BACKGROUND:

Summary (continued)

The City of Riverside is constructing the Santa Ana River Trunk Sewer Line. The City has an existing easement within the property and is constructing a larger sewer line. This larger sewer line requires the easement to be expanded. The City of Riverside has appraised the property and has made an offer to purchase in the amount of \$1,000. This represents the fair market value of the easement interest in real property to be conveyed. Staff is requesting the easement interest be conveyed to City and the District shall retain all other rights and interests for its existing facilities. This will enable the City to better serve the needs of the area residents.

Pursuant to the California Water Code Appendix §48-9, the Board of Supervisors for the District has the power to grant any interest in real property it owns to public agencies where such grant does not interfere with the use of the real property for the purposes of the District. Staff has evaluated and determined that the conveyance of the fee interest to the City will not interfere with the use of the property for the purposes of the District because the District will retain its rights and interests in the property for its flood and drainage facilities.

Pursuant to the California Environmental Quality Act (CEQA), the conveyance of the easement interest ("Project") was reviewed and determined to be categorically exempt from CEQA under CEQA Guidelines Sections 15301, Class 1 - Existing Facilities and 15061(b)(3). The proposed Project is merely the transfer of title to another public agency and will not prompt physical changes to the environment or the land. The expanded easement interest is minimal and the underground facilities already exist upon and under the surface of the property. In addition, the project is exempt under CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that there is no possibility that the activity in question will have a significant effect on the environment.

Resolution No. F2014-26 has been approved as to form by County Counsel.

Impact on Residents and Businesses

This project is a conveyance to a public agency and there is no impact to Residences and Businesses.

RESOLUTION NO. F2014-26

AUTHORIZATION TO CONVEY AN EASEMENT INTEREST IN REAL PROPERTY
TO THE CITY OF RIVERSIDE BY EASEMENT DEED
MAGNOLIA STORM DRAIN
PROJECT NO. 1-0-00190

WHEREAS, the Riverside County Flood Control and Water Conservation District ("District") owns a certain fee interest in real property, consisting of approximately 1,152 square feet of land, located in the City of Riverside, County of Riverside, State of California, being a portion of a parcel identified with Assessor's Parcel Number 186-270-010, ("District Property"); and

WHEREAS, District owns, operates and maintains subterranean flood and drainage facilities under and within the Property ("Facilities"); and

WHEREAS, the City of Riverside is constructing the expansion to its Santa Ana River Trunk Sewer Line prompting the need to acquire an additional easement interest in the Property; and

WHEREAS, pursuant to the California Water Code Appendix §48-9, the Board of Supervisors for the District has the power to grant any interest in real property it owns to public agencies where such grant does not interfere with the use of the real property for the purposes of the District; and

WHEREAS, the District desires to convey an easement interest over a portion of the Property ("Easement") to the City of Riverside by Easement Deed and City desires to accept the Easement, as further legally described in Exhibit "A" and shown on Exhibit "B", attached hereto and by this reference incorporated herein.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED by the Board of Supervisors ("Board") of the Riverside County Flood Control and Water Conservation District In regular session assembled on July 15, 2014, at 10:30 am or soon thereafter, in its meeting room located on the 1st Floor of the County Administrative Center, 4080 Lemon Street,

Project Title: Real Property Easement Conveyance to the City of Riverside for Sewer Pipeline Replacement and Maintenance

Project Location: City of Riverside; County of Riverside

The proposed easement area is located within the District's right-of-way for the Magnolia Center Storm Drain and is located immediately north of 5953 Grand Avenue near the intersection of Jurupa Avenue and Grand Avenue. The proposed easement includes portions of Assessor's Parcel Number (APN) 186-270-010. The proposed easement area is located within Township 2 South, Range 5 West, Section 28 of the Riverside West 7.5 Series USGS Topographic Quadrangle map. The proposed easement is located at 33° 55' 56.72" N, 117° 24' 56.46" W (latitude, longitude).

Project Description: Approval and execution of an agreement with the City of Riverside for the sale and purchase of real property for an easement interest within portions of APN 186-270-010. The City of Riverside has an existing easement within the property, but they have requested to expand the easement area to improve and maintain their Santa Ana River trunk sewer pipeline.

Public Agency Approving Project: Riverside County Flood Control and Water Conservation District

Public Agency Carrying Out Project: City of Riverside Department of Public Works

Exempt Status: Categorical Exemption pursuant to CEQA Guidelines Section 15301 and Section 15061(b)(3)

Reasons Why Project is Exempt: The project qualifies for a "Class 1 Categorical Exemption" pursuant to Article 19 of the CEQA Guidelines: Section 15301(b), which includes "Existing facilities of both investor and publicly owned utilities used to provide electric power, natural gas, sewerage, or other public utility services." The project is also consistent with CEQA Guidelines: Section 15061(b)(3), which states "The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA."
