BACKGROUND:

Summary (continued)

On December 20, 2005, the Board of Directors of the Redevelopment Agency for the County of Riverside approved the purchase of two graffiti abatement vehicles and allocated \$212,000 in redevelopment funds for the purchase of the vehicles for the Countywide Graffiti Abatement Program, via Agenda Item 4.1. The initial funding was provided by redevelopment funds, with a portion of the cost to be reimbursed out of the 2006-2007 County budget based on the use of the trucks outside of the redevelopment project areas.

On May 22, 2007, the Board of Supervisors authorized the procurement of an additional graffiti abatement van, via Agenda Item 3.17, and additionally, on December 18, 2007, the Board of Supervisors authorized, via Agenda Item 3.81, the procurement of a fourth graffiti abatement vehicle for use in the 4th District and portions of the 5th District. The additional vehicles were authorized to be purchased with redevelopment funds. All four of the graffiti abatement vehicles were owned by the Redevelopment Agency, and subsequent to the dissolution of redevelopment, by the Successor Agency.

The winding down of redevelopment activity has resulted in the transfer of the operations of the Graffiti Abatement Program from a Successor Agency function to a county function. The Successor Agency recommends transferring the ownership of the graffiti abatement vehicles to Riverside County.

The graffiti abatement vehicles are specialized vehicles that are equipped with a computerized paint matching system, pressure washer, wash sink, and sand blaster. Attachment A lists the description of each vehicle, original purchase cost, and equipment. The original purchase price of the four graffiti trucks is approximately \$425,000. After almost ten (10) years of useful life, the net salvage value of the four graffiti vehicles as of June 30, 2013 is \$32,146.

In the interest of public service, the Successor Agency recommends the transfer of the graffiti vehicles to the County for use in the County's Graffiti Abatement Program. Due to the minimal value of the vehicles, the transfer to the County will be for zero dollars (\$0).

Impact on Citizens and Businesses

Transfer of these vehicles will benefit the citizens and businesses of Riverside County through continuation of graffiti abatement services.
