs and expenses, including
2 reasonable attorneys' fees, that may be asserted against or incurred by Agency
3 and/or County with respect to or in any way arising from Owner's and Owners'
4 compliance with or failure to comply with applicable laws, including all
5 applicable federal and state labor standards including without limitation the
6 requirements of Labor Code Section 1720.

7 ii. The Owner shall hire a qualified consultant, approved by the
8 Agency, to monitor prevailing wages and maintain compliance
9 with State Laws and requirements relating to 
10 prevailing wages. The consultant will be required to
11 submit certified payrolls to the Agency on a biweekly basis for
12 the duration of the Harrison Street Improvements and the
13 construction of the maintenance shop.”

14 10. This Second Amendment, the First Amendment and Agency Grant Agreement
15 set forth and contain the entire understanding and agreement of the parties
16 hereto. There are no oral or written representations, understandings, or ancillary
17 covenants, undertakings or agreements, which are not contained or expressly
18 referred to within this Second Amendment, First Amendment or Agency Grant
19 Agreement.

20 11. All other terms and conditions of the Agency Grant Agreement remain
21 unmodified and in full force and effect.

22 12. This Second Amendment may be signed by the different parties hereto in
23 counterparts, each of which shall be an original but all of which together shall
24 constitute one and the same agreement.

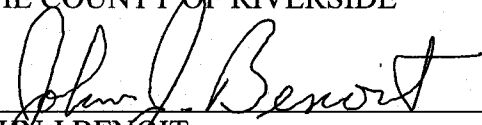

25 13. The effective date of this Second Amendment is the date the parties execute the
26 Second Amendment. If the parties execute the Second Amendment on more than
27 one date, then the last date the Second Amendment is executed by a party shall
28 be the effective date.

(END OF AMENDMENT)

Developer: Desert Empire Home
Address: 68-800 Harrison Street, Oasis, CA 92274
Project Title: Mountain View Estates Mobile Home Park
Location: Approximately 50 acres of vacant land situated south of 66th Avenue, north of 70th Avenue, west of Polk Street and on the east side of Harrison Street in the unincorporated area of the County in the community of Oasis. The Assessor's Parcel Numbers are 751-280-016 and 751-280-017.

Scope of Development:

Desert Empire Homes, a California corporation Owner will utilize \$6,340,409 in Redevelopment Low- and Moderate –Income Housing Set-Aside Funds (“Agency Funds”) for the construction of a mobile home park with spaces for rent to mobile home owners (“Project”). The Owner shall entitle the Project site for the development of a mobile home park with 398 spaces in the community of Oasis located in the unincorporated area of the County of Riverside. The Owner proposes to build the Project in two phases. The first phase will be 181 spaces including 1 managers unit and the balance of the spaces will be constructed in the second phase. The Project will consist of 3,400 square foot lot sizes, uniform fencing and will accommodate mobile homes on permanent foundation.

Fleetwood manufactured homes along with other trade named mobile homes approved by the Agency will be offered to residents of the Project. The mobile homes will vary from approximately 1000 square feet to 1,306 square feet in size. Each mobile home space will accommodate a parking area for two standard automobiles under an awning on a slab of cement and a small patio area.

The residents of Mountain Vista Estates will have access to a 6,000 square foot community building that will include a community meeting room and a computer lab that will provide the residents of the community and their children with after-school tutoring activities. The community center will provide a minimum of ten (10) computers and printers for the residents for the first year of operation to utilize with internet access capabilities and the building will be equipped with fiber optics and technology that will allow wireless internet access to the residents of the community. An additional ten (10) computers will be added at the third year of operation. The Owner will provide sufficient staffing to provide the residents of the community the opportunity to access the amenities and services that are proposed. The after-school tutoring and mentoring activities will be funded by the Owner with a minimum contribution of \$30,000 for the first year and \$20,000 per year for the next subsequent four (4) years commencing twenty four months after Certificate of Occupancy is received. Additionally, Owner shall build the community center in accordance with Riverside County Office of Education (“RCOE”) and Coachella Valley Unified School District (“CVUSD”) requirements to accommodate day care services for Project residents. The child care services will be provided and managed by RCOE and CVUSD. Other on-site amenities include a water feature for children, a soccer field, a laundry facility, large green areas for the enjoyment of the residents and a managers unit. Added

Project modifications include a newly imposed roadway upgrade that includes a bridge on Harrison Street, not previously listed as a condition of approval and the relocation of a 36" irrigation line required by the Coachella Valley Water District. The second phase of the Project is not part of this Agreement.

Owner agrees to reserve ninety (90) units ("Assisted Units") for very low-income households whose incomes do not exceed fifty percent (50%) of the area median income for the County, adjusted by family size at the time of occupancy, as defined by California Health and Safety Code Sections 50079.5 and 50105.

Additional Improvements:

Owner proposes the construction of a 9,000 square foot maintenance shop that will include an office for maintenance personnel and an area to store and maintain equipment required to sustain the Project. Plans and specifications are included herein as Revised Exhibit "A3". Additionally, the Owner is proposing additional street improvement to Harrison Street as required by the Riverside County Transportation and Land Management Agency during the course of the development of the Project, which is subject to review by the Transportation Department. Contract, plans and specifications are included herein as Revised Exhibit "A2".

PLANNING DEPARTMENT

5.PLANNING. 1 DRT- cultural resource study REQUIRED

A Phase I cultural Resources study is required for this project. Applicant must bring 2001 report current to include scoping and sacred lands search.

5.PLANNING. 2 DRT*- PROJECT DESIGN & INFO. REQUIRED

PRIOR TO SCHEDULING THIS PROJECT FOR A PUBLIC HEARING, THE FOLLOWING INFORMATION AND DESIGN ISSUES SHALL BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT:

1) Building elevations: Provide elevations with height of buildings clearly shown. What are the size in square feet of the proposed buildings. Include both one and two story areas in size calculations.

2) Site plan design (provide amended site plan 30 folded copies and CD copy): Provide an emergency access at a minimum width of 24 feet between CUP3338 and CUP3589 along the two MH parks mutual boundary (there appears to be an existing access stub out in CUP3338 for CUP3589 to connect to). Adjust location of stormwater basins and mobilehome spaces within CUP3589 accordingly in a logical manner.

