PAGE: Page 2 of 2

BACKGROUND:

Summary

The Tentative Tract Map was initially approved by the Planning Commission on September 22, 2004 and was received and filed by the Board of Supervisors on November 9, 2004. The applicant of the subject map has requested an extension of time to allow for the recordation of a final map. As part of the review of the extension of time request, it was determined necessary to recommend the addition of thirty-five (35) new conditions of approval in order to make a determination that the project does not adversely affect the general health, safety and welfare of the public. Some of the items addressed by the additional conditions include the latest requirements to meet changes in Water Quality Management Plan (WQMP), cultural resources, landscaping, and Transportation Department standards. The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefits from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which grant a statutory extension of time for maps statewide. Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become September 22, 2015.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review process and all impacts have previously been analyzed under a certified Environmental Impact Report (EIR00380).

TENTATIVE TRACT MAP NO. 30806
FIRST EXTENSION OF TIME
Applicant: Albert A. Webb Associates

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for recordation of a final map. Unless specifically pulled for discussion, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30806

BACKGROUND:

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of thirty five (35) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Flood Control Department is recommending the addition of three (3) conditions of approval, the Planning Department is recommending the addition of fifteen (15) conditions of approval, and the Transportation Department is recommending the addition of seventeen (17) conditions of approval.

The Extension of Time applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated May 27, 2014) indicating the acceptance of the thirty five (35) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

TENTATIVE TRACT MAP NO. 30806
FIRST EXTENSION OF TIME REQUEST
PLANNING COMMISSION: July 16, 2014
Page 2 of 2

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps that were approved on or after January 1, 2000, and had not expired on or before July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become September 22, 2015. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the **FIRST EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 30806**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to September 22, 2015, subject to all the previously approved and/or amended Conditions of Approval with the applicant's consent.

FIRST EXTENSION OF TIME for **TENTATIVE TRACT MAP NO. 30806** - Applicant: Albert A. Webb Associates – Third/Third Supervisorial District – Winchester Zoning Area – Harvest Valley/Winchester Area Plan: Community Development: Low Density Residential (CD:LDR) (½ Acre Minimum), Medium Density Residential (CD-MDR) (2-5 Dwelling Units per Acre), Medium High Density Residential (CD:MHDR) (5-8 Dwelling Units per Acre), and Commercial Retail (CD:CR) – Location: Northerly of Busby Road, southerly of Domenigoni Parkway, and easterly of Leon Road – 84.8 Acres – Zoning: Specific Plan (SP293) – **APPROVED PROJECT DESCRIPTION:** Schedule A subdivision of 84.8 acres into 192 single family residential lots and 7 open space lots. – **REQUEST: FIRST EXTENSION OF TIME** for **TENTATIVE TRACT MAP NO. 30806**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to September 22, 2015.

Extension of Time Environmental Determination

Project Case Number: TR30806
Original E.A. Number: EA38798 (Addendum to EIR00380)
Extension of Time No.: First
Original Approval Date: September 22, 2004
Project Location: Northerly of Busby Road, southerly of Domenigoni Parkway, and easterly of Leon Road

Project Description: Schedule A subdivision of 84.8 acres into 192 single family residential lots and 7 open space lots.

On 6/17/14, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL .
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME .

Attn: Applicant

RE: FIRST EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30806

The County Planning Department has transmitted this extension of time request to the Land Development Committee (LDC) for comments on **February 3, 2011**. The LDC has determined it necessary to recommend the addition of thirty five (35) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Flood Control Department is recommending the addition of three (3) Conditions of Approval. The Planning Department Landscaping Division is recommending the addition of nine (9) Conditions of Approval. The Planning Department Cultural Resources Division is recommending the addition of six (6) Conditions of Approval. The Transportation Department is recommending the addition of seventeen (17) Conditions of Approval.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

10.FLOOD RI.15	50.TRANS.2	80.PLANNING.32
10.PLANNING.21	50.TRANS.32	80.PLANNING.34
10.PLANNING.22	50.TRANS.33	90.PLANNING.16

50.PLANNING.40	80.PLANNING.31	

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for Planning Commission. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.

