FORM 11: FIRST EXTENSION OF TIME FOR TENTATIVE TRACT MAP NO. 31142**

BACKGROUND:

Summary

The Tentative Tract Map was initially approved by the Board of Supervisors on January 11, 2005. The applicant of the subject map has requested an extension of time to allow for the recordation of a final map. As part of the review of the extension of time request, it was determined necessary to recommend the addition of twenty-eight (28) new conditions of approval in order to make a determination that the project does not adversely affect the general health, safety and welfare of the public. Some of the items addressed by the additional conditions include the latest requirements to meet changes in Water Quality Management Plan (WQMP), cultural resources, landscaping, and Transportation Department standards. The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefits from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), and Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which grant statutory extension of time for maps statewide. Therefore, upon an approval action by the Board of Supervisors, the tentative map's expiration date will become January 11, 2016.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review process and all impacts have previously been analyzed under a certified Environmental Impact Report (EIR00380).

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for recordation of a final map. Unless specifically pulled for discussion, this request will not be discussed at the time it is presented to the Board of Supervisors as a policy calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 31142

BACKGROUND:

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of twenty eight (28) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Flood Control Department is recommending the addition of three (3) conditions of approval, the Planning Department is recommending the addition of eleven (11) conditions of approval, and the Transportation Department is recommending the addition of fourteen (14) conditions of approval.

The Extension of Time applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated June 23, 2014) indicating the acceptance of the twenty eight (28) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

**TENTATIVE TRACT MAP NO. 31142
FIRST EXTENSION OF TIME REQUEST
BOARD OF SUPERVISORS:
Page 2 of 2**

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps that were approved on or after January 1, 2000, and had not expired on or before July 11, 2013.

Therefore, upon an approval action by the Board of Supervisors, the tentative map's expiration date will become January 11, 2016. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the FIRST EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 31142, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to January 11, 2016, subject to all the previously approved and/or amended Conditions of Approval with the applicant's consent.

FIRST EXTENSION OF TIME for TENTATIVE TRACT MAP NO. 31142 - Applicant: Albert A. Extension of Time Environmental Determination

Project Case Number: TR31142
 Original E.A. Number: EA39171(Addendum to EIR00380)
 Extension of Time No.: First
 Original Approval Date: January 11, 2005
 Project Location: Southerly of Domenigoni Parkway, easterly of Leon Road, and westerly of Winchester Road
 Project Description: Subdivide 76.6 acres into 178 schedule A residential lots and 3 open space lots within Specific Plan 293 (Winchester Hills).

On 6/24/14, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL .
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME .
