### BACKGROUND:

### Summary

On December 4 2013, the Riverside County Planning Commission voted to recommend to the Board of Supervisors approval of this project (Vote 5-0).

A few residents spoke in opposition for the possible loiterers on or around the subject property. Additional concerns included possible late night sale of alcoholic beverages. The applicant stated that his business was only open until 8:00 P.M. and that would prevent any late night sales.

### Impact on Citizens and Businesses

The impacts of this project have been carefully considered, analyzed, and reviewed in a public process by the Planning Commission. An environmental document fully analyzing and disclosing potential impacts has been prepared and is on file with the Planning Department and available for public review.

### COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

### PROJECT DESCRIPTION AND LOCATION:

The **General Plan Amendment** proposes to amend the General Plan Foundation Component of the subject site from Rural Community to Community Development and to amend the land use designation of the subject site from Low Density Residential (RC:LDR) (1/2 Acre Minimum) to Commercial Retail (CD:CR) (0.20 - 0.35 Floor Area Ratio). The **Change of Zone** proposes to change the project site's zoning classification from Rural Residential - ½ Acre Minimum (R-R-½) to General Commercial (C-1/C-P). The **Conditional Use Permit** proposes to allow improvements to an existing neighborhood retail center consisting of a 5,310 sq. ft. Market with the sale of alcoholic beverage for off-premises consumption, and a 1,785 sq. ft. retail building with propane gas sales. Development includes façade enhancements, paving of the parking areas, including 30 parking spaces and a loading dock, 9,263 sq. ft. of landscaping of onsite landscaping, and street improvements.

The project is located at the northwest corner of Carroll Street and Markham Street in the area of Mead Valley within the County of Riverside.

### **ADDITIONAL INFORMATION:**

On September 15, 2009, the Board of Supervisors approved to initiate the General Plan Amendment No. 936 to change the Rural Community to Community Development and to amend the land use designation of the subject site from Low Density Residential (RC:LDR) (1/2 Acre Minimum) to Commercial Retail (CD:CR) (0.20 - 0.35 Floor Area Ratio).

On January 12, 2012, the Riverside County Airport Land Use Commission (ALUC) found General Plan Amendment No. 936, Change of Zone No. 7736, and Conditional Use Permit No. 3642 Consistent with the 1984 Riverside County Airport Land Use Plan, as applied to the Airport Influence Area of March Air Force Base (now March Air Reserve Base/March Inland Port).

The Midway Jr. Market has been in existence from the early '70s as a provider of general goods for local area of Mead Valley. This property was purchased by Raminu, Inc. from the previous owner in 2002. The operation has not changed from the original and is still continues today. The applicant is seeking the above referenced projects to be consistent with the existing use and enhance the architectural elevations to the neighborhood.

The 2003 General Plan was a comprehensive plan that did not include the subject parcel and should have been amended at the time to a commercial land use designation of Commercial Retail (CD:CR) (0.20 - 0.35 Floor Area Ratio). The existing zoning Rural Residential - ½ Acre Minimum (R-R-½) allows various commercial and industrial uses (e.g., bakery, bar, retail pharmacies, food mart, refreshment stand) with a conditional use permit. The proposed General Commercial (C-1/C-P) classification is consistent with the proposed Land Use designation of Commercial Retail (CD:CR). Therefore, the

Change of Zone component is to bring the zoning and the new Land Use designations to a highly consistent status.

The Conditional Use Permit is to sell alcoholic beverage pursuant to the provisions of Section 18.48 (Alcohol Beverage Sales). This proposal gives the applicant more flexibility in providing alcoholic beverage to the local residents. The project also request to include propane refill sales, façade enhancements, paving of the parking areas, including 30 parking spaces and a loading dock, 9,263 sq. ft. of landscaping of onsite landscaping, and street improvements.

### **RECOMMENDATIONS:**

FIND THAT THE PROJECT IS EXEMPT FROM CEQA pursuant to Categorical Exemption under Section 15301 Class 1 (d), Section 15303 Class 3 (c), and Section 15311 Class 11 (b), based on no new square footage is added, rehabilitation of deteriorated or damaged structure and installation of a small parking lot; and,

TENTATIVE APPROVAL of GENERAL PLAN AMENDMENT NO 936, amend the General Plan Foundation Component of the subject site from Rural Community to Community Development and to amend the land use designation of the subject site from Low Density Residential (RC:LDR) (1/2 Acre Minimum) to Commercial Retail (CD:CR) (0.20-0.35 Floor Area Ratio); and,

<u>TENTATIVE APPROVAL</u> of CHANGE OF ZONE NO 7734, amended the zoning classification for the subject property from Rural Residential (R-R) to Scenic Highway Commercial (C-P-S), in accordance with Exhibit #3, and based upon the findings and conclusions incorporated in the staff report, pending final adoption of the zoning ordinance by the Board of Supervisors; and,

