BACKGROUND:

Summary

The County of Riverside (County) is a Member Agency of the Western Riverside Council of Governments (WRCOG), a joint powers agency comprised of the County, March Joint Powers Authority, and seventeen (17) cities located in western Riverside County. Acting in concert, the WRCOG Member Agencies developed a plan whereby the shortfall in funds needed to enlarge the capacity of the Regional System of Highways and Arterials due to new development in western Riverside County could be made up, in part, by a Transportation Uniform Mitigation Fee (TUMF) on future residential, commercial, and industrial development. As a Member Agency of WRCOG, and as a TUMF participating jurisdiction, the County participated in the preparation of a certain "Western Riverside County Transportation Uniform Fee Nexus Study," (2009 Nexus Study) later adopted by the WRCOG Executive Committee. Based on the 2009 Nexus Study, the County adopted and implemented an ordinance authorizing the County's participation in the TUMF Program. On November 24, 2009, the County adopted the 2009 Nexus Study and Ordinance 824.7 to implement the TUMF Program in the County.

Pursuant to the Mitigation Fee Act (Gov. Code §§ 66000 *et seq.*), WRCOG, upon the recommendation of the WRCOG Executive Committee, now desires to amend the TUMF ordinance to include the following exemption:

- Exempt non-profit 501 (c) (3) organizations that build new single-family homes specifically constructed and adapted for qualifying severely disabled veterans injured in theatre of combat operations.

On April 7, 2014, the WRCOG Executive Committee reviewed the proposed exemption and recommended TUMF participating jurisdictions amend their TUMF ordinances to reflect the changes.

SUPPLEMENTAL:

Additional Fiscal Information

The proposed TUMF ordinance recommendation to exempt non-profit 501 (c) (3) organizations from paying TUMF is specific in that it limits the exemption to new specially adapted single-family homes for severely disabled veterans who are the recipients of a Veterans Administration Specially Adapted Housing (SAH) Grant or its equivalent. This short-fall in fee collection is anticipated to be approximately one million dollars and will be accounted for in the 2014 TUMF Network Update, and represents roughly 0.02% of the total current TUMF Network.
