FORM 11: APPROVAL OF FY 2014-2015 RATES FOR CENTRAL MAIL SERVICES**

BACKGROUND:

Summary (continued)

Central Mail Services operates as an Internal Service Fund (ISF) and as such, must recoup its operating costs through charges to its customers. Central Mail Services derives rates by combining the direct cost of labor and equipment with indirect costs incurred to run and maintain the facility and operation.

Delivery, Pickup and Mail Stops

County entities will be billed according to the number of deliveries, pickups, and mail stops they have.

Under the proposed rates in Attachment A, customers will be charged \$180/year/mail stop number. This charge covers the cost producing the Mail Stop List, redesigning routes when mail stops are changed, and the costs of sorting to a finer level. Customers are charged \$90 to cancel a mail stop to cover the costs of reproducing the Mail Stop List and redesigning routes.

Each customer will be charged \$8.56 per day per business address for pickup and delivery. This represents no increase from the fiscal year 2014 rate. However, the Central Mail rate model calculation for daily delivery in FY 2015 is \$9.54. In an effort to maintain the fiscal year 2014 delivery rate for County departments and not increase their cost, Central Mail requests approval to use unrestricted net assets to offset operating costs. This will allow Central Mail to continue to provide the current level of service.

Postage

Customers are charged no more than the single-piece, non-automated rate for first class postage. For example, customers currently pay 46 cents for all first class letters weighing no more than one ounce. There is no additional charge to customers for the costs of applying postage, sorting, or transporting the envelopes to the Post Office.

The United States Post Office (USPS) may request a postage increase of up to \$0.03 effective in early 2014, which will make a first class stamp \$0.49.

Impact on Residents and Businesses

Central Mail provides services to all County departments and agencies to insure prompt delivery of incoming and posting of outgoing USPS mail as well as interoffice mail so that written communications between business, citizens, or other County departments are efficient and cost effective.
