a Conferencia contó con participación de expertos ales, incluyendo Olivia as, vice presidente aso- la de matriculación de JSB; Sylvia Méndez, ga- lora de la Medalla Pre- encial de la Libertad, ac- sta durante los derechos les y demandante du- te el histórico caso legal wn v. Board; y José Oscar a Marín, director de rela- ciones públicas del estado de a California y ex secreta- de educación del mismo do, entre otros.

Vega Marín dijo que los

problemas que enfrentan las escuelas locales son simi- lares a los que azotan a las escuelas del vecino estado de Baja California, incluyendo el elevado índice de deserción escolar por diferentes razones, siendo el aspecto económico la mayor razón.

“En México tenemos exce- lentes universidades que son prácticamente gratuitas pero eso no le resuelve al joven su manutención, sus útiles, si ya formo una familia el man- tenimiento de sus hijos, mu- chas veces el mantenimiento de sus papas o de hermanos menores, entonces no siempre el tema de la colegiatura es el más impor- tante”, comentó Vega Marín. “En el caso de las muchachas el tema de los embarazos que las hace optar o siguen estu-

diando o se dedican a ser ma- dres de familia y hay que mencionarlo también la falta de capacidad del sistema pa- ra recibir a estos mucha- chos”.

Vega Marín dijo que en el estado de baja California, con quien CSUSB planea au- mentar un intercambio estu- diantil, el deseo de supera- ción muy a menudo rebaza el cupo ofrecido de matricula- ción. El experto en educación añadió que para poder en- viar estudiantes a universi- dades estadounidenses se debe primero trabajar en ofrecer clases de inglés en to- dos los niveles educativos.

“Que sepan inglés. Baja California, donde tú supon- drías que el inglés está a la mano, no alcanza más del 15 por ciento de cobertura en educación. Estamos traba- jando para este sexenio que acaba de comenzar llegar al

100 por ciento en seis años, lo mínimo que sepan inglés pa- ra empezar”, comentó Vega Marín. “Otro aspecto es el ni- vel de compatibilidad de es- tudios. Ya contamos con es- cuelas que ofrecen educa- ción que es aceptada en los Estados Unidos pero hay que profundizarla y magnificar- la”.

Enrique Murillo, profesor de educación y director de LEAD, dijo que en el pasado CSUSB implementó un inter- cambio estudiantil con el es- tado de Sonora y que uno de los problemas que encararon fue el elevado nivel de buro- cracia en los Estados Unidos ya que los poderes están relegados a varias agencias edu- cativas.

“Era chistoso ver a tres lí- deres de México capaces de aprobar acuerdos y a 10 lí- deres locales que al final no tenían el poder absoluto. El

Superintendente del Conda- do de San Bernardino, contó también con talleres educati- vos en donde asistentes co- mo Katty Alvarado, de la ci- udad de Fontana, aprendie- ron sobre los últimos requisi- tos estatales de boca de Carmen Beck, directora de matriculación e instrucción del Condado de San Bernar- dino y José Espinoza, direc- tor de la escuela de mejora- miento e innovación del Con- dado.

“Este Instituto me ayuda como madre de familia a tener un involucramiento más avanzado y organizado, en tener un mejor enfoque en la educación de nuestros hijos hoy en día”, comentó Alvara- do.

La Conferencia cerró con el taller denominado “¿Qué es Defensa Avanzada y Lide- razgo? Perspectivas Institu- cionales y de Padres de Fami- lia”, impartido por Marissa Lazo-Necco, Marcelino Ser- na y Abigail Medina, coordi- nadores de padres de familia a nivel local.

ESG Written Standards

AP-90 Program Specific Requirements

Emergency Solutions Grant (ESG)

Reference 24 CFR 91.220(I)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

Emergency Solutions Grant Standards

Overview of Hearth Act

- The Homeless Emergency and Rapid Transition to Housing (HEARTH) Act on May 20, 2009 amends the McKinney-Vento Homeless Assistance Act
- Changes allow for increased flexibility in who may be served and what activities may be carried out
- The HEARTH Act consolidates three of the separate homeless assistance programs administered by HUD under the McKinney-Vento Homeless Assistance Act into a single grant program and creates the Emergency Solutions Grant Program and the Rural Housing Stability Program.
- Focus change from Homeless Shelter to Homeless Prevention

Agreements

The County enters into one or two year agreements with each sub-Recipient of ESG funding. Recipients of 2013-2014 funds will enter into a one-year grant unless notified. In general, these agreements define:

- Key program components or activities (including benchmarks for success);
- The level of ESG funding;
- The anticipated source and amount of matching funds (24CFR 576.201) contributed by the agency/organization; and
- Documentation or reporting requirements. Receipt of Agreement and Terms

Expenditure Limits

The County of Riverside, EDA will maintain expenditure limits for combined street outreach and emergency shelter expenditures from each fiscal year's ESG grant cannot exceed the greater of:

- 60% of that federal fiscal year's total ESG grant award
- The amount of FY 2010 grants funds committed to homeless

Matching Funds Requirements

- The recipient must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by HUD.
- Matching contributions may be obtained from any eligible source, including any Federal source other than the ESG program, as well as state, local, and private sources. Additional requirements apply to matching contributions from a Federal source of funds.
- Matching contributions must be provided after the date that HUD signs the grant agreement.

General Accounting System

Sub-recipients are required to maintain a general accounting system. Accepted general accounting system includes:

- Cost Principals for State and Local Governments (Circular A – 87)
- Cost Principals for Non – Profit Organization (Circular A – 122)
- Independent Single Audits (Circular A – 133 - Recipients of individual or multiple Federal Awards that expend more than \$500,000 of federal funds with a one year period
- Records to be maintained for a minimum of four years.

Financial Management

Grantees and recipients in the ESG program must ensure compliance with regulations and requirements pertaining to the following key areas of financial management outlined in Financial Management Systems (24CFR 85.20 and 24CFR 84.20-28) for the following areas:

- | | |
|------------------------|--------------------------|
| • Usage of funds | • Required funding match |
| • Internal controls | • Budget controls |
| • Cash management | • Accounting controls |
| • Procurement Property | • Asset controls |
| • Audits | |

Documentation of Homelessness

ESG sub-recipients are required to maintain adequate documentation of homelessness status to determine eligibility of persons served by the ESG program.

- A copy of this documentation must be maintained by the sub-recipient in the client's or participant's file.

Qualifications of Homelessness

A person is considered homeless only when he/she resides in one of the following places:

- In places not meant for human habitation such as a car, park, sidewalk, an abandon building, or on the street;
- In an emergency shelter;
- In transitional or supportive housing for homeless persons who originally came from the streets or emergency shelter; or
- In any of the above but is spending a short time (up to 30 consecutive days) in a hospital or other institution

Monitoring and Site Visits

Monitoring can take a number of forms and can include review of progress reports, telephone consultation, and performance of on-site assessments. The three basic goals for oversight and monitoring of the progress and performance of ESG grantees/recipients include:

- Ensure that ESG funds are used effectively to assist homeless individuals and families and that the basic ESG program goals are met;
- Ensure compliance with ESG regulations and program requirements in the usage of funds and in carrying out program activities; and
- Enhance and develop the management capacity of grantees or recipients.

Participation of Homeless Persons in Policy-Making and Operations

ESG regulation [24 CFR 576.405] require that recipients of Emergency Solutions Grant funds must provide for the participation of not less than one homeless or formerly homeless persons in a policy-making function within the sub-recipient's organization. If the recipient is unable to meet this requirement it must instead develop and implement a plan to consult with homeless or formerly homeless persons in a policy-making function regarding any facilities, services, or other assistance that received funding under ESG. All sub-recipients of ESG funds are required to involve or encourage involvement of participants in the operation of an ESG-funded program or facility. ESG sub-recipients will be required to provide documentation during EDA monitoring visits of their efforts to seek the participation of the homeless or formerly homeless.

Termination of Participation and Grievance Procedures

The County and sub-recipients may terminate Assistance provided through ESG-funded activities to participants that violate program requirements. Written procedures must describe the specific program requirements and the termination process or the grievance or appeal process; this should include the procedures for a participant to request a hearing regarding the termination of their assistance. The federal regulation at 24 CFR 576.402 describes the termination provision:

Termination of Assistance 24 CFR 576.402: Grantees and recipients may, in accordance with **42 U.S.C. 11375 (e)**, terminate assistance provided under this part to an individual or family who violates program requirements.

(a) In general. If a program participant violates program requirements, the recipient or subrecipient may terminate the assistance in accordance with a formal process established by the recipient or subrecipient that recognizes the rights of individuals affected. The recipient or subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

(b) Program participants receiving rental assistance or housing relocation and stabilization services. To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:

(1) Written notice to the program participant containing a clear statement of the reasons for termination;

(2) A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and

(3) Prompt written notice of the final decision to the program participant.

(c) Ability to provide further assistance. Termination under this section does not bar the recipient or subrecipient from providing further assistance at a later date to the same family or individual.

Reimbursement Responsibilities

Sub-recipients will be responsible to submit on a monthly basis a reimbursement request for qualified expenditures. The following must be included in the request as follows:

- Cover page of request and summary page
- Cancel check or Bank statement
- Invoice or Bill

- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

- a. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.
- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

- a. *Standard Policies and Procedures for evaluating individuals' and families' eligibility for assistance under Emergency Solutions Grant (ESG).*

Building on Established HPRP Policies and Procedures

To the greatest extent possible, the policies and procedures established for the provision of HPRP assistance will be adopted. These policies will be employed initially for the provision of ESG assistance, but are will be refined as the new ESG program is implemented.

Centralized Pre-Screening and Assessment Available at Multiple Locations

Individuals and families applying for ESG assistance must complete an eligibility pre-screening form. Pre-screening may be completed via phone, online, or at established locations which will include emergency shelter locations. Individuals and families who meet established pre-screening requirements will be scheduled an appointment with a case manager for assessment and eligibility documentation.

Basic Eligibility Requirements

- Initial Consultation & Eligibility Determination: The household must receive at least an initial consultation and eligibility assessment with a case manager or other authorized representative who can determine eligibility and the appropriate type of assistance needed. ESG clients must meet one of the following definitions of homelessness:
 1. Literally homeless
 2. At imminent risk of homelessness
 3. Homeless under federal status
 4. Fleeing/attempting to flee domestic violence
- Income: The household's total income must be below 30 percent of Area Median Income (AMI)

- Housing Status: Case files must document the current housing status of the household at application. Housing status will be verified through third party verification whenever possible. Self-certification of housing status will be considered on a case by case basis.
 - Riverside County Residency: All households receiving prevention or rapid re-housing assistance under ESG must be residents of Riverside County at time of application.
 - Lack of identifiable financial resources and/or support networks: In order to receive ESG rental financial assistance, applicants must also demonstrate the following:
 1. No appropriate subsequent housing options have been identified;
 2. The household lacks the financial resources to obtain immediate housing or remain in its existing housing; and
 3. The household lacks support networks needed to obtain immediate housing or remain in its existing housing.
- b. *Policies and Procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.*

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. Additionally, the project administration agreement with ESG subrecipients will require coordination among agencies receiving ESG funds to administer emergency shelter, essential services, homelessness prevention, re-housing services, and related assistance, and access to mainstream services and housing providers for clients.

Participation in the Continuum of Care

ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

Required Client Information and Referrals

To further facilitate collaboration and information sharing, ESG funded agencies will be required to provide the following information and referrals to ESG program participants:

- 2-1-1 hotline for social services
- Social security benefits
- Cal-Works and other income security programs provided by DPSS
- Cal-Fresh (formerly known as Food Stamps) assistance
- Low Income Energy Assistance Programs
- Affordable housing information
- Employment assistance and job training programs
- Health care and mental health services
- Services for victims of domestic violence
- Veteran services
- Specialized services such as legal services, credit counseling

- c. *Policies and Procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals that will receive re-housing assistance.*

Once it is determined that the household meets the basic eligibility guidelines noted above the household will be assessed for the appropriate form(s), level, and duration of financial assistance. The results of this assessment will be formalized in a Housing/Financial Assistance Plan that is signed by both the applicant and the case manager.

Homeless Prevention Assistance

Homeless prevention assistance will be targeted to households who are at risk of losing their present housing and becoming homeless. While there are many people who are housed and have a great need for rental assistance, not everyone will become homeless without assistance. A risk assessment will be used to assess the household's level of crisis and prioritize those who are at greatest risk of becoming homeless. The assessment tool will include vulnerability criteria including but not limited to; income, housing history, food security, childcare, health care, life skills, and other special needs. Due to the limited amount of funding, assistance will be provided on a first come, first served basis, if the applicant meets the eligibility and risk assessment criteria.

Rapid Re-Housing Assistance

Homeless re-housing assistance is intended for individuals or families who meet the homeless definition described in Section 103, 42 USC 11302 of the McKinney Vento Act, as amended by the HEARTH Act. While there are many homeless individuals and families in Riverside County at any given night, the re-housing assistance will be prioritized for households who are residing in emergency shelters and on the streets.

- d. *Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.*

Limitations on Assistance – Homeless Prevention

Riverside County's ESG rental assistance is intended to stabilize individuals and families who have recently endured difficult financial circumstances that have led them into homelessness or who are at imminent risk of becoming homeless. For homeless prevention assistance, the rental assistance consists of short term rental assistance (3 months); extended under certain circumstances to medium term rental assistance (for an additional 3 months). The total maximum length of assistance is 6 months. Not every individual or family in need of rental assistance is a candidate for ESG homelessness prevention or rapid re-housing assistance. ESG rental assistance is not a substitute for Section 8 rental assistance or a permanent rental subsidy, but a tool to help stabilize families or individuals who are at imminent risk of becoming homeless and lack any other resources to help them stabilize their housing situation.

As a general rule, an individual or household should pay approximately 30% of their income towards rent. This requirement may be waived on a case-by-case basis for extreme circumstances. The ESG assistance will consist of the remaining portion of the rent, up to \$1,000 (excluding the clients' contribution towards the rent).

Clients are required to be reassessed at regular intervals to monitor progress and levels of self-sufficiency. If a client requires assistance beyond the three month mark, the ESG rental subsidy will be reduced and the client will be required to pay a larger portion of the rent. There is a maximum cap of prevention assistance per client, per twelve month period of \$5,000.

Limitations on Assistance – Rapid Re-Housing

Under re-housing assistance, a client's share of rent should be based on a client's ability to pay during their path to housing stabilization, with a minimum \$25 client contribution. Clients receiving re-housing assistance must be re-assessed regular intervals. The maximum length of re-housing assistance will be 6 months* and the total maximum ESG assistance. The assistance should not exceed \$1,000 per month per client, except for the first month of assistance if client requires assistance with other re-housing expenses such as rent deposits or utility deposits.

Limitations on Assistance – All Clients

Due to the limited amount of funds available, the ESG assistance will not exceed \$1,000 per client per month in combined ESG assistance, including rent and utility payments.* Generally, clients should be responsible for paying for their own utility costs while provided rental assistance with ESG, unless they are experiencing acute financial hardship, or are at risk of losing their housing due to utility shut off. Clients seeking utility only assistance may be eligible for ESG assistance if it can be documented that they will lose their housing and become literally homeless if utility assistance is not provided; however, the household must meet other ESG eligibility requirements.

- e. *Standards for determining how long a particular participant will be provided with rental assistance and whether the amount of that assistance will be adjusted over time.*

ESG assistance consists of short term (up to 3 months) to medium term (up to 6 months) rental assistance to allow individuals or families who have recently encountered a financial crisis that has led them into homelessness or at imminent risk of homelessness, to gain housing stabilization. Since the program consists of temporary assistance aiming at rapid stabilization of households, clients are required to contribute a portion of their income towards rent. Clients with no potential to earn income may not be suitable candidates for this type of assistance, unless other subsidies can be accessed after the ESG assistance expires.

