The District retains an archive of historic aerial photographs and desires to digitize its extensive aerial photo collection to allow the collection to provide more convenient public access, to reduce the wear and tear on the photos themselves, and to preserve the collection. CSUSB wishes to supplement its own historic aerial photograph collection with the District's historic aerial photo collection and to make electronic copies for ease of public access and educational purposes.

County Counsel has approved the MOU as to legal form and CSUSB has executed the MOU.

Impact on Citizens and Businesses

This project entails no new fees, taxes or bonded indebtedness to citizens and businesses. AERIAL PHOTOGRAPH COLLECTION IMAGING

WHEREAS, the Riverside County Flood Control and Water Conservation District (hereinafter referred to as "District") retains an archive of historic aerial photographs; and

WHEREAS, the California State University San Bernardino (hereinafter referred to as "CSUSB") wishes to supplement its own historic aerial photograph collection with the DISTRICT'S historic aerial photo collection and to make electronic copies for ease of public access and educational purposes; and

WHEREAS, CSUSB proposes to digitally copy DISTRICT'S aerial photo collection to meet DISTRICT'S and CSUSB'S goals; and

WHEREAS, the output of the digitization process will be high-quality, high-resolution electronic image files that will also include pertinent meta-data (e.g., photo date, location, source) that will be imbedded in each file; and

1 WHEREAS, certain data about the photos will be provided by DISTRICT and
2 additional data may be added by CSUSB.

3 NOW THEREFORE, the DISTRICT and CSUSB mutually agree to the