Thank you,

GEN - IF HUMAN REMAINS EOT1

RECOMMND

The developer/permit holder or any successor in interest shall comply with the following codes for the life of this project:

If human remains are encountered, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within the period specified by law. Subsequently, the Native American Heritage Commission shall identify the "Most Likely Descendant." The Most Likely Descendant shall then make recommendations and engage in consultation with the County and the property owner concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Planning /Director.

If during ground disturbance activities, cultural resources are discovered that were not assessed by the archaeological reports and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. A cultural resources site is defined, for this condition, as being three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

1. All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the Planning Director to discuss the significance of the find.

2. At the meeting, the significance of the discoveries shall be discussed and after consultation with the Native American tribal (or other appropriate ethnic/cultural group representative) and the archaeologist, a decision is made, with the concurrence of the Planning Director, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.

3. Further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate preservation or mitigation measures.

Prior to map recordation, the developer/permit holder shall submit Covenants, Conditions, and Restrictions (CC&R) to the Riverside County Counsel for review along with the required fees set forth by the Riverside County Fee Schedule.

For purposes of landscaping and maintenance, the following minimum elements shall be incorporated into the CC&R's:

1)Permanent public, quasi-public or private maintenance organization shall be established for proper management of the water efficient landscape and irrigation systems. Any agreements with the maintenance organization shall stipulate that maintenance of landscaped areas will occur in accordance with Ordinance No. 859 (as adopted and any amendments thereto) and the County of Riverside Guide to California Friendly Landscaping.

2)The CC&R's shall prohibit the use of water-intensive landscaping and require the use of low water use landscaping pursuant to the provisions of Ordinance No. 859 (as adopted and any amendments thereto).

3)The common maintenance areas shall include all those identified on the approved landscape maintenance exhibit.

The Planning Department shall clear this condition once a copy of the County Counsel approved CC&R's has been submitted to the Planning Department.

RECOMMND

Prior to the issuance of grading permits, the developer/permit holder shall retain and enter into a monitoring and mitigation service contract with a qualified Archaeologist for services. This professional shall be known as the "Project Monitor." The Project Monitor shall be included in the pre-grade meetings to provide cultural/historical sensitivity training including the establishment of set guidelines for ground disturbance in sensitive areas with the grading contractors and special interest monitors. The Project Monitor shall manage and oversee monitoring for all initial ground disturbing activities and excavation of each portion of the project site including clearing, grubbing, tree removals, grading, trenching, stockpiling of materials, rock crushing, structure demolition and etc. The Project Monitor shall have the authority to temporarily divert, redirect or halt the ground disturbance activities to allow identification, evaluation, and potential recovery of cultural resources in coordination with the special interest monitors.

The developer/permit holder shall submit a fully executed copy of the contract to the Riverside County Planning Department to ensure compliance with this condition of approval. Upon verification, the Planning Department shall clear this condition.

NOTE:

1)The Project Monitor is responsible for implementing mitigation using standard professional practices for cultural resources. The Professional shall consult with the County, developer/permit holder and special interest group monitor throughout the process.

RECOMMND

Prior to the issuance of grading permits, the developer/permit holder shall enter into an agreement to retain a monitor designated by the Pechanga Band of Luiseno Indians for the purposes of tribal consultation. This group shall be known as the Tribal Monitor for this project. The contract shall address the treatment and ultimate disposition of cultural resources which may include repatriation and/or curation in a Riverside County approved curation facility.

The Tribal Monitor(s) shall be allowed on-site during all initial ground disturbing activities and excavation of each portion of the project site including clearing, grubbing, tree removals, grading, trenching, stockpiling of materials, rock crushing, structure demolition and etc. The Tribal Monitor(s) shall have the limited authority to temporarily divert, redirect or halt the ground disturbance activities to allow identification, evaluation, and potential recovery of cultural resources in coordination with the Project Archaeologist.