PC Staff Report: December 4, 2013

Page 3 of 6

<u>ADOPTION</u> of a FINDING of "PUBLIC CONVENIENCE AND NECESSITY," regarding the sale of beer and wine for off-site consumption from the proposed use, based upon the findings and conclusions incorporated in the staff report; and,

<u>APPROVAL</u> of **CONDITIONAL USE PERMIT NO. 3642**, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

**FINDINGS**: The following findings are in addition to those incorporated in the summary of findings.

- The project site is designated Rural Community: Low Density Residential (RC:LDR) (1/2 Acre Minimum) on the Mead Valley Area Plan which does not allows for commercial retail development.
- 2. The proposed Land Use designation is Community Development: Commercial Retail (CD:CR) (0.20 0.35 Floor Area Ratio).
- 3. The proposed off-site alcohol sales at a neighborhood and community level are allowed in the Community Development: Commercial Retail Land Use designation within the floor area ratio (FAR) range from 0.2 to 0.35.
- The Commercial Retail land use designation allows for the development of commercial retail uses at a neighborhood, community and regional level.
- The proposed zoning for the project site is General Commercial (C-1/C-P).
- 6. The General Commercial zone permits a wide variety of commercial retail uses, as well as an array of professional office uses.
- 7. The "market" is specifically listed in the C-1/C-P zone and a "liquor store" is permitted with the approval of a conditional use permit. The operation of the existing Midway Jr Market is similar in hours of operation (7:00 am to 8:00 pm), the number of trips generated (42 peak hour trips), and noise level of commercial nature.
- 8. Based upon the Planning Department's Land Use Designation-Zoning Consistency Matrix, the change of zone's proposed General Retail (C-1/C-P) classification is identified as being highly consistent with the Commercial Retail (CR) (0.20 0.35 FAR) Land Use designation.
- 9. The proposed Change of Zone will make the zoning consistent with the General Plan. Density allocations for the site are established by the General Plan, and the proposed zoning simply implements the General Plan.
- 10. The existing commercial use with alcohol sales is surrounded by Rural Community: Low Density Residential (RC:LDR) (1/2 Acre Minimum) to the north, south, east and west.
- 11. The existing commercial retail with alcohol sales (Midway Jr. Market) is consistent with the development standards set forth in the General Commercial (C-1/C-P).

PC Staff Report: December 4, 2013

Page 4 of 6

- 12. The existing commercial retail use with alcohol sales is consistent with the lot size, setbacks, building height, parking, and roof mounted equipment screening standards set forth in the General Commercial (C-1/C-P) zone.
- 13. The existing commercial retail use with alcohol sales (as identified in the Section 9.50) is permitted in the General Commercial (C-1/C-P) zone based on County Ordinance No. 348.
- 14. The surrounding zoning is Rural Residential (R-R-1/2) to the north, east, west and south.
- 15. There are three (3) licenses (Type 20 & 21) exist currently in Census Tract No. 420.10. All licenses are active and the Conditional Use Permit is requesting the determination of Public Necessity & Convenience. Currently, there are approximately 1,962 persons per license including the current license (total of three).
- 16. The project site is consistent with the objectives of Section 18.48 (Alcoholic Beverage Sales) of the Ordinance No. 348.
- 17. There are no existing or proposed schools, public park/playground, or religious worship centers within 1,000 feet from the project site.
- 18. The proposed project provides public necessity and convenience for the residents of the surrounding community.
- 19. The project site is an existing market/liquor store with no new square footage proposed that is previously disturbed and is surrounded with residential development in all directions.
- 20. The potential air quality impacts resulting from the proposed project would not exceed emissions projected by the Air Quality element based on existing structures and no new square footage will be added to the project. The number of trips generated during peak hour and the construction phase falls below the threshold based on the existing conditions and limited façade work to enhance the visual look of the building.
- 21. Based on the size and proposed use, the project will not generate trips above the emissions (e.g., ROC, NO<sub>x</sub>, CO, PM<sub>10</sub>) threshold that was identified in the 2003 General Plan EIR. The project generates 42 peak hour trips as identified in the Transportation Review Study dated October 24, 2012.
- 22. All projects must comply with 2011 Riverside County Congestion Management Program dated December 14, 2011.
- 23. This project site is not located within a Criteria Area Cell Group. However, the Planning staff has conferred with the Environmental Programs Division staff and determined the project fulfills the requirements of the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).
- 24. Pursuant to Public Resources Code Division 13, Section 21083.3, Subsection 1, the General Plan has been designated to accommodate a specific density of development and an EIR (EIR No. 441) was approved for that planning action. The subject site does not contain any features that

PC Staff Report: December 4, 2013

Page 5 of 6

would create environmental impacts that would be peculiar to the subject parcels, beyond what was studied in the General Plan EIR.