Clients assisted under ESG Prevention Assistance are eligible to receive the rental assistance for up to 3 months if they meet income eligibility during the 3 month period and comply with the case management requirements of the program. At the end of the third month, clients must be re-assessed to determine if the client's rental assistance needs to be extended for an additional 3 month period. If the ESG rental assistance is extended for an additional three (3) months, the ESG assistance will be reduced and/or adjusted over the remaining time.

Clients assisted under ESG Re-housing Assistance are eligible to receive rental and utility assistance for up to 6 months if they meet income eligibility during the 6 month period. Re-housing clients must be evaluated at regular intervals during the ESG assistance period. Monthly case management is highly recommended. The ESG rental assistance should be reduced gradually and the client's portion of the rent should be increased during the 6 month assistance period.

- f. *Standards for determining the type, amount, and duration of housing stabilization and /or relocation services to provide a program participant, including the limits, if any, on homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance; maximum number of months the program participant receives assistance; or the maximum number of times the program participant may receive assistance.*

*Reasonableness Determination

EDA will set the maximum amount of assistance to be provided to homelessness prevention and rapid rehousing clients on an annual basis. EDA will also determine if the total benefit amount to be awarded to any one client is both reasonable and necessary.

Reporting – Centralized/Coordinated Assessment System

- The HEARTH Act makes HMIS participation a statutory requirement for ESG recipients and sub-recipients. EDA and the subrecipients work with the Continuum of Care to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- The recipient will ensure that data on all persons served and all activities assisted under ESG are entered into a community-wide HMIS in the area in which those persons and activities are located.
- Victim service providers cannot, and Legal Services Organizations may choose to not participate in HMIS. Providers that do not participate in HMIS must use a comparable database that produces unduplicated, aggregate reports instead.
- Eligible Cost include, but not limited to the following:
 - *Hardware, Equipment and Software Costs*
 - *Staffing: Paying salaries for operating HMIS*
 - *Training and Overhead- Technical support, leasing space, and utilities for space used by HMIS staff*

Comparable Database for Victim Services

If the sub-recipient is a victim services or a legal services provider that use a comparable database, it may use ESG funds to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

Consultation Process

The County of Riverside, EDA, the ESG recipient, consulted with the Continuum of Care to discuss the FY2013-14 allocation in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;

- Allow for variations in the program design that responds to the needs and resources of the jurisdiction
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

The County of Riverside also consulted with the Continuum of Care on the Ten Year Plan to End Homelessness to ensure the alignment of proposed ESG activities as they relate to the goals and strategies outlined in the plan. This joint effort has worked successfully in the past and EDA will continue to work closely with DPSS, the “umbrella” anti-poverty agency for the County of Riverside, in servicing the needs of homeless.

DEFINITIONS 11

I. INTRODUCTION

The following Citizen Participation Plan provides a framework and process by which the County's consolidated planning efforts comply with the citizen participation requirements of the U.S. Department of Housing and Urban Development (HUD). This Citizen Participation Plan is prepared and implemented in accordance with the guidance provided in HUD Regulations 24 CFR Part 91.105.

This Citizens Participation Plan supersedes and replaces all previous plans adopted or amended for the Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), and the Emergency Solutions Grant (ESG) programs.

The County of Riverside receives annual grant funding from HUD for the CDBG, HOME, and the ESG programs. The Citizen Participation Plan is a component of: the five-year Consolidated Plan; each subsequent Annual Action Plan; each year's Consolidated Annual Performance and Evaluation Report; and any Substantial Amendments to the Consolidated Plan or its five Annual Action Plans. It is policy of the County to ensure adequate citizen involvement, with particular emphasis on participation by low- and moderate-income persons, in the planning, implementation, and evaluation of its housing and community development programs.

II. The Citizen Participation Plan for the County of Riverside addresses each of the following elements:

A. Participation

It is the policy of the County of Riverside to encourage and facilitate the wide-range participation of residents, service providers, government agencies, and other stakeholders in the development of all CPD required consolidated planning documents including the Five-Year Consolidated Plan, annual Action Plans, Substantial Amendments, and the Consolidated Annual Performance and Evaluation Report (CAPER).

The primary purpose of the participation will be in needs identification, priority setting, funding allocations, and program recommendations related to the consolidated planning process. The County shall provide for and encourage citizen participation with particular emphasis on: low- and moderate-income persons; persons residing in predominantly low -and moderate-income neighborhoods; persons residing in slum and blighted areas; and persons residing in areas where the use of CPD funds is being proposed.

The primary purpose and intent of HUD's CPD programs covered by this Citizen Participation Plan is to empower residents and improve communities by providing decent and affordable housing, a suitable living environment, and sustainable economic opportunities. The County encourages the participation of all its citizens, including minorities and non-English speaking persons, as well as persons with disabilities.

Note: Although the term "citizen" is used in the Citizens Participation Plan for consistency with the statutory language (i.e., "Citizens Participation Plan"), Riverside County welcomes and solicits input from all county residents regardless of their citizenship or right-to-work status.

Meeting the Needs of Non-English Speaking Persons

Throughout the unincorporated areas of Riverside County, there are significant populations of monolingual, Spanish-speaking persons residing in many of the very low, low, and moderate-income communities. For local Citizen Participation (CP) meetings and other public events in areas with considerable non-English speaking populations, translators can be provided and meeting materials made available in both English and Spanish. Whenever feasible, the County also utilizes Spanish radio stations, websites, flyers, brochures, and newspapers to announce the schedule of CP meetings. The County makes every effort to ensure that Limited English Proficient (LEP) persons have meaningful access to federally funded programs and services as is required under Title VI of the Civil Rights Act of 1964.