The developer/permit holder shall submit a fully executed copy of the agreement to the Riverside County Planning Department to ensure compliance with this condition of approval. Upon verification, the Planning Department shall clear this condition.

NOTE:

1) The Archaeologist is responsible for implementing mitigation and standard professional practices for cultural resources, and shall consult with the County and developer/permit holder throughout the process. The tribal monitor is responsible for representing the tribe for consultation purposes only.

2) Tribal monitoring does not replace any required Cultural Resources monitoring, but rather serves as a supplement for consultation and advisory purposes for all Tribal interests only.

3) This agreement shall not modify any condition of approval or mitigation measure.

Planning Areas 46, 47A and 47B allow for a combined total of 192 residential lots. - **REQUEST: EXTENSION OF TIME TO SEPTEMBER 22, 2008 (SB1185 brings expiration date to 9/22/09 and AB333 brings the expiration date to 9/22/11)- FIRST EXTENSION.**

NOTE: This Extension of Time Request was originally scheduled on the February 7, 2008 LDC Comment Agenda. It is being transmitted again to ensure that Conditions of Approvals are up to date.

Please review the attached information, together with your existing records for the above-described project. This extension request is being placed on the **February 3, 2011 LDC Comment Agenda** in order to establish a deadline for review and comment. All County Agencies and Departments are to have completed their review prior to the above referenced LDC Comment date. Failure to complete the review and/or provide comments within the indicated time frame will result in a presumption that the affected Agency/Department has no comment, and the extension request will be moved forward to the Planning Commission based on that presumption.

If, it is determined necessary, that in order to maintain conformance with the County General Plan, and/or ensure that the project does not adversely affect the general health, safety and welfare of the public, each LDC Agency or Department may prepare recommended conditions of approval and place them in the County's Land Management System for the affected project.

LDC MEMBERS ARE ENCOURAGED TO DIFFERENCIATE THOSE CONDITIONS ADDED AS PART OF THE EXTENSION BY ADDING A REFERENCE IN THE CONDITION TITLE AND/OR BODY OF THE CONDITION (ie. "EOT 1, EOT 2)

Each LDC Agency or Department who does so must then provide documentation to the Planning Department justifying the application of said conditions. Any such conditions, and their justification, will be presented to the Advisory Agency for their consideration as part of their action relative to the extension of time request.

If any LDC Agency or Department finds that the project, as approved, cannot be found to be in conformance with the General Plan and/or finds the project adversely affects the general health, safety and welfare of the public without the processing and approval of a Minor Change or Revised Map to the Approved Map, said Agency or Department must provide to the Planning such a recommendation and provide details as to what issues such an application must address.

Should you have any questions regarding this item, please do not hesitate to contact Catherine Dimagiba, Planning Technician, at (951) 955-1681 email at cdimagib@rctlma.org/ **MAILSTOP# 1070.**

APPLICATION FOR EXTENSION OF TIME

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

All approvals of extension of time must be consistent with the pertinent elements of the Riverside County General Plan, the Riverside County Land Use Ordinance (Ordinance No. 348), and the Multiple Species Habitat Conservation Plan (MSHCP).

An extension of time for a land division based on the filing of a phased final map shall not be granted unless the Planning Department determines that the requisite funds have been expanded to construct, improve, or finance the construction of public improvements outside the boundaries of the land division. Any other extension of time for a land division shall not be granted unless the land division conforms to the Comprehensive General Plan, is consistent with existing zoning, conforms to the currently applicable schedule of improvements specified by the Riverside County Land Division Ordinance (Ordinance No. 348) and does not affect the general health, safety, and welfare of the public. If required to bring the subject land division into conformance with current general plan, Ordinance No. 460 and public health, safety, and welfare requirements, additional conditions of approval may be imposed upon approval of an extension of time request.

I hereby request an extension of time for the above referenced project, and I acknowledge that if the basis for extension is something other than the filing of a phased final map, additional conditions of approval may be imposed upon approval of the extension of time and that I may refuse to accept additional conditions of approval only in writing prior to action by the Planning Director, or in writing or in person prior to action by the Planning Commission.