- 25. Based on the existing buildings and no new square footage will be added with this permit. Therefore, no potential impact is anticipated and an exemption is appropriate.
- 26. The Midway Jr. Market has been in operation since the early '70s and the property has been disturbed with vehicles parking on both front and rear of the property. (Added at PC 12/04/13)

### **CONCLUSIONS:**

- 1. Proposed Land Use change was initiated on September 15, 2009 by the Board of Supervisors for General Plan Amendment No. 936 to change the Land Use designation to Community Development: Commercial Retail (CD:CR).
- 2. The proposed change of zone is in conformance with the Community Development: Commercial Retail (CD:CR), and with all other elements of the Riverside County General Plan.
- 3. The proposed change of zone is consistent with all applicable provisions of Ordinance No. 348.
- 4. The proposed project is consistent with the General Retail (C-1/C-P) zoning classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.
- 5. The public's health, safety, and general welfare are protected through project design.
- 6. The proposed general plan amendment, change of zone and project are clearly compatible with the present and future logical development of the area.
- 7. The proposed general plan amendment, change of zone and project was evaluated as a categorically exempt from further CEQA action based on above stated findings.
- 8. The proposed project will not have a significant effect on the environment.
- 9. The proposed general plan amendment, change of zone and project will not preclude reserve design for the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).

NOT VALID AT ANY OTHER LOCATION ADDRESS.

### A MESSAGE TO OUR LICENSE HOLDER

As a retailer, you have certain rights and responsibilities under the Cigarette and Tobacco Products Licensing Act of 2003. In order to assist you in your endeavor and to better understand the law, we offer the following

- The Cigarette and Tobacco Products Licensing Act of 2003 found under Division 8.6 (commencing with section 22970) of the California Business and Professions Code.
- Our website at www.boe.ca.gov
- \* Our toll-free Taxpayer Information Section at 800-400-7115 (TTY: 711).

As a retailer, you are expected to maintain the normal books and records of a prudent businessperson. You are required to maintain these books and records for no less than four years, and make them available for inspection by a Board of Equalization (BOE) representative when requested. In addition, you must keep the records on file at the location identified on your license for at least one year after the date of purchase. Specific requirements are set forth in the Cigarette and Tobacco Products Licensing Act of 2003.

You must notify us if you are buying, selling, adding a location, or discontinuing your business, adding or dropping a partner, officer, or member, or when you are moving any or all of your business locations. This license is valid only for the type of ownership and location specified on the license. A person who obtains a license as a retailer who ceases to do business, or who never commenced business, or whose license has been suspended or revoked, shall also notify the BOE immediately by writing to the State Board of Equalization, Special Taxes and Fees, P.O. Box 942879, Sacramento, CA 94279-0088 in order to make arrangements to surrender the license, or by giving the license to a BOE representative.

If you would like to know more about your rights as a taxpayer, or if you are unable to resolve an issue with the BOE, please contact the Taxpayers' Rights Advocate office for help by calling, 888-324-2798 or 916-324-2798. Their fax

CONDITIONAL USE PERMIT Case #: CUP03642

Parcel: 315-172-014

### 10. GENERAL CONDITIONS

EVERY DEPARTMENT

10. EVERY. 1 USE - PROJECT DESCRIPTION

RECOMMN:

The Conditional Use Permit proposes to permit land use of and provide improvements to an existing neighborhood retail center consisting of a 5,310 sq. ft. Market with the sale of beer and wine for off-premises consumption, and a 1,785 sq. ft. retail building. Development includes fa $\tau$ ade enhancements, paving of the parking areas, including 30 parking spaces and a loading dock, 9,263 sq. ft. of landscaping of onsite landscaping, and street improvements.

10. EVERY. 2 USE - HOLD HARMLESS

RECOMMNI

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold harmless the County of Riverside (COUNTY) its agents, officers, or employees from any claim, action, or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning Conditional Use Permit No. 3642. The COUNTY will promptly notify the applicant/permittee of any such claim, action, or proceeding against the COUNTY and will cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify, or hold harmless the COUNTY.

10. EVERY. 3 USE - DEFINITIONS

10.BS GRADE. 3

USE - OBEY ALL GDG REGS

RECOMMN

All grading shall conform to the California Building Code, Ordinance 457, and all other relevant laws, rules, and regulations governing grading in Riverside County and prior to commencing any grading which includes 50 or more cubic yards, the applicant shall obtain a grading permit from the Building and Safety Department.

10.BS GRADE. 4

USE - DISTURBS NEED G/PMT

RECOMMNI

Ordinance 457 requires a grading permit prior to clearing, grubbing, or any top soil disturbances related to construction grading.

