**Summary (continued)**

On August 16, 2011 (Item No. 11.14), the Board of Supervisors approved:

- i) A Tier 1 pre-qualified on-call NPDES support and ancillary professional services providers list with a limit of not to exceed \$100,000 per year;
- ii) A Tier 2 pre-qualified on-call NPDES support and ancillary professional services providers list with a limit of \$750,000 over three years and a further cap of \$250,000 per year for each firm; and
- iii) Nine (9) multi-year Consulting Services Agreements with the following Tier 2 on-call NPDES support and ancillary professional services providers: AEI-CASC Engineering, Inc., AMEC Environment & Infrastructure, Inc., Brown and Caldwell, HDR Engineering, Inc., RBF Consulting, Tetra Tech, Inc., URS Corporation, Weston Solutions, Inc. and CDM Smith, Inc.

The Tier 1 and 2 lists are valid for three (3) years.

---

~~On November 20, 2012 (Item No. 11.4), the Board of Supervisors approved:~~

---

- i) A revised Tier 1 pre-qualified on-call NPDES professional services providers list to eliminate consulting firms that are also listed on the Tier 2 list;
- ii) A revised Tier 2 list to increase the limits from \$750,000 to \$950,000 over three years and a further cap of \$250,000 for FY 2011-12 and \$350,000 for any fiscal year thereafter; and
- iii) Eight (8) Amendments No. 1 to multi-year Consulting Services Agreements with the following Tier 2 on-call NPDES support and ancillary professional services providers: AEI-CASC Engineering, Inc., AMEC Environment & Infrastructure, Inc., Brown and Caldwell, HDR Engineering, Inc., RBF Consulting, Tetra Tech, Inc., URS Corporation and Weston Solutions, Inc.

On November 20, 2012 (Item No. 11.5), the Board of Supervisors also ratified and approved an Amendment No. 1 to multi-year Consulting Services Agreement between the District and CDM Smith, Inc.

Over the past few years, the Board has approved several pre-qualified on-call lists to support the District's ongoing programs such as Capital Improvements, Construction Management, Operation and Maintenance, NPDES Compliance, Floodplain Management, and Environmental and Regulatory Compliance. Many of the firms which the District relies upon to furnish critically important engineering/ consulting/environmental services are deemed pre-qualified under one or more lists and, consequently, one or more separate contracts between the District and certain firms. This has created unnecessary administrative and contracting complexities for both the District and the subject firms and resulted in delays in initiating time sensitive projects and in processing payments.

To remedy the above-described situation, beginning in FY 2015-16 the District is proposing to solicit a comprehensive request for multi-disciplinary qualifications (RFMQ) with the intent to establish a pre-qualified on-call list that would include both multi-disciplinary professional services providers and specialty services providers for future Board approval. The primary purpose of the multi-disciplinary on-call list is to expedite access to supplemental engineering services and specialized technical expertise necessary to support the District's various ongoing programs while minimizing the administrative burdens associated with managing multiple contracts with various individual firms.

**FORM 11: Approve Amendments No. 2 to Multi-Year Consulting Services Agreements for On-call National Pollutant Discharge Elimination System (NPDES) Support Services; 4 years; All; [\$3,150,000 Total]; District Funds 100%**

**DATE: May 20, 2014**

**PAGE: Page 3 of 5**

To allow the District adequate time to complete the RFMQ process without compromising its ability to meet NPDES regulatory requirements and implement time sensitive NPDES programs, District staff is recommending that the Board approve the nine (9) Amendments No. 2 to Multi-Year Consulting Services Agreements to: i) extend the time for performance for an additional year; and ii) increase each contract amount by three hundred fifty thousand dollars (\$350,000).

Under the Recommended Motion, the District will have the ability, but not an obligation, to utilize the services of AEI-CASC Engineering, Inc., AMEC Environment & Infrastructure, Inc., Brown and Caldwell, HDR Engineering, Inc., RBF Consulting, Tetra Tech, Inc., URS Corporation, Weston Solutions, Inc. and CDM Smith, Inc. for NPDES support and ancillary professional services on an as-needed basis during fiscal year 2014-15.

County Counsel has approved these Amendments as to legal form.

**Impact on Residents and Businesses**

~~The regulatory requirements imposed on residents, businesses and local government by the United States Environmental Protection Agency and State of California through the NPDES stormwater program continue to escalate. While achieving compliance with these regulatory requirements is costly, the cost of non-compliance is even more expensive, including administrative civil penalties of up to \$37,500 per day per violation.~~

These multi-year consulting services agreements will allow the District to continue its ongoing development and implementation of NPDES stormwater regulatory compliance programs for the District, County of Riverside, Coachella Valley Water District (CVWD), and the following Cities: Banning, Cathedral City, Coachella, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, Rancho Mirage, Wildomar, Murrieta, Temecula, Beaumont, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Norco, Perris, Riverside and San Jacinto (Cities).

Costs incurred under these agreements will be funded by i) ad-valorem property tax revenue, ii) the existing Benefit Assessments for the Santa Ana, Santa Margarita, and Whitewater watersheds, and iii) contributions from CVWD, the County of Riverside and any Cities, as appropriate.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

Sufficient funding is available in the District's budget for FY 2013-14. Sufficient amounts will be included in the proposed budget for FY 2014-15 and, if necessary and appropriate, into FY 2015-16.