Access for Persons with Disabilities

It is the policy of Riverside County that there shall be no discrimination against persons because of race, religion, age, creed, color, sex, disability, sexual orientation, national origin, marital status, veteran's status or political belief or affiliation and that equal opportunity and access to facilities shall be available to all. The County is committed to providing equal access in its programs, services, and activities for persons with disabilities. Special accommodations or materials in alternative format, under the Americans with Disabilities Act, are available upon request. In addition, accommodations will be made, upon request, for attendees who are either visually or hearing impaired. Requests must be made at least 72 hours prior to meeting. Later requests will be accommodated to the extent feasible. Please call the Clerk of the Board office at (951) 955-1069, from 8:00 a.m. to 5:00 p.m., Monday through Friday or the ADA information line at (800) 514-0301 (*voice*) or (800) 514-0383 (*TTY*).

B. Public Hearings

The County is required to conduct at least two public hearings per year to obtain the views and comments of residents, service providers, government agencies, and other stakeholders regarding the County's CPD-funded programs. The hearings generally address housing, social, and community development needs; proposed activities; and the review of program performance. The hearings will be conducted at a minimum of two different stages in the program year - at least one of these hearings must be held prior to the adoption of the proposed Consolidated Plan and/or annual One Year Action Plan (March-April). The second public hearing is usually conducted later in the year and focuses upon on the results reported to HUD in the Consolidated Annual Performance and Evaluation Report (CAPER). On the day of the public hearing, comments may be submitted in writing or made orally to the Board of Supervisors at the public hearing.

The hearings will be held at times and locations convenient to potential and actual beneficiaries, with reasonable accommodation for persons with disabilities and non-English speaking residents.

The Cooperating Cities that participate in the County's CPD program are required to conduct their own Citizen Participation activities for their residents, especially low and moderate-income residents. At a minimum, these cities will publicly notice and hold at least one public meeting to discuss proposed uses of city's Community Planning and Development grant fund allocation.

Cities are required to submit copies of public notices, agendas, and minutes of such meetings to the County as part of the annual CDBG application process.

C. Public Notices

All consolidated planning public hearings will be publically noticed for a period not less than thirty (30) calendar days in advance of the hearing date and at the beginning of official public comment periods. The notices will be published either as public notices or advertisements in one or more newspapers of general circulation serving the community of affected citizens. In areas where the County has determined that there is a substantial non-English speaking population within its jurisdiction, the hearing notice will be published in English and in the appropriate language(s). The notices will provide details concerning the nature of the public hearing, applicable HUD regulations, date and time of the hearings, and other necessary information. Public notices will also be posted on the Economic Development Agency's website (www.rivcoedia.org) and referenced through press releases.

The County will also follow the above public noticing process for other "non-public hearing" CPD related actions to be taken by the Board of Supervisors. These actions include Substantial Amendments to the Consolidated Plan or Action Plans.

D. Access to Meetings

It is the policy of the County to plan and conduct public meetings, also known as Citizen Participation (CP) meetings, related to the Consolidated Plan and annual Action Plans in unincorporated communities. These meetings shall be held at times and locations convenient to potential and actual program beneficiaries. In most cases, these CP meetings are conducted as part of regularly scheduled meeting of another community-based entity (e.g., Community Council or Municipal Advisory Council (MAC)). It has been the County's experience that the use of an existing community-based forum for the Citizen Participation Meetings ensures acceptable turn-out of residents, service providers, government officials, and other stakeholders. Citizens are invited to attend the meetings to learn about the programs and services available to them, express their views on their community's housing and community development needs, prioritize community needs, and comment on prior program performance. Attendees are also given the opportunity to complete the Needs Assessment Surveys, provided in English and Spanish, during the meetings or return them later. Prior to the Public Meetings, County-wide notices are published in one or more newspapers of general circulation, in the appropriate languages, announcing the purpose, date, time, and location of the meetings. In addition, accommodations will be made, upon request, for attendees with disabilities.

E. Public Comments

It is the policy of the County to provide residents, service providers, government agencies, and other stakeholders a sufficient time period (not less than thirty (30) days) to review and comment on proposed consolidated plan, annual action plans, and substantial amendments. All public notices advise interested persons of the process to submit comments and obtain additional information regarding the proposed action. All CPD documents include a summary of all related comments received during the public comment period.

F. Strategic Plan Development

Public meetings and hearings will be held to provide information and to obtain the views, concerns, ideas, and thoughts of residents and service providers during the development of the Consolidated Plan. It is the County's intention that the meetings and hearing be held with representatives of participating cities, agencies, organizations, and interested persons. During the preparation of the Annual Action Plan, meetings are held to consider the Urban County Program's short-term regional strategy for the use of federal funds.

The following program information is provided to the public:

- a. The estimated amount of funds available to the Urban County Program for community development and housing activities;
- b. The eligible program activities that may be undertaken with these funds;
- c. The unincorporated areas and locations proposed for utilizing the available funding; and
- d. The proposed allocation of federal funds to participating non-profit organizations, Cities, and unincorporated areas, and basic eligible program categories and proposed funding allocations for local funding programs.