10.BS GRADE, 6

USE - NPDES INSPECTIONS

RECOMMNI

Construction activities including clearing, stockpiling, grading or excavation of land which disturbs less than 1 acre and requires a grading permit or construction Building permit shall provide for effective control of erosion, sediment and all other pollutants year-round. The permit holder shall be responsible for the installation and monitoring of effective erosion and sediment controls. Such controls will be evaluated by the Department of Building and Safety periodically and prior to permit Final to verify compliance with industry recognized erosion control measures.

Construction activities including but not limited to clearing, stockpiling, grading or excavation of land, which disturbs 1 acre or more or on-sites which are part of a larger common plan of development which disturbs less than 1 acre are required to obtain coverage under the construction general permit with the State Water Resources Control Board. You are required to provide proof of WDID# and keep a current copy of the storm water pollution prevention plan (SWPPP) on the construction site and shall be made available to the Department of Building and Safety upon request.

Year-round, Best Management Practices (BMP's) shall be maintained and be in place for all areas that have been

graded or disturbed and for all material, equipment and/or operations that need protection. Stabilized Construction Entrances and project perimeter linear barriers are required year round. Removal BMP's (those BMP's which must be temporarily removed during construction activities) shall be in place at the end of each working day.

Monitoring for erosion and sediment control is required and shall be performed by the QSD or QSP as required by the Construction General Permit. Stormwater samples are required for all discharge locations and projects may not exceed limits set forth by the Construction General Permit Numeric Action Levels and or Numeric Effluent Levels. A Rain Event Action Plan is required when there is a 50% or greater forecast of rain within the 48 hours, by the National Weather Service or whenever rain is imminent. The QSD or QSP must print and save records of the precipitation forecast for the project location area from (http://www.srh.noaa.gov/forecast) and must accompany monitoring reports and sampling test data. A Rain gauge is required on site. The Department of Building and Safety will conduct periodic NPDES inspections of the site throughout the recognized storm season to verify compliance with the Construction General Permit and Stormwater ordinances and regulations.

10.BS GRADE. 7 USE - EROSION CNTRL PROTECT

RECOMMNI

Graded but undeveloped land shall provide, in addition to erosion control planting, any drainage facility deemed necessary to control or prevent erosion. Additional erosion protection may be required during the rainy season from October 1, to May 31.

10.BS GRADE. 8- USE - DUST CONTROL

RECOMMND

All necessary measures to control dust shall be implemented by the developer during grading. A PM10 plan may be required at the time a grading permit is issued.

10.BS GRADE. 9 USE - 2:1 MAX SLOPE RATIO

RECOMMND

Graded slopes shall be limited to a maximum steepness ratio of 2:1 (horizontal to vertical) unless otherwise approved.

USE - BUILD & SAFETY PLCK

RECOMMNI

The applied CUP03642 states all structures are existing, and there is no construction at this time.

The site shall be accessible compliant as shown on the exhibit. Should any new construction or placement of structures be proposed or if it is determined that any existing construction or placement of structures has been constructed without proper building permits, the applicant will be required to submit building plans annd applicable documents to building and safety for review, approval and permit issuance per current adopted California Building Codes and Riverside County Ordinaces.

### E HEALTH DEPARTMENT

10.E HEALTH. 1 USE - PERC TEST REQD

RECOMMNE

A satisfactory detailed soils percolation test in accordance with the procedures outlined in the Riverside County Departement of Environmental Health (DEH) is required for all new proposed onsite wastewater treatment systems (OWTS) and/or advanced treatment units (ATU).

### 10.E HEALTH. 1 USE - SEPTIC PLANS

RECOMMND

A set of three detailed contoured plot plans plans drawn to an appropriate scale showing the location of all required information as specified in the Department of Environmental Health (DEH) Technical Guidance manual including the proposed onsite wastwater treatment system (OWTS) and/or Advanced Treatment Unit (ATU) design must be submitted to DEH for review and approval. If grading is proposed, all required information must be placed on Precise Grading Plans.

### 10.E HEALTH. 2 CUP#3642 - COMMENTS

RECOMMND

Based on the information provided by Rita Medellin (EDA) and Joe Mazariegos (owner), the existing septic system is non-certifiable. Therefore, the existing septic system shall be removed or properly abandoned under permit with the Department of Environmental Health (DEH).

AM/PAC has performed a soils percolation study which

will be submitted to DEH upon building permit submittal for review and acceptance. The proposed wastewater disposal system shall consist of an Advanced Treatment Unit (ATU) which will provide service to the two existing buildings containing plumbing.

A grease interceptor shall be properly sized to accomodate for any proposal to sell non-prepackaged foods. Moreover, the grease interceptor design shall be included on the required detailed contoured plot plan to be submitted to DEH for review upon building permit submittal.

