BACKGROUND:

Summary (continued)

On March 15, 2011 (Agenda item #3.36), the Board approved the Professional Services Agreement with General Security Services, Inc. for \$450,000.00 annually, which contained an option to renew the agreement for two additional one-year periods. Due to construction and remodel projects, threats of physical harm to staff, altercations with customers in the offices and damage to DPSS buildings, DPSS desires to extend the current contract while a County-wide RFP is concluded for Security Guard services. At existing DPSS facilities, DPSS utilizes General Security's guards for patrol during and after hours for short-term projects to keep the buildings secure while the contractor's team moves in and out of the buildings. DPSS currently has a combined total of 22 CPS/Self-sufficiency offices that have some ongoing and some periodic guard assignments (see attached list) to ensure client/employee safety and to respond to situations when they intensify.

DPSS experiences periodic threats and altercations with customers in the offices. The presence of security guards helps keep the calm and they are responsive to issues when they arise. When a threat is made, DPSS immediately assigns a guard and evaluates the duration of the assignment based on the circumstances. In the last several months, there have been incidents where staff was physically attacked by customers and another staff received a bomb threat, which is being prosecuted by the District Attorney's office. In addition to security guard services, all buildings have secure entrances and most if not all have security cameras. Additionally, DPSS provides staff with safety training and techniques for diffusing difficult customers. As a result of the new hires and additional facilities, the need for additional guard service has significantly increased. Based on the current spending trends, there is a need to amend the existing agreement to increase the funding available for guard services for the remainder of the year.

County Purchasing has announced its intent to release a countywide RFP for unarmed guard services due to requests for guard service from several County Departments; however this process will not be completed until sometime in the new fiscal year. As a result, DPSS is requesting approval to amend the current agreement with General Security Services, Inc. to increase the maximum reimbursable amount by \$600,000.00 from \$450,000.00 to \$1,050,000.00, and extend the term an additional six (6) months for a new end date of December 31, 2014, by which time County Purchasing should have completed the RFP process and have an award vendor in place.

General Security is currently providing unarmed guard service at DPSS, DMH, DOPH and RCRMC. SIU has worked closely with General Security Services, Inc. to leverage service delivery and build a good working relationship, and to date is pleased with the service currently provided by General Security Services, Inc. General Security Service has been providing armed and unarmed contract security officers, specialized contract patrol service and full service investigations since 1944. General Security Service serves all areas of Riverside County including Indio with an area manager specifically for the Riverside County area. Approximately 25% of General Security Service work force is bilingual and is available for immediate deployment.

Impact on Citizens and Businesses

The increase in this service is needed to provide 24 hour patrol during construction, to patrol construction sites after hours to keep the buildings secure, and to provide guard service at newly leased facilities.

SUPPLEMENTAL:

Additional Fiscal Information

Sufficient funding is available to cover the increased maximum reimbursable amount (MRA).

Contract History and Price Reasonableness

General Security was deemed most responsive and reasonable for DPSS' needs through the previous RFQ No DPARC-191 competitive bid process, and is adhering to its cost proposal. On March 15, 2011 (Agenda #3.36), the Board of Supervisors approved the Agreement with General Security Services, Inc. in the amount of \$450,000.00. The increased funding is requested to cover the additional hours required for guard services and does not increase the hourly rates.

ATTACHMENTS (if needed, in this order):

A. BUDGET ADJUSTMENT

Sufficient funding has been allocated for this service. No budget adjustment is required.