Playground 0.53 acre area should be redesigned to open this area up more to views of adjacent roadways within the MH park. Relocate the basketball court currently shown at Park D to a centrally located park such as Park A.

Spaces 359 and 360 appear too close to Harrison Street and should be moved away from that street.

Label all areas as to use, such as "open space - landscaping" or "recreational area", etc. The strip of land along Harrison Street is not clearly labeled. The circular area near front is not labeled (assumed to be "open space - landscaping"). Abbreviation "LS" is not defined.

Provide concept wall design and elevation along with preliminary planting plan.

GRADING PLAN: The earthwork quantities between grading plan (150,000 cy) and site plan (60,000 cy) do not match. Provide correct information. All grading is assumed to be balanced and no import or export is proposed.

5. PLANNING. 2 DRT*- PROJECT DESIGN & INFO. (cont.) REQUIRED

Additional laundry facility is needed to serve the development.

5. PLANNING. 3 DRT*- NOTIFICATION LABELS REQUIRED

PRIOR TO SCHEDULING OF THIS APPLICATION FOR A PUBLIC HEARING, THE FOLLOWING MATERIALS SHALL BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT:

Surrounding property owners notification labels: THREE identical packages to be inserted in separate 9 1/2" x 12 1/2" manilla envelopes. These envelopes shall indicate the case number and the words "Labels", and each shall contain: (A) One typed set of gummed labels indicating all property owner's names and mailing addresses that are within a 600 foot radius of the exterior of the project property boundary and all contiguously owned property (but not less than 25 individual, non-duplicated, property owners within a 2400 foot radius); (B) a photocopy of the above labels; (C) one label each for applicant/landowner and any representatives or civil engineers needed by the applicant to be ready to attend the public hearing, also include the local school district and city in whose sphere of influence the project may be located; (D) a certification that the above list is complete and accurate as shown on the latest equalized assessment roll and any updates thereof; (E) an exhibit map showing all parcels within the required radius of notification with the printed names of the property owners related to their respective parcel. Should the project involve off-site street or other improvements (such as sewer line extentions), provide within each package a set of self-sticking labels indicating the names and mailing addresses of the owners of all property located adjacent to the proposed off-site improvement/alignment.

Submitted labels which are not used and become older than six (6) months shall be required to be replaced with updated labels or re-certified that the existing labels on file reflecte the latest equalized assessment roll maintained by the County Assessor.

BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT:

XXX UNLESS WAIVED BY THE COUNTY GEOLOGIST, a liquefaction report to determine the seismic hazard of liquefaction. The report shall be required to be reviewed and approved by the County Engineering Geologist prior to scheduling the case to a public hearing. Please coordinate this report directly with the County Engineering Geologist, reached at (951) 955-6863 or (951) 955-3211, with regards to the proper methodology and the report submission requirements (including additional review fees and numbers of report copies to submit).

___) A geotechnical investigation to address, but not necessarily limited to, slope stability, rock fall hazards, collapsible or expansive soils, wind erosion and groundshaking. The report shall be required to be reviewed and approved by the County Engineering Geologist prior to scheduling this case for a public hearing. Please coordinate this report directly with the County Engineering Geologist, reached at (951) 955-6863 or (951) 955-3211, with regards to proper methodology and report submission requirements (including additional review fees and number of report copies to submit).

5.PLANNING. 6 DRT*- REDUCTIONS/TRANSPARENCY (cont.) REQUIRED

Provide an 8 1/2" x 11" black/white reduction and clear transparency of the site plan or tentative map. If elevation and floor plan sheets have been submitted, provide reductions/transparencies of each sheet as well.

Any amended exhibits/maps which may be necessary through the development review process will require the submission of similar reductions and transparencies with the required number of folded blueline copies.

5.PLANNING. 7 DRT*- FISH & GAME FEES REQUIRED

PRIOR TO SCHEDULING THIS APPLICATION FOR A PUBLIC HEARING, THE FOLLOWING FEES SHALL BE PAID AT THE TLMA PUBLIC INFORMATION COUNTER:

Fish and Game fees pursuant to Section 711.4 of the Fish and Game Code. Make check payable to "County of Riverside" in the amount of, as applicable, \$2606.75 for EIR (\$2670.75 total with \$64 County Clerk filing fee + \$2606.75 to Fish & Game) or \$1876.75 for negative declaration (\$1940.75 total with County Clerk filing fee + \$1876.75 to Fish & Game). The \$64 County Clerk fee is to provide for the CEQA filing requirements of the Riverside County Clerk and should have been collected at time of initial application submittal (please advise staff if not paid at time of initial submittal - you must have separate trust account receipt--PLEASE NOTE these fees were increased by state law effective January 1, 2008). The ADDITIONAL fees above \$64 will be determined based on the CEQA environmental determinations for the project. All projects must make payment of balance (either \$2606.75 or \$1876.75 prior to scheduling the project for a public hearing).

5.PLANNING. 8 DRT*- HYDROLOGY REPT.-DESERT REQUIRED

PRIOR TO SCHEDULING OF THIS APPLICATION FOR A PUBLIC HEARING, THE FOLLOWING SPECIAL STUDY SHALL BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT AND THE INDICATED OTHER DEPARTMENTS:

UNLESS WAIVED BY THE BUILDING & SAFETY DEPARTMENT'S GRADING DIVISION or TRANSPORTATION DEPARTMENT, a hydrology and drainage report, including preliminary on-site grading plans showing cut/fill estimates, prepared by a California registered civil engineer. The report shall address

grading, drainage and flood control requirements of Ordinance No. 460. The report shall provide appropriate hydrologic calculations including storms up to a 100 year, 24 hour event, and describe and illustrate all facilities and methods for flood protection. All increases in runoff shall be retained on site unless clearance is obtained from the Transportation Department to use streets or off site drainage easements are proposed (if off site drainage easements are proposed, the locations and extent of such easements and whether or not adjoining property owners agree to such easements shall be submitted). All off site stormwaters tributary to the property shall be accepted and conveyed through the property with a minimal off site stormwater diversion or concentration as determined by good engineering practice. Methods of maintenance and operation of stormwater drainage facilities shall be proposed, such as a property owners association, and an analysis shall be provided as to whether such facilities pose any danger to surrounding properties due to a failure to maintain them. Please submit three (3) copies of the report and associated plans to the Transportation Department, Desert office, reached at 760-863-8267, and one (1) copy to the Grading Section of the Department of Building and Safety, reached at 760-863-8271, and one (1) copy to the Planning Department, reached at 760-863-8277. The Transportation Department shall review and approve the report in advance of the Planning Department scheduling of this case for hearing. Additional review and approval of this drainage and hydrology report may be required by the Coachella Valley Water District, reached at 760-398-2651 should the project lie within a FEMA flood plain or within a special drainage area.