The estimated building occupancies are as follows:

Building - Midway Jr Market

5310 square feet with 53 total occupants

700 square feet with 46 occupants 1085 square feet with 5 occupants

#### 10.E HEALTH. 3

EMWD POTABLE WATER SERVICE

RECOMMNI

Conditional Use Permit#3642 is proposing to receive Eastern Municipal Water District (EMWD) potable water service. It is the responsibility of the developer to ensure that all requirements to obtain potable water service are met with EMWD as well as all other applicable agencies.

#### FLOOD RI DEPARTMENT

### 10.FLOOD RI..1

USE FLOOD HAZARD REPORT

RECOMMNE

Conditional Use Permit 03642 is a proposal to permit an existing market and a retail building on an approximately 2.67-acre site. The construction of additional improvements to the site is also proposed. The site is located in the Mead Valley area northerly of Markham Street, southerly of Bonham Street, easterly of Clark Street, and westerly of Carroll Street.

The site is located on a slight ridge therefore, except for nuisance nature local runoff, the site is considered free

### 10. GENERAL CONDITIONS

RECOMMN

from ordinary storm flood hazard. Street improvements should protect the site from any offsite runoff. However, a storm of unusual magnitude could cause damage. Any grading should perpetuate the existing drainage patterns of the area and new construction shall comply with all applicable ordinances.

A preliminary project-specific Water Quality Management Plan (WQMP) was submitted which proposed BMP's that will mitigate the development's impact on water quality. The submitted WQMP is acceptable and meets the minimum requirements necessary for the District to issue the conditions of approval for this project. The proposed BMP (infiltration trench) may need to be increased in size due to other physical constraints (primarily a high ground water table) but there appears to be sufficient room in the undeveloped area on the westerly portion of the site to provide an acceptable BMP. The size and location will be determined in the Final WQMP.

The project site is located in the Lake Mathews Area Drainage Plan (ADP) where fees have been adopted by the Board of Supervisors.

### 10.FLOOD RI. 2 USE FINAL WOMP

RECOMMNT

The submitted preliminary WQMP is acceptable and meets the minimum requirements necessary for the District to issue the conditions of approval for this project. The proposed BMP (infiltration trench) may need to be increased in size due to other physical constraints (primarily a high ground water table) but there appears to be sufficient room in the undeveloped area in the westerly portion of the site to provide an acceptable BMP. The size and location of the BMP will-be determined in the Final WQMP.

It is unknown how much 'new' impervious area is being proposed for this project and how much of the existing site is impervious. If the new impervious area proposed with this development is less than 50% of the existing impervious area, then mitigation is required for only this amount of new impervious area. If the new impervious area proposed with this development is 50% or greater of the existing impervious area, then mitigation is required for the entire site.

CONDITIONAL USE PERMIT Case #: CUP03642

Parcel: 315-172-014

### 10. GENERAL CONDITIONS

10.FLOOD RI. 2 USE FINAL WQMP (cont.)

RECOMMN

If the applicant is considering expanding this development to include the undeveloped westerly portion of the site, the District suggests providing a BMP large enough to mitigate for the complete development of the site at this time.

10 FLOOD RI. 6 USE WQMP ESTABL MAINT ENTITY

RECOMMNI

This project proposes BMP facilities that will require maintenance by public agency or commercial property owner association. To ensure that the public is not unduly burdened with future costs, prior to final approval or recordation of this case, the District will require an acceptable financial mechanism be implemented to provide for maintenance of treatment control BMPs in perpetuity. This may consist of a mechanism to assess individual benefiting property owners, or other means approved by the District. The site's treatment control BMPs must be shown on the project's improvement plans - either the street plans, grading plans, or landscaping plans. The type of improvement plans that will show the BMPs will depend on the selected maintenance entity.

#### 10.FLOOD RI. 7

USE SUBMIT FINAL WQMP>PRELIM

RECOMMNE

In compliance with Santa Ana Region and San Diego Region Regional Water Quality Control Board Orders, and Beginning January 1, 2005, projects submitted within the western region of the unincorporated area of Riverside County for discretionary approval will be required to comply with the Water Quality Management Plan for Urban Runoff (WQMP). The WQMP addresses post-development water quality impacts from new development and redevelopment projects. The WQMP requirements will vary depending on the project's geographic location (Santa Ana, Santa Margarita or Whitewater River watersheds). The WQMP provides detailed guidelines and templates to assist the developer in completing the necessary studies. These documents are available on-line at: www.rcflood.org/npdes.

To comply with the WQMP a developer must submit a "Project Specific" WQMP. This report is intended to a) identify potential post-project pollutants and hydrologic impacts associated with the development; b) identify proposed mitigation measures (BMPs) for identified impacts including site design, source control and treatment control

post-development BMPs; and c) identify sustainable funding and maintenance mechanisms for the aforementioned BMPs. A template for this report is indicated as 'exhibit A' on the website above. A final Project Specific WQMP must be approved by the District prior to issuance of building or grading permits.

