BACKGROUND:

Summary (continued)

On June 17, 2008, (3.30), the Board of Supervisors approved the Department of Mental Health's (DMH) utilization of contracts for various mental health services during FY07/08.

Historically the DMH has found it difficult to find effective contractors to provide certain services necessary to meet the needs of Riverside County consumers. DMH is diligent in ensuring all interested and qualified parties are offered the opportunity to provide services on behalf of the Department.

During FY 07/08, when new and/or improved services were required by law or were identified through evidence based on best practices supported by the DMH, the DMH issued Request for Proposals (RFP) to identify qualified service contractors to provide assistance with research and evaluation activities being conducted by DMH. Under the general supervision of Department staff, students will complete tasks associated with assignments, including, but not limited to: data collection, data base management, data analysis, and report writing activities. Such support includes data verification, data entry, and computer programming using data base query languages, spreadsheets, and statistical computing software. Support also includes participating in the development of data coding and analysis procedures grounded in the social and behavioral sciences.

Unfortunately, DMH did not receive any responses to the RFP. Therefore, in FY 08/09 DMH negotiated a Professional Services Agreement with Claremont Graduate University to provide solution-oriented special research studies, and at the request of the Mental Health Director or the Assistant Mental Health Director, provide written reports needed for program planning, and also completed special projects related to performance outcomes at the request of the Department.

Impact on Citizens and Businesses

These services are a component of the Department's system of care aimed at improving the health and safety of consumers and the community.

SUPPLEMENTAL:

Contract History and Price Reasonableness

The Department is currently working with Purchasing to develop a multi-year RFP plan for all contracts and agreements. The Department is requesting approval of Claremont Graduate University in the interim to avoid interruption of services and ensure continuity of care for consumers.

The cost of this agreement, from FY 07/08 through FY 12/13, has remained constant at \$127,153.