5.PLANNING. 9 DRT*- LOCATION OF TILE DRAINS REQUIRED

PRIOR TO FURTHER ACTION OR SCHEDULING OF THIS CASE FOR A PUBLIC HEARING, THE FOLLOWING INFORMATION SHALL BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT:

Provide a scaled exhibit (two copies) or amended tentative map (25 folded copies) or amended site plan (25 folded copies), depending on the need for this information by departments or commissions beyond Planning Department staff, showing the location of all underground tile drains within this property. Contact the Coachella Valley Water District for this information, reached at 760-398-2651. If

5.PLANNING. 10 DRT*- NOISE STUDY (IMPACTED) REQUIRED

PRIOR TO SCHEDULING OF THIS APPLICATION FOR A PUBLIC HEARING OR ADMINISTRATIVE ACTION, THE FOLLOWING SPECIAL STUDY SHALL BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT:

An accoustical study performed by a qualified acoustical engineer or specialist outlining methods by which interior sound levels within the building(s) intended for human occupancy may be mitigated from noise levels of 45 db(A) LEQ and greater, and addressing impacts created by this development to residential and other noise sensitive land uses in the vicinity. The study shall address the Riverside County Integrated Project (RCIP) noise policies and the requirements of the public health department for noise impacts. If the project is within a half mile of a railroad or other source of groundborne vibration or groundborne noise, the acoustical study shall address this potential impact. The accoustial study shall be submitted to the Office of Industrial Hygiene, Health Services Agency, for review and approval prior to Planning Department approval (the applicant may be assessed review fees by that Office for its review separate from fees submitted to the Planning Department). Please contact the Office of Industrial Hygiene at (951) 358-5050 prior to commencement of the study for approval of appropriate methodology. Please submit to the Planning Department TWO (2) copies of the report approved by the Office of Industrial Hygiene.

the designated boundaries of the Oasis Community Council. There are a number of community councils throughout the eastern portion of Riverside County, appointed by the Board of Supervisors. The Board of Supervisors established community councils to provide representation from defined geographic unincorporated areas and for the councils to provide advice to the county on a variety of matters pertaining to the particular community. For more information on the various community councils, see web site www.rivco4.org under Fourth District Communities.

The land developer and/or applicant should contact the community council indicated above and be prepared to attend a meeting of the council to present the project to them. Planning Department staff has forwarded a copy of the project plans to the council, however, the Planning Department is not staff to the council and does not prepare meeting agendas or make arrangements for the council. The land developer and/or applicant should contact staff to obtain contact information for the community council and make all follow up arrangements.

5.PLANNING. 13 DRT*- USE CONCEPT PLANTING PLN REQUIRED

Prior to scheduling this case for a public hearing, the following shall be submitted to and approved by the Planning Department:

Provide 15 folded copies at a minimum of 24" x 36" sheets at 20 scale, that include a title block, north arrow, limit of work lines, hardscape features, graphic scale, and street names, etc. Plan shall clearly depict concept designs for the expected future final landscaping, irrigation, shading, lighting and parking plan (the final planting and irrigation plans would normally be submitted as a minor plot plan and approved prior to the issuance of building permits). For basic guidance, please review Section 18.12, Sections 19.300 through 19.304 of Ordinance No. 348, Ordinance No. 859 (as adopted and any amendments thereto), and the Riverside County Guide to California Friendly Landscaping. No irrigation system information is required but the plan shall include an estimated annual water use calculation for irrigation on the project. Conceptual plan shall also provide information on the size, number, genus, species, common name, spacing, plant factor, size, and symbol of trees, bushes and groundcover

to be provided within landscaped areas and in other open space areas within the project. Groundcovers should be described, including the areas devoted to living groundcovers. All plants must be selected from the Riverside County California Friendly Plant List. Water efficient planting materials shall be encouraged. Special features, such as rockwork, fencing, water features, recreational trails, and uses shall be identified.

Planting plans shall consider existing landscaping on adjacent and nearby properties and provide a logical transition to the on-site landscaping concepts with designs to prevent abrupt contrasts between properties.

If impacts to on-site or nearby biological resources require special treatments, the planting plans shall be reviewed and approved by a professional biologist from the County's official list.

If the project is in the Coachella Valley, the landscape architect shall coordinate with the Riverside County Agricultural Commissioner's for a current list of quarantine plant materials. The number for the Agricultural Commissioner's office is 760-863-8291.

The planting plan shall be prepared in a professional manner by a California Licensed Landscape Architect.

5.PLANNING. 14 DRT*- OFF-SITE IMPROVEMENTS REQUIRED

PRIOR TO SCHEDULING THIS CASE FOR A PUBLIC HEARING, THE FOLLOWING INFORMATION SHALL BE SUBMITTED TO AND APPROVED BY THE PLANNING DEPARTMENT:

Provide a list of all off-site improvements where extension to the project site are needed. This list shall include:

- domestic water
- sewer lines
- electrical power lines, substations
- gas?
- TV cable?
- telephone?
- street access?

Provide a map showing route through which each off-site

Provide evidence of available street right-of-way or utility easement. If recorded easement is to be proposed for access, provide a copy of the recorded document.

Provide time estimate for installation and completion of off-site improvements.

Provide information on any county or governmental funding associated with installation of off-site improvements.

Will any off-site improvements cross Indian tribal reservations or similar lands? What clearances will be necessary to accomplish this? Provide evidence of any communication with tribal authorities or BIA. Will any NEPA or federal approvals be required for this access?

RECOMMND

If during ground disturbance activities, unique cultural resources are discovered that were not assessed by the archaeological report(s) and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. Unique cultural resources are defined, for this condition, as being multiple artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

1. All ground disturbance activities within 100 feet of the discovered cultural resources shall be halted until a meeting is convened between the developer, the archaeologist, the Native American tribal representative and the Planning Director to discuss the significance of the find.

2. At the meeting, the significance of the discoveries shall be discussed and after consultation with the Native American tribal representative and the archaeologist, a decision shall be made, with the concurrence of the Planning Director, as to the appropriate mitigation (documentation, recovery, avoidance, etc.) for the cultural resources.

3. Grading of further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate mitigation.

USE - PROJECT DESCRIPTION

Status:
INEFFECT

Conditions:
Informational

The use hereby permitted is for the development of an approximately 62-acre site for a 398-space mobile home park with a maintenance yard, an accessory community building, recreational facilities, drainage areas and includes a sewer line extension to the Coachella Valley Water Reclamation Plant (WRP #4) located northerly of the site. The project provides emergency access with an adjoining migrant agricultural worker mobile home park. The proposed project will be surrounded by masonry walls and wrought iron fencing and is located within APN 751-280-016 and 017.

The mobilehome park has been approved using the R-6 zone. It is the intent of the Board of Supervisors in enacting the R-6 zone to establish a specialized zone that will, through incentives and consideration of a specific housing proposal in connection with a proposed zone change, facilitate construction of affordable housing. The Board further determines that when the R-6 zone is applied to a specific area, it shall be used only for the construction of the project approved in connection with the granting of the zone classification, or for a project that is thereafter specifically approved by the Board as an affordable housing project to replace the previously approved project.

All landscaping plans shall be prepared in accordance with Ordinance 859 (as adopted and any amendments thereto), the Riverside County Guide to California Landscaping, and Ordinance 348, Section 18.12. Such plans shall be reviewed and approved by the Planning Department, the appropriate maintenance authority, and shall be in conformance with the PRELIMINARY LANDSCAPING plans.

10.PLANNING 030
GENERAL CONDITIONS

USE - NUMBER OF MH PER SPACE

Status:
INEFFECT

Conditions:
Informational

Only one mobilehome or manufactured dwelling unit per space or designated site connected to utilities shall be allowed. No other mobilehome, vehicle, tent or structure within the spaces or designated sites shall be used for sleeping or other human habitation. A maximum of 398 mobilehome spaces are approved.

FINAL CONDITIONS OF APPROVAL

Each mobilehome space shall be not less than 3500 square feet in area with a minimum width of 30 feet.

The mobilehome or manufactured dwelling unit shall have a floor living area of not less than 750 square feet in size, excluding patios, porches, garages, access ramps and similar structures.

Automobile storage or parking within each mobilehome space shall be for not less than two vehicles and the parking driveway and area shall be surfaced with concrete as approved by the Department of Building and Safety.

The area between the ground level and the floor level of each mobilehome or manufactured dwelling unit shall be screened by an opaque skirt or permanent engineered foundation entirely around and encircling the unit.

Mobilehomes or other manufactured dwellings may be permitted to remain on-site during periods of non-occupancy, as would be expected by migrant agricultural workers.

Notwithstanding, any depiction on the APPROVED EXHIBIT A, awnings, cabanas and storage sheds may be installed within each mobilehome space subject to the requirements and limitations of state law and the approval of the Department of Building and Safety.

No recreational vehicle, recreational trailer, special occupancy or RV park is approved except as allowed by state law. No area within the property is designated or designed for tent camping under this permit.

No commercial mobilehome sales facility is approved. Model sales units, if installed, shall only be allowed in connection with a rental office in the community center, shall only be located on designated mobilehome spaces and shall be subject to the appropriate mobilehome set up permit from the Department of Building and Safety.

Should a site separate from the community center within the mobilehome park be proposed for a temporary rental office, prior to installation of any mobilehomes, commercial coaches or other structures associated with such rental facility, a plot

If human remains are encountered, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the Riverside County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resource Code Section 5097.98(b) remains shall be left in place and free from disturbance until a final decision as to the treatment and disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within a reasonable timeframe. Subsequently, the Native American Heritage Commission shall identify the "most likely descendant." The most likely descendant shall then make recommendations and engage in consultation concerning the treatment of the remains as provided in Public Resources Code Section 5097.98.

Conditions:
Informational

If during ground disturbance activities, unique cultural resources are discovered that were not assessed by the archaeological report(s) and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. Unique cultural resources are defined, for this condition, as being multiple artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

1. All ground disturbance activities within 100 feet of the discovered cultural resources shall be halted until a meeting is convened between the developer, the archaeologist, the Native American tribal representative and the Planning Director to discuss the significance of the find.
2. At the meeting, the significance of the discoveries shall be discussed and after consultation with the Native American tribal representative and the archaeologist, a decision shall be made, with the concurrence of the Planning Director, as to the appropriate mitigation (documentation, recovery, avoidance, etc.) for the cultural resources.
3. Grading of further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate mitigation.

10.PLANNING 039
GENERAL CONDITIONS

USE - GEO02012

Status:
INEFFECT

Conditions:
Information

County Geologic Report (GEO) No. 2012, submitted for this project (CUP03589) was prepared by Sladden Engineering and is entitled: "Geotechnical Investigation, Proposed Oasis Gardens Farm Labor Housing Park, APN: 751-280-016 & 017, Valerie Jean Area, Riverside County, California, Project No. 544-07376", dated January 14, 2008. In addition, Sladden Engineering submitted the following report entitled:

"Response to County of Riverside Review Comments dated May 23, 2008 and Geotechnical Engineering Review Comments memo dated May 22, 2008: County Geologic Report No. 2012, Project No. 544-07376" dated May 30, 2008.

This additional report is now included as part of GEO No. 2012.

GEO 2012 concluded:

1. Because of the somewhat loose and compressible condition of the near surface soils, remedial grading including overexcavation and recompaction is recommended for the proposed building and foundation areas.
2. The on-site soils are considered acceptable for use as compacted fill provided they are cleaned of any organics, debris or other deleterious materials and contain no irreducible matter greater than six inches in diameter.
3. Literature research, site mapping and aerial photo analysis did not reveal any evidence of faulting trending toward or crossing this site. Therefore the potential

FINAL CONDITIONS OF APPROVAL

for this site to be affected by surface fault rupture is considered low.