Projects that require a Project Specific WQMPs were required to submit a PRELIMINARY Project Specific WQMP along with the land-use application package in the tentative phase of development in order to obtain recommended conditions of approval. The developer has submitted a report that minimally meets the criteria for a preliminary project specific WQMP of addressing points a, b, and c above. It shall be noted that while the preliminary project specific WQMP was adequate at that stage, the preliminary WQMP report will need significant revisions at the improvement plan check phase of the development in order to meet the requirements of a final project specific WQMP - including detailed drawings for the BMPs along with all supporting calculations. It should also be noted that if 401 certification is necessary for the project, the Water Quality Control Board may require additional water quality measures.

### PLANNING DEPARTMENT

10. PLANNING. 1 GEN - IF HUMAN REMAINS FOUND

RECOMMNI

The developer/permit holder or any successor in interest shall comply with the following codes for the life of this project:

If human remains are encountered, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within the period specified by law. Subsequently, the Native American Heritage Commission shall identify the "Most Likely Descendant." The Most Likely Descendant shall then make recommendations and engage in

Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Planning /Director.

10.PLANNING. 2

GEN - INADVERTANT ARCHAEO FIND

RECOMMN

The developer/permit holder or any successor in interest shall comply with the following for the life of this project:

If during ground disturbance activities, cultural resources are discovered that were not assessed by the archaeological reports and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. A cultural resources site is defined, for this condition, as being three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to it sacred or cultural importance.

- 1.All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist, the Native American tribal representative (or other appropriate ethic/cultural group representative), and the Planning Director to discuss the significance of the find.
- 2.At the meeting, the significance of the discoveries shall be discussed and fter consultation with the Native American tribal (or other appropriate ethnic/cultural group representative) and the archaeologist, a decision is made, with the concurrence of the Planning Director, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.
- 3. Further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate preservation or mitigation measures.

### 10. GENERAL CONDITIONS

10.PLANNING. 3 USE - LOW PALEO

RECOMMN

According to the County's General Plan, this site has been mapped as having a "Low Potential" for paleontological resources. This category encompasses lands for which previous field surveys and documentation demonstrates a low potential for containing significant paleontological resources subject to adverse impacts. As such, this project is not anticipated to require any direct mitigation for paleontological resources. However, should fossil remains be encountered during site development:

- 1.All site earthmoving shall be ceased in the area of where the fossil remains are encountered. Earthmoving activities may be diverted to other areas of the site.
- 2. The owner of the property shall be immediately notified of the fossil discovery who will in turn immediately notify the County Geologist of the discovery.
- 3. The applicant shall retain a qualified paleontologist approved by the County of Riverside.
- 4. The paleontologist shall determine the significance of the encountered fossil remains.
- 5.Paleontological monitoring of earthmoving activities will continue thereafter on an as-needed basis by the paleontologist during all earthmoving activities that may expose sensitive strata. Earthmoving activities in areas of the project area where previously undisturbed strata will be buried but not otherwise disturbed will not be monitored. The supervising paleontologist will have the authority to reduce monitoring once he/she determines the probability of encountering any additional fossils has dropped below an acceptable level.
- 6.If fossil remains are encountered by earthmoving activities when the paleontologist is not onsite, these activities will be diverted around the fossil site and the paleontologist called to the site immediately to recover the remains.
- 7. Any recovered fossil remains will be prepared to the point of identification and identified to the lowest taxonomic level possible by knowledgeable paleontologists. The remains then will be curated (assigned and labeled with museum\* repository fossil specimen numbers and

The remains will then be accessioned into the museum\* repository fossil collection, where they will be permanently stored, maintained, and, along with associated specimen and site data, made available for future study by qualified scientific investigators. \* The County of Riverside must be consulted on the repository/museum to receive the fossil material prior to being curated.

USE - COMPLY WITH ORD./CODES

RECOMMNI

The development of these premises shall comply with the standards of Ordinance No. 348 and all other applicable Riverside County ordinances and State and Federal codes.

The development of the premises shall conform substantially with that as shown on APPROVED EXHIBIT A, unless otherwise amended by these conditions of approval.

10.PLANNING. 7 USE - FEES FOR REVIEW

RECOMMND

Any subsequent submittals required by these conditions of approval, including but not limited to grading plan, building plan or mitigation monitoring review, shall be reviewed on an hourly basis (research fee), or other such review fee as may be in effect at the time of submittal, as required by Ordinance No. 671. Each submittal shall be accompanied with a letter clearly indicating which condition or conditions the submittal is intended to comply with.

Prior to the sale of any individual structure as shown on APPROVED EXHIBIT A, a land division shall be recorded in accordance with Riverside County Ordinance No. 460, and any other pertinent ordinance.