G. Substantial Amendments

From time-to-time, it may be necessary for the County to process a "substantial amendment" to the Five Year Consolidated Plan or the One Year Action Plans to allow for new CDBG, ESG, or HOME-funded activities; modification of existing activities; or other CPD program administrative actions.

Any proposed amendment that is considered a "substantial amendment" is subject to the Citizen Participation process, requires formal action by the Board of Supervisors, and approval by HUD. A thirty (30) day public notice is published to provide the opportunity for the public to review and comment on the proposed substantial amendments. The County will consider all comments or views received from the public concerning proposed substantial amendments in accordance with 24 CFR 91.105 (c)(3). A summary of these comments and views, including comments or views not accepted (and the reason why) shall be attached to the substantial amendment.

The County of Riverside is required by HUD [24 CFR 91.505 (b)] to identify the criteria to be used in determining if a proposed action will be considered a *Substantial Amendment*. The following criteria will be used by the County – if any one criterion applies, a substantial amendment will be required:

1. A new activity not previously listed and described in the Consolidated Plan/One-Year Action Plan;
2. When a proposal is made to amend the description of an existing activity in such a way that the newly described purpose, scope, location, or beneficiaries differ significantly from the original activity's purpose, scope, location, or beneficiaries; or
3. An increase in the amount of CPD funds allocated to an existing activity when the following apply:

- a. an increase in funding for a CDBG public service-type activity in an amount greater than \$75,000, or a 100% increase over the current funded amount, whichever is greater;
- b. an increase in funding for an Emergency Solutions Grant activity in an amount greater than \$75,000, or a 100% increase over current funded amount, whichever is greater; or
- c. an increase in the funding for other activities (public facility improvements, code enforcement, acquisition, etc.) in an amount greater than \$700,000, or a 100% increase over current funded amount, whichever is greater.
- d. an increase in the funding for HOME eligible activity in an amount greater than \$500,000, or a 50% increase over the current funded amount, but never to exceed \$500,000.

In an effort to efficiently utilize CDBG/HOME funds, the County will consider the reprogramming of unspent CDBG/HOME balances from completed and cancelled CDBG/HOME-funded activities to other eligible activities. In the event that any of these "administrative" reprogramming actions fall under the "substantial amendment" criteria, the proposed actions are subject to the Citizen Participation process, requires formal action by the Board of Supervisors, and approval by HUD.

The County will maintain and provide for public review a Reprogramming Action File that provides details for every reprogramming action (formal and administrative) taking place during the program year.

The County will submit Substantial Amendments to HUD on an annual basis including all pertinent documentation. Standard amendments and administrative updates are not formally noticed to the public, nor submitted to HUD. However, documentation describing general changes and/or identifying specific changes will be included in the annual Consolidated Annual Performance and Evaluation Report (CAPER), which is made available to the public.

Amendment to Citizen Participation Plan

During the County's administration of the CPD programs, it may become necessary to amend the Citizen Participation Plan. Any proposed amendment to the Citizen Participation Plan requires a thirty-day public notice, formal action by the Board of Supervisors, and approval by HUD.

H. Access to Information

The County shall provide opportunities for residents, public agencies, and other interested parties, including those most affected, with reasonable and timely access to information and records relating to the jurisdiction's consolidated plan, as well as the proposed, actual, and past use of funds covered by this Citizen Participation Plan.

Standard documents will be available for public review at the County of Riverside, Economic Development Agency current address location and their web site, (www.rivcoeda.org). These materials will also be available in a form accessible to persons with disabilities, upon request. Comments, questions, or suggested amendments should be directed to the CDBG Program Administrator at (951) 955-8916.

Standard program documents that shall be made accessible for public review and comment throughout the preparation process include: the proposed and final Consolidated Plan; Annual Action Plan; Consolidated Annual Performance Report (CAPER); Substantial Amendments; and this Citizen Participation Plan.

It is the policy of the County of Riverside to maintain and provide access to all applicable and appropriate records pertaining to the administration of the CDBG, ESG, and HOME programs. Records retention is a component of the County's CPD Program File Management System. Accordingly, the County will maintain and provide access to documentation and records for a period of five (5) years. Current copies of all major documents related to the current Consolidated Plan and related Consolidated Annual Performance and Evaluation Report (CAPER) will be posted on the County's Web site at www.eda.org. Copies may be requested in person, by mail, email or by telephone. Program records maintained on file, or requiring research and compilation, shall be provided within a reasonable time period upon receipt of a written request, which specifically states the information desired.

This paragraph is not intended to supersede the provisions of the Freedom of Information Act of 1966, as amended, which covers all programs and activities in the Consolidated Plan.

Most reasonable requests shall be filled at no cost to the public. Administering agencies reserve the right to charge a fee for duplicating documents when such requests are not reasonable. Reasonableness will be determined by a combination of the number of copies requested; the size (pages and/or dimensions) of the document; the length of time needed to compile the data; and the direct costs to the administering agency to duplicate the documentation.

I. RESIDENTIAL ANTIDISPLACEMENT AND RELOCATION ASSISTANCE POLICY HOME PROGRAM [24 CFR 42.325 and 91.353]

The County of Riverside will replace all occupied and vacant "occupiable" lower-income housing demolished or converted to a use other than lower-income housing in connection with a project assisted with funds provided under the HOME Investment Partnership Act.