4. There is a potential for this site to be affected by seismically induced liquefaction and dynamic settlement. The estimated total settlement from both of these phenomena is about 2.8 inches with an estimated differential settlement of about 1.8 inches in a horizontal distance of 50 feet.

5. Due to this site's location within the seismically active southern California area, there is a high potential for this site to be affected by strong seismic shaking during the lifetime of the proposed project. The site should be expected to experience horizontal accelerations on the order of 0.464g with a 10 percent probability of exceedence in 50 years.

6. There is a low potential for this site to be affected by other secondary seismic hazards such as seiche/tsunami, or seismically induced landsliding or flooding.

7. The majority of the site soils exhibit a very low expansion potential.

GEO 2012 recommended:

1. The removal bottoms should expose firm and unyielding native soils exhibiting an in-place relative compaction of at least 85% or an 85% degree of saturation prior to preparing these areas to receive fill. The approved removal bottoms should be scarified, moisture conditioned to within 2% of the optimum moisture content and compacted to a minimum of 90% of the maximum dry density as determined by ASTM Test Method D 1557-02.

2. The soils removed to expose suitable bedrock may be re-used as fill soils provided they are cleaned of organics and any other deleterious materials. All fill soils should be placed in 6 inch maximum loose lifts, brought to within 2% of the optimum moisture content and compacted to a minimum of 90% of the maximum dry density as determined by ASTM D 1557-02 and verified by field density testing.

3. Due to the potential for this site to experience strong seismic shaking, all structures should be designed in accordance with the seismic design provisions of the most recent edition of the California Building Code (CBC 2007).

GEO No. 2012 satisfies the requirement for a Geologic Study for Planning /CEQA purposes for this project. GEO No. 2012 is hereby accepted for Planning purposes. This approval is not intended, and should not be misconstrued as approval for grading or building permits. Engineering and other building code parameters will be reviewed and additional comments and/or conditions may be imposed by the Building and Safety Department upon application for grading and/or building permits.

The permit holder shall remain in compliance with the health serviceagency

Conditions:
Informational

With respect to the conditions of approval for the referenced tentative exhibit, the landowner shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with rdinance 460 and Riverside County Road Improvement tandards (Ordinance 461). It is understood that the exhibit correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q's, and that their omission or unacceptability may require the exhibit to be resubmitted for further consideration. These Ordinances and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

FINAL CONDITIONS OF APPROVAL

GENERAL CONDITIONS

USE - TR/CONSTRUCTION

IMPACT

Informational

The Transportation Department has reviewed the traffic study submitted for the referenced project. The study has been prepared in accordance with County-approved guidelines. We generally concur with the findings relative to traffic impacts.

The General Plan circulation policies require a minimum of Level of Service 'C', except that Level of Service 'D' may be allowed in community development areas at intersections of any combination of secondary highways, major highways, arterials, urban arterials, expressways or state highways and ramp intersections.

The study indicates that it is possible to achieve adequate levels of service for the following intersections based on the traffic study assumptions.

Harrison Street (NS) at: 66th Avenue (EW) Middleton Street (EW) Project North Access (EW) Project South Access (EW) 70th avenue (EW)

Polk Street (NS) at: 70th Avenue (EW) Harrison Street - West (EW) Harrison Street - East (EW)

As such, the proposed project is consistent with this General Plan policy.

The associated conditions of approval incorporate mitigation measures identified in the traffic study, which are necessary to achieve or maintain the required level of service.

GENERAL CONDITIONS

USE - DRAINAGE

IMPACT

Informational

The proponent shall protect downstream properties from damages caused by alteration of the drainage patterns, i.e., concentration or diversion of flow. Protection shall be provided by constructing adequate drainage facilities including enlarging existing facilities and/or by securing a drainage easement. All drainage easements shall be shown on the final map and noted as follows: "Drainage Easement - no building, obstructions, or encroachments by landfills are allowed." The protection shall be as approved by the Transportation Department.

GENERAL CONDITIONS

USE - DRAINAGE

IMPACT

Informational

The proponent shall accept and properly dispose of all off-site drainage flowing onto or through the site. In the event the Transportation Department permits the use of streets for drainage purposes, the provisions of Article XI of Ordinance No. 460 will apply. Should the quantities exceed the street capacity or the use of

FINAL CONDITIONS OF APPROVAL

streets be prohibited for drainage purposes, the proponent shall provide adequate drainage facilities and/or appropriate easements as approved by the Transportation Department.

This is a proposal to construct a 398 unit mobile home park on 59 acres (APN 751-260-017). This project lies within the Oasis area on the north side of 69th and just east of Harrison Street and west of Polk Street. For new developments in this area, they are required to retain the incremental increase of the runoff for a 100-year event. The proponent shall provide mitigation measures to be incorporated into the development to prevent flooding of the site or downstream properties. The retention of the incremental increase of the 100 year storm shall be required as part of the drainage improvements for this project.

Coachella Valley Water District will need additional facilities to provide for the orderly expansion of its domestic water and sanitation systems. These facilities may include pipelines, wells, reservoirs, booster pumping stations, lift stations and other facilities. The project proponent may be required to install these facilities and provide land and/or easement on which some of these facilities will be located. All drainage easements shall be recorded by separate instrument and noted as follows, "Drainage Easement - no building, obstructions, or encroachments are allowed."

For retention basin sizing and calculations refer to letter dated February 17, 2009 from Alan French to Majeed Farshad, in General Conditions 10. TRANS USE - RETENTION BASIN.

The subdivider shall protect downstream properties from damages caused by alteration of drainage patterns, i.e., concentration or diversion of flow. Protection shall be provided by constructing adequate drainage facilities including enlarging existing facilities and/or by securing a drainage easement. All drainage easements

FINAL CONDITIONS OF APPROVAL

shall be recorded by separate instrument and noted as follows, "Drainage Easement - no building, obstructions, or encroachments are allowed.

A viable maintenance mechanism acceptable to the County should be provided for combination catch basin/drywell and underground storage. The owner will maintain and clean the catch basin minimum two times a year. These maintenance wording shall be shown on the title sheet of improvement plans.

This approval shall be used within two (2) years of the approval date; otherwise, it shall become null and void and of no effect whatsoever. By use is meant the beginning of substantial construction contemplated by this approval within two (2) year period which is thereafter diligently pursued to completion or to the actual occupancy of existing buildings or land under the terms of the authorized use. Prior to the expiration of the two year period, the permittee may request a one (1) year extension of time in which to begin substantial construction or use of this permit. Should the one year extension be obtained and no substantial construction or use of this permit be initiated within three (3) years of the approval date this permit, shall become null and void.

A PM10 Fugitive Dust Mitigation Plan, prepared in accordance with AQMD Rule 403.1, shall be submitted to the Building and Safety Department for review and approval prior to the issuance of a grading permit.

1.NOTE: The PM 10 plan shall require the posting of signs in accordance with Building and Safety form "Signage Recommendations". 2.NOTE: All PM 10 measures must be in place prior to commencing any grading activity on site.

The applicant or developer shall submit copies of the grading plan and hydrologic calculations to the Riverside County Transportation Department (RCTD) and the

FINAL CONDITIONS OF APPROVAL

Coachella Valley Water District (CVWD) for their review and approval. Additional flood plain management fees may be required by CVWD. Prior to the issuance of a grading permit, the applicant or developer shall provide, to the Department of Building and Safety Grading Division, a letter from RCTD and CVWD indicating their approval of the plans or a waiver of the review.

FINAL CONDITIONS OF APPROVAL

Prior to paving inspection(s) and subsequent final grading inspection, the civil engineer of record shall submit to the Department of Building and Safety, Grading Division, written certification of completion of final grading in accordance with the approved grading plan.

Prior to requesting final grading inspection, the developer or applicant shall submit to the Grading Division of the Building and Safety Department the following for review and approval:

1. From the registered civil engineer of record, written certification of completion of final grading is in accordance with the approved grading plans.
2. Final compaction report from the soils engineer of record including parking area subgrades and other areas not covered in the report submitted for the building pad(s).

Temporary erosion control measures shall be implemented immediately following site grading to prevent depositions of debris onto downstream properties, public right-of-way, or drainage facilities. Plans showing these measures shall be submitted to Riverside County Transportation Department for review prior to the start of any site grading.

Prior to issuance of a building permit, the developer or applicant shall submit to the Grading Division of the Building and Safety Department the following for review and approval:

1. Certification from the registered civil engineer of record that the building pad(s) were constructed in the locations and to the elevations shown on the approved grading plan.
2. Compaction report from the soils engineer of record certifying that all grading

Number(s) and a vicinity map.

- c. Trash receptacles shall be identified on the plans and placed in appropriate locations within the site.
- d. Handicapped accessibility shall be addressed in the landscaping plan, including the location of handicapped parking spaces and the path of travel to the main entrance(s) to the community building. The project shall comply with any and all federal and state handicapped accessibility laws and regulations.
- e. Drought tolerant and native plant species shall be preferred over non-drought and non-native species; however, the quantity and extent of these species shall depend on the project's climatic zone. Alternative types of low volume irrigation are encouraged to be used in order to conserve water.
- f. A copy of the final grading plans shall be submitted with the landscaping plan to the Planning Department in order to establish adequate coordination of plans.
- g. Plans shall include a parking area shading plan which includes applicable area calculations and a diagram showing adequate shade canopies within 15 years of tree age.
- h. Landscape plans shall contain the Agricultural Commissioner's note as indicated in general conditions, above, if the project is located in the Coachella Valley.
- i. Bar-B-Q's and children's water play and other recreational equipment shall be installed in appropriate locations in both the retention basin areas and in the vicinity of the soccer field and community center building.
- j. The soccer field shall be installed with appropriate turf groundcovers with irrigation systems. Trees shall be planted to provide parking area shade as provided in Section 18.12 of Ordinance No. 348.
- k. Security lighting within the migrant agricultural mobilehome park shall be shown pursuant to the recommendations of the Riverside County Sheriff Department's transmittal dated April 21, 2008.
- l. Retention basins shall be provided with living groundcovers in addition to areas devoted, as necessary for stormwater control, to gravel and stonework rip-rap. Trees shall also be planted in imaginative patterns, a minimum of one tree for every twenty-five feet of liner frontage along Harrison Street.
- m. Landscaping plans shall be coordinated with plans submitted for the community center building and area.
- n. Masonry walls, wrought-iron fencing, outdoor trash and rubbish areas, 20' trail improvements along Harrison Street, gated entry and emergency access points, and guest parking areas shall be shown on these plans and coordinated with grading and other improvement plans.
- o. The permit holder shall remain in compliance with the landscaping requirements

80.PLANNING 008 PRIOR TO BLDG PRMT ISSUANCE	USE - SCHOOL MITIGATION	Status: MET	
--	--------------------------------	-----------------------	--

Impacts to the Coachella Valley Unified School District shall be mitigated in accordance with California State law prior to issuance of appropriate construction permits.

80.PLANNING 009 PRIOR TO BLDG PRMT ISSUANCE	USE - REC & PARK DIST MITIG.	Status: DEFERRED	
--	---	----------------------------	--

Prior to the issuance of building permits or the Building Mobilehome Park Permit (BMK), the permit holder shall enter into an agreement with the Coachella Valley Recreation and Park District to provide for the payment of park and recreation mitigation fees and/or dedication of land as identified in the District's Master Plan, and shall submit sufficient written evidence to the Riverside County Department of Building and Safety that the park and recreation mitigation fees and/or dedication for land have been provided to the District.

Alternatively, should fees be waived or paid by a different entity, a written letter of determination of waiver or payment shall be delivered by the permit holder to the Planning Department.

80.PLANNING 010 PRIOR TO BLDG PRMT ISSUANCE	USE - MITIGATION MONITORING	Status: MET	Condition: Satisfied
--	------------------------------------	-----------------------	--------------------------------

Prior to the issuance of building permits or BMK permit, the permittee shall prepare and submit a written report to the Riverside County Planning Director demonstrating compliance with those conditions of approval and mitigation measures of this permit and E.A. No. 41907 which must be satisfied prior to the issuance of a building permit.