10.PLANNING. 11 USE - HOURS OF OPERATION

RECOMMNI

Use of the facilities approved under this conditional use permit shall be limited to the hours of 7:00 a.m. to 8:00 p.m., Monday through Sunday in order to reduce conflict with adjacent residential zones and/or land uses.

10.PLANNING. 12 USE - BASIS FOR PARKING

RECOMMNI

Parking for this project was determined primarily on the basis of County Ordinance No. 348, Section 18.12. a.(2).b), and is calculated to provide 37 parking spaces, including 2 accessible parking spaces.

10.PLANNING. 13 USE - PERMIT SIGNS SEPARATELY

RECOMMNT

Signs identified in Exhibit C Amd No. 4, dated 05/23/13 are approved pursuant to this project approval. Prior to the installation of any additional on-site advertising or directional signs, all appropriate review and approval is required.

10.PLANNING. 14 USE - LIMIT ON SIGNAGE

RECOMMND

Signage for this project shall be limited to the maximum sign as allowed in the Article XIX Advertising Regulations. Any additional signage shall be approved by the Planning Department pursuant to the requirements of Section 18.30 (Planning Department review only) of Ordinance No. 348.

10.PLANNING. 15 USE - NO OUTDOOR ADVERTISING

The paleontologist shall submit in writing to the Planning Department the results of the initial consultation and the details of the fossil recovery plan if recovery was deemed necessary. The written results shall be submitted prior to issuance of grading permit.

### 60.PLANNING. 3 USE - PARCEL MERGR REQD (1)

RECOMMNI

Prior to the issuance of a grading permit, a Certificate of Parcel Merger shall be reviewed and aproved by the Planning Department. The Parcel Merger shall merge Assessor Parcel Nos. 315-172-010, -011, -012, and -013. The permit holder shall submit proof of recordation of the parcel merger to the Planning Department within 6 (six) months of Planning Department approval. The proposed parcel shall comply with the development standards of the General Commercial (C-1/C-P) zone.

### 60.PLANNING. 8 USE - BLOWSAND & DUST CONTROL

RECOMMNI

The permittee shall institute blowsand and dust control measures during grading and shall note or show the measures to be used on their grading plans. These measures shall include, but not be limited to:

- a) The use of irrigation during any construction activities;
- b) planting of cover crop or vegetation upon previously graded but undeveloped portions of the site; and
- c) provision of windbreaks or windrows, fencing, and/or landscaping to reduce the effects upon adjacent properties and property owners. The permittee shall comply with the directives of the Director of the Building and Safety Department with regards to the applicable sections of Ordinance No. 484 (Blowsand Control) and Ordinance No. 742 (Control of Fugitive Dust/PM10 in Urban Areas).

Prior to the issuance of a grading permit, the applicant shall comply with the provisions of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee set forth in that ordinance. amount of the fee required to be paid may vary depending upon a variety of factors, including the type of development application submitted and the applicability of any fee reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be calculated on the approved development project which is anticipated to be 2.56 acres (gross) in accordance with APPROVED EXHIBIT NO. A. If the development is subsequently revised, this acreage amount may be modified in order to reflect the revised development project acreage amount. In the event Riverside County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

### 60.PLANNING. 14 USE - FEE BALANCE

RECOMMNI

Prior to issuance of grading permits, the Planning Department shall determine if the deposit based fees for CUP No. 3642 are in a negative balance. If so, any outstanding fees shall be paid by the applicant/developer.

Re: Change of Zone 07734

Area: Mead Valley

We have reviewed this case and have the following comments:

The proposed zoning is consistent with existing flood hazards. Some flood control facilities or flood proofing may be required to fully develop to the implied density.

Questions concerning this matter may be referred to Eric Russell of this office at 951.955.1211.

Attn: Jeff Horn, Project Planner 951-955-4641

Dear Sir:

The Midway Junior Market, Ramuni Incorporated, is proposing a commercial use development at 217700 Markham Street.

The Riverside County Planning Department has requested a response from our agency regarding the project's impact upon law enforcement service.

The development does not appear to be substantial in scope, and does not appear to include factors that would impact law enforcement services.

- 1. The project site falls within the service area boundary of the Perris Sheriff Station.
- 2. The address for the Perris Sheriff Station is 137 N. Perris Blvd., Ste. A, Perris, CA 92570.
- 3. There are no established minimum standards for law enforcement response times. We anticipate that the following average response times for the project area will continue:
  - a. Emergency response times of nine (9) minutes, 25 seconds
  - b. Non-emergency response times of 17 minutes, seven (7) seconds

If there is any further information required, please do not hesitate to contact me at (951) 210-1026.