All replacement housing will be provided within three years after the commencement of the demolition or conversion. Before entering into a contract committing the County of Riverside to provide funds for a project that will directly result in demolition or conversion, the County of Riverside will make public by publication in a newspaper of general circulation and submit to HUD the following information in writing:

1. A description of the proposed assisted project;
2. The address, number of bedrooms, and location on a map of lower income housing that will be demolished or converted to use other than as lower income housing as a result of an assisted project;

3. A time schedule for the commencement and completion of the demolition or conversion;
4. To the extent known, the address, number of bedrooms and location on a map of the replacement housing that has been or will be provided.
5. The source of funding and a time schedule for the provision of the replacement housing;
6. The basis for concluding that the replacement housing will remain lower income housing for at least 10 years from the date of initial occupancy;
7. Information demonstrating that any proposed replacement of housing units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the approved Consolidated Plan.

To the extent that the specific location of the replacement housing and other data in items 4 through 7 are not available at the time of general submission, the County of Riverside will identify the general location of such housing on a map and complete the disclosure and submission requirements as soon as the specific data are available.

The Economic Development Agency is responsible for tracking the replacement of lower income housing and ensuring that it is provided within the required period. The Owner/Developer will be responsible for providing relocation payments and other relocation assistance to any lower income person displaced by the demolition of any housing or the conversion of lower income housing to another use.

Consistent with the goals and objectives of activities assisted under the Act, the County of Riverside will take the following steps where appropriate to minimize the direct and indirect displacement of persons from their homes:

1. Coordinate code enforcement with rehabilitation and housing assistance programs.
2. Evaluate housing codes and rehabilitation standards in reinvestment areas to prevent undue financial burden on established owners and tenants.
3. Stage rehabilitation of apartment units to allow tenants to remain in the building/complex during and after the rehabilitation, working with empty units first.
4. Arrange for facilities to house persons who must be relocated temporarily during rehabilitation.
5. Adopt policies to identify and mitigate displacement resulting from intensive public investment in neighborhoods.
6. Adopt policies which provide reasonable protections for tenants faced with conversion to a condominium or cooperative.

7. Adopt tax assessment policies, such as deferred tax payment plans, to reduce impact of increasing property tax assessments on lower income owner-occupants or tenants in revitalizing areas.
8. Establish counseling centers to provide homeowners and tenants with information on assistance available to help them remain in their neighborhood in the face of revitalization pressures.

J. Performance Reports

Each fiscal year the County is required to provide a sufficient time period (not less than fifteen (15) days) for review and comment on the proposed Consolidated Annual Performance and Evaluation Report (CAPER) based on the previous program year. The information compiled in this document is necessary to assess the progress on funding received by the County, participating/metro cities, non-profits, and other agencies or organizations. Data gathered in the compilation of the annual report will be used to supply information to HUD and the public on the accomplishments and services provided. The information will include the number of people served, ethnicity, income category, objective and outcome, and type of service received, as well as the current status on housing, public facilities and improvements, and other projects. The information is also used to determine future funding considerations. A copy of the CAPER will be available at EDA for review and can be located on the following web site: www.rivcoeda.com. The CAPER shall be submitted to HUD within ninety (90) days after the end of the program year and prior to September 30 of each year. Final reporting documents will also be made available to any interested parties upon request.

The second public hearing (See Section B) is usually conducted later in the year and is based on a summary of results reported to HUD in the Consolidated Annual Performance and Evaluation Report (CAPER). A 30-day public notice is published in one or more newspapers of general circulation in English and, if necessary, in the appropriate language(s) so that Citizens will be provided reasonable notice to review and present comments on performance.

K. Technical Assistance

Technical assistance is made available as necessary to groups and organizations representative of persons of low and moderate-income that requests such assistance in developing proposals for funding assistance under the Consolidated Plan.

EDA makes technical assistance available to current and potential activity sponsors through the Program Managers who are the main source of information on CPD programs and the application process. Program Managers are available to provide assistance at community meetings and during proposal preparation, evaluation, review, and monitoring. Although the Program Managers are the primary contact to the communities and service providers, all other related EDA resources will be made available.

L. Complaints

Residents or other interested parties may submit complaints to the County in relation to administration of the CPD-funded programs. Complaints may be made via telephone by calling (951) 955-8916 or in writing to the Economic Development Agency. The complaining party should state the nature of the complaint, what prior efforts have been made to resolve the

problem and any other pertinent information which would help staff determine a solution. All complaints will receive careful consideration and a timely, substantive response will be provided within fifteen (15) working days.

M. Monitoring and Evaluation

In accordance with HUD CPD program regulations, the County continually monitors all CPD-funded sub-recipients and their activities. The County's CPD Program Monitoring Policies were developed and adopted in April 2006, through Administrative Program Notice 2006.01, and subsequently revised to ensure compliance with 24 CFR 570.502 (CDBG), 24 CFR 576.500 (ESG), and 24 CFR Part 85.40 (a).

HUD regulation 24 CFR Part 85.40 (a) provides for the general program monitoring responsibilities of the County in the administration of the HUD-funded CPD programs.

Monitoring by grantees Grantees are responsible for managing the day-to-day operations of grant and sub grant supported activities. Grantees must monitor grant and sub grant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function, or activity.

Substantial and Non-Substantial Amendments

From time-to-time, it may be necessary for the County to process a "substantial amendment" to the Five year Consolidated Plan or the one year Annual Action Plans to allow for new CDBG, ESG, or HOME activities, modifications of existing activities; or other CPD program administrative actions.