The Planning Director may require inspection or other monitoring to ensure such compliance.

80.PLANNING 011 PRIOR TO BLDG PRMT ISSUANCE	USE - FEE STATUS	Status: MET	Condition: Satisfied
--	-------------------------	-----------------------	--------------------------------

FINAL CONDITIONS OF APPROVAL

Prior to issuance of building permits or BMK permits for Conditional Use Permit No. 3589, the Planning Department shall determine the status of the deposit based fees for project. If the case fees are in a negative state, the permit holder shall pay the outstanding balance.

Prior to the issuance of building permits or BMK permit, a clearance letter from the Office of Industrial Hygiene shall be provided to the Riverside County Planning Department verifying compliance with the conditions contained in their letter dated January 28, 2009, summarized as follows:

1. Construct 5'-5" high masonry block walls (noise barrier) along the side yard that are wrapped around both ends of lots Nos. 1, 116, 117, 118, 203, 205, 206, 207, 323, 326, 327, and 338 of CUP3589. The walls shall be erected so that the top of each wall extends at least 5'-5" above the pad elevation of the lot.
2. Only new coaches with dual paned windows shall be permitted adjacent to Harrison Street on lots Nos. 1, 116, 117, 118, 203, 205, 206, 207, 323, 326, 327, and 338.
3. Provide closed windows for lots along Harrison Street requiring mechanical ventilation per UBC requirements. Orientate all fresh air intakes away from Harrison Street.

No building permits or BMK permit shall be issued until Change of Zone No. 7699 has been approved and adopted by the Board of Supervisors and has been made effective. This permit shall conform with the development standards of the zone(s) ultimately applied to the property.

Prior to the issuance of a building permit or BMK permit, the permit holder shall submit a community center plot plan to the County Planning Department for review and approval. Said plan shall be submitted to the Department in the form of a plot plan application pursuant to County Ordinance No. 348, Section 18.30.a.(1) (Plot Plans not subject to the California Environmental Quality Act and not subject

FINAL CONDITIONS OF APPROVAL

to review by any governmental agency other than the Planning Department), along with the current fee. The plan shall be in compliance with Section 18.12, and the CUP03589 conditions of approval.

The plot plan shall contain the following elements:

1. A color photosimulation of a frontal view of all/the community center building with landscaping. Provide final building elevations and floor plans.
2. A plot plan of the community center building and related structures, including water play features and recreational amenities, with landscaping drawn to an engineer's scale. If lighting is planned, the location of lights, their intended direction, and proposed power shall be indicated.
3. An irrigation plan for the community center and related landscaping.
4. The community center building shall be not less than 3500 square feet in interior floor area, and may be two stories in height. A small kitchen or food warming area or room shall be included associated with the meeting room area.
5. The community center shall incorporate to the greatest extent possible energy conservation measures. In addition, a solar electric system shall be installed on the roof or adjacent land for the community center building, unless determined to be not economically possible by the Planning Director.

NOTE: The requirements of this plot plan may be incorporated with any minor plot plan required by the conditions of approval for this subdivision. However, this community center plot plan condition of approval shall be cleared individually.

Prior to the issuance of a building permit or BMK permit, a clearance letter from the Riverside County Parks Department shall be provided to the Riverside County Planning Department verifying compliance with the conditions contained in their email dated February 10, 2009, summarized as follows: provide a dedicated easement for trail purposes to the Parks District up to 20 feet in width (no improvements required at this time).

NOTE: ADDED BY THE PLANNING COMMISSION ON 2/18/09

Prior to the issuance of a building permit or BMK permit, the permit holder shall

FINAL CONDITIONS OF APPROVAL

either: 1) obtain written clearance from the Coachella Valley Unified School District regarding, or 2) submit for the approval of the Planning Department, the following:

A school bus access plan which addresses school bus access and maneuvering within the mobile home park, including student pick up and drop off, in a safe and effective manner.

NOTE: ADDED BY THE PLANNING COMMISSION 2/18/09

Minor corrections are needed for this conceptual. Landscape plan review for this conceptual will be completed with the following comments put in the conditions.

- 1.Show Landscape Architect signature
- 2.Show bike rack on plan as per Ordinance No 348 section 18.12 at the park
- 3.Show graphic scale on title sheet
- 4.Show spacing of 1 gal plants used as ground cover
- 5.Slope areas to conform to Building and Safety Erosion Control. Ground cover may be required on minor plot plans to fill in slope areas until 1gal shrubs grow in.
- 6.After the approval of this conceptual, the plans for the R.O.W. to be sent to Transportation.

Prior to issuance of a building permit or any use allowed by this permit, and prior to doing any work within the State highway right-of-way, clearance and/or an encroachment permit must be obtained by the applicant from the District 08 Office of the State Department of Transportation in San Bernardino.

Prior to the issuance of a building permit, the project proponent shall pay the Transportation Uniform Mitigation Fee (TUMF) in accordance with the fee schedule in effect at the time of issuance, pursuant to Ordinance No. 673.

FINAL CONDITIONS OF APPROVAL

Sufficient public street right-of-way along Harrison Street (State Highway 86) shall be conveyed for public use to provide for a 76-foot half-width right-of-way. Additional right-of-way may be required to facilitate turn lanes at project entry road(s).

A 20-foot wide trail easement outside of the ultimate road right-of-way along Harrison Street(State Highway 86) shall be dedicated and recorded by separate instrument for public use in favor of County of Riverside prior to building permit issuance.

80.TRANS 006 PRIOR TO BLDG PRMT ISSUANCE	USE - STREETLIGHTS - L&LMD	Status: NOTAPPLY	Conditions: Satisfied
---	---------------------------------------	----------------------------	---------------------------------

The project proponent shall submit to the Transportation Department L&LMD No. 89-1-C Administrator the following:

1. Completed Transportation Department application
2. (2)Sets of street lighting plans approved by Transportation Department.
3. Appropriate fees for annexation.
4. "Streetlight Authorization" form from SCE, IID or other electric provider.