Very truly yours,

Conditional Use Permit (CUP) No. 3642 PE:

Proposal: The CUP proposes to permit and provide improvements to an existing

neighborhood retail center

APNs: 315-172-010;-011;-012;-013

Dear Mr. Horn:

The Riverside County Waste Management Department (Department) has reviewed the proposed project located south of Bonham Street, west of Carroll Street, north of Markham Street, and East of Clark Street, in the Mead Valley Area Plan. In order to mitigate the project's potential solid waste impacts and to help the County's efforts to comply with State law in diverting solid waste from landfill disposal, the Department is recommending that the following conditions be made a part of any Conditions of Approval for the project:

- 1. Prior to issuance of a grading permit, the applicant shall submit three (3) copies of a Recyclables Collection and Loading Area plot plan to the Riverside County Waste Management Department for review and approval. The plot plan shall conform to Design Guidelines for Recyclables Collection and Loading Areas, provided by the Waste Management Department, and shall show the location of and access to the collection area for recyclable materials, along with its dimensions and construction detail, including elevation/façade, construction materials and signage. The plot plan shall clearly indicate how the trash and recycling enclosures shall be accessed by the hauler.
- 2. Within 12 months of project approval, the applicant shall construct the recyclables collection and loading area in compliance with the Recyclables Collection and Loading Area plot plan, as approved and stamped by the Riverside County Waste Management Department.
- 3. Prior to issuance of a grading permit, A Waste Recycling Plan (WRP) shall be submitted to the Riverside County Waste Management Department for approval. At a minimum, the WRP must identify the materials (i.e., concrete, asphalt, wood, etc.) that will be generated by construction and development, the projected amounts, the measures/methods that will be taken to recycle, reuse, and/or reduce the amount of materials, the facilities and/or haulers that will be utilized, and the targeted recycling or reduction rate. Arrangements can be made through the franchise hauler.

Jeff Horn, Project Planner CUP No. 3642 May 18, 2010 Page 2

- 4. Within 12 months of project approval, evidence (i.e., receipts or other type verification) to demonstrate project compliance with the approved WRP shall be presented by the project proponent to the Planning Division of the Riverside County Waste Management Department in order to clear the project for occupancy permits.
- 5. Hazardous materials are not accepted at Riverside County landfills. In compliance with federal, state, and local regulations and ordinances, any hazardous waste generated in association with the project shall be disposed of at a permitted Hazardous Waste disposal facility. Hazardous waste materials include, but are not limited to, paint, batteries, oil, asbestos, and solvents. For further information regarding the determination, transport, and disposal of hazardous waste, please contact the Riverside County Department of Environmental Health, Environmental Protection and Oversight Division, at 1.888.722.4234.
- 6. Use mulch and/or compost in the development and maintenance of landscaped areas within the project boundaries. Recycle green waste through either onsite composting of grass, i.e., leaving the grass clippings on the lawn, or sending separated green waste to a composting facility.
- 7. Consider xeriscaping and using drought tolerant/low maintenance vegetation in all landscaped areas of the project.

Thank you for the opportunity to review this proposal. If you have any questions, please call me at (951) 486-3200.

Sincerely.

Dear Mr. Horn:

We have reviewed the above referenced project. The Val Verde Unified School District would like to make the following comments and/or recommendations:

- The District recommends that all environmental health agencies within your jurisdiction take into consideration the health, safety and welfare of the students of the Val Verde Unified School District.
- The District recommends that it be apprised of any traffic flow changes that might affect the health, safety and welfare of the students of the Val Verde Unified School District as well as the Val Verde District Office staff.
- Val Verde Unified School District has adopted State statutory industrial/commercial fees.
   Companies within your jurisdiction will need to satisfy the appropriate fees <u>prior</u> to issuance of building permits.

We appreciate your requesting our input concerning this project. Should you have any questions or concerning regarding the District's recommendations, please don't hesitate to contact me at (951) 940-6107.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

### AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

# PROPERTY OWNERS CERTIFICATION FORM

I, VINNIE NGUYEN certify that on 11/7/2013
The attached property owners list was prepared by Riverside County GIS
APN (s) or case numbers $\frac{GPA0936}{CZ07734}$ CUP03642 For
Company or Individual's Name Planning Department
Distance buffered 1000
Pursuant to application requirements furnished by the Riverside County Planning Department
Said list is a complete and true compilation of the owners of the subject property and all other
property owners within 600 feet of the property involved, or if that area yields less than 25
different owners, all property owners within a notification area expanded to yield a minimum of
25 different owners, to a maximum notification area of 2,400 feet from the project boundaries
based upon the latest equalized assessment rolls. If the project is a subdivision with identified
off-site access/improvements, said list includes a complete and true compilation of the names and
mailing addresses of the owners of all property that is adjacent to the proposed off-site
improvement/alignment.
I further certify that the information filed is true and correct to the best of my knowledge. I
understand that incorrect or incomplete information may be grounds for rejection or denial of the
application.