In an effort to efficiently utilize CDBG and ESG funds within timeframes required by HUD, the County will consider the reprogramming of unspent balances from completed and cancelled funded activities to other eligible activities as a "Non-Substantial Amendment". In the event that any of these "administrative" reprogramming actions fall under the "substantial amendment" criteria, the proposed actions will be subject to the Citizen Participation process, require formal action by the Board of Supervisors, and subsequent approval by HUD.

The County will maintain and provide for public review a Reprogramming Action File that provides details for every reprogramming action (Substantial and Non-Substantial) taking place during the program year.

County Back-Up Projects

In FY 2014-15 the County also considers funding the following:

Economic Development Assistance Fund – CDBG funds will be used by the County to provide assistance to small, private for-profit businesses and micro-enterprises, pursuant to 24 CFR 570.203, in targeted areas of the County. Assistance to businesses may include loans, grants, technical assistance, loan guarantees, outreach, and other activities to expand economic growth and job creation in the County.

Mecca Tot-Lot Improvements – CDBG funds will be used to pay costs associated with the acquisition, design, and construction of improvements of the former Mecca Tot Lot within the Mecca Village Subdivision. The site is specified as public space within the *Covenants, Conditions, and Restrictions* of the subdivision. It is currently an unmaintained detention basin and public nuisance. It is to be acquired and held by the County of Riverside and maintained by the Desert Recreation District.

DEC -2 2013

Dear Mr. Aguilar:

SUBJECT: HOME Maximum Property Value Survey and Results

Our office has reviewed the data submitted by the County on November 12, 2013. Based on the data submitted, the calculated median values were:

- New Construction Single-Family Residence \$278,000;
- Existing Single-Family Residence \$262,000;

- New Manufactured Home \$114,000.

The data and median figures are acceptable to the Department.

We remind the City that for potential homeowners to be eligible for HOME funds, they must be low income with an annual (gross) income that does not exceed 80 percent of the median income for the area, and occupy the property as a principal residence. Furthermore, pursuant to 24 CFR 92.203 requires that income determinations must be completed before HOME assistance is provided. This area will be monitored for the required documentation during our next monitoring visit.

BACKGROUND:

Summary (Continued)

On July 24, 2013, changes to the HOME Investment Partnership Program (HOME) regulations were published in a federal register final rule. Title 24 Code of Federal Regulations (CFR) §92.254(a)(2)(iii) was revised so that participating jurisdictions are no longer permitted to use the FHA Single Family Mortgage Limit [known as the 203(b) limit] as a surrogate for 95 percent of area median purchase price, as was permitted in the pre-2013 Rule. HUD will now provide the limits for newly constructed housing and for existing housing.

Due to limited housing inventory and high demand, the limits provided by HUD that were established in 2012 are no longer representative of current property values and would make it difficult to qualify properties for the First Time Home Buyer Program (FTHB) administered by EDA. In lieu of the HUD maximum purchase price limits provided and pursuant to 24 CFR §92.254 (a)(2)(iii), EDA has determined the maximum purchase price limits using 95 percent of the current median area purchase price of single family housing for Riverside County. EDA will adopt the HUD published maximum purchase price limit for new construction single-family residence only. The information must be included in the annual action plan of the Consolidated Plan submitted to HUD for review.

Pursuant to 24 CFR §91.105, EDA published a 30-day public notice notifying the public of the proposed amendment to the County of Riverside 2013-2014 One-Year Action Plan and the 2009-2014 Five-Year Consolidated Plan, a copy of which is attached hereto as Attachment B. Staff recommends approval of the new maximum purchase price limits as described in Attachment A.

Impact on Residents and Businesses

The new higher purchase price limits will make the program accessible to a greater number of eligible low-income families.

SUPPLEMENTAL:

Additional Fiscal Information

HOME funds have been identified for the FTHB program and no general funds will be used for the project.

Contract History and Price Reasonableness

The Economic Development Agency (EDA) hereby notifies concerned members of the public pursuant to 24 CFR 92.505 of its intent to amend the 2013-2014 One Year Action Plan. This amendment reports on a substantial change to the Action Plan. TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS:

The Economic Development Agency (EDA) hereby notifies concerned members of the public pursuant to 24 CFR §91.505 of its intent to amend the 2013-2014 One Year Action Plan. This amendment reports on a substantial change to the Action Plan. A substantial change occurs if the use of funds is changed from one eligible activity to another; a new, proposed activity is funded that was not described in the Consolidated Plan; an increase in the amount of Community Planning and Development (CPD) funds allocated to an existing activity; or a funded activity described in the Consolidated Plan is cancelled.

The following represents an overview of the changes to the HOME Investment Partnerships Act (HOME) down payment assistance program that are being proposed:

The First-Time Home Buyer (FTHB) Program provides HOME funds for down payment assistance to low-income households that have not had an ownership interest in residential real property within the most recent three-year period. In lieu of the maximum purchase price limits provided by the U.S. Department of Housing and Urban Development and pursuant to 24 CFR §92.254, the EDA conducted a market analysis of recent housing sales to establish the maximum purchase price limits listed below. EDA will adopt the HUD published maximum purchase price limit for new construction single-family residences only.

- New Construction Single-Family Residence \$278,000
- Existing Single-Family Residence \$242,000
- New/Existing Condominium or Townhouse \$294,000
- New Manufactured Home \$114,000