80.TRANS 011 PRIOR TO BLDG PRMT ISSUANCE	USE - MAP CORNER CUT-BACK I	Status: MET	Conditions: Satisfied
---	------------------------------------	-----------------------	---------------------------------

All corner cutbacks shall be applied per Standard 805, Ordinance 461, except for corners at Entry streets intersecting with General Plan roads, they shall be applied per Exhibit ' C' of the Countywide Design Guidelines.

80.TRANS 015 PRIOR TO BLDG PRMT ISSUANCE	USE - STREETLIGHT PLAN I	Status: NOTAPPLY	Conditions: Satisfied
---	---------------------------------	----------------------------	---------------------------------

A separate street light plan is required for this project. The design and installation of street lights shall meet the Dark Sky criteria. The application of Dark Sky criteria is in support of the Coachella Valley Dark Sky Ordinances. Street lights shall be installed at street intersections and at the ends of cul-de-sacs, as approved by the Transportation Department. There shall be no change in the design and location of street lights relative to the general circulation elements adjacent to the project in question. For projects within SCE boundaries use County of Riverside Ordinance 461, Standard No's 1000 or 1001. For projects within Imperial Irrigation District

FINAL CONDITIONS OF APPROVAL

(IID) use IID's pole standard.

Landscaping within public road right-of-way shall comply with Transportation Department standards and Ordinance 461 and shall require approval by the Transportation Department. The landscape design shall incorporate a desert theme, including the extensive use of native desert and drought tolerant plant species. Irrigation systems shall incorporate the use of drip irrigation to the maximum extent feasible. The use of non-organic landscape elements such as rocks, decorative paving sand and gravel is encouraged. The uses of grass, sod or other water intense ground cover plant materials will not be permitted.

Landscaping plans shall be designed within Harrison Street (State Highway 86) and submitted to the Transportation Department. Landscaping plans shall be submitted on standard County Plan sheet format (24" X 36"). Landscaping plans shall be submitted with the street improvement plans.

Assurance of continuous maintenance is required by processing and filing a 'Landscape Maintenance Agreement' through the Transportation Department Plan Check Division; or if desired the developer may file an application for annexation into Landscaping and Lighting Maintenance District No. 89-1-Consolidated by contacting Judy Watterlond, Transportation Department at (951) 955-6829.

The project proponent shall be responsible for the design of traffic signal(s) at the intersections of:

None

The intersection of Harrison Street (NS) at Project North Access (EW) shall be improved to provide the following geometrics:

or sidewalk. A sign shall also be posted in a conspicuous place, at each entrance to the off-street parking facility, not less than 17 inches by 22 inches, clearly and conspicuously stating the following:

"Unauthorized vehicles not displaying distinguishing placards or license plates issued for physically handicapped persons may be towed away at owner's expense. Towed vehicles may be reclaimed at ___ or by telephoning ___."

In addition to the above requirements, the surface of each parking space shall have a surface identification sign duplicating the symbol of accessibility in blue paint of at least 3 square feet in size.

Prior to final building inspection approval of the BMK permit, all utilities, except electrical lines rated 33 kV or greater, shall be installed underground. If the permittee provides to the Department of Building and Safety and the Planning Department a definitive written statement from the utility provider refusing to allow underground installation of the utilities they provide, this condition shall be null and void with respect to that utility.

Prior to final building inspection approval of the BMK permit, a six inch high curb with a twelve (12) inch wide walkway shall be constructed along planters on end stalls adjacent to guest automobile parking areas (not intended for parking within individual spaces). Public or guest parking areas shall be designed with permanent curb, bumper, or wheel stop or similar device so that a parked vehicle does not overhang required sidewalks, planters, or landscaped areas.

Prior to final building inspection approval of the BMK permit, wall and/or fence locations shall be in conformance with APPROVED EXHIBIT A and the following:

- 1) a minimum six (6) foot high masonry wall along the northerly boundary at the rear of Space Nos. 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396 and 398, in order to provide a buffer from adjacent agricultural operations;

FINAL CONDITIONS OF APPROVAL

2) a minimum six (6) foot high masonry wall along the spaces near Harrison Street, more specifically the southwesterly facing space boundaries of Space Nos. 1, 116, 117, 118, 203, 205, 206, 207, 323, 326, 327 and 328, with a design approved by the Office of Industrial Hygiene for noise mitigation and the Transportation Department for drainage mitigation;

3) wrought-iron fencing shall be utilized along all other boundaries as shown on the APPROVED EXHIBIT A with a design approved by the Transportation Department for drainage mitigation.

An emergency access gate made of wrought-iron materials shall be installed at the location along the easterly boundary of the MH park where it connects with CUP03338; this gate and related fence may be locked as approved by the Fire Protection Department. The emergency access shall remain free and clear at all times for escape and emergency vehicles.

90.PLANNING 008 PRIOR TO BLDG FINAL INSPECTION	USE - TRASH ENCLOSURES	STATUS DEFECT	Conditions Outstanding
---	-------------------------------	--------------------------------	---

Prior to final building inspection approval of the BMK permit, a minimum of twelve (12) trash enclosures which are adequate to enclose a minimum of two bins each shall be located as shown on the APPROVED EXHIBIT A, or final parking and landscaping plot plan approvals. The enclosure(s) shall be a minimum of six (6) feet in height and shall be made with masonry block painted to match community buildings within the park, and a solid gate shall be installed which screens the bins from external view. Additional enclosed area for collection of recyclable materials shall be located within, near or adjacent to each trash and rubbish disposal area. The recycling collection area shall be a minimum of fifty percent (50%) of the area provided for the trash/rubbish enclosure(s) or as approved by the Riverside County Waste Management Department. All recycling bins shall be labeled with the universal recycling symbol and with signage indicating to the users the type of material to be deposited in each bin. THE NUMBER OF ENCLOSURES MAY BE MODIFIED BY THE PLANNING DIRECTOR BASED ON COMMENTS FROM THE WASTE HAULER THAT ALTERNATIVE AUTOMATED SERVICE MAY BE PROVIDED. HOWEVER, ADEQUATE TRASH ENCLOSURE(S) SHALL BE PROVIDED AT THE COMMUNITY CENTER BUILDING WHICH IS ADEQUATE TO ADDRESS TRASH NEEDS AT THAT FACILITY.
