**BACKGROUND:**

**Summary**

RCHC is a non-profit public benefit corporation, the creation of which was authorized by Resolution Number 92-002, attached hereto, adopted by the Authority Board of Commissioners on January 7, 1992. RCHC was created as an affiliate of the Authority for the purpose of financing, acquiring, developing, rehabilitating, owning, managing and selling affordable housing in Riverside County for persons of low and moderate income, and to access certain state and federal programs available to non-profit corporations. RCHC was inactive subsequent to its incorporation in 1992. On July 1, 2014 the Authority Board of Commissioners adopted Resolution Number 2014-007, attached hereto, authorizing activation of RCHC and commencement of its corporate operations.

Staff and other resources, such as office space, equipment, supplies and other related resources, are necessary for RCHC to commence with corporate operations. The Authority has staff and resources available to be utilized for such purposes. An agreement between RCHC and the Authority would allow RCHC access to personnel to run the day to day operations of the corporation along with a business location and resources to support such efforts.

Staff recommends that the Board of Directors (1) approve the attached Agreement and authorize the Chairman to sign such Agreement; and (2) authorize the Authority Executive Director, or designee, to take all actions necessary or required to implement the Agreement including, but not limited to, signing subsequent and necessary documents, subject to approval by County Counsel.

**Impact on Residents and Businesses**

Approving this item will have a positive impact on residents of Riverside County by supporting the activation of a non-profit public benefit corporation designed to create and preserve affordable housing opportunities within Riverside County.

**EXHIBIT A**  
**ALLOCATION OF COSTS FOR USE OF STAFF AND RESOURCES**

**Costs** for CORPORATION'S use of AUTHORITY staff and Resources shall be allocated using a basic cost allocation method. A cost is allocable to a particular cost objective if the goods or services involved are chargeable or assignable to such cost objective in accordance with relative benefits received. The total cost of shared AUTHORITY staff and Resources is comprised of the direct costs plus indirect costs.

The formulas and methodology used to allocate direct and indirect costs are formed under the following conditions:

1. Costs that are identified as benefitting CORPORATION are prorated based on the benefits derived from the activities the costs are attributed to.
2. Costs are allocated using a base, or cost driver, that results in the most reasonable and equitable distribution.

Allocation of Costs for Use of AUTHORITY Staff

The base, or cost driver, for allocation of AUTHORITY staff costs shall be number of hours worked.

Charges to CORPORATION for use of AUTHORITY staff shall be calculated as a percentage of the staff member's salary plus benefits for the period of use, based on the ratio of the number of hours of work per period on CORPORATION-related activities to the total number of hours per period.

*For example\*: if an AUTHORITY staff member works 20 hours of an 80 hour pay period on CORPORATION- related activities and the staff member's salary plus benefits for the period is \$3,000, then the cost allocable to that staff member's time during that period would be calculated as follows:*

$$(\frac{20}{80}) \times \$3,000 = 25\% \times \$3,000 = \$750$$

*\*Example is hypothetical and provided only for illustrative purposes.*

#### Allocation of Costs for Use of AUTHORITY Resources

The base, or cost driver, for use of AUTHORITY Resources shall be square footage.

Charges to CORPORATION for use of AUTHORITY Resources shall be calculated as a percentage of the total cost of Resources for the period of use based on the ratio of square footage used for CORPORATION-related business space (including a pro-rata portion of common and shared areas) to total building square footage.

*For example\*: if AUTHORITY's total cost of Resources for the period is \$25,000 and CORPORATION-related business is conducted utilizing 1,000 square feet (including a pro-rata portion of common and shared areas) of a 24,000 total square foot building, then the cost allocable to CORPORATION's use of AUTHORITY Resources for that period would be calculated as follows:*

$$(\frac{1,000}{24,000}) \times \$25,000 = 4.17\% \times \$25,000 = \$1042.50$$

*\*Example is hypothetical and provided only for illustrative purposes.*

#### Suspension of Payments for Periods of Non-Use

Periods during which there are zero AUTHORITY staff hours allocable to CORPORATION are considered to be periods of non-use in which no square footage is actually used for CORPORATION-related business. During such periods, CORPORATION will continue to remit payment to AUTHORITY for Resources as described above. However, after four (4) contiguous weeks of non-use of AUTHORITY Resources, CORPORATION may submit to AUTHORITY, in writing, a request for a suspension of payment for AUTHORITY Resources and shall include an explanation for the cause of such request and an estimate for the period of the suspension. All requests for suspension shall be approved in writing by the AUTHORITY Executive Director, or designee, in its reasonable discretion.

**EXHIBIT B**  
**DOCUMENTATION OF ALLOCABLE COSTS**

Where AUTHORITY staff provides services to CORPORATION, a distribution of their hours worked will be evidenced by timesheets or equivalent documentation. The dollar amount of their salary plus benefits will be evidenced by written salary and benefit documentation.

Where AUTHORITY Resources are used by CORPORATION, a distribution of the Administrative Building's square footage allocated to CORPORATION shall be evidenced by AUTHORITY's Administrative Building Cost Allocation document accompanied by an AUTHORITY Income Statement with an itemization of the individual components comprising the Resources.

The documentation referenced herein shall be attached to the invoice submitted by AUTHORITY to CORPORATION for payment each period.
